**Subject:** RE: churches

Good morning –

They are great guys and they very concerned about getting the supplies delivered. Jim and Jeff are the one staying all week to assist you as needed. Please work with them on where they need to go. I just heard from Jim and he was looking for the next pickup site (on his way to the fire station now).

Jim Thomas (517) 230-1921  
Jeff Bailey (517) 749-3223

If you run into any issues, please let me know.

Jeanette

Jeanette,  
Please see the latest itinerary below as requested by Lt. Rouch. ARC will be taking over the with the distribution after the first delivery is made @ 8:30. This should have your trucks and drivers back earlier to Lansing.  
Thanks,  
Gabe

Gabe, this is the plan for church delivery tomorrow: DTMB delivery of filters to Christ Fellowship Baptist Church, Deacon Gilcrest, 317 E. Hamilton Ave., Flint, MI. at 8:30pm. ARC volunteers will be there at that time. After that delivery, I would like DTMB to take the filters to the ARC facility located at 1401 S. Grand Traverse, Flint, and off load the filters into 7 ARC vehs. ARC will deliver them at the determined delivery times with the Pastors. ARC volunteers will stay on scene of all churches to help with distribution. This is due to the later delivery times requested by the 7 churches. I have talked to the Pastors direct ref deliveries tomorrow. Please let me know if you have any questions. BJ

**To:** Doll, Jeanette (DTMB)  
**Subject:** RE: Parking at Flint Office Building

Jeanette --

I spoke with Brian Walts and it appears that the Flint Ramp is only accessible via card access M-F 6a-9p; it is inaccessible after 9p and on the weekends. The Flint guard is capable of opening the lower level afterhours on request, but it sounds like the rest of the ramp is truly inaccessible.

If this time period works for the PIOs, I think we can have them park on the upper level without an issue.

Let me know.

Brandon –

Could you find out if there are any available spots in the ramp at Flint for state agency PIOs to use for parking or other options we could get in place? They are working out of the building for the time on the water emergency.

Jeanette

This is an informational update and the Genesee County Health Department will provide these updates on a daily basis after 4 pm. We are asking all partners included in this email to provide any pertinent updates **DAILY** to Hilda McShane by 2:00pm. If you have nothing new to share, please inform Hilda that you have no updates at this time.

- Today, Genesee County Health Department's Community Health Director, Tamara Brickey met with DaVita staff to discuss plans for ongoing water filter distribution. One hundred water filters were also distributed to the DaVita office located at Hurley Medical Center.
- Through Facebook and Twitter, Genesee County Health Department distributed Michigan State University Extension and Hurley Children's Hospital's nutrition booklet. The "Nutrition & Lead" booklet highlights healthful, cost-effective meals that help lessen the harmful effects of lead. I've attached the low-resolution graphic developed by MSU Extension staff. You are encouraged to post the graphic on your social media platforms and website. As instructed by Extension staff, please link the graphic to the "Nutrition & Lead" booklet found on the Extension's website.
- In partnership with Molina HealthCare of Michigan and Flint Community Schools, Genesee County Health Department's Nursing Supervisor Toni LaRocco has assisted with the development of four upcoming lead screening events at the following locations:
  - Flint Community School, Freeman Elementary School: January 12, 2016
  - Flint Community School, Eisenhower School: January 26, 2016
  - Carriage Town Ministries, February 4, 2016
  - Carriage Town Ministries, February 8, 2016

To help spread the word of the above events, I have attached the event flyers for Freeman Elementary School and Carriage Town Ministries lead screening events. I have also attached a low-resolution graphic for website and social media posting that promotes the February 4, Carriage Town lead screening event. Please help us promote these very important lead screening events by posting the flyer and/or low-resolution ad on your social media platforms, website, or simply print copies of the flyer and distribute to appropriate clients who will benefit from this service.

- \* Genesee County Health Department's Nursing Supervisor, Toni LaRocco is currently working with Meridian Health Plan to develop future lead screening clinics.

Flint, MI 48507

---

### USE FILTERED TAP WATER

- Drinking, cooking
- Brushing teeth
- Washing fruits and vegetables
- Pet water bowls

---

### USE UNFILTERED TAP WATER

- Cleaning
- Bathing

---

### BLOOD LEAD LEVEL TESTING

All Flint children less than six years of age should have their blood lead levels tested. Contact your primary care provider or call 2-1-1.

---

### NUTRITION

Did you know that some foods will help keep lead from being stored in a child's body? These are foods with a lot of calcium, vitamin C and iron.

---

### FREE WATER TESTING

Flint residents who are concerned about their water can obtain free water testing kits at the water resource sites.

---

### USE WATER FILTERS & CARTRIDGES

Water filters can reduce lead and other contaminants by 99 percent when installed correctly. Free water filters are available at the water resource sites.

**Subject:** Rush Print Order  
**Importance:** High

Hi Mark –

Per our conversation today, the attached documents are needed by 11:30 AM Monday morning - to hand out at the governor's press conference.

Attachments:

- #1 Flint Palm Card – need 10,000 total, but 6,000 must have at 11:30 (card we discussed)
- #2 Church Cards – need 500 on yellow card stock (no cutting needed)
- #3 FD Cards – need 2,000 printed on blue card stock (no cutting needed)

I will have one more of the Palm Card (Spanish version) that we will need 5,000 copies. This will be sent to you in the morning.

If you have any questions, please let me know. Thank you for all of your help!

Jeanette Doll, Professional Emergency Manager

**Subject:** ACTION ITEMS

**ACTION ITEMS:**

1. PSA: Comcast will put a PSA on cable TV in Flint. Governor's Comms office to record PSA today in Flint and deliver to Comcast tomorrow. We need JIC to develop an approved script.

JIC Manager, Nicole Lisabeth, understands this is tasked to her for your State Director approval.

2. Logistics:

- Need to get flyers, water, filters, refill cartridges and water testing kits to the comcast office in Flint. The comcast trucks can have the materials in them while they make service calls to

customers in Flint. In addition to the materials, need to send someone to train comcast workers on filter installation. Will also need a way for them to let us know who they give filters too.

NEED: who is your lead? Let's put them in contact with Comcast ASAP

- Comcast has said they can have employees who can go door to door on the weekend

This will be handled through the local EOC logistics. As we are currently combining all incoming commodities to one location, we will be able to deploy to Comcast through that process. Along with the commodities will be tracking cards to be completed to include addresses and items given.

### 3. Additional Public Info:

- Comcast can put up a video on On Demand with how to install water filters. Need to have a video for that. Perhaps the video that is on the [mi.gov/flintwater](http://mi.gov/flintwater) website. Can we ask whoever made that video to add a graphic overlay that says: Call 211 for water resource center locations

DHHS is researching the developer of this video, and we will learn capabilities to overlay with 211 information.

- Comcast Call: We have asked comcast to look into calling their customers with a PSA on where water resource centers are

- After these are implemented need a press release saying the partners who have helped us and what they have done

JIC Manager, Nicole Lisabeth, will coordinate this message and press release.

### OTHER ITEMS TO CONSIDER

- Do we need assistance coordinating the logistics? (Volunteers, water distribution, and partnering/tracking how outside groups are helping. i.e Comcast)

This will be coordinated through the local EOC Logistics, Jay Eickholt

- We should do a Reverse 911 call to all houses tomorrow morning from MSP with information on where the centers are and to call 211

If this is done, it needs to clearly express that supplies are available on an ongoing basis to prevent the perception of resource shortage. Nicole, please determine message that could be considered for approval by command.

Please let me know if you have any questions.

Thank you,  
Tori Sachs

## DRINKING WATER LEAD AND COPPER SAMPLING INSTRUCTIONS

Thank you for helping to monitor for lead and copper in your drinking water.

**It is important that you follow these instructions so we obtain an accurate measurement of the lead and copper in your drinking water.**

**Do not open the bottle until instructed in step 3. Do not touch the inside of cap or bottle.**

- 1. The water in the house must not have been used for a minimum of six (6) hours prior to sampling.** The best times to sample are early morning or after returning from work. **Do not flush the sample tap before sample collection.**
- 2. Select a cold water faucet in the KITCHEN or BATHROOM** that is commonly used for drinking and has been used within the last 24 hours. **No other faucets are acceptable for collection.** If the faucet is connected to a faucet mount filter, water softener, iron filter or reverse osmosis system, etc. the treatment device must be removed or bypassed.

When was the faucet last used before sampling? Date \_\_\_\_\_ TIME \_\_\_\_\_ AM/PM

Is there a faucet-mount filter? ☐ YES ☐ NO If YES, was it bypassed? ☐ YES ☐ NO

Is this faucet connected to a home treatment device such as a water softener, a reverse osmosis unit, an iron removal device OR is any kind of additive used in the home? ☐ YES ☐ NO

If YES, please describe: \_\_\_\_\_

If YES, was it bypassed? ☐ YES ☐ NO

- 3. Open sample bottle and place below the faucet and gently open the COLD water tap.** If you have a single handle faucet, turn it fully to the **COLD** side. Fill the sample bottle to within an inch of the top with the "first draw" of **COLD** water.
- 4. Tightly cap the sample bottle**

If any plumbing repairs or replacement has been done in the home since the previous sampling event, please note this information here:

If YES, please describe: \_\_\_\_\_

- 5. Fill out the collection information on the front, answer the questions below and sign the form.**
- 6. Attach this form to the bottle and return it to either Flint City Hall or the Flint Water Plant.**
- 7. Thank you again for your help. We will send you your individual results within 30 days of receiving them from the laboratory. A summary of information on this year's lead and copper monitoring will be printed in the annual water quality report that will be made available by July 1 of this year. Contact your water supply if you have questions.**

If you have any questions contact:

City of Flint Water Plant

4500 N. Dort Hwy.

Phone: 810-787-6537 ext. 3501

I have read the Drinking Water Lead and Copper Sampling Instructions and have taken a tap sample in accordance with these directions.

# FLINT WATER RESPONSE TEAM

## NUTRITION

Did you know that some foods will keep lead from being stored in a child's body? These are foods with a lot of calcium, vitamin C and iron.

---

## FREE WATER TESTING

Flint residents who are concerned about their water can obtain free water testing kits at the water resource sites.

---

## USE WATER FILTERS & CARTRIDGES

Water filters can reduce lead and other contaminants by 99 percent when installed and maintained correctly. Free water filters are available at the water resource sites.

**Subject:** Update on Flint Palm Card

Here is where we are this morning.

The truck left this morning with the following.

15,000 of the Spanish Card  
30,000 of the English Card  
20,000 of the Water Sampling form

Our staff worked until midnight to get them out. We are currently running on the balance of the English and probably will have completed by the end of the day. Shelly says she has another truck leaving tomorrow morning so we should make that.

Let me know if you need anything else.

**Subject:** Re: Flint Water

We are more than likely going to be ramping things up soon so thanks for reaching out. If you could have ready all the info we need reference existing or potential contracts we will need to use it would be appreciated. Also, distribution of replacement filters seems like it may become an issue. Would this be something DTMB could do - shipping them to addresses or would the post office/ups be better for that?

Hi Chris –

I know you are busy, but I wanted to reach out and offer DTMB's assistance to your team as you assist Genesee County on steps moving forward with the water emergency in the city of Flint.

As you are aware, DTMB's procurement team worked with DHHS to source all of the water filters and replacement cartridges the state distributed in Flint. They also obtained some donations of bottled water and could assess what contracts may be available for purchase of bottled water or other contracted needs.

  - D. Distribution. (Local EOC/MCSC/ARC/NGOs)
  - E. Donations. (2-1-1)

**Initial List of Deliverables Requested by Captain Kelenske from Key Response Agencies  
January 8, 2015 Draft:**

MSP SEOC Operations:

1. Deliver the following resources to fire stations in Flint: water, water filters, filter replacement cartridges, and water test kits.
2. Send teams into Flint next week for door-to-door delivery of test kits and information (but also equipped to provide filters and replacement cartridges to those who need them).
3. Arrange for and activate a Donations Management team (to be overseen by Jenna Holmes of the MDHHS Michigan Community Service Commission).
4. Arrange for and activate a Volunteer Management team (to be overseen by Chad Veaser of the MDHHS Michigan Community Service Commission).

MSP SEOC GIS:

1. Map the locations of households that have water filters (i.e. the addresses where filter recipients report that they live).
2. Map the locations of distribution points for water filters (e.g. fire departments, DHHS offices, service agencies in Flint).

MSP SEOC Finance Section:

1. Provide cost accounting information to MSP EMHSD staff for use in response activities for this emergency.
2. Provide information to state agencies about (1) the tracking of time and (2) the provision of support documentation for resource requests made as part of this emergency response.
3. Track the SEOC's staffing, and its related costs, to produce Spend Plans.

MSP SEOC Logistics Section:

1. Obtain fire station addresses for the City of Flint, and share that information with partnering agencies.

MSP Planning Section:

1. Produce a daily situation report.
2. Produce a weekly Incident Action Plan.
3. Maintain summaries of (1) GIS products and (2) water distribution statistics and objectives.

MDEQ:

1. Establish a presence in Flint's local EOC. [Response: One is present, 2 more are available Saturday and through next week.]
2. Coordinate with other agencies to fill resource requests.

MDHHS:

(no specific requests described so far)

MDARD:

(no specific requests described so far)

MDLARA:

(no specific requests described so far)

MDTMB:

(no specific requests described so far)

**Cc:** Eickholt, Jay (MSP); Roach, Billie Jo (MSP); Thelen, Richard (DHHS); Katarsky, Anthony (MSP); MSP-seoclgc; Doll, Jeanette (DTMB); Eickholt, Jay (MSP)  
**Subject:** Status Update

The Flint Fire Department, Chief Cox, has been contacted by Lt. Roach to confirm they are willing to be a “drop off AND distribution” site for filters, replacement cartridges, water and water testing kits. They are NOT, however, prepared to start today. They can accept all items and begin distribution tomorrow provided we supply volunteers.

We have

- Identified 5 Fire Station locations and received authorization to use these sites
- Identified 3 locations of resources (water, filters/cartridges, testing kits) to gather for delivery to fire stations
- Identified need for volunteers at fire stations, **DHHS are securing them to report tomorrow**
- Identified need for transportation of supplies - **DTMB has secured**

We have also begun the process for securing a single warehousing site to accommodate all items for donation and distribution to various locations around the city of Flint. – **THIS HAS BEEN PUT ON HOLD AT THIS TIME, HOWEVER A SITE HAS BEEN DETERMINED IF DEEMED NECESSARY**

Informational sheet is being developed to provide to the public as items are picked up and/or distributed by canvassing teams. **(Mr. Katarsky is working with Brianna)**

Teams are being assembled (as a PDA team would be) to **begin canvassing on Tuesday.**

>>> Wresinski, Francine (MDIT) 7/16/2009 11:15 AM >>>  
Joel

Per our discussion about the Pandemic Plan that all agencies are required to submit by August 1st, MDIT has purchased and is implementing a tool designed to enable MDIT, and the State of Michigan, to respond to a disaster. The tool that is being implemented will allow the state to respond to, and resume operations, after a natural disaster such as a tornado or flood, or any other type of disaster such as a chemical spill, train derailment or even a pandemic.

I've talked to Carol Sherman, Director of MDIT Data Center Operations, and Don Hertzke, Project Manager, about their project. They indicated that they are helping someone from MDCH prepare their pandemic plan that is required to comply with the direction given by OSE and will help MDIT with ours.

As I indicated, it seems as though their project and the work being requested by OSE are very much in alignment. I thought it would be beneficial for them to present their work and solution to Dr. Eden and anyone else that should see the tool they've implemented. I was very, very impressed with it and think it would go beyond serving the needs of OSE and MDCH in their pandemic planning requirements. Please advise as to how you want to proceed with will getting this presented to Dr. Eden and others. Thanks.

Subject: State Water Filtration Devices.

Attached is the list of filtration devices that we have provided so far for the city of Flint residents. The only outstanding order we are aware of is the 2500 pitcher replacement filters scheduled for 1/18 delivery. As of last night, resources is reporting about 60,000 faucet filters and 60,000 replacement cartridges. I believe planning or logistics has the best idea as to how long that supply should last.

Subject: Trucks/drivers for Monday

DMTB has been asked to provide 3 trucks/drivers with 7 pallet jacks to assist the Genesee County Food Bank Monday – Saturday 8 am – 4:30 pm.

I know all of the current drivers/trucks assignments are just through Sunday, so was hoping we could assist with this request.

Let me know if / who may be able to assist.

Thank you!!! Your guys are rocking it!!!!

Subject: Flint

Questions/Discussions in PLT....

1. Do we Dtmb or other agencies always issue POs for purchases PRIOR to receiving goods or allowing ordering verbally....or are emergency pos been issued after the fact?
2. Is there any accountability or record keeping for all orders issued by agencies and us?
3. Is it true Home Depot we have \$20M?
4. What is FEMAs role regarding purchasing?
5. How are we communicating to other agencies?

6. Has there been any direction re: what agencies are to be tracking.....including overtime? What have we tracked for Dtmb central.

Mdoc and DHHS asking questions.

May suggest quick call between Dtmb and mdoc DHhs, plus others? Thx.

Hi Chris –

DTMB procured the warehouse/ security guards for the site and will be responsible for payment.

Subject: FW: Costs for City of Flint

Jeanette,

Could you please call me regarding this request. I want to make sure duplicate cost information is not provided.

It's my understanding warehouse space and security guard services have been procured. I'm wondering who procured the items and which agency is responsible for payment.

Thanks,

Chris

Subject: RE: Costs for City of Flint

Hi Susan:

Definitely actual expenditures, but please include encumbrances that you have in place and are just waiting for invoices as well. We need for them to see exactly how this has affected the state economically, and I know DHHS has taken the brunt of the expenditures on this. It is my understanding that all purchase requests for water and filters has gone

through DHHS because you already had the contract and PO in place. Now that FEMA has arrived, they are ordering the resources needed.

Anything you think might be part of an emergency response to Flint, feel free to include and just let me know what it is.

Thanks so much for your help with this.

Penny

Subject: RE: Costs for City of Flint

Hi Penny,

Could you please clarify specifically is meant by "costs incurred by DHHS"? Do you want actual expenditures, or do you want encumbrances (where we've issued a purchase order, but haven't been invoiced yet)? I know what orders have been placed on DHHS Purchase Orders, but there have been many more purchases that go beyond what we've approved and the appropriations we currently have available. I don't know who is keeping that information.

After I receive your clarification, I'll act quickly to get you the information you need.

Thanks,

Susan

Subject: Costs for City of Flint

Hi Susan:

Richard Thelen gave me your name as his financial point of contact at DHHS. The immediate need is information on the costs incurred by DHHS for water, water filters, and replacement cartridges. FEMA has asked for this information – even if some of the figures are an estimate – so they have a ballpark idea.

If you could get some numbers to me tomorrow, I'd appreciate it. Please include all of your costs related to Flint, including those that were paid for with the special appropriation that you received in October. I will be providing some guidance on how costs should be tracked for state disaster assistance and possible federal assistance.

If you have any questions, please let me know.

Thanks,

Penny Burger

Subject: RE: Hours through 1/21

Jeanette,

I was asked to report all hours worked in support of Flint. If more hours are reported to me, I will send you only the overtime hours.

You were provided correct information regarding your overtime hours; you are overtime eligible only after 40 regular hours have been worked in a week. My apologies for not converting Jeff's hours to the same format. Like you and Ryan, he is only overtime eligible after 40 regular hours have been worked.

Kathy

Kathy -

We are only recording overtime received in support of the Flint Water Emergency, not regular time.

Question for you, per your information, Ryan and I were told we do not accrue overtime until after 40 hours has been worked. Looking at Jeff's time he accrued overtime beginning on Sunday through the week.

Just want to make sure we are providing correct information just in case an audit is performed!

Jeanette

As we previously discussed, you are my contact to triage and route external inquiries. Bluewater called me this morning, and I requested an email with more information.

It is unclear to me whether this unit meets the standards used for the faucet water filter sourcing. Can a resource be identified to check? If not, someone may want to consider reaching out to the two locations that received donated units.

Thanks for routing this into the correct hands.

Rebecca

Subject: Bluewater water purifiers help Flint

Hi Rebecca,

It was nice talking to you this morning, we will appreciate if you can read this email and forward to related team who in charge of procurement for Flint water crisis.

Bluewater is a Swedish company that has innovated a patented second-generation reverse osmosis technology which turns tap water into healthier drinking water by removing up to 99% of almost all known water-borne contaminants; plus, cuts the water wastage common to traditional reverse osmosis systems by up to 82%.

Bluewater has been selling in the USA for the past 18 months, based out of Overland Park, Kansas, where we also have our warehouse that serves customers across the United States. We are a sister company to Blueair, which is one of the major air purifier companies in the United States, based out of Chicago.

Last week saw us donate and install two of our high performance water purifiers in Flint, Michigan, in response to their crisis as our water purifiers excel at removing lead and other toxic metals from residential drinking water. While we applaud people donating water bottles, it is only a short term solution, whereas as water purifiers are both a short-term

and a long term solution.

One Bluewater Pro machine was installed at the Community Center at Catholic Charities of Shiawassee and Genesee Counties, where they serve 1,000 meals every day to local residents. The other unit was installed at Shelter of Flint, the largest shelter at Flint.

Both units were installed by Bluewater's Product Manager who traveled to Flint personally. FYI, many bottled water brands in the USA use reverse osmosis to purify their water. Using a Bluewater unit is a cheaper long-term option that also contributes to a better environment because they negate the need for plastic bottles as they deliver purifier water 'on demand'. (a side note, as you may already know, "Pepsi Admits That Its Aquafina Bottled Water is Just Tap Water, Coca-Cola's Dasani Is Next" see news of today <http://healthycures.org/pepsi-admits-that-its-aquafina-bottled-water-is-just-tap-water-coca-colas-dasani-is-next>)

The Bluewater Pro400 reverse osmosis water purifiers we donated to Flint can produce 52 gallons of purified water per hour, which means we can supply 2,700 people a total of two liters of clean water free of lead and other toxic metals every day. This translates into saving 4,800 one-liter bottles being put into the environment every day!

The compact Pro is designed for professional use, in restaurants, hotels, schools, hospitals and laboratories. Installing just 38 of our units in Flint would deliver the 100,000 residents two liters of totally clean water every day - meeting their basic daily human health need for drinking water.

Bluewater harnesses our own patented second-generation reverse osmosis technology, which removes practically all toxic contamination from tap drinking water including lead. The other contaminants we remove include other heavy metals, pesticides, medical residues, and dioxins and petro chemicals.

What also makes our water purifiers unique is that our unique technology ALSO radically increases the efficiency of water treatment, which translates into a Bluewater unit using 82% less water to generate clean water than a traditional reverse osmosis unit.

Reverse osmosis technology purifies water by forcing untreated water through a semi-permeable filter or 'membrane'. Bluewater membranes will block toxic metals and chemicals down to 0.0001 micron (that's 500,000 times smaller than a human hair). Our technology also delivers water 'on-demand', which means no need for a holding tank

As a business, we cannot afford to donate an endless number of units free to Flint, but due to the special nature of the situation (and the fact that most of us are parents of small children and have huge sympathy for those impacted by the crisis) we want to step up even more by offering Michigan State prices that are very substantially discounted. In fact, we want to offer you a one-off purchase opportunity that sees us offering you our products at the manufacturing price (i.e. we make no margin on the deal).

This would see the products we recommend you consider coming in at:

Pro 400C-HF(high flow) ( this is the model we donated to Flint) \$1920 shipping  
(suitable for professional use, hospitals, labs, restaurant, coffee shop, office building)

- Superior Osmosis Technology
- Direct flow, no need of tank
- Capacity up to 52 gallon per hour
- Clean water delivery rate of 52 gallon per hour
- Cleaning brackish water, up to 7500 ppm
- water quality monitor
- Calibration of cleanliness

- Advanced leak protection system
- Clean water per kWh: 433L/kWh (114.3gallon/kWh) -Clean water rate: 222L/hour (58.6 gallons/hour)
- Dimensions: 225 x 466 x 460mm (8.9 x 18.3 x 18.10 inch)
- Weight: 29kgs (64lb)
- Water recovery rate: 60-70%

The other two models we could consider as an alternative (the only difference is that the water flow is less powerful) are:

- Spirit 300-HF(high flow) \$1350 shipping  
Compact design that fits into any contemporary kitchen
- Designed for Municipal water
  - Superior Osmosis Technology
  - Capacity up to 43.2 gallon per hour
  - Director Flow, no need of tank
  - Extra compact Design
  - Advanced leak protection system
  - Clean water per KWh: 377L/kWh (99.5 gallons/kWh)
  - Clean water rate: of 99L/hour (26.2 gallons/hour)
  - Dimensions: 150 x 462 x 365 mm( 5.9 x 18.2 x 14.4 inches)
  - Weight: 15 kgs (33lb)
  - Water recovery rate: 40-60%

- Spirit 300Cp-HR(high rejection) \$1500 shipping  
Compact design that fits into any contemporary kitchen, can connect to dish washer, coffee maker, ice machine/refrigerator
- Designed for Municipal water
  - Superior Osmosis Technology
  - Capacity up to 43.2 gallon per hour
  - Director Flow, no need of tank
  - Extra compact Design
  - Advanced leak protection system
  - Clean water per KWh: 377L/kWh (99.5 gallons/kWh)
  - Clean water rate: of 99L/hour (26.2 gallons/hour)
  - Dimensions: 150 x 462 x 365 mm( 5.9 x 18.2 x 14.4 inches)
  - Weight: 15 kgs (33lb)
  - Water recovery rate: 40-60%

Please do not hesitate to get back if there is anything additional information you need from us. Attached is our catalog and photo how it looks in the kitchen.

Here are two reference you can contact at Flint, they are using our donated water purifiers now for producing pure water

Jeanette,  
Landlord just called, is now down to \$2.50 per square foot. Now is down to \$15,416.67 per month plus utilities and don't forget the dumpster which is based on what you use.

Jeanette,  
The Lessor for the Kroger store said he will pay the water bill for the complex, will take \$3.00 psf. Bernice figures the utility bill will be more like \$1.-2. Per square foot.

Just to let you know. He also has a medical facility in the same complex built by Hurley Medical, they moved out, but this would be a great place for a clinic to test children, DHHS is next door. Good square foot rate for 8,000 sq.ft. for a 12 room facility in very good shape.

**Subject:** P-card for Hotel

Hi Trisha -

We have an employee that is assisting with supply deliveries in the City of Flint in response to the water emergency. Due to the long days he is working, he requested a hotel room. MSP-EMHSD had originally reserved rooms for state employees with direct pay from MSP. However, when we went to reserve a room at the hotel they did not have any "state" rate rooms available.

This morning I was able to reserve a room

Facility Notification

## Flint Alternate Water Resource

---

### Date/Time:

Monday, October 5, 2015 at 6:00 a.m. until further notice

### Details:

Beginning Monday, October 5, 2015, water coolers will be available in common areas on floors 1-6 of the Flint State Office Building. Although the drinking water has been tested and falls within all DEQ and EPA regulation standards, alternate water sources will be offered to accommodate all tenants due to recent concerns regarding the water supply. Water testing will continue and the alternate water source will be available until all quality concerns are addressed.

Thank you for your cooperation.

DTMB Energy Tip

According to the Clean Air Council, the average American throws away enough paper each year to build a 12-foot wall from Los Angeles to New York City. Consider going paperless by saving documents and manuals on a common server instead of handing them out in hard-copy form. If you must print a multi-page document, be sure to use the double-sided printing feature.

**Cc:** VanOtteren, Bruce (DNR); Shekter Smith, Liane (DEQ)  
**Subject:** RE: Facility Notification: Flint State Office Building

I have several questions about this matter. Why does "public traffic" deserve a higher consideration than concern for state workers? How does that reasoning appear to state employees? A visitor may take one drink of water from this site in their lifetime. State workers (like any employees) may get half of the water they consume each day at their place of employment. Which group faces the greater health risk from drinking water in state occupied premises? Are other state owned/occupied facilities in Flint being provided with the same service? How about a Secretary of State's offices or the DHS facilities? Are there any state correctional facilities that receive drinking water from Flint?

What would DTMB have done if the problem had occurred in Lansing? Would the state of Michigan be providing bottled water or an alternate supply of drinking water to all of the state owned or state employee locations that receive Lansing drinking water and allow public access? Who would make that decision? Why wouldn't that decision maker seek the advice of the Office of Drinking Water and Municipal Assistance before deciding? Would it be building by building or one decision be made for state facilities?

How does this action by DTMB impact the answer when ODWMA district staff are asked by others in the media or from the general public about whether Flint residents should continue to consume Flint's drinking water with elevated disinfection byproducts? No doubt it will make it more difficult from a perception standpoint for ODWMA staff.

If this matter were about an acute health threat, such as E.coli or nitrates, then I would applaud the decision. But when we are dealing with a chronic health threat in a community water system, I think the appropriate action is to ensure public awareness and education, establish a reasonable compliance schedule, and allow individuals to make personal choices if they wish. And if someone like GM or the State of Michigan decides to implement such measures as supplying an alternate water supply for a chronic health threat that should be of a limited duration, fine, but it should be uniformly implemented.

If DTMB would like to meet to discuss this issue and procedures for communication and possible actions in future, similar events, we would be willing to participate.

Jennifer,

I spoke with Jeanette this morning. She informed me....given that this state building has high public traffic (Flint citizens); it was felt prudent to offer an alternative supply of drinking water to citizens entering the building. Jeanette asked me what should be expected with the next round of samples (March time-frame). I explained to her how compliance with TTHMs is determined (based on a running annual average of 4 quarters) and the public notification requirements. The city's next round of samples will be collected around the 3<sup>rd</sup> week of Feb; however, regardless of sample results, compliance with the TTHM MCL will not be re-achieved due to the high levels detected last summer. Although the city will remain out of compliance, (primarily based on the previous results), the November sample results were substantially lower (7 of 8 locations below the MCL). We anticipate that most (if not all) locations will be in compliance with the February monitoring. The city; however, needs to make a diligent effort to convey TTHM status to their residents as soon as possible after new results become available (regardless of compliance status). Jeanette will pass this information on.

## Flint Water Advisory

---

### Date/Time:

Effective Wednesday, January 7, 2015

### Details:

The City of Flint recently sent out the attached notice regarding violations to the drinking water standards. While the City of Flint states that corrective actions are not necessary, DTMB is in the process of providing a water cooler on each occupied floor, positioned near the water fountain, so you can choose which water to drink. The coolers will arrive today and will be provided as long as the public water does not meet treatment requirements.

Subject: Flint water purchasing organization communications  
Importance: High

Hi Caleb,

On assignment from Jeff Brownlee, per his commitment on a call last Friday with Brom, Col. Etue, and Capt Keleske (in charge of the SEOC), I have been asked to help facilitate a communication within the agencies to ensure appropriate procedures are used in purchasing activities related to emergency purchases for the SEOC or as part of the State's emergency response. Especially given the approval of the supplemental funding bill. I have done some research this week to confirm ongoing activities inside of DHHS, DEQ, DTMB, and MSP. I have also had a discussion about LARA's activities with Rebecca Cook.

He would like the following communicated:

1. Reporting to the SEOC; and the need to do so for reimbursement.
2. Ensure that each agency communicate the purchasing process (i.e. how they work with MSP, internal tracking procedures for emergencies, etc.).
3. Ensuring that agency SEOC reps, purchasing, and other in the process understand that SEOC purchasing flows through the appropriate purchasing channel for each agency.

I can create a rough draft to get to you as well.

Do you have time for a call today? He would like me to discuss with you the best way to communicate this (you, DTMB Procurement) and to craft the message. I have a meeting at 3:30 for about 15 minutes with Jeff Wellman, but will have my cell phone with me.

My cell phone number is 517-899-2839. I have time tomorrow morning to meet or can make time this evening.

Dave

**Cc:** Bolger, Matt (MSP)  
**Subject:** RE: Flint Water Website - it changed?!

Ron –

All requests have been vetted through the Logistics Chief from the JIC and DHHS. LARA (Karen Towne) mentioned that they had contacted a company to provide translation services, but that the turnaround time was longer than what DTMB was providing. DTMB received a request last night from DHHS and before I accepted the resource request, spoke with LARA to see if they should work on the request or DTMB.

Subject: RE: Flint Water Website - it changed?!

Thanks Ron.

Jason means that I have been tapped to coordinate the translations and we already have a number of docs in the pipeline. However, I noticed that there appears to be some duplication of efforts so if Jeanette can provide me with whomever at the JIC has been requesting Spanish translations (up until now), that would be great as I need to coordinate with that person. Also, we'd ask that no one request further translation of documents without forwarding to me as I have a master list of what has been requested so far.

Best,  
Karen

Subject: Re: Flint Water Website - it changed?!

Hi Meegan,

I was asked to coordinate the translation of documents into the various languages. We now have a system in place to have docs translated into Spanish, Arabic, Mandarin and Hmong and there are a number of documents in the pipeline being translated.

When I looked at the revised Flint Water resources where the translated documents are, I noticed at least one (Lead in Water Info Sheet) that has been translated into Spanish. I am also having it translated - per a request.

In order to not duplicate efforts, can we just use one source for translations? Who else is getting Spanish translations?

Finally, the current system will be that I will send Jason the translated doc and he will arrange for it to go on the website. If there is someone I should work with directly for this, please let me know.

Thanks!  
Karen

Subject: RE: Flint Water Website - it changed?!

Right now, we have translation requests in for various documents to be translated into Arabic, Spanish, Mandarin and Hmong. Based on the current Flint Water website update under “Resources,” there is at least one document that is being translated twice (once by DTMB and once by our vendor).

Who at DTMB can I coordinate with to know what has been requested for translation and into what languages so we can avoid duplication going forward?

**Subject:** Overtime and Financials

Hi Tim -

This email is in response to a voicemail message I left you the first week of January regarding IT coding and an index for the Flint water emergency. I am compiling a list of DTMB expenses to-date in response to the Flint water emergency and was wondering if you could provide expenses to-date on any IT related purchases and/or overtime. We began working on the emergency on January 6, 2016 with the activation of the SEOC.

The attached spreadsheet is what I am using to track employee time. If you have any questions, please let me know. If you do not have any expenses, please reply to this email with a note.

Interesting, I must be missing something.

I was under the impression that each request needed to go through the agencies SEOC representative. In this case it would've been you.

This request is from DTMB to MSP.

If that's the case then what you requested is what was provided is that correct?

Thanks Chris

Chris,

Just wanted to check in with you on this issue. DTMB Procurement was drafting a message to agency directors to ensure that they were going through the SEOC for approval on any purchasing requests related to Flint. For the directors convenience, they wanted to include a list of EMs so the agencies knew who to work with. (You would think they would all know, but we are running into people who don t.)

Is it a security issue having the list compiled? I am just trying to figure out how we can increase the likelihood that they are working through SEOC and their EM.

Thanks.

Chris

I checked with the Operations Chief and per Captain Kelenske, the list of Ems is not to be shared outside of the SEOC. The correct process is to refer any agency contacting DTMB to their Ems. You should not be fielding any of the requests direct. I will bring this up at the briefing this afternoon.

Enterprise Procurement,

Vendors who are interested in selling goods or services to the state to assist in the Flint water emergency should be referred to the "Flint Emergency Purchasing" portal found on the Contract Connect website.

By submitting their information on the form, we ensure that all solutions are collected and reviewed by the appropriate parties. Vendors should also register their businesses on [www.Buy4Michigan.com](http://www.Buy4Michigan.com) and on the Contract and Payment Express at [www.michigan.gov/cpexpress](http://www.michigan.gov/cpexpress).

We're Better Together;

**Cc:** Doll, Jeanette (DTMB) <dollj@michigan.gov>; McKee, Ryan (DTMB) <mckeer1@michigan.gov>  
**Subject:** Legal & FOIA concerns

Chris,

I am being told by Jeanette that the Legal and FOIA issues relating to Flint need to come in through the SEOC. The requests are about things that occurred before the SEOC was activated and the amount of work relating to the Legal issues is going to be huge. Additionally the FOIA things are for every agency and like legal require a quick turnaround. I personally wanted to avoid tasking the SEOC with additional responsibilities such as this however I am happy to follow whatever process works best for you. Again I am happy to support in any way possible, I just need clear directions on

these issues. Below is the FOIA request that I believe every agency has received and we are meeting about it with the Governor's legal counsel tomorrow to discuss the best way to respond. If you would like I can forward you the appointment.

Thanks again

Chris

See FOIA request below.

### **Request for Public Record**

#### **To: FOIA Coordinators via email**

I am a person as defined under Michigan FOIA. Please accept this correspondence as a request pursuant to the Michigan Freedom of Information Act (FOIA) Michigan Compiled Laws §15.231 to §15.246 *et seq.*, the Michigan Constitution and common law, and the U.S. Constitution, for certain public documents hereinafter specified.

**Date of Request:** 2/4/16      **Time:** 4:40 p.m. via email

**Person Requesting Record:** Matthew Dolan      Phone: 313-223-4743

**Mailing address:** Detroit Free Press

160 W. Fort Street

Detroit, MI 48226

Email Address: [msdolan@freepress.com](mailto:msdolan@freepress.com) Fax: n/a

**Delivery Specifications:**

**Please select the quickest form to be able to view the documents:**

☐ **Email:** to requestor at the email address above if possible, and if not please mail to the address above.

☐ **In-office Inspection:** Please contact me with an acceptable contact, time, and date when I may appear for inspection and possible scanning of documents.

☐ **Pick- up:** Please contact me with an acceptable contact, time, and date when I may pick up the documents.

**Auditor or Attorney:** \_\_\_\_\_ **Contact:** \_\_\_\_\_

**Media Specification:** Paper Copies or Email attachment less than 20 MB, CD-ROM or DVD, unless certain records are not available in computer format, in which case response by fax or in-person viewing is preferred

**Records requested:** The records and documents I am requesting are all those relating to:

Copies of the documents, including but not limited to emails already requested by and provided to Progress Michigan or those associated with the organization related to any and all discussion of Flint's water supply, including but not limited to contaminant such as lead and copper in the water as well as any and all discussion of Legionnaire's disease in Genesee County, Mich.

For the purposes of this request, the term "**you**" or "**your**" refers to public body generating or maintaining the public records requested in this request, and to which this request is directed, whether that be an agency, municipality, office, county, or any other entity subject to disclosure under this act; the term "**records**" refers to all documents, regardless of physical form (including without limitation papers, reports, notes of telephone conversations, telephone call messages, studies, proposals, indices, letters, messages, faxes, minutes, logs, journal entries, calendars, and computer-based or computer-generated materials including e-mail, or any other documentation of any kind of any and all kind) of or belonging to any department, agency, service area, board or other subdivision of the public body. "Records" shall include drafts of records to the extent permitted by law; The term "**email**" includes any electronic message and any attachment to any such message, and specifically includes emails sent or received by an officer, agent, or employee using an email address other than that person's official government issued email address if sent or received while on duty, using a government computer, in a government building, sent or received using a government contact list, or other using any other government resource.

Michigan law requires you to respond to this request not more than five (5) days from your receipt of this request, but you are asked to expedite this request if possible. If this request is sent by fax or email, the time to comply begins the day after the faxed request is sent to you. If your agency does not maintain these public records, please let my designated auditor know who does, and include the proper custodian's name and address. If this fax request does not go directly to the office of the FOIA coordinator, you must deliver it there immediately. If you deny any part of this request, please indicate the name and position of the person too who an appeal should be directed prior to instituting suit, so that needless litigation in which costs, damages, and attorney fee may be taxed against you might be avoided.

Take notice of the penalties and consequences for failure to comply with this request: Willful violation of FOIA by refusing to disclose or delaying in disclosing or providing copies of a public record, may result in the court awarding in addition to any actual or compensatory damages, award punitive damages in the amount of \$500 to the person seeking the right to inspect or receive a copy of a public record. Reasonable attorneys' fees, costs, and disbursements" will be awarded to any person who prevails in an

action to compel disclosure under MCLA § 15.240. If the requesting person only prevails in part, "the court may, in its discretion, award all or an appropriate portion of reasonable attorneys' fees, costs, and disbursements.

Because of the civic educational purpose of this request, I request a fee waiver and ask that you determine that a waiver or reduction of the fee is in the public interest because furnishing copies of the public record can be considered as primarily benefiting the general public." MCLA § 15.234(l)

I agree to pay any reasonable search, copying, and postage fees of not more than \$2.00. If the cost would be greater than this amount, Please immediately contact me by telephone or email if you anticipate that the costs will exceed this amount, so as not to cause delay in the prompt disclosure of the records requested. I may appear in person to inspect the documents or scan them using my portable equipment. Please provide a receipt indicating the charges for each document. The Michigan FOIA law provides that, "A fee shall not be charged for the cost of search, examination, review, and the deletion and separation of exempt from nonexempt information as provided in section 14 unless failure to charge a fee would result in unreasonably high costs to the public body because of the nature of the request in the particular instance, and the public body specifically identifies the nature of these unreasonably high costs. MCLA § 15.234(3).

If the documents I have requested are not subject to disclosure in their entirety, I request that you release all nonexempt portions of the documents that may be segregated and all parts of the documents that can be rendered disclosable by redaction without fee. If you determine that any of the requested documents fall within a statutory exemption, I request that you exercise your discretion to disclose those materials because of the overriding public concern about the improper use of government email systems and resources to further political agendas. As to any portion of the documents that you withhold, please state with specificity the legal and factual basis for withholding such portion. To the extent that you are unable to produce copies of or otherwise make available all records requested within the time frame provided, please notify my auditor in writing and provide me with those records that are available within the prescribed time frame and the remainder of the records on a "rolling" basis as they become available for production.

I appreciate your anticipated prompt cooperation and will expect your response within 5 days, as required by the act. If you need further explanation of the details or the nature or scope of this request, please feel free to call me or my designated auditor or attorney specified above using the contact information provided.

**Subject:** RE: Records Manager Install - REQ000000789143

All requests for assistance in response to the Flint Water Emergency should be routed through the SEOC. This request should have went through the AGs SEOC rep and not DTMB to provide clearance.

Jeanette

**From:** Christensen, Chris (DTMB)

**To:** Christensen, Chris (DTMB) <christensenc4@michigan.gov>

**Subject:** RE: Records Manager Install - REQ000000789143

I called Jennifer and have not heard back from her regarding the resource request. After speaking with John McQuaid, he said this request would need to come from the AGs office and not DTMB. The information provided to the DEQ SEOC rep was not clear and did not clarify what "software" was required, which is why I reached out to Jennifer.

Hello,

I don't believe we don't have any other outstanding tickets to rush.

Barbara's security is set up so once the software is in place she can start using it after double checking the dataset. If there are any questions on doing this, please give me a call...

I also just double checked with Andrew Banas and he has the software installed (he was a priority processing from last week and I wanted to make sure that was done). Michael or Kate might want to double check with him on using the system and setting up favorites for whatever they are doing (i.e. orientation).

Thank you for doing this!

Sincerely,

Sean Evans

**Subject:** Records Manager Install

Hello,

I have activated a new seat in Records Manager for Barbara Schaibly, however an install needs to take place on her machine to use the software. I have issued a Remedy ticket for this, however I have no ability to up the priority of the install and it was indicated that this was a rush. Can you assist me with this?

Ticket Details:

<b>Request Status:</b>	Initiated
<b>ID:</b>	REQ000000789143
<b>Title:</b>	Software Install and Removal
<b>Request Coordinator:</b>	
<b>Submit Date:</b>	2/9/2016 10:23:40 AM
<b>Required Completion:</b>	
<b>Expected Completion:</b>	2/10/2016 10:22:40 AM
<b>Requested By:</b>	Sean Evans
<b>Requested For:</b>	Barbara Schaibly
<b>Company:</b>	Dept of Environmental Quality
<b>Phone:</b>	517 284.5417
<b>Email:</b>	
<b>Request Type:* :</b>	Install / Upgrade Software
<b>Is this request for more than one computer?:* :</b>	No
<b>Computer Name:* :</b>	
<b>Is this request for more than 1 software?:* :</b>	No
<b>Software or Application Name(s) and Version:* :</b>	App_RecordsManager
<b>Do others use this software in your area?:* :</b>	Yes
<b>Preferred method of contact:* :</b>	Sean Evans 517-335-9131

Please let me know if you can't do this. I'll try to use some of my contacts at the Help Desk for assistance.

My number is 517-335-9131 if you have any questions.

Sincerely,

Sean Evans

I have pre-approval for the state employee to come in and show their ID this one time and use our account. If they need to do this again they would need to get prior approval again. If they have any issues they can ask for Justin the store manager. We just need to make sure our account is secure.

Hope this works for you. I know she has the receipt for the coffee maker to exchange it and the manager said that wouldn't be a problem. That receipt does have our account number on it should they ask. Please make sure she keeps that receipt secure and sends me the cash register receipt so I can attach it to the invoice for payment.

If there are any other issues they can call [REDACTED] who is the one on the account or myself at 517-284-3977.

Thank You

Michelle

**Subject:** RE: Gordon Order

Hi Jeanette

2 options

I spoke with Marie the manager at the Edgewood store as our rep hasn't returned out call yet. She spoke with the manager at the Flint store.

Option 1: The person can go to the Flint store and have them call [REDACTED] to get permission to use the account. If someone is going to access our account I'm sure [REDACTED] would appreciate knowing who is going ahead of time so she can approve it. I appreciate the fact that Gordon's is being a little particular as we do want our account to stay secure. [REDACTED] is only working until 5 pm.

Option 2: Have them take this tax exempt form and just use their Visa and they wouldn't need our account at all.

I would think the second option would be the least amount of hassle anytime they want to go.

Thanks

Michelle

**Importance:** High

This email should have said – all information from the DTMB SEOC desk. All emails sent under our DTMB email will be reported to DTMB and not SEOC.

From: Zarotney, Greg (MSP)  
Sent: Thursday, February 11, 2016 5:01 PM  
Subject: URGENT - Records Request  
Importance: High

The department has been directed to provide copies of all records in our possession related to the Flint water matter to the Governor's office. You are receiving this email because you have been identified as an individual who may have records that must be produced. If there are any department members who you think may be in possession of records related to Flint water, please forward this message to those members.

Records include memos, handwritten notes, emails and attachments, and text messages in your possession, regardless of who produced the record. Be sure when you search your email messages that you look in your inbox, sent box, and trash. In preparation for the production, you must estimate the number of records you have in your possession and provide that estimate to Ms. Lori Hinkley no later than 2:00 PM on Friday, February 12, 2016.

You must then provide a copy of each record in your possession to the Legislative and Legal Resources Section no later than close of business on Thursday, February 18, 2016.

Members who work at Headquarters must provide paper copies to F/Lt. Chris Hawkins in the Office of the Director. Members who work at the State Secondary Complex must provide a paper copies Ms. Lori Hinkley. Ms. Hinkley is located on the second floor of the new Headquarters building. Department members who work outside of these worksites may send copies of records in their possession via e-mail to [MSP-FOIAProject@michigan.gov](mailto:MSP-FOIAProject@michigan.gov).

In addition to this initial production of records, the department is required to provide copies of newly created records on an ongoing basis. Until further notice, copies of all newly created records shall be forwarded to [MSP-FOIAProject@michigan.gov](mailto:MSP-FOIAProject@michigan.gov).

REMINDER: Public records can only be disposed of consistent with an approved retention schedule. As it applies to emails and text messages related to the Flint water matter, please use the retention schedule in place for general correspondence which is two years. Please save all emails and text messages for at least two years. Prior to expiration of the two year period you will have an opportunity to re-evaluate the content of the messages to determine if an additional retention period is necessary. If you have issues with accommodating emails based on your mailbox size, please archive them. Do not print and file them as the metadata must be retained as well.

If you have any questions with these instructions, please contact Ms. Lori Hinkley.

## VIDEO: What Governor Snyder's FY17 budget means for Michigan

---

Gov. Rick Snyder's FY 2017 budget calls for critical investments for the Flint water crisis, statewide infrastructure and the Detroit Public Schools. The governor's recommendation also addresses the skyrocketing costs of specialty medications that Michigan residents depend on for better health outcomes.

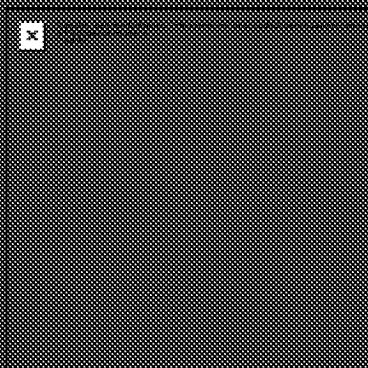

This budget also stays committed to the Governor's core statewide priorities of education, talent and economic development, health and human services, and public safety.

The proposed FY 2017 budget makes key investments to strengthen the state for all of Michigan's families. [Click here to learn more about the top 6 takeaways from the](#)

Subject: Inquiry from National TV/Radio Newshour Democracy Now!

Dear Steve Rigg,

My name is Laura Gottesdiener, and I'm a reporter with the national TV/Radio newshour Democracy Now!  
I have some questions about the bottled water purchases by the state of Michigan, and I was referred to you and your office by the governor's office.

Specifically, I'm seeking information about bottled water contracts from the \$15.5 million appropriated for the Michigan Department of Health and Human Resources for field operations, nutrition support and the purchase of bottled water and filters for Flint.

Who are the primary contractors that the state is purchasing bottled water from, and at what rates? Can you please provide me with (or point me in the direction of) copies of the 2015 and 2016 contracts of all bottled water purchases related to Flint, Michigan?

You can reach me at 646-217-7223.

Gratefully,  
Laura Gottesdiener

Importance: High

Hi Chris,

DHHS needs specific software pushed to two new staff who are working on the blood lead data for Flint as quickly as possible. The software is Lotus Approach 97 (an older relational database) and ZP4 (zip code software). DHHS is in the process of migrating to a new system but, until that migration is complete, they need to use the requested software to work with the data. We requested a standards exemption through the appropriate process; however, as I understand it, the review committee has concerns with the age of the software and the EULA. They have a meeting scheduled for tomorrow afternoon to discuss.

I'd like your direction on how to proceed. 1) receive your approval now and immediately provide the software to customers (we have the discs) or 2) wait for the meeting with the exceptions committee tomorrow afternoon and update you with the results.

Below is the an email from the customer seeking DTMB escalation.

Please let me know if you have any questions.

Susan.

From: Stanbury, Martha (DHHS)  
Sent: Wednesday, February 17, 2016 10:06 AM

To: Miller, Corinne (DHHS) <MillerC39@michigan.gov>

Cc: Gates, Nicholas (DTMB) <GatesN@michigan.gov>; Dykema, Linda D. (DHHS) <DykemaL@michigan.gov>

Subject: getting DTMB to approve a software installation for new lead staff

Importance: High

I am requesting an intervention at DTMB to ensure that DTMB approves our request to have Lotus Approach and ZP4 installed on the computers of

Dan Albright and Veronica Tijerina, two new staff working on our blood lead data. This is essential for our timely and accurate response to the lead poisoning problem in Flint. The blood lead surveillance data have been managed using Lotus approach for many years, and although it will be retired once the new surveillance system goes live, in a number of months, it is essential that the new staff have access to the current data management system in order to address all our issues and needs with the Flint water/lead response. In addition we are requesting an exception to have "ZP4" installed, a national file of addresses, which are used to verify and look up addresses; it is essential that we can verify the addresses of individuals reported by laboratories with their blood lead test results.

Because Lotus and DP4 are no longer a DTMB-approved applications, our request has to go to a DTMB "Exceptions Committee" meeting tomorrow. Our request is being presented to the Exceptions Committee by a DTMB staff, Nick Gates, who has been working on this, but I am requesting that MDHHS reach out to Linda Pung (pungL2@michigan.gov) and Susan Nordyke (nordykes@michigan.gov), who are higher up than Nick at DTMB, to emphasize the importance of approving this exception and getting the installation of Lotus approach and ZP4 completed ASAP, so that we can get our new Flint lead staff on board now.

Thank you for your consideration.

	<b>Comments/Questions</b>
1	<p>Patented second-generation reverse osmosis technology which turns tap water into healthier drinking water by removing up to 99% of almost all known water-borne contaminants; plus, cuts the water wastage common to traditional reverse osmosis systems by up to 82%. Produce 52 gallons of purified water per hour. Installing just 38 of our units in Flint would deliver the 100,000 residents two liters of totally clean water every day - meeting their basic daily human health need for drinking water. Reverse osmosis technology purifies water by forcing untreated water through a semi-permeable filter or 'membrane'. Bluewater membranes will block toxic metals and chemicals down to 0.0001 micron (that's 500,000 times smaller than a human hair). Our technology also delivers water 'on-demand', which means no need for a holding tank.</p>
2	
	<p>The Citizens of Flint need more than bottled water. They need to be able to use the tainted water they are still paying for. Roving Blue gives them that freedom and a sense of hope until those old pipes are replaced.</p>
3	
4	
	<p>This is ideal ans so useful for the families with babies in Flint, Michigan, as they are relying on bottled water and bottled drinks.</p>

			6500 Gallon Water Tankers with Pumps Hoses and Valves to distribute clean potable drinking water to the city of Flint.	We can strategically position Water Tankers around the city at key public facilities and pump the water into those facilities using our own independent pumps and hoses so the water is not affected by the contaminated pipes. This solution albeit temporary is very environmentally sound as you are not polluting with millions of bottles of water and the water is clean and safe as we would be bringing it in from another municipality. This solution will afford you the time to develop a strategic plan to deal with the pipe infrastructure and reconnecting to a safe water source.

10	I do not want Governor Snyder to step down, but I do want to help him step up. Implementing MXM Technology right now will help him to address and solve his most pressing dilemma (Flint Crisis) right now. Based on the science and documentation of our technology, we are aware that many in his staff, maintenance directors, and city managers, will continue to doubt our technology only because of what isn't understood on paper that cannot be applied from their knowledge or understanding, but please stop to consider the 30 years we have been in business on a global scale. We look forward to helping Governor Snyder.

Ryan

Could you forward this to OPS and mention as requested by captain? He wanted to review it and then task the corresponding agencies on validity of suggestions.

Thanks!

Jeanette Doll

Subject: Flint Vendor Database

Hello All,

I have attached the Flint Vendor Database for this week. It includes all submissions that have come in from the website and some that have come in by email. I have added a column that says where they have come in from and if a response has been sent to the vendor. I have tinted the ones that have come in by email yellow.

This report does not include all of the ones that have come in by email before the website submission form was created. I will continue working to get those added to the database.

Thank you,

Jenni Riehle

	<a href="http://www.bluewatergroup.com">www.bluewatergroup.com</a>	<p>Patented second-generation reverse osmosis technology which turns tap water into healthier drinking water by removing up to 99% of almost all known water-borne contaminants; plus, cuts the water wastage common to traditional reverse osmosis systems by up to 82%. Produce 52 gallons of purified water per hour. Installing just 38 of our units in Flint would deliver the 100,000 residents two liters of totally clean water every day - meeting their basic daily human health need for drinking water.</p> <p>Reverse osmosis technology purifies water by forcing untreated water through a semi-permeable filter or 'membrane'. Bluewater membranes will block toxic metals and chemicals down to 0.0001 micron (that's 500,000 times smaller than a human hair). Our technology also delivers water 'on-demand', which means no need for a holding tank.</p>	Rebecca Cook, Rebecca responded

5	Public Health, Community Outreach and Risk Communications services	In the area of Risk Communication we have developed epidemiology influenced programming for disease intervention, risk assessment and risk reduction counseling testing referral and health services navigation.
6	Roving Blue Portable Ozone Water Purification Unit	The Roving Blue Lightweight Portable Water Purification System (Roving Blue) is a very lightweight, portable water purification system that produces purified and sanitized drinking water from any fresh water source including rivers, streams, and lakes. It weighs less than 25 pounds and can purify and sanitize 190 gallons of water every 24 hours at roughly 4 cents a gallon, which equates to about a Company-sized element daily. In addition to using the water for drinking and personal hygiene, the sanitized water can be used to sanitize food, surfaces, water storage containers, and medical equipment as well as to irrigate wounds.
7		6500 Gallon Capacity Portable Water All Modes of Transportation:  Truckload • LTL • Heavy Haul / Specialized • Tankers • Expedited • Intermodal • Air • Ocean  Transportation Management Solutions • Warehousing • Cold Chain Logistics • Emergency Transportation Services  Parcel Shipping Analysis
8	Refresh-a-Baby Water Bottle Adapters	Adaptor pops on to a bottle of choice and converts almost any bottle into an instant baby bottle. Fits water bottles, baby formula bottles, many juice bottles and standard baby bottles.
9	6500 Gallon Water Tankers with Pumps Hoses and Valves to distribute clean potable drinking water to the city of Flint.	We can strategically position Water Tankers around the city at key public facilities and pump the water into those facilities using our own independent pumps and hoses so the water is not affected by the contaminated pipes. This solution albeit temporary is very environmentally sound as you are not polluting with millions of bottles of water and the water is clean and safe as we would be bringing it in from another municipality. This solution will afford you the time to develop a strategic plan to deal with the pipe infrastructure and reconnecting to a safe water source.

	L	M	N
5	<p>From a strategic platform of Outreach and Engagement we have affected communities of color and beyond with measurable health outcome improvements by employing culturally and population sensitive strategies for Community Planning Health Promotions and Health Protection for successfully implementing Community Health initiatives.</p>	<p>In the area of Environmental Health our founding director is an Environmental Health Policy major and graduate of Tulane University School of Public Health and Tropical Medicine. In addition to her own studies she has also served as a Visiting Professor at the University of Nevada Las Vegas in the Division of Environmental Studies instructing Environmental Impact Analysis, Survey of the Environment, and Environmental Science. <i>More Information on company available by contacting Jenni Riehle with DTMB Procurement Riehlej2@michigan.gov, 517-284-7023</i></p>

		The Fontana is a reusable 275 gallon container that ships efficiently, assembles in minutes and is reusable without any cleaning. Replace the liner and refill. It fits in the back of any standard pickup and can be filled and transported to site then convenient spouts allow for quick and efficient dispersion to cans, bottles, and containers.
10	Fontana - water storage and transportation	The Aqua Multi-Purpose Ozone Generator is used to add ozone to drinking water, water for bathing, water for dental hygiene, and cleaning fruits and vegetables to help them stay fresher for longer. If this unit was used in water in Flint, once the ozone was added, it would cause the lead in the water to sink to the bottom. Thus, leaving clean drinking water on top. If the water on top was filtered, it would be perfectly healthy to drink.
11	Aqua 6 Multi-Purpose Ozone Generator	We manufacture NSF 53 compliant faucet filters with a capacity to be able to meet the needs of the current situation going on in Michigan. We also off shower filters, and countertop filters that are proven to remove 99.9% of lead contamination.
12	ATLAS A2350 Faucet filter, M1340 Showerhead prefilter	A NASA originating technology that transforms all fossil fuels (including coal) into a clean green energy source by destroying carbon and all harmful toxins inside of the combustion process without releasing any into the atmosphere, thereby preserving our most vital resources that human existence depends on - Breathable Air, Drinkable Water, and Fertile Soil.

18	Consulting on unique problem solving	Use of a Tethered Remote Unmanned Vehicle (TRUV) to clean and coat the inside of the water pipes would be a quick, inexpensive, and long term solution. Please contact me for more details
19	MECO ROWPU - 600gph The 600 ROWPU is a transportable skid-mounted water treatment system that can purify seawater, brackish water and freshwater. The unit is also capable of treating water contaminated with nuclear, biological and chemical warfare agents.	The 600 is a rating for salt water. A municipal water source can be purified at a increased rate of 50%. Our MECO, ROWPU 600gph can do 900gph. We have 6 rigs available. 900gphx20hpd equals 18,000 gallon per day times 6 rigs. We can produce 108,000 ro quality water per day. ROWPU-600gph - The 600 gph ROWPU is a transportable skid-mounted water treatment system that can purify seawater, brackish water and freshwater. The unit is also capable of treating water contaminated with nuclear, biological and chemical warfare agents.
20	Water Purification System	
21	Water Distillers	I am with Nautilus, a division of The Legacy Companies, and we are a manufacturer of household point-of-use water distillers which have been proudly made in the U.S. for many years. We are very passionate about spreading awareness to water quality issues and would love to find a way to help in Flint or elsewhere around the country. We believe distillation is a possible temporary solution for this problem, particularly where the lead contamination is so bad as to render filtration systems ineffective. I believe the filters you have distributed do not adequately remove all of the lead and that distillation is the best current option. Our distillers completely remove all traces of lead from any water source including tap water. Our website provides more information about our family owned and operated company, <a href="http://www.water123.com">www.water123.com</a> and <a href="http://www.thelegacycompanies.com">www.thelegacycompanies.com</a> .
22	Licensed Potable water hauler.	Bulk drinking water
23	Food Safety consulting	Training, information, quality, and safety checks.
24	Catastrophic medical and personal injury Case Management	OCS staffs Nurses, occupational therapists, social security experts, life care planners, etc that can coordinate medical care for residents that could be at risk of illness; we can also provide documentation and evaluation to deli Kaye between related and unrelated conditions.
25	Professional Services	EY provides services around finance, compliance, governance, credits, FEMA and other services related to natural disasters and other disasters.
26	on-site Demo to process your source water directly into a drinking glass.	
27	replacement of service lines hydroexcavation or dry, safe fast and can lay new service next to old	non-leaching potable water pipe will not allow leaching since pipe is hydrophobic (aquatherm green pipe)

	L	M	N
			All consulting is free. The only cost would be the cost of production and use of the TRUVs.
18			
19			None given
20			
21	If there is any way for us to get involved and contribute to the solution, I would greatly appreciate the opportunity for us to have a discussion.		We want to partner with the government to raise awareness about clean water and the benefits of water purification systems including distillation. We are open to partner in different ways possibly to include free training, distribution, products, etc.
22	Five gallon bottles drinking water		Would like to partner to create filling sites for residents and business to access fill stations for water
23			
24			No
25			
26			
27	We also provide in place water line replacement no trenching our system will split pipe in place and create a void for new water line to be pulled through Mike Dolkowski Mdoikowski@sesinc.cc

J	K
	Foley & Lardner LLP is a national law firm with a significant Michigan presence and expertise in state law matters, and would be willing to provide legal services to the State in connection with the Flint water crisis.
28 Legal services	
29	TWI's proprietary blend of adsorption media along with other filter materials. Specific materials are available for describing our solution for high lead content.
30	Using an "Internet of Things" approach AT&T and its partners can install a small number of sensors in the Flint water distribution system to sample water for common water quality parameters (for example; pH, temperature, conductivity, total organic carbon phosphate, chlorine, and alkalinity) then report the data back to a dashboard that would be available to the public at large. The benefit of this approach is that public officials and the public at large would be able know the quality of the water in real time and have confidence in its safety. Real public health issues as well as perception and economic development issues can be managed accordingly.
31	Would like to propose the submission of a quick project feasibility study to be the basis for the deployment of a distributed purification solution. This distributed system entails the use of a water purification unit utilizing a process technology capable of producing from 50 Liters/hr to 400 Liters/hr of purified water scientifically proven to remove any traces of lead while reducing other contaminants/dissolved solids to the required levels for safe drinking.
32	New construction, renovations and repairs
33	We can service this need with approximately 300 units, distributed across the City with the HELP OF the COMMUNITY, and that is where you come in. These Places distributing water must be relieved from paying for the water being distributed. If that can be accomplished, we can solve this 18 month problem for about \$2.5M—FAR LESS than any other proposed effort we have heard about.

	L	M	N
28			To be discussed. Donations are accepted through The Cura Foundation to subsidize the cost of the filters.
29			
30			To be determined
31	Utilization of a distributed model with a purification unit installed at each household appears to be a far more cost effective and rapid deployment method than replacing the entire current centralized system. Initial installations of the units could begin in 4 weeks from receipt of order. We could proceed in a 2 phase approach with a pilot study involving a few hundred homes as the scope of Phase 1.	After data review, deployment model assessment and completion of an accelerated permit approval process, we could proceed to secure funding and enter a 2nd phase where we accelerate and scale up implementation at a citywide level with a view of what is necessary in the emergency response phase transitioning into a reliable long term sustainable solution. The entire project would be managed by professional managers and engineers utilizing independent certified labs for water sample chemistry analysis.	
32			1-2 days of volunteer plumbing services
33	We would recommend filtered shower heads, ( about \$50 each), maybe for the clothes washer as well, and one Merlin Eco Solutions unit for about 80-100 homes ( one unit / station per every three blocks), at \$2,000 each, installed by currently unemployed technicians and Vets- that will be paid to do this. We could distribute in 5 gallon camping containers, and each resident would have to lug their daily water no more than a block and a half. It's a pain – but what other REAL choice do we have? The filters they are distributing now are good for 100 gallons, untested, and again an eco-disaster in and of themselves. Our lead filters do not have to be changed for up to 10,000 each and the first primary filter is ceramic and can be cleaned re-used for as many as half a million gallons each!	This same equivalent in bottled water equals 1,250,000 bottles spent PER DAY!! The raw cost, ( \$1/bottle) and associated cost of the current campaign are certainly not sustainable nor acceptable. Have you ever tried to shower with a bottle of water?	Please see the Flint water test results attached. A photo of one that was being installed in a Flint shelter is also attached.  The two samples in the other photos are from Michigan Works!, just down the street from your Office, before and after purifying. Email attachments available upon request contact Jenni Riehle with DTMB Procurement RiehleJ2@michigan.gov, 517-248-7023

**To:** Noonan, Michael (DTMB)  
**Subject:** Emergency Card

Hi Mike -

Could you or someone from your staff deliver 6 copies of Flint's emergency card to:

Bobbie Curtis, Civil Rights Manager  
Flint State Office Building, 7th Floor  
Phone: (810) 760-2805

I received a note from their director asking for them - guess she wants to make sure they have them at hand?

Thanks!

Flint Water Advisory

# Flint Water Advisory

---

## Date/Time:

Effective Wednesday, January 7, 2015

## Details:

The City of Flint recently sent out the attached notice regarding violations to the drinking water standards. While the City of Flint states that corrective actions are not necessary, DTMB is in the process of providing a water cooler on each occupied floor, positioned near the water fountain, so you can choose which water to drink. The coolers will arrive today and will be provided as long as the public water does not meet treatment requirements.

DTMB Energy Tips

Since we spend about 40 hours a week at our workplaces, isn't the office the best place to try out some new energy-saving tricks? The Energy Information Administration estimates that if commercial and industrial buildings improved their energy efficiency by 10 percent, our economy could see yearly savings of nearly \$20 billion.

Hi Chris –

I know you are busy, but I wanted to reach out and offer DTMB's assistance to your team as you assist Genesee County on steps moving forward with the water emergency in the city of Flint.

As you are aware, DTMB's procurement team worked with DHHS to source all of the water filters and replacement cartridges the state distributed in Flint. They also obtained some donations of bottled water and could assess what contracts may be available for purchase of bottled water or other contracted needs.

Flint water is unsafe.

## IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

### City of Flint Did Not Meet Treatment Requirements

Our water system was recently found to be in violation of a drinking water standard. Although this incident was not an emergency, as our customers, you have a right to know what happened and what we are doing to correct this situation.

We routinely monitor for the presence of drinking water contaminants. Samples were collected for total trihalomethanes (TTHM) analysis from eight locations on a quarterly basis (May 21, August 21, and November 20 of 2014). The average of the results at ANY of the eight locations must not exceed the maximum contaminant level (MCL) for TTHMs, otherwise our water system exceeds the Maximum Contaminant Level (MCL). The standard for TTHMs is 80 ug/L. The location reporting the highest TTHM level was 99 ug/L, thus, our water system exceeds the TTHM MCL.

#### What should I do?

- There is nothing you need to do unless you have a severely compromised immune system, have an infant, or are elderly. In that case, you may be at increased risk and should seek advice about drinking water from your health care provider.
- You do not need to boil your water or take other corrective actions. If a situation arises where the water is no longer safe to drink, you will be notified within 24 hours.

#### What does this mean?

This is not an emergency. If it had been an emergency, you would have been notified within 24 hours.

People who drink water containing trihalomethanes in excess of the MCL over many years may experience problems with their liver, kidneys, or central nervous system, and may have an increased risk of getting cancer.

#### What is being done?

We are currently working on solutions to correct the problem. We anticipate resolving the problem in 2015.

For more information, please contact Mr. Brent Wright or Mike Glasgow at 810-787-6537 or the Water Plant at 4500 North Dort Highway, Flint, MI 48505.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

This notice is being sent to you by the City of Flint.

CERTIFICATION: F1 S3

WSSN: 02310

I certify that this water supply has fully complied with the public notification requirements in the Michigan Safe Drinking Water Act, 1976 PA 399, as amended, and the administrative rules. Reminder to water supplier: This notice/certification must be sent to the DEC.

Michael Glasgow Assistant Supervisor

Facility Notification

## Flint Alternate Water Resource

---

### **Date/Time:**

Monday, October 5, 2015 at 6:00 a.m. until further notice

### **Details:**

Beginning Monday, October 5, 2015, water coolers will be available in common areas on floors 1-6 of the Flint State Office Building. Although the drinking water has been tested and falls within all DEQ and EPA regulation standards, alternate water sources will be offered to accommodate all tenants due to recent concerns regarding the water supply. Water testing will continue and the alternate water source will be available until all quality concerns are addressed.

Thank you for your cooperation.

DTMB Energy Tip

According to the Clean Air Council, the average American throws away enough paper each year to build a 12-foot wall from Los Angeles to New York City. Consider going paperless by saving documents and manuals on a common server instead of handing them out in hard-copy form. If you must print a multi-page document, be sure to use the double-sided printing feature.

Afternoon update:

I have been working on setting up a co-location for the JIC at the Flint Office Building. Mike Noonan provided space on the 5<sup>th</sup> floor for use and DTMB South Conference Room D for any media meetings. The work space room has 5 tables and chairs and 3 telephone lines. Additional equipment requested includes:

Network / Telecom assisting in setting up 7 more phone lines and providing 10 phones  
Data line  
EMHSD toll free number to ring at both places – this will happen at noon on Friday  
SID to access MSP network

MSP is providing the laptops, fax and possibly a printer

Action Item:

I will have a list of PIOs working on the emergency that will need to have access to the Flint Building – 1<sup>st</sup> floor conference room off lobby has reader and 5<sup>th</sup> floor (Treasury Area-no public will be allowed)\*\*\*\*who should I provide the list?\*\*\*\*\*

Lunch today was Panera – Thai salad – yum!

I will report back to SEOC in the morning –

**Subject:** Saturday Deliveries

Hi Shelly

One truck w/lift and driver needed to pick-up and deliver pallets on Saturday, January 9, 2016.

Pick-up information for the following locations:

1. Food Bank of Eastern Michigan  
2300 Lapeer Rd, Flint, MI 48503  
**Open at 8 AM**  
Picking up 3 pallets of water bottles and 2 pallets of gallon jugs  
Loading dock is located off Lapeer Rd. When you arrive go to the older building and knock on the door. The supervisor on duty (Sally) will assist with loading the pallets.
2. Genesee County Community Action Resource Department (GCCARD)  
Matt Purcell (810) 397-8829  
2727 Lippincott, Flint 48507  
**Ready at 9 AM**  
Picking up pallets of filters and replacement filters (9 pallets approximately)
3. DEQ Lab  
3350 N. M.L. King Blvd, Lansing 48906  
Bundles of water testing kits are in the lobby area ready for pickup at any time

Deliver the following to each of the following fire stations:

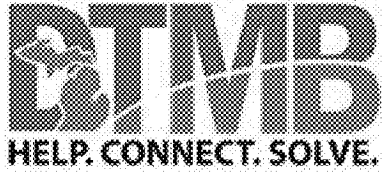

- 1 filter pallet
- 1 water pallet
- 1 test kit bundle with instructions (Instructions paper pamphlets divide as needed)

716 West Pierson Rd  
1525 Martin Luther King Jr. Blvd  
310 East 5th St  
3402 Western Rd  
202 East Atherton

I will be available via my cell all day tomorrow. I will need to let the driver know where to deliver the remaining pallets of filters (2,000) so a name and phone number for contact would be great.

Thank you!!!

**Sent:** Saturday, January 09, 2016 4:03 PM  
**To:** Christensen, Chris (DTMB) (christensenc4@michigan.gov)  
**Subject:** SEOC Update

Have two drivers scheduled to work on Sunday to deliver water filters to 8-10 churches Sunday morning before services begin. ARC volunteers will be onsite to assist.

Spoke with UM Flint Campus facility director on possible locations available for press conferences. Should have a site on Monday.

Telecom will be onsite Monday morning to move phones/data lines from small room in state office building to the larger room to better accommodate the PIOs.

Scheduled another delivery truck for Monday at noon to pick-up 7 pallets from State Lab and deliver to City of Flint. Location TBD.

Press release sent out today that was well received about water/filter/test kits. PIOs continue to work on releases to restore trust.

PIOs to finalize the door hangar tomorrow for P&G Services for printing.

I will be at the SEOC on Sunday and it sounds like will plan on staffing through next week.

Lunch today was lasagna and salad!

Hi Shelly –

Would you have a truck available to pick-up 7 pallets from the State Lab (MLK Lansing) at noon on Monday to deliver to Flint in the afternoon? I'll get delivery instructions to you when available.

Thanks for your help!

**Subject:** SEOC Update

Briefings now conducted twice a day

Items that I have worked on today

Purchases

- Home Depot \$1,687.32
- Walmart: \$20,000 – will handle payment in the morning.
- Office Max/Depot printing \$148.40

Mail & Delivery Services to provide driver to pick up additional water kits in Lansing and delivery to Flint Monday afternoon.

Real Estate located a 40,000 sq ft facility to use for warehouse space (city will lease if needed)

Telecom moved telephones at Flint Office JIC to larger room on Sunday, also assisted with issue on toll free water line

Request received to obtain a multi-function machine for Flint JIC (will work on Monday with IT)

Obtained 2 trucks/drivers to begin assisting with filter/testing kits/water Tuesday through Friday

Had two drivers/trucks delivering water and filters around the city today. They started at 5:30 am and left Flint at 5:30 PM.

Obtained 2 trucks/drivers to stay in Flint for a few days to assist with supply delivery to keep the distribution sites stocked during open hours.

Very busy in here today! Will submit a better report tomorrow. Lunch chicken salad sandwich with snickerdoodle cookie!

Just verifying the quantities.

The Church and the FD card, you need 500 and 2000 "Finished" Cards.  
Not 500 and 2000 "Sheets" 10 up and trimmed out- 5000 and 20,000 finished.

**Importance:** High

Hi Mark –

Per our conversation today, the attached documents are needed by 11:30 AM Monday morning - to hand out at the governor's press conference.

Attachments:

- #1 Flint Palm Card – need 10,000 total, but 6,000 must have at 11:30 (card we discussed)
- #2 Church Cards – need 500 on yellow card stock (no cutting needed)
- #3 FD Cards – need 2,000 printed on blue card stock (no cutting needed)

I will have one more of the Palm Card (Spanish version) that we will need 5,000 copies. This will be sent to you in the morning.

If you have any questions, please let me know. Thank you for all of your help!

Hello Cole –

As we discussed, the State of Michigan is looking to purchase or acquire donated water filters to assist with the declared water emergency in the City of Flint. The attached document provides approved filter models that will work to filter the water from Pur and Brita. All filter models are faucet models.

We are looking to acquire the filters today and could pick the filters up if your company is unable to provide transportation.

An emergency purchase order could be used or a credit card to purchase the product.

I would appreciate any information you could provide. Please contact me at the below number.

Thank you for your assistance!

- (1) Claims of capacity or rated service cycle are not applicable for mechanical filtration.
- [2] Model available in white, chrome, and black.
- [3] As of production code beginning P52120.
- [Pb] Product also evaluated and determined to possess weighted average lead content of  $\leq 0.25\%$  and complies with lead content requirements for "lead free" plumbing as defined by California, Vermont, Maryland, and Louisiana state laws and the U.S. Safe Drinking Water Act.

NOTE: All replacement elements are components.

The category of VOC (Volatile Organic Chemical) includes a number of chemicals that are both man-made and naturally occurring. Water from wells and utilities may contain some of these contaminants. Some VOCs are pesticides, herbicides, or insecticides that seep into the ground water after application. Other VOCs enter the water supply through industrial or other waste disposal. This category also includes total trihalomethanes, which are a by-product of chlorination.

A VOC reduction claim by the manufacturer means the system reduces the concentration of all of the following contaminants:

alachlor	endrin	simazine
atrazine	ethylbenzene	styrene
benzene	ethylene dibromide (EDB)	1,1,2,2-tetrachloroethane
carbofuran	haloacetonitriles	tetrachloroethylene
carbon tetrachloride	bromochloroacetonitrile	toluene
chlorobenzene	dibromoacetonitrile	2,4,5-TP(silvex)
chloropicrin	dichloroacetonitrile	tribromoacetic acid
2,4-D	trichloroacetonitrile	1,2,4-trichlorobenzene
dibromochloropropane (DBCP)	haloketones	1,1,1-trichloroethane
o-dichlorobenzene	1,1-dichloro-2-propanone	1,1,2-trichloroethane
p-dichlorobenzene	1,1,1-trichloro-2-propanone	trichloroethylene
1,2-dichloroethane	heptachlor	trihalomethanes (TTHM)
1,1-dichloroethylene	heptachlor epoxide	bromodichloromethane
cis-1,2-dichloroethylene	hexachlorobutadiene	bromoform
trans-1,2-dichloroethylene	hexachlorocyclopentadiene	chlorodibromomethane
1,2-dichloropropane	lindane	chloroform
cis-1,3-dichloropropylene	methoxychlor	xylenes
dinoseb	pentachlorophenol	

**Facility :** Shenzhen, China

**Subject:** ACTION ITEMS

ACTION ITEMS:

1. PSA: Comcast will put a PSA on cable TV in Flint. Governor's Comms office to record PSA today in Flint and deliver to Comcast tomorrow. We need JIC to develop an approved script.

JIC Manager, Nicole Lisabeth, understands this is tasked to her for your State Director approval.

## 2. Logistics:

- Need to get flyers, water, filters, refill cartridges and water testing kits to the comcast office in Flint. The comcast trucks can have the materials in them while they make service calls to customers in Flint. In addition to the materials, need to send someone to train comcast workers on filter installation. Will also need a way for them to let us know who they give filters too.

NEED: who is your lead? Let's put them in contact with Comcast ASAP

- Comcast has said they can have employees who can go door to door on the weekend

This will be handled through the local EOC logistics. As we are currently combining all incoming commodities to one location, we will be able to deploy to Comcast through that process. Along with the commodities will be tracking cards to be completed to include addresses and items given.

## 3. Additional Public Info:

- Comcast can put up a video on On Demand with how to install water filters. Need to have a video for that. Perhaps the video that is on the [mi.gov/flintwater](http://mi.gov/flintwater) website. Can we ask whoever made that video to add a graphic overlay that says: Call 211 for water resource center locations

DHHS is researching the developer of this video, and we will learn capabilities to overlay with 211 information.

- Comcast Call: We have asked comcast to look into calling their customers with a PSA on where water resource centers are

- After these are implemented need a press release saying the partners who have helped us and what they have done

JIC Manager, Nicole Lisabeth, will coordinate this message and press release.

## OTHER ITEMS TO CONSIDER

- Do we need assistance coordinating the logistics? (Volunteers, water distribution, and partnering/tracking how outside groups are helping. i.e Comcast)

This will be coordinated through the local EOC Logistics, Jay Eickholt

- We should do a Reverse 911 call to all houses tomorrow morning from MSP with information on where the centers are and to call 211

If this is done, it needs to clearly express that supplies are available on an ongoing basis to prevent the perception of resource shortage. Nicole, please determine message that could be considered for approval by command.

Please let me know if you have any questions.

Thank you,  
Tori Sachs

## DRINKING WATER LEAD AND COPPER SAMPLING INSTRUCTIONS

Thank you for helping to monitor for lead and copper in your drinking water.

**It is important that you follow these instructions so we obtain an accurate measurement of the lead and copper in your drinking water.**

**Do not open the bottle until instructed in step 3. Do not touch the inside of cap or bottle.**

- 1. The water in the house must not have been used for a minimum of six (6) hours prior to sampling.** The best times to sample are early morning or after returning from work. **Do not flush the sample tap before sample collection.**
- 2. Select a cold water faucet** in the **KITCHEN** or **BATHROOM** that is commonly used for drinking and has been used within the last 24 hours. **No other faucets are acceptable for collection.** If the faucet is connected to a faucet mount filter, water softener, iron filter or reverse osmosis system, etc. the treatment device must be removed or bypassed.

When was the faucet last used before sampling? Date \_\_\_\_\_ TIME \_\_\_\_\_ AM/PM

Is there a faucet-mount filter? ☐ YES ☐ NO If YES, was it bypassed? ☐ YES ☐ NO

Is this faucet connected to a home treatment device such as a water softener, a reverse osmosis unit, an iron removal device OR is any kind of additive used in the home? ☐ YES ☐ NO

If YES, please describe: \_\_\_\_\_

If YES, was it bypassed? ☐ YES ☐ NO

- 3.** Open sample bottle and place below the faucet and gently open the **COLD** water tap. If you have a single handle faucet, turn it fully to the **COLD** side. Fill the sample bottle to within an inch of the top with the "first draw" of **COLD** water.
- 4.** Tightly cap the sample bottle

If any plumbing repairs or replacement has been done in the home since the previous sampling event, please note this information here:

If YES, please describe: \_\_\_\_\_

- 5.** Fill out the collection information on the front, answer the questions below and sign the form.
- 6.** Attach this form to the bottle and return it to either **Flint City Hall or the Flint Water Plant.**
- 7.** Thank you again for your help. We will send you your individual results within 30 days of receiving them from the laboratory. A summary of information on this year's lead and copper monitoring will be printed in the annual water quality report that will be made available by July 1 of this year. Contact your water supply if you have questions.

If you have any questions contact:

City of Flint Water Plant                      4500 N. Dort Hwy.                      Phone: 810-787-6537 ext. 3501

I have read the Drinking Water Lead and Copper Sampling Instructions and have taken a tap sample in accordance with these directions.

Jeanette,

According to David from Home Depot, they can get water by the truckload and on an ongoing basis. 1,596 cases (38,304 bottles) per truck at \$3.47 per case (\$5,538.12 per truck).

We'll just need to let him know when and where to deliver. Let me know. Thanks.

Ok buddy,

There are 1,596 cases of water per truckload. Each case has a cost of \$3.47. We can set up ongoing deliveries at your requested intervals. If you would like per day or per week or twice a week. This would be your choice. Please let me know what you require.

Thanks,

## DuPont™ Low Profile Faucet Mount Drinking Water Filter WFFM300 Series with DuPont™ Ultra Protection Faucet Mount Cartridge WFFMC300

This filtration system has been tested and certified according to NSF/ANSI Standards 42 and 53 by WQA for the reduction of the substances listed below, as verified and substantiated by test data. The concentration of the indicated substances in the water entering the system was reduced to a concentration less than or equal to the permissible limit for the water leaving the system, as specified in NSF/ANSI Standards 42 and 53. System tested and certified by WQA against NSF/ANSI Standard 372 for low lead compliance. Please see warranty insert for manufacturer's limited warranty. Please see installation instructions for internal operation and maintenance requirements.

### NSF/ANSI Standard 42 Aesthetic Effects

Substance	Influent Challenge Concentration	Required Minimum % Reduction	Actual Minimum Percent Reduction	Actual Average Percent Reduction
Taste and Odor, Aesthetic Chlorine	2 mg/L	50%	99%	99%
Particulate Class I (0.5 µm to < 1.0 µm)	>10,000 particles per mL	85%	99%	99%

### NSF/ANSI Standard 53 Health Effects

Substance	Influent Challenge Concentration	US EPA Maximum Permissible Water Concentration/Required Minimum % Reduction	Actual Minimum Percent Reduction	Actual Average Percent Reduction
Astbestos	10 <sup>6</sup> -10 <sup>8</sup> fibers/L	99%	> 99%	> 99%
Lead (pH 8.5)	0.15 mg/L	0.010 mg/L 94%	98%	99%
Lead (pH 8.5)	0.15 mg/L	0.010 mg/L 94%	99%	99%
Mercury (pH 6.5)	0.008 mg/L	0.002 mg/L 87%	87%	97%
Mercury (pH 8.5)	0.008 mg/L	0.002 mg/L 67%	83%	92%
Turbidity	11 NTU	0.5 NTU 95%	96%	97%
VOC†				
Reduction Requirements				
Cysts	Minimum 50,000 oocysts/L	99.95%	99.98%	99.98%

Systems certified for cysts reduction may be used on disinfected waters that may contain filterable cysts.

†VOC -- Volatile Organic Compounds

Operating Requirements: Filter System capacity 100 gallons / 380 liters or approximately 3 months  
Operating Temperature: Min 35°F / 2°C - Max 100°F / 37.7°C Operating Pressure 10-100 psi/69-690 kPa  
Flow rate: 0.45 gpm / 1.7 lpm

Laboratory Test Conditions: pH: 6.5 – 8.5, Water Temperature: 72°F / 23°C - 75°F / 24°C. While testing was performed under standard laboratory conditions, actual performance may vary. Do not use with water that is microbiologically unsafe or of unknown water quality without adequate disinfection before or after the system.

The replacement cartridge referenced above generally retails \$16.79 each.

<sup>1</sup> These harmonized values were agreed upon by representatives of U.S. EPA and Health Canada for the purpose of evaluating products to the requirements of this Standard.

<sup>2</sup> Influent challenge levels are average influent concentrations determined in surrogate qualification testing.

<sup>3</sup> Maximum product water level was not observed but was set at the detection limit of the analysis.

<sup>4</sup> Maximum product water level is set at a value determined in surrogate qualification testing.

<sup>5</sup> Chemical reduction percent and maximum product water level calculated at chloroform 95% breakthrough point as determined in surrogate qualification testing.

<sup>6</sup> The surrogate test results for heptachlor epoxide demonstrated a 98% reduction. These data were used to calculate an upper-occurrence concentration which would produce a maximum product water level at the MCL.

## DuPont™ Low Profile Faucet Mount Drinking Water Filter WFFM300 Series with DuPont™ High Protection Faucet Mount Cartridge WFFMC100

This filtration system has been tested and certified according to NSF/ANSI Standards 42 and 53 by WQA for the reduction of the substances listed below, as verified and substantiated by test data. The concentration of the indicated substances in the water entering the system was reduced to a concentration less than or equal to the permissible limit for the water leaving the system, as specified in NSF/ANSI Standards 42 and 53. System tested and certified by WQA against NSF/ANSI Standard 372 for low lead compliance. Please see warranty insert for manufacturer's limited warranty. Please see installation instructions for internal operation and maintenance requirements.

### NSF/ANSI Standard 42 Aesthetic Effects

Substance	Influent Challenge Concentration	Required Minimum % Reduction	Actual Minimum Percent Reduction	Actual Average Percent Reduction
Taste and Odor, Aesthetic Chlorine	2 mg/L	50%	99%	99%
Particulate Class I (0.5 µm to < 1.0 µm)	>10,000 particles per mL	85%	99%	99%

### NSF/ANSI Standard 53 Health Effects

Substance	Influent Challenge Concentration	US EPA Maximum Permissible Water Concentration/Required Minimum % Reduction	Actual Minimum Percent Reduction	Actual Average Percent Reduction
Asbestos	10 <sup>6</sup> -10 <sup>8</sup> fibers/L	99%	> 99%	> 99%
Lead (pH 8.5)	0.15 mg/L	0.010 mg/L 93%	98%	99%
Lead (pH 8.5)	0.15 mg/L	0.010 mg/L 93%	99%	99%
Mercury (pH 6.5)	0.008 mg/L	0.002 mg/L 67%	87%	97%
Mercury (pH 8.5)	0.008 mg/L	0.002 mg/L 67%	83%	92%
Turbidity	11 NTU	0.5 NTU 95%	96%	97%
VOC†				
Reduction Requirements				
Cysts	Minimum 50,000 oocysts/L	99.96%	99.98%	99.98%

Systems certified for cysts reduction may be used on disinfected waters that may contain filterable cysts.

†VOC - Volatile Organic Compounds

Operating Requirements: Filter System capacity 100 gallons / 380 liters or approximately 3 months  
Operating Temperature: Min 35°F / 2°C - Max 100°F / 37.7°C Operating Pressure 10-100 psi/69-690 kPa  
Flow rate: 0.45 gpm / 1.7 lpm

Laboratory Test Conditions: pH: 6.5 - 8.5, Water Temperature: 72°F / 23°C - 75°F / 24°C. While testing was performed under standard laboratory conditions, actual performance may vary. Do not use with water that is microbiologically unsafe or of unknown water quality without adequate disinfection before or after the system.

The replacement cartridge referenced above generally retails \$12.29 each.

<sup>1</sup> These harmonized values were agreed upon by representatives of U.S. EPA and Health Canada for the purpose of evaluating products to the requirements of this Standard.

<sup>2</sup> Influent challenge levels are average influent concentrations determined in surrogate qualification testing.

<sup>3</sup> Maximum product water level was not observed but was set at the detection limit of the analysis.

<sup>4</sup> Maximum product water level is set at a value determined in surrogate qualification testing.

<sup>5</sup> Chemical reduction percent and maximum product water level calculated at chloroform 95% breakthrough point as determined in surrogate qualification testing.

<sup>6</sup> The surrogate test results for heptachlor epoxide demonstrated a 98% reduction. These data were used to calculate an upper-occurrence concentration which would produce a maximum product water level at the MCL.

# Performance Data Sheet

## DuPont™ Premier Faucet Mount WFFM100 Series with DuPont™ High Protection Faucet Mount Cartridge WFFMC100

This filtration system has been tested and certified according to NSF/ANSI Standards 42 and 53 by WQA for the reduction of the substances listed below, as verified and substantiated by test data. The concentration of the indicated substances in the water entering the system was reduced to a concentration less than or equal to the permissible limit for the water leaving the system, as specified in NSF/ANSI Standards 42 and 53. System tested and certified by WQA against NSF/ANSI Standard 372 for low lead compliance.

Please see warranty insert for manufacturer's limited warranty. Please see installation instructions for internal operation and maintenance requirements.

### NSF/ANSI Standard 42 Aesthetic Effects

Substance	Influent Challenge Concentration	Required Minimum % Reduction	Actual Minimum Percent Reduction	Actual Average Percent Reduction
Taste and Odor, Aesthetic Chlorine	2 mg/L	50%	99%	99%
Particulate Class I (0.5 µm to < 1.0 µm)	>10,000 particles per mL	85%	99%	99%

### NSF/ANSI Standard 53 Health Effects

Substance	Influent Challenge Concentration	US EPA Maximum Permissible Water Concentration/Required Minimum % Reduction	Actual Minimum Percent Reduction	Actual Average Percent Reduction
Asbestos	10 <sup>6</sup> -10 <sup>8</sup> fibers/L	99%	> 99%	> 99%
Lead (pH 8.5)	0.15 mg/L	0.010 mg/L 93%	98%	99%
Lead (pH 8.5)	0.15 mg/L	0.010 mg/L 93%	99%	99%
Mercury (pH 8.5)	0.006 mg/L	0.002 mg/L 67%	87%	97%
Mercury (pH 8.5)	0.006 mg/L	0.002 mg/L 67%	83%	92%
Turbidity	11 NTU	0.5 NTU 95%	96%	97%
VOC†				
Reduction Requirements				
Cysts	Minimum 50,000 cc cysts/L	99.96%	99.96%	99.96%

Systems certified for cysts reduction may be used on disinfected waters that may contain filterable cysts.

VOC – Volatile Organic Compounds

Operating Requirements: Filter System capacity 100 gallons / 380 liters or approximately 3 months  
Operating Temperature: Min 35°F / 2°C - Max 100°F / 37.7°C Operating Pressure 10-100 psi/69-690 kPa  
Flow rate: 0.45 gpm / 1.7 lpm

Laboratory Test Conditions: pH 8.5 – 8.5, Water Temperature: 72°F / 23°C - 75°F / 24°C. While testing was performed under standard laboratory conditions, actual performance may vary. Do not use with water that is microbiologically unsafe or of unknown water quality without adequate disinfection before or after the system.

The replacement cartridge referenced above generally retails \$12.29 each.

con el cartucho alto WFFMC100 del montaje del grifo de la protección de DuPont™

Este sistema de filtración ha sido probado y certificado según las normas de NSF/ANSI 42 y 53 por WQA para la disminución de las sustancias indicadas a continuación y ha sido verificado y corroborado por los datos de las pruebas. La concentración de las sustancias indicadas en el agua que ingresa al sistema fue disminuida a una concentración inferior o igual al límite permisible para el agua que egresa del sistema, según lo especificado en las normas de NSF/ANSI 42 y 53. Sistema probado y certificado por WQA según la norma NSF/ANSI 372 para la conformidad y bajo contenido de plomo. Refiérase al inserto sobre la garantía en relación a la garantía limitada del fabricante. Refiérase a las instrucciones sobre la instalación para el funcionamiento interno y los requisitos de mantenimiento.

## Norma 42 de NSF/ANSI sobre efectos estéticos

Jeanette,

Below is what David from Home Depot has coming in tomorrow from Brita. He is working on an actual delivery time. Also below is a hyperlink to each product that Home Depot is supplying. This has the specs listed. Attached is the certification for lead removal of the Brita filter.

2,000 - Brita faucet mount filters (\$17.47)  
8,000 - Brita 2 pack white replacement filters (\$24.87)  
2,400 - Brita 1 pack white replacement filters (15.97)  
Total of this order will be \$272,228

The mix and match of colors is fine. We are really in need of the Brita Filter replacements asap. I have also been instructed that if we can't get at least 1500 by tomorrow that we may have to purchase them from another vendor.

Tomorrow starts the major distribution by State employees.

**Subject:** FW: Filtration Inventory

Good afternoon,

Below are the inventories with the retails of the products available. In addition to the Brita faucet mount (714338) there are 5,000 available which are in transit from another location to the manufacturer. We are not sure of the transit time as of yet on those. All of the products below are certified by the NSF to meet our 53 standards and remove the lead to the acceptable levels. If you will notice, we have given all options which include units in white color as well as chrome. This does not have any effect on the capability of the product, just only is a color change.

Please let me know if you would like to select which you want, or if you would like me to just acquire as much as possible.

Thank you,

Updated with retails

Guys,

Here is the latest list of all available inv. Make sure the state is aware residents may have to mix and match white with chrome. (white system/chrome cartridge or chrome system/white cartridge).

Waiting on retails. Let me know what they want and I'll get the trucks rolling.

				Styrene Reduction
				Trichloroethylene Reduction
				Toxaphene Reduction
				Turbidity Reduction
				Benzene Reduction
				Carbon Tetrachloride Reduction
				Endrin Reduction
				Ethylbenzene Reduction
				Simazine Reduction
				Tetrachloroethylene Reduction
				Toluene Reduction
				VOC Reduction
				Trihalomethanes (TTHM) Reduction

- (1) Claims of capacity or rated service cycle are not applicable for mechanical filtration.
- [2] Model available in white, chrome, and black.
- [3] As of production code beginning P52120.
- [Pb] Product also evaluated and determined to possess weighted average lead content of  $\leq 0.25\%$  and complies with lead content requirements for "lead free" plumbing as defined by California, Vermont, Maryland, and Louisiana state laws and the U.S. Safe Drinking Water Act.

NOTE: All replacement elements are components.

The category of VOC (Volatile Organic Chemical) includes a number of chemicals that are both man-made and naturally occurring. Water from wells and utilities may contain some of these contaminants. Some VOCs are pesticides, herbicides, or insecticides that seep into the ground water after application. Other VOCs enter the water supply through industrial or other waste disposal. This category also includes total trihalomethanes, which are a by-product of chlorination.

A VOC reduction claim by the manufacturer means the system reduces the concentration of all of the following contaminants:

alachlor	endrin	simazine
atrazine	ethylbenzene	styrene
benzene	ethylene dibromide (EDB)	1,1,2,2-tetrachloroethane
carbofuran	haloacetonitriles	tetrachloroethylene
carbon tetrachloride	bromochloroacetonitrile	toluene
chlorobenzene	dibromoacetonitrile	2,4,5-TP(silvex)
chloropicrin	dichloroacetonitrile	tribromoacetic acid
2,4-D	trichloroacetonitrile	1,2,4-trichlorobenzene
dibromochloropropane (DBCP)	haloketones	1,1,1-trichloroethane
o-dichlorobenzene	1,1-dichloro-2-propanone	1,1,2-trichloroethane
p-dichlorobenzene	1,1,1-trichloro-2-propanone	trichloroethylene
1,2-dichloroethane	heptachlor	trihalomethanes (TTHM)
1,1-dichloroethylene	heptachlor epoxide	bromodichloromethane
cis-1,2-dichloroethylene	hexachlorobutadiene	bromoform
trans-1,2-dichloroethylene	hexachlorocyclopentadiene	chlorodibromomethane
1,2-dichloropropane	lindane	chloroform
cis-1,3-dichloropropylene	methoxychlor	xylene
dinoseb	pentachlorophenol	

**Facility :** Shenzhen, China

Jeanette,

Below is what David from Home Depot has coming in tomorrow from Brita. He is working on an actual delivery time. Also below is a hyperlink to each product that Home Depot is supplying. This has the specs listed. Attached is the certification for lead removal of the Brita filter.

2,000 - Brita faucet mount filters (\$17.47)  
8,000 - Brita 2 pack white replacement filters (\$24.87)  
2,400 - Brita 1 pack white replacement filters (15.97)  
Total of this order will be \$272,228

Working on that now, sounds like they are in Illinois, should not be a problem. I am confirming with the manufacturer now.

Thanks,

**Subject:** RE: Filtration Inventory

The mix and match of colors is fine. We are really in need of the Brita Filter replacements asap. I have also been instructed that if we can't get at least 1500 by tomorrow that we may have to purchase them from another vendor.

Tomorrow starts the major distribution by State employees.

**Subject:** FW: Filtration Inventory

Good afternoon,

Below are the inventories with the retails of the products available. In addition to the Brita faucet mount (714338) there are 5,000 available which are in transit from another location to the manufacturer. We are not sure of the transit time as of yet on those. All of the products below are certified by the NSF to meet our 53 standards and remove the lead to the acceptable levels. If you will notice, we have given all options which include units in white color as well as chrome. This does not have any effect on the capability of the product, just only is a color change.

Please let me know if you would like to select which you want, or if you would like me to just acquire as much as possible.

Thank you,

Updated with retails

Guys,

Here is the latest list of all available inv. Make sure the state is aware residents may have to mix and match white with chrome. (white system/chrome cartridge or chrome system/white cartridge).

Waiting on retails. Let me know what they want and I'll get the trucks rolling.

- (1) Claims of capacity or rated service cycle are not applicable for mechanical filtration.
- [2] Model available in white, chrome, and black.
- [3] As of production code beginning P52120.
- [Pb] Product also evaluated and determined to possess weighted average lead content of  $\leq 0.25\%$  and complies with lead content requirements for "lead free" plumbing as defined by California, Vermont, Maryland, and Louisiana state laws and the U.S. Safe Drinking Water Act.

NOTE: All replacement elements are components.

The category of VOC (Volatile Organic Chemical) includes a number of chemicals that are both man-made and naturally occurring. Water from wells and utilities may contain some of these contaminants. Some VOCs are pesticides, herbicides, or insecticides that seep into the ground water after application. Other VOCs enter the water supply through industrial or other waste disposal. This category also includes total trihalomethanes, which are a by-product of chlorination.

A VOC reduction claim by the manufacturer means the system reduces the concentration of all of the following contaminants:

alachlor	endrin	simazine
atrazine	ethylbenzene	styrene
benzene	ethylene dibromide (EDB)	1,1,2,2-tetrachloroethane
carbofuran	haloacetonitriles	tetrachloroethylene
carbon tetrachloride	bromochloroacetonitrile	toluene
chlorobenzene	dibromoacetonitrile	2,4,5-TP(silvex)
chloropicrin	dichloroacetonitrile	tribromoacetic acid
2,4-D	trichloroacetonitrile	1,2,4-trichlorobenzene
dibromochloropropane (DBCP)	haloketones	1,1,1-trichloroethane
o-dichlorobenzene	1,1-dichloro-2-propanone	1,1,2-trichloroethane
p-dichlorobenzene	1,1,1-trichloro-2-propanone	trichloroethylene
1,2-dichloroethane	heptachlor	trihalomethanes (TTHM)
1,1-dichloroethylene	heptachlor epoxide	bromodichloromethane
cis-1,2-dichloroethylene	hexachlorobutadiene	bromoform
trans-1,2-dichloroethylene	hexachlorocyclopentadiene	chlorodibromomethane
1,2-dichloropropane	lindane	chloroform
cis-1,3-dichloropropylene	methoxychlor	xylenes
dinoseb	pentachlorophenol

Hi Jennifer,  
Todd Didion sent me your email regarding water for Flint, Michigan. I can talk to our team at corporate, but need a few more details.

- How much water is needed?
- What type of water? – gallon jugs, water bottles, etc.
- Is the city asking to purchase the water or have water donated?
- When is it needed?
- Where would it need to be delivered?

Thank you!

**Subject:** Truck location for today MDOT escort needed

As of right now, our truck is on I 69 passing exit 89 B. Their truck # is 447. Their trailer # is 5308. The truck logo is "Rain Dogs Trucking". The truck and trailer are both white. Hope this helps.

No phone # for the truck as of now, but driver knows it is coming.

Thanks Jeanette. Do you know how the truckloads translates to gallons? Have there been established any goals for total numbers of filters or daily needs of water? Summary costs for water vs. filters. Vs. cartridges?

**Subject:** RE: response

DTMB has been helping to procure water, filters and refill cartridges, drivers and trucks to assist with delivering supplies to PODs and assisting with neighborhood visits. [REDACTED]

[REDACTED] Have setup a lease agreement for 100,000 of warehouse space in the city to use for water, filters and supplies. Provided guidance and assistance with agencies in their contracts along with IT needs.

We have purchased 32 truckloads of water and today procured:

Brita faucet filters – 27,000

Brita Replacement filters – 1,600

PUR faucet filters – 12,500

PUR 3-pack replacement filters – 40,000

How's this?

**Subject:** response

I'm working on the presidential. Could you provide me with a paragraph or two of DTMB's response so far and a summary of cost totals so far (a daily cost of the resources we think are GOING to be needed daily would be great). The governor wants this tonight, so 4pm would be great (or sooner of course).

Thanks Jeanette!

**Subject:** Goodwill

Hi Jeannette,

I heard on the call that DTMB was looking for somewhere to warehouse water. I just wanted to throw out there that when we had to displace staff in Kalamazoo at the Commission for the Blind School, Goodwill was a good partner. The facility there had a warehouse area where they sorted donations with several docks. I don't know if anyone has reached out to them for assistance of any kind on this effort, but I wanted to throw it out there. It looks like there is a headquarters location in Flint. I did call Real Estate. Bob, Will, and Maureen were still talking after the call and Leasa said she'd pass on the info. I just wanted to give it to you as well.

Have a good night!  
Teri

Denise,

Attached is the plumbing materials quote for the items the LARA needs. Apparently they are going to need more than what was originally ordered, but I don't have that yet. Below is the filters that will be ordered to also fall under the same PO. I also attached the request for PO. Thank you.

The estimate cost of these items below is \$4,215,339 and the attached quoted total is \$1,875.45 for a total of \$4,217,214.45.

**Faucet Mounts – Delivering direct to GCCARD on 1/14/16** **Ordered against new DTMB PO**

11,000 – PUR vertical faucet mount - \$29.97  
1,500 – PUR Horizontal faucet mount - \$29.97  
5,000 – Brita faucet mount - \$17.47  
10,000 – Brita adv faucet mount white - \$25.97  
12,000 – Brita adv faucet mount chrome - \$25.97

**Replacement Filters – Delivering direct to GCCARD on 1/14/16** **Ordered against new DTMB PO**

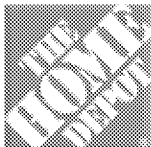

15,000 – PUR replacement filter - \$14.37  
45,000 – PUR replacement filter - \$35.97  
40,000 – PUR replacement filter - \$25.98  
16,000 – PUR replacement filter - \$16.47  
1,600 – Brita replacement filter - \$28.19

**Importance:** High

Ok, here's the plan we must follow. Every purchase we make on behalf of DTMB or any other agency must be approved by Chris Christensen (our SEOC rep.) in advance. Chris will ensure that we don't create a situation where multiple departments pull the trigger on the same expenditure. I have communicated this plan to Shawn Sible (MSP) and Nancy Duncan (SBO).

Chris, if you have any concerns, please call me.

Brom, Phil, Natalie—My understanding is there is a PO for \$4.3 million for water filters and cartridges pending funding approval. Nancy indicated DTMB has agreed to pay for this per David; however, she has a slight preference that DHHS pay for it to keep DTMB from being another line item on the supplemental. Phil, are you the right person to take the lead to identify the funding source so that the PO can be released?

Thanks, everyone!

Good Morning Jeannette-

I wanted to follow-up on the voicemail I just left you. Good360 ([www.good360.org](http://www.good360.org)) received your information from Walmart as a lead on collecting water purifiers/ bottled water for the water crisis in Flint, MI. Good360 works with large corporations to supply product donations in disasters and wanted to offer our assistance.

Please let me know if you would like to jump on a call or feel free to forward any specifics on the needs so we can assist.

Regards,  
Lindsay

**Subject:** Good360 to assist in procuring and supporting products

Hi Jeannette,

My name is Shabab Gruberg and Lee Siler forwarded your contact information to see if our organization could assist in getting the products you need to help in the efforts in Michigan. Overall, our organization partners with large corporations to get the products that relief agencies and charities may need. We also assist in storing, shipment, and support of the product with the recipient agencies.

Would it be possible to have a call this Friday or next week to discuss how we may assist?

Shabab Gruberg  
President & CEO

**Subject:** Flint update

Hello,

**Water filters and Replacements:** All filters and replacement cartridges ordered this week have been delivered to the Genesee County Community Action Resource Department (GCCARD) facility with the exception of 1200 replacement cartridges for the Zero water pitcher. Those will arrive today. However, they are currently moving them out to another storage facility. We are suggesting that they hand out all the PUR faucet filters first as we had procured 146,700 replacement cartridges for the PUR and only 12,000 of the Brita. We are working on securing another 40,000 Brita replacement cartridges, but they are being shipped from China and won't arrive into the Canadian distribution center until February 19<sup>th</sup>. The Brita filters are good for 100 gallons or 4 months according to their website and the PUR filters are good for 100 gallons or 3 months according to their website.

**Totals ordered:**

- Brita faucet filters - 29,000
- Brita filter replacements – 12,000
- PUR faucet filters – 25,000
- PUR filter replacements – 146,700
- ZERO water pitcher – 1,300
- ZERO filter replacements – 1,200

**Bottled Water:** Starting this past Tuesday, 8 semi-trucks of bottled water have been coming in every day and this is currently scheduled to continue until next week Wednesday. They are getting bottled water donated from all over the country.

**Total ordered:** Each semi hauls 1,596 cases of water. 12,768 cases per day. 114,912 cases by next Wednesday.

**LARA request:** All materials were picked up yesterday from the Lansing Home Depot with the exception of the bubblers. The UPS tracking number for the bubblers show a delivery time of 10:30 am today at the Mundy Township Home Depot store #2763. This is 4 miles from the GCCARD facility .

This is all I have at this time.

**Subject:** Lead in Drinking Water

Hi David,

DynGlobal manufactures units to remove heavy metals including lead from drinking water. Our technology is scalable from under sink units to large municipal scale facilities.

Please let me know how we can assist Flint to remove lead or other metals or bacteria from drinking water. DynGlobal's technology can be rapidly deployed within less than two months to resolve the current emergency situation.

Thank you and best regards,

Vern

## TERMS AND CONDITIONS

### NON HAZARDOUS WASTE MATERIALS

#### TEMPORARY ROLL OFF CONTAINERS SERVICES AGREEMENT

**WASTE MATERIALS.** Customer warrants that the waste materials delivered to Contractor hereunder will not contain any hazardous, toxic or radioactive waste or substances as defined by applicable federal, state, local or provincial laws or regulations not any special wastes, CONTRACTOR shall acquire title to the waste materials when loaded into Contractor's vehicles; provided, however, that title to and liability for the waste materials excluded from this agreement above shall remain with Customer, and Customer agrees to indemnify, defend and hold harmless Contractor against all claims, damages, suits, penalties, fines and liabilities for injury or death to person or loss or damage to property or the environment arising out of the breach of the warranty stated above.

**CUSTOMER RESPONSIBILITY FOR EQUIPMENT.** Customer shall be responsible for all loss or damage to the equipment, other than normal wear and tear and except for loss and damage resulting from Contractor's handling of the equipment when providing its services hereunder. Customer shall not overload or move the equipment or make any alterations or improvements to the equipment, and shall use the equipment only for the purposes for which it is intended. **Customer shall be liable for any overweight fines caused by an overload condition.**

Customer agrees to indemnify, defend and hold harmless contractor against all claims, damages, suits, penalties, fines and liability or injury or death of person or loss or damage to property arising out of Customer's use, operation or possession of the equipment.

On collection day, Customer shall provide unobstructed access to the equipment. If the equipment is inaccessible, Customer will be notified and charges for any additional collection services or attempts to provide such services.

**CHARGES AND PAYMENT.** Customer shall pay Contractor in accordance with Contractor's established rates for the services provided, as stated on the front page of this agreement.

Customer shall be liable for all taxes, fees or other charges imposed upon the disposal of customer's waste material by federal, state, local or provincial laws and regulations.

Payment shall be made by customer within ten (10) days after the receipt of an invoice from Contractor. Contractor may impose, and Customer agrees to pay, a late fee not to exceed the maximum rate allowed by applicable law for all past due payments.

**PAVEMENT DAMAGE.** Contractor shall not be responsible for damage to Customer's pavement or other surface resulting from the weight of Contractor's containers or vehicles servicing the equipment location designated by Customer.

**ATTORNEY'S FEES.** In the event of a breach of this agreement by either party, the breaching party shall pay all reasonable attorney's fees, collection fees and costs of the other party incident to any action brought to enforce this agreement, in addition to any uncollected balances owed by Customer to Contractor.

## COMPANY'S DEFINITIONS OF SPECIAL WASTE

The following list includes, without limitations, wastes and waste types that are classified by the Company as "Special Waste".

1. Sludge waste, including those from domestic septic tanks, POTW's food processing plants, industrial wastewater treatment sludges, oil waste separators, vehicle washing facilities, etc. All sludges must pass the USEPA "Paint Filter Test".
2. Industrial Process Wastes, including foundry sands, diatomaceous earth, filter cake, etc.
3. Solid residual or debris from clean up of a spill or release of product such as petroleum contaminated soils.
4. Off-specification, contaminated, spoiled, outdated or banned products and chemicals.
5. Ash from the incineration of municipal solid waste or medical waste.
6. Grease trap wastes from restaurants, hotels, etc.
7. Print shop wastes.
8. Paint spray booth wastes, filters and paint sludges.
9. Dry cleaning wastes, such as spent filters.
10. Animal waste and grease from slaughterhouse and rendering plants.
11. Asbestos-containing waste.
12. Demolition debris from decommissioned industrial facilities.
13. Chemical process or storage plant removed from service (e.g., storage tanks, reactors, pipe work, etc.)
14. Waste produced from vehicle maintenance facilities.
15. Landfill leachate and gas condensate removed from landfills.
16. Chemical-containing equipment removed from service, including batteries, thermometers, fluorescent tubes, etc.
17. Chemical, fuel or oil-contaminated soils.
18. Empty chemical, plant or oil containers such as drums, pails, cans, etc.
19. Used tires.

## INCIDENTAL SPECIAL WASTE QUANTITY

Any "Special Waste" as defined above, or as may be defined in the future by any federal, state, or local agency, which generated as a regular by-product or a process inherent in the normal performances of Customer's business may not be considered incidental unless the process produces less than five (5) pounds per week or the "Special Waste." The term Incidental Special Waste Quantity for the purpose of this Agreement means a minor constituent of Customer's total waste stream or a non-recurring event which results in the disposal of a material defined by this Agreement as a "Special Waste."

Thank you,  
Do I need to use the same credit card every time they need the dumpster emptied?  
It would be easier just to bill.  
Let me know.  
Thanks

**Subject:** SEOC Update

- JIC monitoring press for accuracy on emergency declaration
- JIC has also been in contact with congressional liaison
- DEQ and DHHS conducting a meeting in Flint on Tuesday regarding health matters
- FEMA arranging for all of their staff to arrive in Michigan within the next 48 hours
- DTMB and DHHS continue to monitor water and filter supplies and deliveries
- MDOC continues to provide equipment
- 62 volunteers, 10 Red Cross Teams, and 11 MSP teams were in the field today
- LARA conducted installed at two of the water pilot test sites, will test water on Sunday
- 3,862 residents were visited today
- FEMA personnel will begin arriving tomorrow and should have all staff within 48 hours in Michigan.

FEMA personnel are due to start arriving Sunday at the SEOC. They will be working with their state counterparts. Hours should change to normal business hours once FEMA is in the state.

Attached is the list of filtration devices that we have provided so far for the city of Flint residents. The only outstanding order we are aware of is the 2500 pitcher replacement filters scheduled for 1/18 delivery. As of last night, resources is reporting about 60,000 faucet filters and 60,000 replacement cartridges. I believe planning or logistics has the best idea as to how long that supply should last.

Thanks

Hi Jeanette

Attached is the list of 3 vendors that our lab has been ordering the sample bottles from, which includes the "product ID" number each vendor uses, along with contacts from the suppliers. Sample bottles are one vital component of the test kits. Other components are:

the sample labels, prepared by the DEQ lab, and finally  
the sample request form that is attached by rubber band.

I've also attached the procedure we've established with our lab to do "lot testing", which is an important quality assurance/quality control step that will need to be continued by FEMA. The lot-testing should be completed before the kits are assembled, to assure that kits handed out to the public for submitting samples don't have any cross-contamination issues.

Do you know if FEMA plans on using the DEQ lab for sample analysis going forward? We'll need to keep our lab apprised of this so they can manage their workload. Thanks

Mitch Adelman

**Subject:** State Water Filtration Devices.

Attached is the list of filtration devices that we have provided so far for the city of Flint residents. The only outstanding order we are aware of is the 2500 pitcher replacement filters scheduled for 1/18 delivery. As of last night, resources is reporting about 60,000 faucet filters and 60,000 replacement cartridges. I believe planning or logistics has the best idea as to how long that supply should last.

Thanks

Good morning -

As I shared yesterday, we should have coverage in Flint by this afternoon. Please keep me posted with updates throughout this event with details such as an increase/decrease in the amount of people in the building, timelines etc. Our network team will also remain engaged throughout the event.

I also want to provide our emergency response hotline information for future reference. If I'm ever away on vacation or you can't get a hold of me, you can call our Verizon Crisis Response Team (VCRT) to request support in the event of an emergency. This line is in place for events that are declared state of emergency or natural disaster and placing a call to this hotline will activate our emergency response teams.

Please let me know if I can assist you in any other way.

Thank you,

**Crisis Response Team (V-CRT)**

Good Morning Jeannette-

I wanted to follow-up on the voicemail I just left you. Good360 ([www.good360.org](http://www.good360.org)) received your information from Walmart as a lead on collecting water purifiers/ bottled water for the water crisis in Flint, MI. Good360 works with large corporations to supply product donations in disasters and wanted to offer our assistance.

Please let me know if you would like to jump on a call or feel free to forward any specifics on the needs so we can assist.

Regards,

Lindsay

Hi Jeannette,

My name is Shabab Gruberg and Lee Siler forwarded your contact information to see if our organization could assist in getting the products you need to help in the efforts in Michigan. Overall, our organization partners with large corporations to get the products that relief agencies and charities may need. We also assist in storing, shipment, and support of the product with the recipient agencies.

Would it be possible to have a call this Friday or next week to discuss how we may assist?

**Subject:** SEOC Billing Index  
**Importance:** High

I am trying to make the billing process easier for everything happening in Flint. When we had the Detroit flooding issue we set up billing index's for the emergency. We used 45405 for MB and 90050 for IT, can we set up a billing index for Flint?

If it doesn't matter I need to know that because we are trying to track things and I wanted to make sure we are on the same page.

**Cc:** Austin, Dawn (DEQ); Campbell, Mary Jo (DEQ); Shane, Kirby (DEQ); Renteria, Sylvia (DEQ)  
**Subject:** Procurement for Flint Drinking Water Project  
**Importance:** High

Tara, can we please sit down asap and figure out who's doing what in the purchasing process for the Flint project – esp. related to requests from other Departments/Agencies/etc.

As you know, the lab has been ordering bottles and supplies. Today we received an unexpected purchase request via DTMB (from the MSP Emergency Operations center) for an order of bottles to be delivered to Flint, and we want to be sure the proper approvals, tracking and notifications are in place. Delivery of these items in a quick manner is essential, therefore procurement needs to be as streamlined as possible.

### **Objectives:**

1. We need to make sure the lab staff aren't working any more than they absolutely have to on filling out purchasing paperwork/getting quotes as they are very, very busy processing the samples. In regards to bottles, VWR and Sci-Spec can supply the bottles. Who is authoring or the number of bottles needed is unknown to me. No paperwork should be necessary from Kirby to order from either of these contracts, but the DEQ is still responsible for POs, payments, etc.

2. We should look at the p-card as an alternative for further emergency purchases. We've had our lab p-card limits increased temporarily related to one vendor contract; could we check with DTMB to see if they will allow us to continue the exception based on the purchases needs related to the Flint project? (From our understanding, you've asked us to process individual Reqs/PO's for each purchase in order to avoid encumbering large blocks of funding. VWR is a state contract vendor who accepts p-cards. Can we use that instead and/or find out what their minimum limit is for direct billing without having to set up a PO (if any)? The PCard increase was for an emergency purchase of the bottles per Kirby last week from a vendor that was not registered in MAIN. We cannot continue to order the bottles off contract since VRW and Sci-Spec can supply them. I spoke with VRW just within the hour; we do not need to cut a PO for each order; payment can be dealt with by PCard or DV at invoice. DV will be easier to track.
3. We need to avoid duplicate orders or confusion, therefore who should we expect purchase requests from (the lab? the SEMOC?), what are the proper approvals, who is establishing the PO & for which purchases, etc. Who will be verifying that the goods were received and backup documentation is retained? I'm in the dark at this point as to who is authorizing orders from the Emergency Operations center, I am looping in Jeanette Doll, as they will need to be in the conversation to address the concerns you have expressed. Please initiate a meeting for tomorrow morning.

Suggested attendees: yourself, Dawn, Mary Jo, Sylvia R., Lisa R., Melissa S. (DTMB)?

**Subject:** Request for PO Number for Additional Sample Bottles

Hi Jeanette

The information on what we need a PO today for:

Vendor = VWR  
Product ID: 71001-158 32oz (1L) HDPE, Wide Mouth bottle  
Contact: Nina Cole 858-210-1543 [nina\\_cole@vwr.com](mailto:nina_cole@vwr.com)  
They are currently on contract for lab supplies.

We need to order 50 cases of 144 bottles/case for shipping Wednesday 1/20 and overnight delivery to 4315 N. Clio Rd. warehouse. I do not have the cost yet. It's likely that we'll also order up to 100 more cases for shipment on 1/22 and hopeful delivery on 1/23.

Thanks

Mitch

**Subject:** Procurement for Flint Drinking Water Project  
**Importance:** High

Tara, can we please sit down asap and figure out who's doing what in the purchasing process for the Flint project – esp. related to requests from other Departments/Agencies/etc.

As you know, the lab has been ordering bottles and supplies. Today we received an unexpected purchase request via DTMB (from the MSP Emergency Operations center) for an order of bottles to be delivered to Flint, and we want to be sure the proper approvals, tracking and notifications are in place. Delivery of these items in a quick manner is essential, therefore procurement needs to be as streamlined as possible.

### Objectives:

1. We need to make sure the lab staff aren't working any more than they absolutely have to on filling out purchasing paperwork/getting quotes as they are very, very busy processing the samples. In regards to bottles, VWR and Sci-Spec can supply the bottles. Who is authoring or the number of bottles needed is unknown to me. No paperwork should be necessary from Kirby to order from either of these contracts, but the DEQ is still responsible for POs, payments, etc.
2. We should look at the p-card as an alternative for further emergency purchases. We've had our lab p-card limits increased temporarily related to one vendor contract; could we check with DTMB to see if they will allow us to continue the exception based on the purchases needs related to the Flint project? (From our understanding, you've asked us to

process individual Reqs/PO's for each purchase in order to avoid encumbering large blocks of funding. VWR is a state contract vendor who accepts p-cards. Can we use that instead and/or find out what their minimum limit is for direct billing without having to set up a PO (if any)? The PCard increase was for an emergency purchase of the bottles per Kirby last week from a vendor that was not registered in MAIN. We cannot continue to order the bottles off contract since VRW and Sci-Spec can supply them. I spoke with VRW just within the hour; we do not need to cut a PO for each order; payment can be dealt with by PCard or DV at invoice. DV will be easier to track.

3. We need to avoid duplicate orders or confusion, therefore who should we expect purchase requests from (the lab? the SEMOC?), what are the proper approvals, who is establishing the PO & for which purchases, etc. Who will be verifying that the goods were received and backup documentation is retained? I'm in the dark at this point as to who is authorizing orders from the Emergency Operations center, I am looping in Jeanette Doll, as they will need to be in the conversation to address the concerns you have expressed. Please initiate a meeting for tomorrow morning.

**Subject:** Request for PO Number for Additional Sample Bottles

Hi Jeanette

The information on what we need a PO today for:

Vendor = VWR  
Product ID: 71001-158 32oz (1L) HDPE, Wide Mouth bottle  
Contact: Nina Cole 858-210-1543 [nina\\_cole@vwr.com](mailto:nina_cole@vwr.com)  
They are currently on contract for lab supplies.

We need to order 50 cases of 144 bottles/case for shipping Wednesday 1/20 and overnight delivery to 4315 N. Clio Rd. warehouse. I do not have the cost yet. It's likely that we'll also order up to 100 more cases for shipment on 1/22 and hopeful delivery on 1/23.

Thanks

Mitch

Jen

Could you reach out to Tara ? She was very confused as to who was making the purchases this weekend when Mitch was covering the DEQ desk. Apparently Mitch set an email and mentioned that DTMB was making a purchase? In the email Mitch forgot to leave out his last name Tara had no idea who to contact and when she spoke with Kirby he couldn't remember anything!

Tara would just like to be included on any purchases in regards to the Flint incident.

**Subject:** FW: Home Depot DHHS invoices for Flint response

Chris

This manual review shouldn't be necessary if DHHS saved receipts and entered everything in MySimms financial tracking software, per SEOC Command, right? Is Sheryl the SEOC team rep for DHHS? Can Sheryl then be responsible to share SEOC ordering and tracking procedures with DHHS purchasing and finance staff? (I'm unsure whether my buyer Steve needs to be there, since they may need more familiarity with current protocol versus defining a new process moving forward.)

Can you or Jeanette be available by phone if DHHS wants explanations about the SEOC ordering and tracking procedures, and answer questions? This afternoon DHHS specifically asked to talk to Chris about procedures, what has been spent to date, what has been ordered, who ordered it and via what methods (p-card, emergency purchase, purchase order release etc.). Steve and I don't have this info...

Please let me know if you have questions.  
Thank you.

Sheryl,

David from Home Depot is still working on getting all current invoices from Citi Bank and says he should have them by the end of today. He has offered to come over to Lansing tomorrow and sit down with us and go through all of them to clarify everything so that payments can be processed. Would you and your purchasing staff taking care of these invoices be available tomorrow? I don't have a time yet when he could be here, but I can most certainly walk David over to your building so that we can go through these initial invoices and then come up with a process moving forward to take care future invoices. Let me know. Thanks.

Hi Jeanette,

Please send me an email with the arrival date, departure date, and person’s name and I’ll set it up. I have a room at the Comfort Inn in Grand Blanc on hold for someone else and will have them give it to your driver.

Thanks,  
Nancy

Hi Sierra

As mentioned here is the Chinese translated palm care. Trevor Hawks sent the first copy (4pgs) I tried to edit to 2 pages. Neither of them look like print quality.

Trever did not think he would be able to format the Chinese version to put onto the palm card format.

It is your decision how you would like to proceed tomorrow

**Subject:** FW: Chinese translation for door hanger

Here it is, It will have to be printed as a packet as I could lose text with font incompatibilities if I try to insert it into my graphics program.

Let me know if I can help further.

Thanks!

Trevor

**Subject:** RE: Meeting with Genesee county clerk

All,

I met with Gary Hagler today in Flint to review a potential data opportunity that did not pan out. The source we met with had information but none of it that dated back to the 1950's and was in a format that we could readily use with today's technology. Recognizing that the effort may be to labor intensive Gary is following up on other leads.

While I was there I did see the EOC and meet with members of the plumbers union that were going out to individual houses and installing water filters. Today, they were also going to start collecting information on what type of pipe is being used to bring water into the house.

Although I was unable to help Gary with his request I did have these takeaways from what little I saw while in the field:

The plumbers union was using an iPad app provided by MSP to record data that was collected on paper forms in the field. While trying to demonstrate the app they were unable to locate the first address they tried. Once an address was found they used pick fields to set the values for several questions. Currently the form did not have a place to set which type of water pipe is coming into the home so I suggested that they type into the comments the following string signature until the app can be updated to collect that information:

pipe=C\*

\*C for copper, G for galvanized, L for lead, U for unknown

This will make it possible to perform an in string search for "pipe=" and then take the next character to determine what pipe information there is.

I am uncertain of the address source being used within the app although if I had to guess I would say it was a parcel layer. I would also suggest that if that is the case then the addresses assigned to those parcels should be passed through an address standardizer and validation such as SAP (which is a shared service from CSS and that team is willing to run the Flint data). Running those addresses through SAP should improve the quality by standardizing the address, updating street name and postal code changes and flagging any addresses that are non-deliverable.

The plumbers also indicated that apprentices were coming every day now to volunteer time as part of their career training and that they also expect many of their sister unions to volunteer time as well. Which will mean an increase in the amount of houses being processed and data having to be entered. My concern here is that there is so much manual reentry of collected paper data that the process will bog down. I see three scenarios in which this problem could be alleviated:

- Provide more devices to reenter the data (Likely the easiest solution to implement, keeps the point of entry to a select few that know how to work the devices and minimizes device costs)
- Provide even more devices (or make the app something that can be downloaded on a personal device) to take in the field to collect the data (More equipment costs and more people to train, no idea of what security issues there maybe if personal devices are used)
- Implement a better paper process to collect the information like the way multiple choice tests are handled. Students use a pencil to fill in the circle of the possible choices they could answer and then the form is scanned. There are already iPad apps that can do this sort of thing. (The user base is familiar with a paper process, their already using one, and blotting out choice boxes on a structured form is more efficient than hand writing the values. The challenge here would be to implement the scanning on the iPad, perhaps a university or college has an option)

Please note that these are my few observations from a very narrow perspective. I am not aware of what all is and has been going on between the various agencies and EOCs but I thought I would provide these here in hopes that it helps. Please let me know if there is something further I can assist with.

**Subject:** RE: Hours through 1/21

Jeanette,

I was asked to report all hours worked in support of Flint. If more hours are reported to me, I will send you only the overtime hours.

You were provided correct information regarding your overtime hours; you are overtime eligible only after 40 regular hours have been worked in a week. My apologies for not converting Jeff's hours to the same format. Like you and Ryan, he is only overtime eligible after 40 regular hours have been worked.

Kathy

Kathy –  
We are only recording overtime received in support of the Flint Water Emergency, not regular time.

Question for you, per your information, Ryan and I were told we do not accrue overtime until after 40 hours has been worked. Looking at Jeff's time he accrued overtime beginning on Sunday through the week.

Just want to make sure we are providing correct information just in case an audit is performed!

**Subject:** RE: Flint PCard Purchases

Marsha,

We should talk about this, why you are having to provide that information to them. I mean it's very nice of you, it's just more work for you. All of the information is in the MICIMS program and if they go through the SEOC finance Chief Penny Berger she could give them all of this information. I have attached an example of the one of the purchases from my p-card.

Additionally because the information is already there I have a difficult time duplicating the efforts that we are doing at the SEOC.

Please let me know your thoughts

Thanks,

**Subject:** RE: Hours through 1/21

Jeanette,

I was asked to report all hours worked in support of Flint. If more hours are reported to me, I will send you only the overtime hours.

You were provided correct information regarding your overtime hours; you are overtime eligible only after 40 regular hours have been worked in a week. My apologies for not converting Jeff's hours to the same format. Like you and Ryan, he is only overtime eligible after 40 regular hours have been worked.

Kathy

**Cc:** Christensen, Chris (DTMB)  
**Subject:** RE: Hours through 1/21

Kathy –

We are only recording overtime received in support of the Flint Water Emergency, not regular time.

Question for you, per your information, Ryan and I were told we do not accrue overtime until after 40 hours has been worked. Looking at Jeff's time he accrued overtime beginning on Sunday through the week.

Just want to make sure we are providing correct information just in case an audit is performed!

Jeanette

Jeanette

As we previously discussed, you are my contact to triage and route external inquiries. Bluewater called me this morning, and I requested an email with more information.

It is unclear to me whether this unit meets the standards used for the faucet water filter sourcing. Can a resource be identified to check? If not, someone may want to consider reaching out to the two locations that received donated units.

Thanks for routing this into the correct hands.

Rebecca

**Subject:** Bluewater water purifiers help Flint

Hi Rebecca,

It was nice talking to you this morning, we will appreciate if you can read this email and forward to related team who in charge of procurement for Flint water crisis.

Bluewater is a Swedish company that has innovated a patented second-generation reverse osmosis technology which turns tap water into healthier drinking water by removing up to 99% of almost all known water-borne contaminants; plus, cuts the water wastage common to traditional reverse osmosis systems by up to 82%.

Bluewater has been selling in the USA for the past 18 months, based out of Overland Park, Kansas, where we also have our warehouse that serves customers across the United States. We are a sister company to Blueair, which is one of the major air purifier companies in the United States, based out of Chicago.

Last week saw us donate and install two of our high performance water purifiers in Flint, Michigan, in response to their crisis as our water purifiers excel at removing lead and other toxic metals from residential drinking water. While we applaud people donating water bottles, it is only a short term solution, whereas as water purifiers are both a short-term and a long term solution.

One Bluewater Pro machine was installed at the Community Center at Catholic Charities of Shiawassee and Genesee Counties, where they serve 1,000 meals every day to local residents. The other unit was installed at Shelter of Flint, the largest shelter at Flint.

Both units were installed by Bluewater's Product Manager who traveled to Flint personally. FYI, many bottled water brands in the USA use reverse osmosis to purify their water. Using a Bluewater unit is a cheaper long-term option that also contributes to a better environment because they negate the need for plastic bottles as they deliver purifier water 'on demand'. (a side note, as you may already know, "Pepsi Admits That Its Aquafina Bottled Water is Just Tap Water, Coca-Cola's Dasani Is Next" see news of today <http://healthycures.org/pepsi-admits-that-its-aquafina-bottled-water-is-just-tap-water-coca-colas-dasani-is-next>)

The Bluewater Pro400 reverse osmosis water purifiers we donated to Flint can produce 52 gallons of purified water per hour, which means we can supply 2,700 people a total of two liters of clean water free of lead and other toxic metals every day. This translates into saving 4,800 one-liter bottles being put into the environment every day!

The compact Pro is designed for professional use, in restaurants, hotels, schools, hospitals and laboratories. Installing just 38 of our units in Flint would deliver the 100,000 residents two liters of totally clean water every day - meeting their basic daily human health need for drinking water.

Bluewater harnesses our own patented second-generation reverse osmosis technology, which removes practically all toxic contamination from tap drinking water including lead. The other contaminants we remove include other heavy metals, pesticides, medical residues, and dioxins and petro chemicals.

What also makes our water purifiers unique is that our unique technology ALSO radically increases the efficiency of water treatment, which translates into a Bluewater unit using 82% less water to generate clean water than a traditional reverse osmosis unit.

Reverse osmosis technology purifies water by forcing untreated water through a semi-permeable filter or 'membrane'. Bluewater membranes will block toxic metals and chemicals down to 0.0001 micron (that's 500,000 times smaller than a human hair). Our technology also delivers water 'on-demand', which means no need for a holding tank

As a business, we cannot afford to donate an endless number of units free to Flint, but due to the special nature of the situation (and the fact that most of us are parents of small children and have huge sympathy for those impacted by the crisis) we want to step up even more by offering Michigan State prices that are very substantially discounted. In fact, we want to offer you a one-off purchase opportunity that sees us offering you our products at the manufacturing price (i.e. we make no margin on the deal).

This would see the products we recommend you consider coming in at:

**Pro 400C-HF(high flow) ( this is the model we donated to Flint) \$1920 + shipping**

(suitable for professional use, hospitals, labs, restaurant, coffee shop, office building)

- Superior Osmosis Technology
- Direct flow, no need of tank
- Capacity up to 52 gallon per hour
- Clean water delivery rate of 52 gallon per hour
- Cleaning brackish water, up to 7500 ppm
- water quality monitor
- Calibration of cleanliness
- Advanced leak protection system
- Clean water per kWh: 433L/kWh (114.3gallon/kWh)
- Clean water rate: 222L/hour (58.6 gallons/hour)
- Dimensions: 225 x 466 x 460mm (8.9 x 18.3 x 18.10 inch)
- Weight: 29kgs (64lb)
- Water recovery rate: 60-70%

The other two models we could consider as an alternative (the only difference is that the water flow is less powerful) are:

**Spirit 300-HF(high flow) \$1350 + shipping**

Compact design that fits into any contemporary kitchen

- Designed for Municipal water
- Superior Osmosis Technology
- Capacity up to 43.2 gallon per hour
- Director Flow, no need of tank
- Extra compact Design
- Advanced leak protection system
- Clean water per kWh: 377L/kWh (99.5 gallons/kWh)
- Clean water rate: of 99L/hour (26.2 gallons/hour)
- Dimensions: 150 x 462 x 365 mm( 5.9 x 18.2 x 14.4 inches)
- Weight: 15 kgs (33lb)
- Water recovery rate: 40-60%

**Spirit 300Cp-HR(high rejection) \$1500 + shipping**

Compact design that fits into any contemporary kitchen, can connect to dish washer, coffee maker, ice machine/refrigerator

- Designed for Municipal water
- Superior Osmosis Technology
- Capacity up to 43.2 gallon per hour
- Director Flow, no need of tank
- Extra compact Design
- Advanced leak protection system
- Clean water per kWh: 377L/kWh (99.5 gallons/kWh)
- Clean water rate: of 99L/hour (26.2 gallons/hour)
- Dimensions: 150 x 462 x 365 mm( 5.9 x 18.2 x 14.4 inches)
- Weight: 15 kgs (33lb)
- Water recovery rate: 40-60%

Please do not hesitate to get back if there is anything additional information you need from us. Attached is our catalog and photo how it looks in the kitchen.

Here are two reference you can contact at Flint, they are using our donated water purifiers now for producing pure water

Turning tap water into healthier drinking water.

A better future  
Tap water redefined

Turning tap water into healthier drinking water

# Benefit of Bluewater

Our body is around 70% water, our brain is 90% water. So it clearly makes sense to make the most of the water we consume to stay well, battle fatigue, flush out toxins, improve complexion and boost immune systems.

Water is vital to our health and wellbeing. Yet, critically, many projections by institutions such as the International Food Policy Research Institute warn that the world is facing rapidly deteriorating water quality that will increase risks to human health. Data in 2015 from NASA reveals how the world is running out of water as the world's largest aquifers are being depleted at alarming rates.

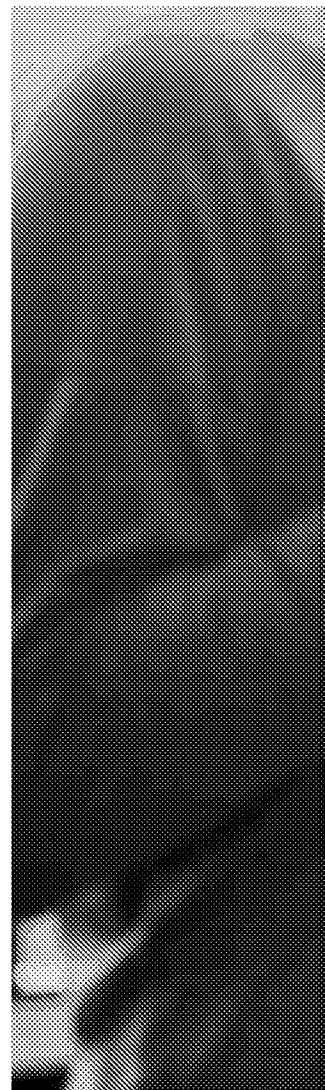

The unavoidable truth is that there is not an infinite supply of water. If quality is deteriorating, then increasingly we must take greater individual responsibility to assure our drinking water is safe and healthy to consume. And does not force us to use highly costly solutions like bottled water delivered in plastic that also endanger our planet's fragile environment.

Bluewater's leading-edge technologies remove over 99% of most known pollutants from tap water, including micro-organisms, pesticides, heavy metals and other toxins that threaten human health and impact taste. Our water purifiers have been engineered to deliver unmatched premium filtration, high flow capacity and direct flow with no need for a tank -- all from a compact, great looking design. Our unique water purifiers and filtration systems are designed to limit waste water to extremely low levels, while our Pro model even turns brackish water into great tasting drinking water.

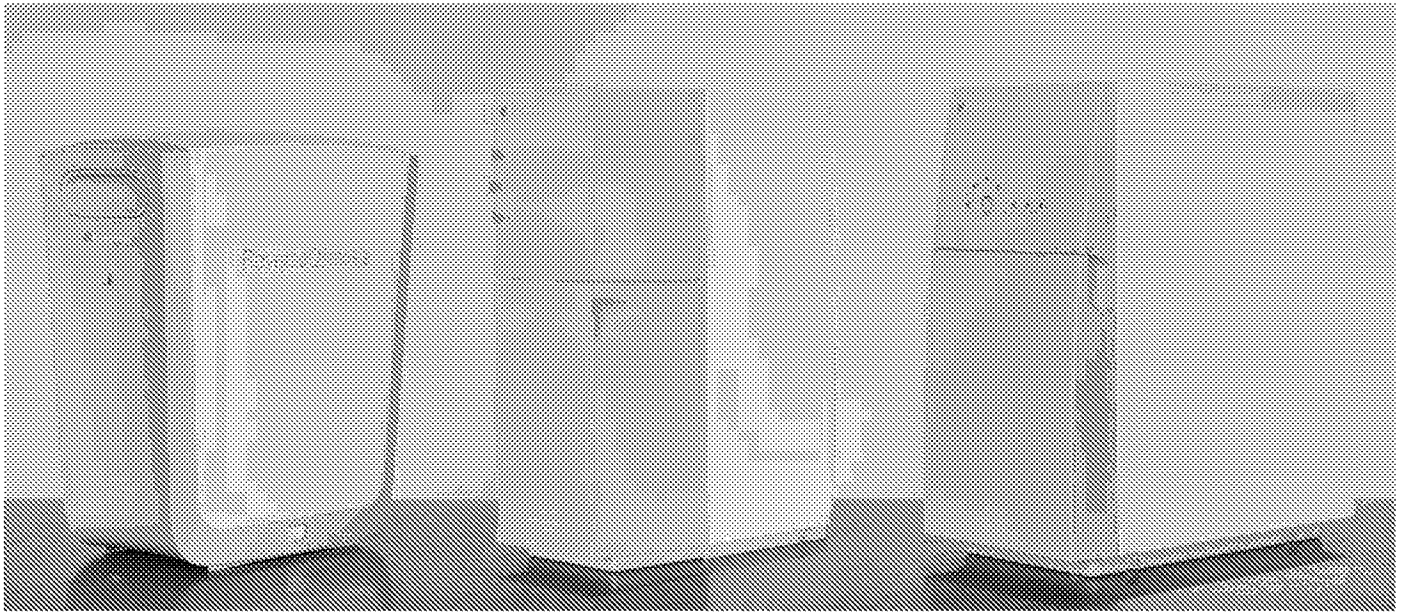

Bluewater's premium water purifiers are innovated with love in Sweden to help deliver enhanced health, wellness and peace of mind at home and in working or business environments.

Niclas Wullt  
Managing Director  
Bluewater

Bluewater's lineup of super efficient residential water purifiers encompasses (left to right), the Cleone, Spirit and Pro, all geared to remove contaminants from tap water that can endanger health or impair taste.

# What's REALLY in our tap water?

Many of us take the safety of our tap water for granted. But what's really flowing from our faucets? Hardly a month goes by without a news report somewhere detailing how bacteria, pharmaceutical residues such as antibiotics and hormones, nitrates, toxic metals and other contaminants can be found in tap water.

Public water management authorities do a good job of treating water destined for residential or commercial kitchens. Yet most use chlorine or similar to disinfect water of bacteria and parasites – and chlorine not only tastes bad, but is also poisonous in large amounts.

Germes are not the only problem. Lots of other nasty stuff can get into the water during its journey from the municipal works to the tap. WHO says just one-third of the world's fresh water can be used for human needs due to 'increased pollution from municipal and industrial waste and the leaching of fertilizers and pesticides in agriculture'.

Aging municipal water pipes are a serious issue. In the USA, as much as 30 percent of pipes in

systems that deliver water to over 100,000 people are between 40 to 80 years old, according to the Environmental Protection Agency (EPA). And about 10 percent are even older.

The U.S. Water Quality Association (WQA) says 'water that leaves the treatment facility can become contaminated by the time it shows up at your tap'. The WQA view is supported by Consumer Reports that says 'dangerous contaminants such as lead, chloroform, arsenic, nitrate, nitrite, radon, and E. coli bacteria are common in tap water'.

Most of the world's municipal water treatment plants are simply not geared to remove all chemical and pharmaceutical residues. But ordinary citizens can help protect themselves – by using Bluewater's innovative reverse osmosis technologies.

Bluewater turns tap water into healthier, better tasting drinking water by removing the following contaminants.

## Toxins

Pesticides and herbicides are washed into our water supply in ponds despite the best efforts of the agricultural industry, which uses over 700 million of all the types of pesticides and herbicides.

## Bacteria & Viruses

WHO says it kills one child every year from diarrhea related diseases caused by drinking unsafe water. And lack of basic sanitation during free reign of bacteria is microbes and bacteria.

## Toxic Metals

Lead, cadmium, mercury and arsenic accumulate in drinking water and soil, posing with potentially fatal consequences. Nitrate exposure is particularly dangerous when it comes to babies, particularly infants, can cause blue baby syndrome in infants, which may cause heart problems leading to death.

## Smells

Organic and non-organic compounds can cause unpleasant tasting water.

# Filter or Purify?

Consumers wary of drinking tap water are faced with a real dilemma when it comes to choosing between filtering what comes out of their kitchen taps or purifying it.

Many consumers believe they are making a healthier choice by choosing to filter their tap water using countertop pitchers with replaceable filter cartridges or buy bottled water. Yet, few people question the fact that most pitcher filter solutions do not remove contamination like lead, pesticide or pharmaceutical residues, bacteria or viruses. Nor do they query the inflated cost of bottled water, some of which comes from municipal water works anyway.

There is nothing intrinsically wrong with countertop or faucet water filters. However, such filters for the most part do not match the efficiency of reverse osmosis solutions that are designed to remove contaminants, including viruses, bacteria, pesticides, fluoride and different drugs and chemicals, to deliver really clean water as and when you want it.

At the end of the day, understanding the difference between water filtration and water purification is the big step towards being able to make an informed choice for a healthier lifestyle, not to mention better tasting coffee or tea.

## Slashing Water Wastage

A complaint regularly thrown at reverse osmosis technology is that it wastes water. Bluewater's patented second-generation SuperiorOsmosis™ technology uses 82% less water than a traditional RO water purifier to flush out contaminants, which is good for environments where fresh water is in short supply.

# Bluewater SuperiorOsmosis™

## A super-efficient approach to purifying tap water

Reverse osmosis is widely considered the most effective method of purifying water due to the purification processes that remove virtually all pollutants including micro-organisms, pesticides, heavy metals and toxins – leaving safer, purer water.

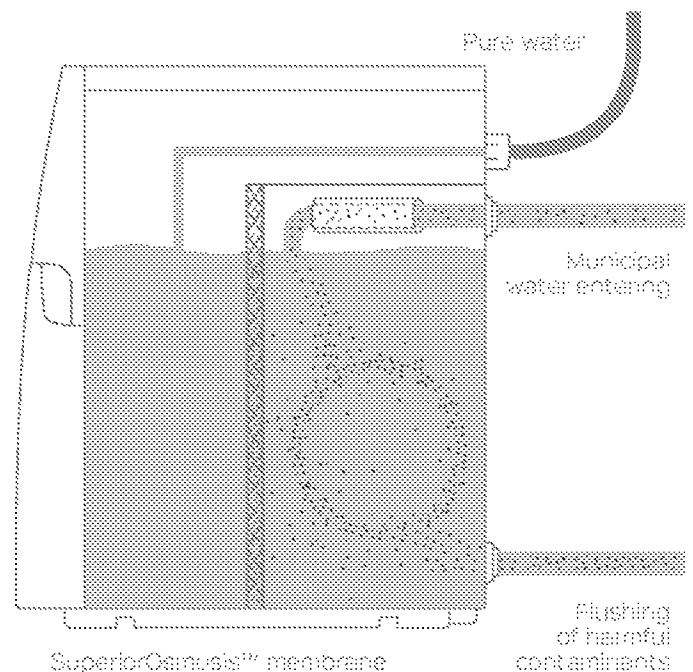

Reverse osmosis technology purifies water by forcing untreated water through a semi-permeable filter or membrane. The membrane blocks chemical, and other contaminants as well as bad odors and tastes. The filter captures everything nasty down to 0.0001 micron (that's around 500,000 times less than the diameter of a

human hair). Traditionally, a drawback to reverse osmosis filters is that they frequently use more water technology also ensures on-demand direct flow straight from the water mains to flush away the contamination filtered out than they provide for drinking, which is frankly wasteful.

However, Bluewater offers a superior, patented second-generation reverse osmosis solution that gets rid of unwanted contaminants, but doesn't waste water at the same rate as more traditional solutions. Bluewater SuperiorOsmosis™.

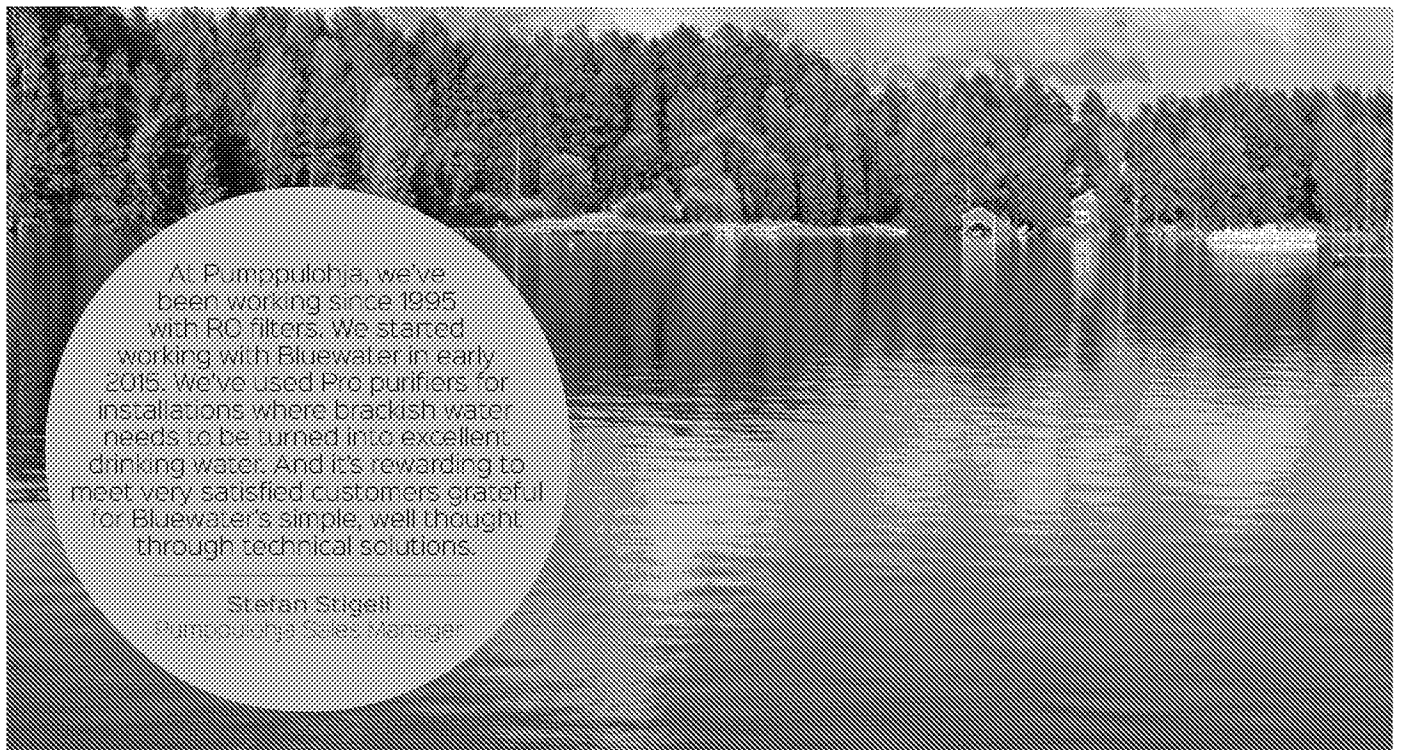

Bluewater's Spirit and Pro water purifiers harness the power of the patented SuperiorOsmosis™ technology.

## Benefits of SuperiorOsmosis™

- Exceptional water circulation system
- Extreme low level of waste water
- Direct flow, no need of tank
- High capacity
- High clean water delivery rates
- Premium filtration levels
- Low energy consumption
- Low cost maintenance
- Compact design
- Cleaning brackish water

At Pumpapulchja, we've been working since 1995 with RO filters. We started working with Bluewater in early 2015. We've used Pro purifiers for installations where brackish water needs to be turned into excellent drinking water. And it's rewarding to meet very satisfied customers grateful for Bluewater's simple, well thought through technical solutions.

Stefan Stigell  
Pumpapulchja Sales Manager

## SuperiorOsmosis™

### Step 1

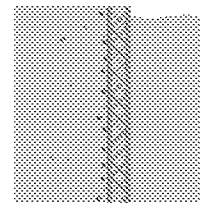

Water containing a variety of pollutants enters the system via inlet water

### Step 2

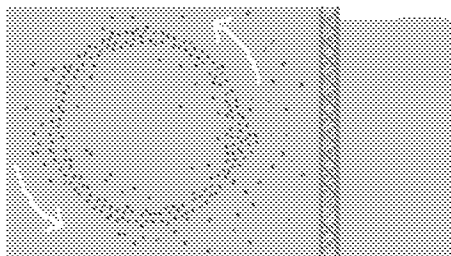

The biggest particles are removed using high quality pre-filters

### Step 3

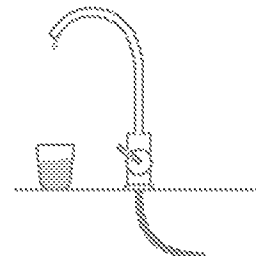

The premium membrane removes practically all known contaminants from the water

### Step 4

The patented SuperiorOsmosis™ system continually cleans the membrane surface from harmful contaminants

### Step 5

Bluewater's SuperiorOsmosis™ delivers pure drinking water directly to your faucet removing the need for a tank and ensuring healthier, tastier water that is always available.

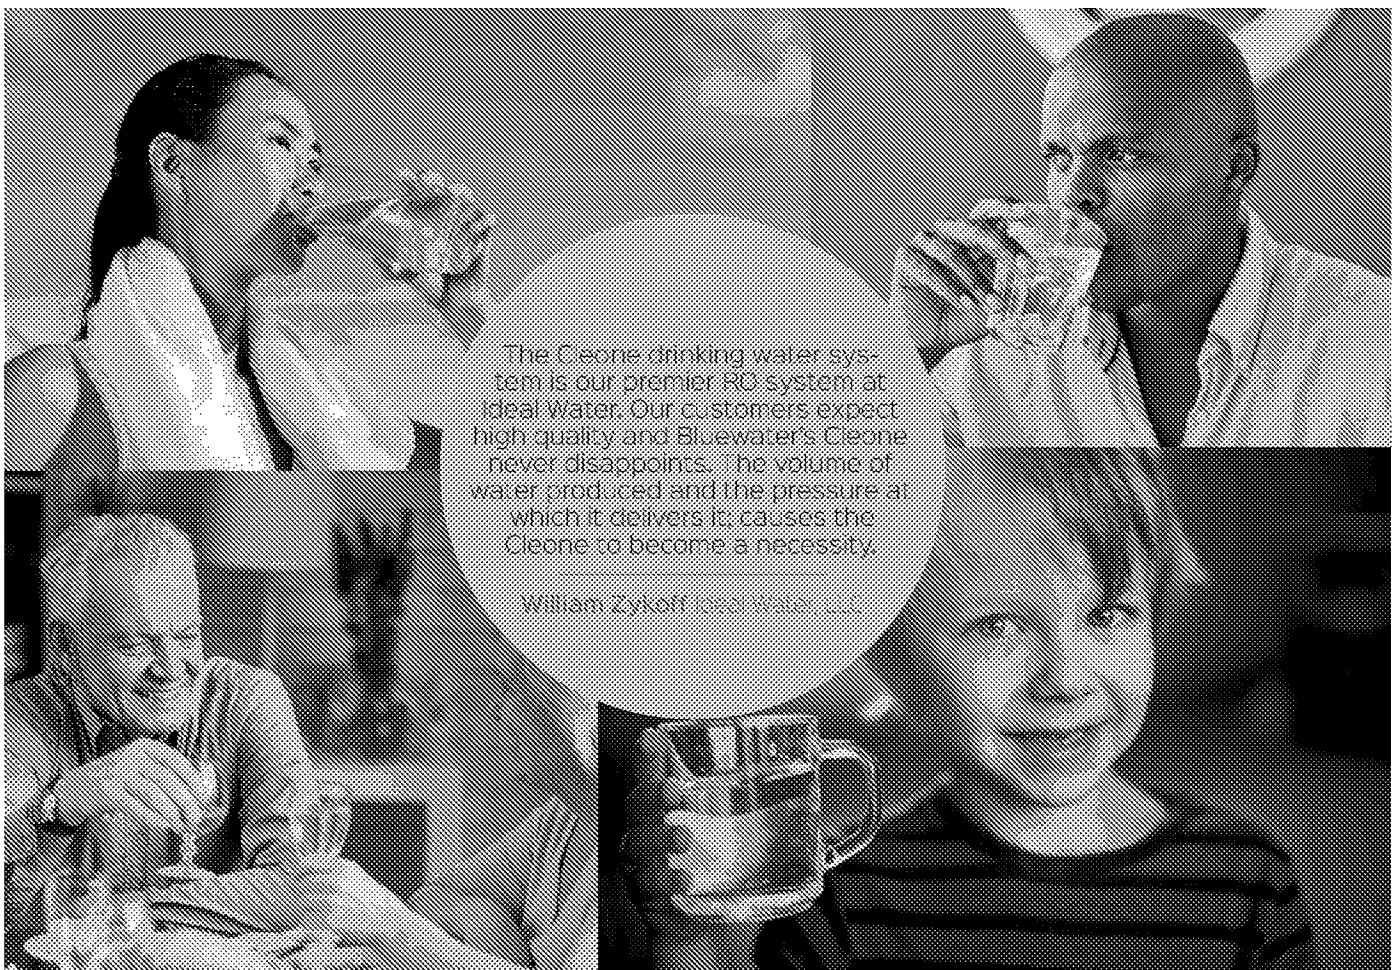

# Bluewater Cleone

Works great. Looks great. A high-performing classic, the Bluewater Cleone takes ease of water purification to the next level. Forget about chlorine tasting water or concerns about practically all chemical and biological contaminants. With proven function and built to last, the Bluewater Cleone is small in size but big on delivering cleaner, healthier water from the kitchen tap.

Harnessing the power of reverse osmosis, the Cleone fits snugly under your kitchen sink to reliably deliver pristine water for drinking or washing vegetables and fruits. Replacing filters and membranes every six months or so is straightforward and simple. In Italy, the Cleone is

called 'the tank' because it never breaks down, working 24/7 all year round to deliver pure, fresh and tasty drinking water. In a market full of inefficient, water-guzzling, unattractive water purifiers, the Cleone reflects how our philosophy that there is no substitute for excellence when it comes to helping protect human health and wellbeing.

So why not join the hundreds of thousands of people worldwide who today rely on their Bluewater Cleone water purifiers for enhanced health and wellbeing at home. At the last count, Cleone's had a purification capacity of 24 million liters of water every day for people around the planet.

44.5% of householders globally say their tap water is contaminated, Bluewater study finds.

# Bluewater Spirit

Powerful yet compact, the versatile Bluewater Spirit removes harmful pathogenic bacteria, unhealthy chemical contaminants and toxic metals from your drinking water. Probably one of the best investments you can make in your health and wellness, the Spirit turns municipal water into healthier drinking water. Beyond delivering on the highest performance expectations, Spirit's sleek, contemporary design means it will fit naturally into any kitchen environment. Easy to install and maintain, Spirit will deliver you 3 liters of direct flow pure water every minute (43.2 US gallons/hour) 24/7 all year around.

Living on a remote island in the middle of the Atlantic can have it's challenges. Water quality being the most important. Our company has been improving the islands drinking water for over fifteen years. Bluewater products have allowed us to add a whole new dimension to our many popular water filtration and Reverse Osmosis systems. Our short time with Bluewater has been very professional, open and honest. Our overseas dealings have gone smoothly and on time.

Kevin Lanthier General Manager  
ClearWater Systems Ltd. Bermuda

**61.9%** of respondents to Bluewater survey in key industrialized countries say they never receive information about their tap water quality.

# Bluewater Pro

The Bluewater Pro is probably the most powerful compact water purifier available in the marketplace. Ideal for professional kitchens, hotels and hospitals, the Pro is also used to remove limescale from water to deliver pristine water for dishwashing, pressing and cooking. Pro can be used for steam generation and cold fog (atomization) applications like humidification in cheese factories or to create a whole house water purification system.

Installing, using and maintaining the Bluewater Pro is easy and straight-forward. And changing filters every six-months or so depending on water quality is a cinch.

Top chefs, wine makers and other professionals rely on the power of reverse osmosis to get pristine, clean tap water. For chefs, water is

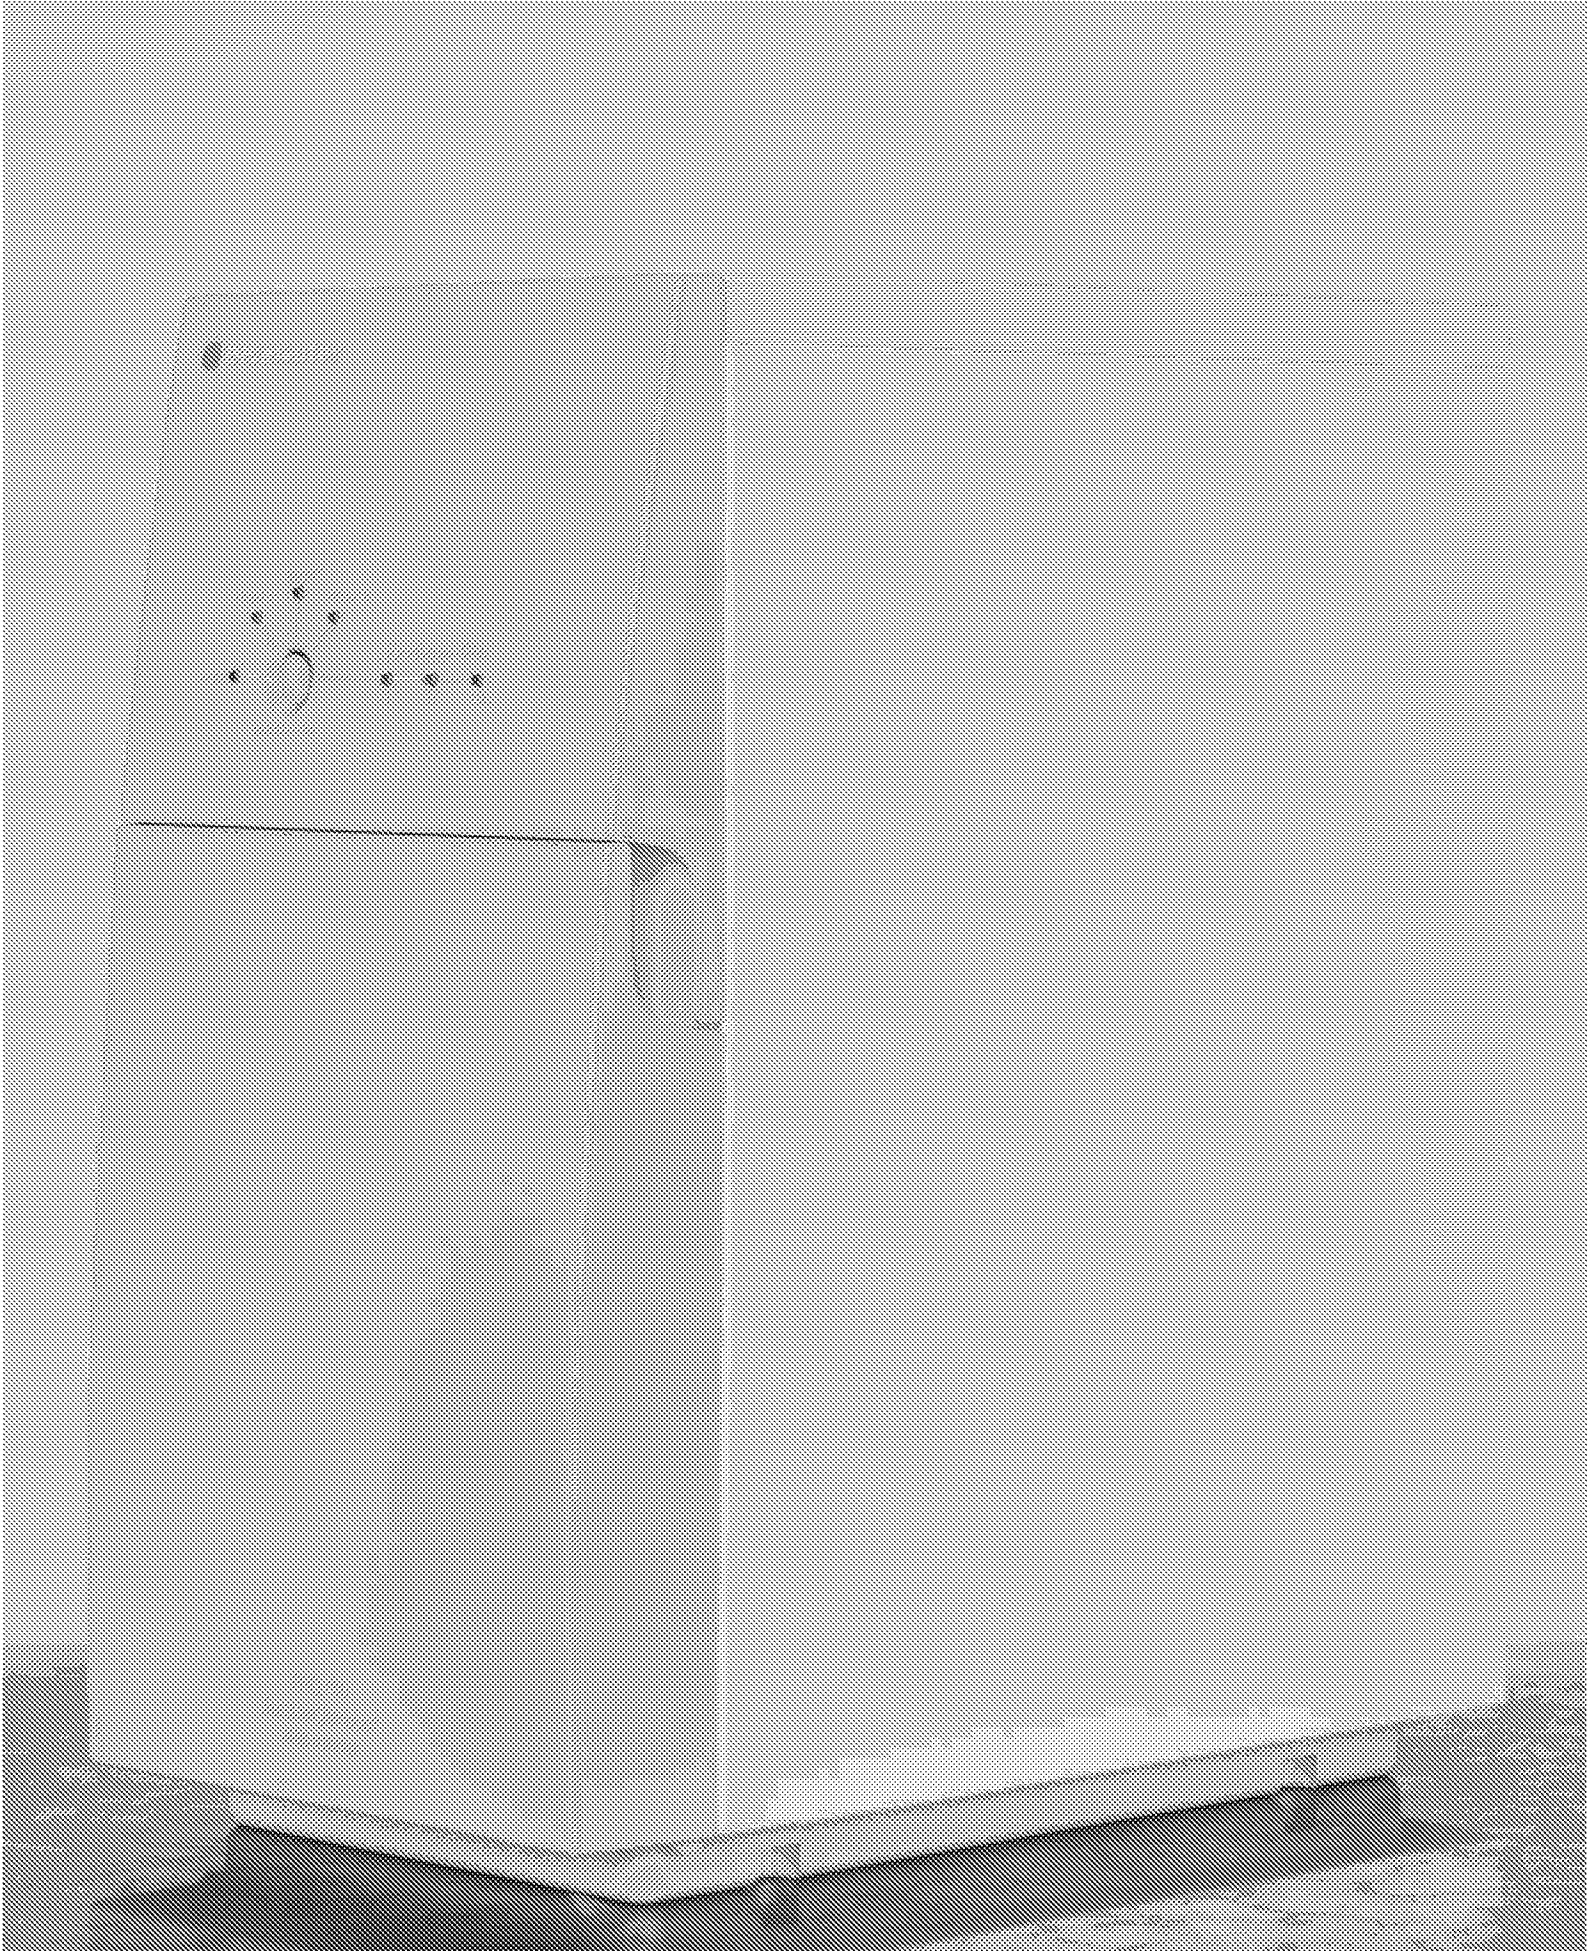

something they cannot work without, using it to boil, broil, sauté and bake with. Water provides body and texture and makes it easier for different ingredients to deliver a taste sensation. Chefs can also harness the powerful, on demand flow from the hardworking Pro to serve restaurant patrons exceptionally pure water free of harmful substances in high-end, reusable designer bottles rather than over-expensive bottled water.

It's said life started in the oceans covering over 70 percent of the surface of the planet. Most of that water is undrinkable, but the Bluewater Pro stretches the boundaries with its unique ability to turn brackish water into healthier drinking water. That's what we mean with 'innovated with love in Sweden'.

The product will meet high demand when servicing 3-4 ice machines in addition to multiple faucets or supply one faucet and a refrigerator as well. Bluewater combines excellent technology, engineering, manufacturing, and marketing to the dealer enhancing sales opportunities and supporting long term relationships with our clients. Personally we have used this product for seven years in our home and it has provided the very best in quality drinking water for our large family of eleven people.

Denis Rochat  
Dorsetville, Tennessee

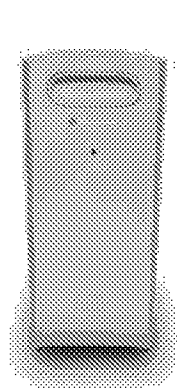

55%

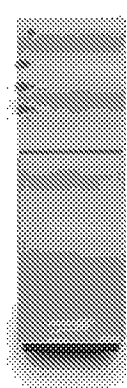

of American men and women are concerned about the quality of their tap water, Bluewater survey reveals. And one in six avoid directly drinking tap water.

In response to Flint we have set up a central room in Constitution Hall and we have resources assigned, who are normally out in the field so they do not have access to Con Hall. They need physical access badges.

They are also asking for parking but I wasn't sure if that was something we could accommodate or not.

Thank you,  
Manny Rosales

Jeanette

As we previously discussed, you are my contact to triage and route external inquiries. Bluewater called me this morning, and I requested an email with more information.

It is unclear to me whether this unit meets the standards used for the faucet water filter sourcing. Can a resource be identified to check? If not, someone may want to consider reaching out to the two locations that received donated units.

Thanks for routing this into the correct hands.

Rebecca

**Subject:** Bluewater water purifiers help Flint

Hi Rebecca,

It was nice talking to you this morning, we will appreciate if you can read this email and forward to related team who in charge of procurement for Flint water crisis.

Bluewater is a Swedish company that has innovated a patented second-generation reverse osmosis technology which turns tap water into healthier drinking water by removing up to 99% of almost all known water-borne contaminants; plus, cuts the water wastage common to traditional reverse osmosis systems by up to 82%.

Bluewater has been selling in the USA for the past 18 months, based out of Overland Park, Kansas, where we also have our warehouse that serves customers across the United States. We are a sister company to Blueair, which is one of the major air purifier companies in the United States, based out of Chicago.

Last week saw us donate and install two of our high performance water purifiers in Flint, Michigan, in response to their crisis as our water purifiers excel at removing lead and other toxic metals from residential drinking water. While we applaud people donating water bottles, it is only a short term solution, whereas as water purifiers are both a short-term and a long term solution.

One Bluewater Pro machine was installed at the Community Center at Catholic Charities of Shiawassee and Genesee Counties, where they serve 1,000 meals every day to local residents. The other unit was installed at Shelter of Flint, the largest shelter at Flint.

Both units were installed by Bluewater's Product Manager who traveled to Flint personally. FYI, many bottled water brands in the USA use reverse osmosis to purify their water. Using a Bluewater unit is a cheaper long-term option that also contributes to a better environment because they negate the need for plastic bottles as they deliver purifier water 'on demand'. (a side note, as you may already know, "Pepsi Admits That Its Aquafina Bottled Water is Just Tap Water, Coca-Cola's Dasani Is Next" see news of today <http://healthycures.org/pepsi-admits-that-its-aquafina-bottled-water-is-just-tap-water-coca-colas-dasani-is-next>

The Bluewater Pro400 reverse osmosis water purifiers we donated to Flint can produce 52 gallons of purified water per hour, which means we can supply 2,700 people a total of two liters of clean water free of lead and other toxic metals every day. This translates into saving 4,800 one-liter bottles being put into the environment every day!

The compact Pro is designed for professional use, in restaurants, hotels, schools, hospitals and laboratories. Installing just 38 of our units in Flint would deliver the 100,000 residents two liters of totally clean water every day - meeting their basic daily human health need for drinking water.

Bluewater harnesses our own patented second-generation reverse osmosis technology, which removes practically all toxic contamination from tap drinking water including lead. The other contaminants we remove include other heavy metals, pesticides, medical residues, and dioxins and petro chemicals.

What also makes our water purifiers unique is that our unique technology ALSO radically increases the efficiency of water treatment, which translates into a Bluewater unit using 82% less water to generate clean water than a traditional reverse osmosis unit.

Reverse osmosis technology purifies water by forcing untreated water through a semi-permeable filter or 'membrane'. Bluewater membranes will block toxic metals and chemicals down to 0.0001 micron (that's 500,000 times smaller than a human hair). Our technology also delivers water 'on-demand', which means no need for a holding tank

As a business, we cannot afford to donate an endless number of units free to Flint, but due to the special nature of the situation (and the fact that most of us are parents of small children and have huge sympathy for those impacted by the crisis) we want to step up even more by offering Michigan State prices that are very substantially discounted. In fact, we want to offer you a one-off purchase opportunity that sees us offering you our products at the manufacturing price (i.e. we make no margin on the deal).

This would see the products we recommend you consider coming in at:

**Pro 400C-HF(high flow) ( this is the model we donated to Flint) \$1920 + shipping**

(suitable for professional use, hospitals, labs, restaurant, coffee shop, office building)

- Superior Osmosis Technology
- Direct flow, no need of tank
- Capacity up to 52 gallon per hour
- Clean water delivery rate of 52 gallon per hour
- Cleaning brackish water, up to 7500 ppm
- water quality monitor
- Calibration of cleanliness
- Advanced leak protection system
- Clean water per kWh: 433L/kWh (114.3gallon/kWh)
- Clean water rate: 222L/hour (58.6 gallons/hour)
- Dimensions: 225 x 466 x 460mm (8.9 x 18.3 x 18.10 inch)
- Weight: 29kgs (64lb)
- Water recovery rate: 60-70%

The other two models we could consider as an alternative (the only difference is that the water flow is less powerful) are:

**Spirit 300-HF(high flow) \$1350 + shipping**

Compact design that fits into any contemporary kitchen

- Designed for Municipal water
- Superior Osmosis Technology
- Capacity up to 43.2 gallon per hour
- Director Flow, no need of tank
- Extra compact Design
- Advanced leak protection system
- Clean water per KWh: 377L/kWh (99.5 gallons/kWh)
- Clean water rate: of 99L/hour (26.2 gallons/hour)
- Dimensions: 150 x 462 x 365 mm( 5.9 x 18.2 x 14.4 inches)
- Weight: 15 kgs (33lb)
- Water recovery rate: 40-60%

**Spirit 300Cp-HR(high rejection) \$1500 + shipping**

Compact design that fits into any contemporary kitchen, can connect to dish washer, coffee maker, ice machine/refrigerator

- Designed for Municipal water
- Superior Osmosis Technology
- Capacity up to 43.2 gallon per hour
- Director Flow, no need of tank
- Extra compact Design
- Advanced leak protection system
- Clean water per KWh: 377L/kWh (99.5 gallons/kWh)
- Clean water rate: of 99L/hour (26.2 gallons/hour)
- Dimensions: 150 x 462 x 365 mm( 5.9 x 18.2 x 14.4 inches)
- Weight: 15 kgs (33lb)
- Water recovery rate: 40-60%

Please do not hesitate to get back if there is anything additional information you need from us. Attached is our catalog and photo how it looks in the kitchen.

Here are two reference you can contact at Flint, they are using our donated water purifiers now for producing pure water

Jeanette,  
I think we should add an additional \$1.50-\$3.00 psf for heat & electric.  
The water bill is \$400.00 per month (0.06 cents psf) which hasn't been paid, and this is for an empty building, not sure if it is estimated on past use or not.  
I think the square foot rate may be \$7.00-\$7.50 psf without the dumpster charges (CAM) and the water bill but should only be a few cents psf depending on the usage.  
Please let me know if you want me to proceed.  
Maureen

**Cc:** Mark Sadek <msadek@degmidland.com>  
**Subject:** FORMER KROGER STORE, HALLWOOD PLAZA, 2629 W. PIERSON RD., FLINT

Hi Maureen:  
It was a pleasure to speak with you. I am recapping our conversation regarding the leased space.

Total Leased Area: 74,000 square feet  
Address: 2629 West Pierson Road, Flint, MI 48504

Base Rent: \$1.50/sq. ft. Annual: \$111,000 Monthly: \$9,250.  
CAM: \$2.10/ sq. ft. Annual: \$155,400 Monthly: \$12,950.  
Taxes (if applicable): \$154,000 annually X 36.6% = \$56,364 (based on FY 2015) Monthly: \$4,697=\$.76 psf  
Insurance: \$68,000 annually X 36.6% = \$24,888 (based on FY 2015) Monthly: \$2,074 =\$.34

We can arrange for and order a dumpster for your store which will be billed back at 100% on a monthly basis. You will need to contact Consumers Energy to arrange for the store's electrical and natural gas service transferred to your name. \$2.-3. psf

You may use the lighted sign on W. Pierson Rd. and pay for the electricity to illuminate the sign which is metered separately.

Please let me know if you have any further questions. Welcome!

Ramsay

Gear is on the truck. Would anyone be able to confirm an on site contact and phone number?

I've arranged for the service team to visit the device once on site in Flint. I've also included a couple of USB cables and 3 extra bottles of toner.

Cj~

**Subject:** RE: Facility Notification: Flint State Office Building

I have several questions about this matter. Why does "public traffic" deserve a higher consideration than concern for state workers? How does that reasoning appear to state employees? A visitor may take one drink of water from this site in their lifetime. State workers (like any employees) may get half of the water they consume each day at their place of employment. Which group faces the greater health risk from drinking water in state occupied premises? Are other state owned/occupied facilities in Flint being provided with the same service? How about a Secretary of State's offices or the DHS facilities? Are there any state correctional facilities that receive drinking water from Flint?

What would DTMB have done if the problem had occurred in Lansing? Would the state of Michigan be providing bottled water or an alternate supply of drinking water to all of the state owned or state employee locations that receive Lansing drinking water and allow public access? Who would make that decision? Why wouldn't that decision maker seek the advice of the Office of Drinking Water and Municipal Assistance before deciding? Would it be building by building or one decision be made for state facilities?

How does this action by DTMB impact the answer when ODWMA district staff are asked by others in the media or from the general public about whether Flint residents should continue to consume Flint's drinking water with elevated disinfection byproducts? No doubt it will make it more difficult from a perception standpoint for ODWMA staff.

If this matter were about an acute health threat, such as E.coli or nitrates, then I would applaud the decision. But when we are dealing with a chronic health threat in a community water system, I think the appropriate action is to ensure public awareness and education, establish a reasonable compliance schedule, and allow individuals to make personal choices if they wish. And if someone like GM or the State of Michigan decides to implement such measures as supplying an alternate water supply for a chronic health threat that should be of a limited duration, fine, but it should be uniformly implemented.

If DTMB would like to meet to discuss this issue and procedures for communication and possible actions in future, similar events, we would be willing to participate.

Jennifer,

I spoke with Jeanette this morning. She informed me....given that this state building has high public traffic (Flint citizens); it was felt prudent to offer an alternative supply of drinking water to citizens entering the building. Jeanette asked me what should be expected with the next round of samples (March time-frame). I explained to her how compliance with TTHMs is determined (based on a running annual average of 4 quarters) and the public notification requirements. The city's next round of samples will be collected around the 3<sup>rd</sup> week of Feb; however, regardless of sample results, compliance with the TTHM MCL will not be re-achieved due to the high levels detected last summer. Although the city will remain out of compliance, (primarily based on the previous results), the November sample results were substantially lower (7 of 8 locations below the MCL). We anticipate that most (if not all) locations will be in compliance with the February monitoring. The city; however, needs to make a diligent effort to convey TTHM status to their residents as soon as possible after new results become available (regardless of compliance status). Jeanette will pass this information on.

## Flint Water Advisory

---

### Date/Time:

Effective Wednesday, January 7, 2015

### Details:

The City of Flint recently sent out the attached notice regarding violations to the drinking water standards. While the City of Flint states that corrective actions are not necessary, DTMB is in the process of providing a water cooler on each occupied floor, positioned near the water fountain, so you can choose which water to drink. The coolers will arrive today and will be provided as long as the public water does not meet treatment requirements.

## Flint Water Advisory

---

### Date/Time:

Effective Wednesday, January 7, 2015

### Details:

The City of Flint recently sent out the attached notice regarding violations to the drinking water standards. While the City of Flint states that corrective actions are not necessary, DTMB is in the process of providing a water cooler on each occupied floor, positioned near the water fountain, so you can choose which water to drink. The coolers will arrive today and will be provided as long as the public water does not meet treatment requirements.

DTMB Energy Tips

Since we spend about 40 hours a week at our workplaces, isn't the office the best place to try out some new energy-saving tricks? The Energy Information Administration estimates that if commercial and industrial buildings improved their energy efficiency by 10 percent, our economy could see yearly savings of nearly \$20 billion.

Facility Notification

## Flint Alternate Water Resource

---

### Date/Time:

Monday, October 5, 2015 at 6:00 a.m. until further notice

### Details:

Beginning Monday, October 5, 2015, water coolers will be available in common areas on floors 1-6 of the Flint State Office Building. Although the drinking water has been tested and falls within all DEQ and EPA regulation standards, alternate water sources will be offered to accommodate all tenants due to recent concerns regarding the water supply. Water testing will continue and the alternate water source will be available until all quality concerns are addressed.

Thank you for your cooperation.

DTMB Energy Tip

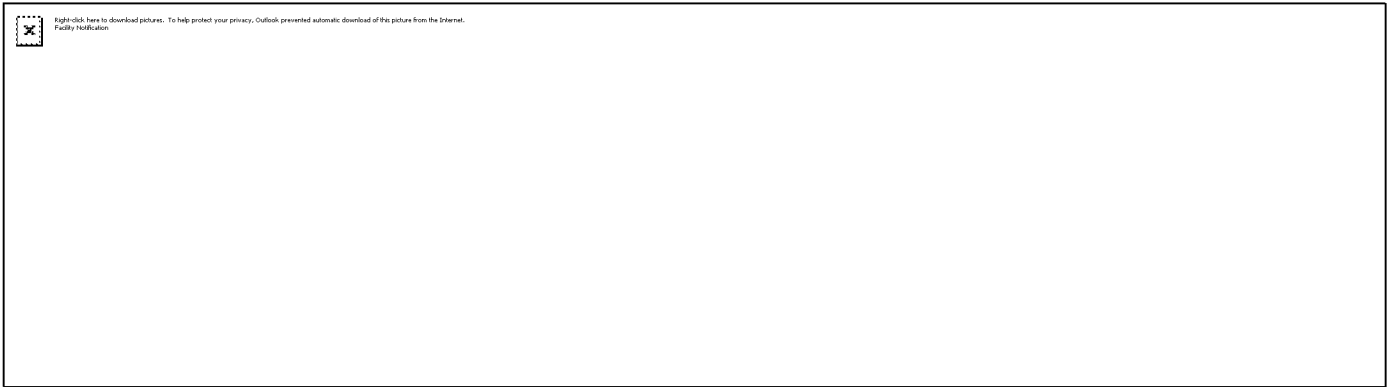

According to the Clean Air Council, the average American throws away enough paper each year to build a 12-foot wall from Los Angeles to New York City. Consider going paperless by saving documents and manuals on a common server instead of handing them out in hard-copy form. If you must print a multi-page document, be sure to use the double-sided printing feature.

**Cc:** VanOtteren, Bruce (DNR); Shekter Smith, Liane (DEQ)  
**Subject:** RE: Facility Notification: Flint State Office Building

I have several questions about this matter. Why does "public traffic" deserve a higher consideration than concern for state workers? How does that reasoning appear to state employees? A visitor may take one drink of water from this site in their lifetime. State workers (like any employees) may get half of the water they consume each day at their place of employment. Which group faces the greater health risk from drinking water in state occupied premises? Are other state owned/occupied facilities in Flint being provided with the same service? How about a Secretary of State's offices or the DHS facilities? Are there any state correctional facilities that receive drinking water from Flint?

What would DTMB have done if the problem had occurred in Lansing? Would the state of Michigan be providing bottled water or an alternate supply of drinking water to all of the state owned or state employee locations that receive Lansing drinking water and allow public access? Who would make that decision? Why wouldn't that decision maker seek the advice of the Office of Drinking Water and Municipal Assistance before deciding? Would it be building by building or one decision be made for state facilities?

How does this action by DTMB impact the answer when ODWMA district staff are asked by others in the media or from the general public about whether Flint residents should continue to consume Flint's drinking water with elevated disinfection byproducts? No doubt it will make it more difficult from a perception standpoint for ODWMA staff.

If this matter were about an acute health threat, such as E.coli or nitrates, then I would applaud the decision. But when we are dealing with a chronic health threat in a community water system, I think the appropriate action is to ensure public awareness and education, establish a reasonable compliance schedule, and allow individuals to make personal choices if they wish. And if someone like GM or the State of Michigan decides to implement such measures as supplying an alternate water supply for a chronic health threat that should be of a limited duration, fine, but it should be uniformly implemented.

If DTMB would like to meet to discuss this issue and procedures for communication and possible actions in future, similar events, we would be willing to participate.

Jennifer,

I spoke with Jeanette this morning. She informed me....given that this state building has high public traffic (Flint citizens); it was felt prudent to offer an alternative supply of drinking water to citizens entering the building. Jeanette asked me what should be expected with the next round of samples (March time-frame). I explained to her how compliance with TTHMs is determined (based on a running annual average of 4 quarters) and the public notification requirements. The city's next round of samples will be collected around the 3<sup>rd</sup> week of Feb; however, regardless of sample results, compliance with the TTHM MCL will not be re-achieved due to the high levels detected last summer. Although the city will remain out of compliance, (primarily based on the previous results), the November sample results were substantially lower (7 of 8 locations below the MCL). We anticipate that most (if not all) locations will be in compliance with the February monitoring. The city; however, needs to make a diligent effort to convey TTHM status to their residents as soon as possible after new results become available (regardless of compliance status). Jeanette will pass this information on.

Flint water is unsafe.

## IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

### City of Flint Did Not Meet Treatment Requirements

Our water system was recently found to be in violation of a drinking water standard. Although this incident was not an emergency, as our customers, you have a right to know what happened and what we are doing to correct this situation.

We routinely monitor for the presence of drinking water contaminants. Samples were collected for total trihalomethanes (TTHM) analysis from eight locations on a quarterly basis (May 21, August 21, and November 20 of 2014). The average of the results at ANY of the eight locations must not exceed the maximum contaminant level (MCL) for TTHMs, otherwise our water system exceeds the Maximum Contaminant Level (MCL). The standard for TTHMs is 80 ug/L. The location reporting the highest TTHM level was 99 ug/L, thus, our water system exceeds the TTHM MCL.

#### What should I do?

- There is nothing you need to do unless you have a severely compromised immune system, have an infant, or are elderly. In that case, you may be at increased risk and should seek advice about drinking water from your health care provider.
- You do not need to boil your water or take other corrective actions. If a situation arises where the water is no longer safe to drink, you will be notified within 24 hours.

#### What does this mean?

This is not an emergency. If it had been an emergency, you would have been notified within 24 hours.

People who drink water containing trihalomethanes in excess of the MCL over many years may experience problems with their liver, kidneys, or central nervous system, and may have an increased risk of getting cancer.

#### What is being done?

We are currently working on solutions to correct the problem. We anticipate resolving the problem in 2015.

For more information, please contact Mr. Brent Wright or Mike Glasgow at 810-787-6537 or the Water Plant at 4500 North Dort Highway, Flint, MI 48505.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

This notice is being sent to you by the City of Flint.

CERTIFICATION: F1 S3

WSSN: 02310

I certify that this water supply has fully complied with the public notification requirements in the Michigan Safe Drinking Water Act, 1976 PA 399, as amended, and the administrative rules. Reminder to water supplier: This notice/certification must be sent to the DEC.

DEQ tests the water quarterly, but I believe the city conducts bi-weekly testing of the water. I placed a call to DEQ and will confirm the earliest date we will receive updated information on the levels in the area.

Team,

With my background in potable water I thought it would be worth sharing some information I have gained over the years to help make a plan on how to address the news release concerning the City of Flint Drinking Water. The violation in the water test samples, in this case, only requires the supplier to inform its user of the elevated contamination above the set standard. In this case it does not make the water unsafe to drink only that it could be an issue with prolonged ingestion. Given our transient population and a new notification the possibility of anyone having an issue is extremely low or DEQ would require a no drinking notice instead of MCL violation notice. Mike does have staff going to get a pallet of bottle water and we will post these notices around the building to help with the notification requirements but the problem with this violation is that it is caused in part by the chlorine the City of Flint uses to disinfect the water they supply and is essential for their safe operation, so we may be dealing with this type of notice for several months until they can adjust their operational practices. In the release it says they plan is to have it corrected sometime in 2015. My concern is what we start to provide we will probably have to continue until the

contaminant level is lowered. We are not required at this time to boil or provide any alternative drinking water but if we do I suggest we use the bigger water coolers and place one on every occupied floor by the drinking fountains along with the violation notification. With the floors under renovation that would only be 4 units maybe a couple more if we wanted 2 on a floor. One company I made contact with would rent the dispenser for \$8.00 per month and charge us \$5.50 per 5 gallon container of water when delivered. We could also choose to post the notification by our drinking fountains and do nothing else but considering the cost I would prefer setting up the water coolers. I will make contact with the City of Flint Water Plant and try to get a better date for a correction of the problem and shop a couple of other potable water suppliers for the best price. Please let me know what direction you think we should go and I will forward any other information to you as I receive it. I hope the information helps!

Thanks,  
Brian

Facility Notification

## Flint Alternate Water Resource

---

### **Date/Time:**

Monday, October 5, 2015 at 6:00 a.m. until further notice

### **Details:**

Beginning Monday, October 5, 2015, water coolers will be available in common areas on floors 1-6 of the Flint State Office Building. Although the drinking water has been tested and falls within all DEQ and EPA regulation standards, alternate water sources will be offered to accommodate all tenants due to recent concerns regarding the water supply. Water testing will continue and the alternate water source will be available until all quality concerns are addressed.

Thank you for your cooperation.

**Subject:** RE: Facility Notification: Flint State Office Building

I have several questions about this matter. Why does "public traffic" deserve a higher consideration than concern for state workers? How does that reasoning appear to state employees? A visitor may take one drink of water from this site in their lifetime. State workers (like any employees) may get half of the water they consume each day at their place of employment. Which group faces the greater health risk from drinking water in state occupied premises? Are other state owned/occupied facilities in Flint being provided with the same service? How about a Secretary of State's offices or the DHS facilities? Are there any state correctional facilities that receive drinking water from Flint?

What would DTMB have done if the problem had occurred in Lansing? Would the state of Michigan be providing bottled water or an alternate supply of drinking water to all of the state owned or state employee locations that receive Lansing drinking water and allow public access? Who would make that decision? Why wouldn't that decision maker seek the advice of the Office of Drinking Water and Municipal Assistance before deciding? Would it be building by building or one decision be made for state facilities?

How does this action by DTMB impact the answer when ODWMA district staff are asked by others in the media or from the general public about whether Flint residents should continue to consume Flint's drinking water with elevated disinfection byproducts? No doubt it will make it more difficult from a perception standpoint for ODWMA staff.

If this matter were about an acute health threat, such as E.coli or nitrates, then I would applaud the decision. But when we are dealing with a chronic health threat in a community water system, I think the appropriate action is to ensure public awareness and education, establish a reasonable compliance schedule, and allow individuals to make personal choices if they wish. And if someone like GM or the State of Michigan decides to implement such measures as supplying an alternate water supply for a chronic health threat that should be of a limited duration, fine, but it should be uniformly implemented.

If DTMB would like to meet to discuss this issue and procedures for communication and possible actions in future, similar events, we would be willing to participate.

**Subject:** RE: Facility Notification: Flint State Office Building

Jennifer,

I spoke with Jeanette this morning. She informed me....given that this state building has high public traffic (Flint citizens); it was felt prudent to offer an alternative supply of drinking water to citizens entering the building. Jeanette asked me what should be expected with the next round of samples (March time-frame). I explained to her how compliance with TTHMs is determined (based on a running annual average of 4 quarters) and the public notification requirements. The city's next round of samples will be collected around the 3<sup>rd</sup> week of Feb; however, regardless of sample results, compliance with the TTHM MCL will not be re-achieved due to the high levels detected last summer. Although the city will remain out of compliance, (primarily based on the previous results), the November sample results were substantially lower (7 of 8 locations below the MCL). We anticipate that most (if not all) locations will be in compliance with the February monitoring. The city; however, needs to make a diligent effort to convey TTHM status to their residents as soon as possible after new results become available (regardless of compliance status). Jeanette will pass this information on.

## Flint Water Advisory

---

### Date/Time:

Effective Wednesday, January 7, 2015

### Details:

The City of Flint recently sent out the attached notice regarding violations to the drinking water standards. While the City of Flint states that corrective actions are not necessary, DTMB is in the process of providing a water cooler on each occupied floor, positioned near the water fountain, so you can choose which water to drink. The coolers will arrive today and will be provided as long as the public water does not meet treatment requirements.

DTMB Energy Tips

Since we spend about 40 hours a week at our workplaces, isn't the office the best place to try out some new energy-saving tricks? The Energy Information Administration estimates that if commercial and industrial buildings improved their energy efficiency by 10 percent, our economy could see yearly savings of nearly \$20 billion.

**Subject:** RE: Phones requested by HHS and FEMA

Thanks Jeanette,

We are getting 5 new phones up to the Flint SOB tomorrow (1-29-16). These phones will be configured and usable out of the box. We can set them up where needed or give them to Brian as he has installed a few of the phones himself in emergency situations.

Just an FYI on the total amount of phones-As of today there are 14 phones being used for the ECC and assorted other people working on the water issue. These 5 new phones will make the total 19 phones.

Thanks,

Tom Hengesbach

**Subject:** Phones requested by HHS and FEMA

Hi Team,

An on-site request has been made for a few more desk top phones to be utilized at the Flint Facility on the 5<sup>th</sup> floor. Tom Hengesbach sent 5 up a few weeks ago but the couple that was left was used for the request today. It looks like the team on site will request at least 3 more. The ones Tom sent are plug and play and appear to work great. Should the on-site team request through you or could they get a few more??

Thanks,

Brian Walts

**Subject:** RE: Help for Flint

I told Tom Weston this morning that we could possibly help in the following ways:

- Volunteer labor (distribute water/filters, cleanse and organize data, other)
- Lead pipe identification (maybe.....we might be building a system for this. I am getting more info.)
- Develop data collection systems (unstructured data, multiple sources, data quality/reliability, etc.)
  - Household data on pipes, filters, water tests
  - Public health data on lead poisoning case management
- Analyze data
- Program management
  
- Social Media sentiment analysis to supplement the JIC and Mercury LLC (not directly solving the problem, but could help in managing the situation, setting priorities, or developing communication plans)

We want to understand where the needs are, and then see how we can help. I'll work with Tom, and anyone who contacts me from the SEOC. Please guide me so we can be most helpful!

**Subject:** Flint Parking Ramp  
**Importance:** High

Hello –

Could someone check with all individuals working on the Flint Water Emergency to locate owners of vehicles parking in employee paid spaces?

The owner for picture below? They are parked in #156 customer's reserved space. The car needs to be moved to the upper level of the ramp.

We also have a car parked in space #13 that plate number [REDACTED] IAN MICHAEL MYERS who works with DHHS in Grand Rapids, vehicle also needs to be moved.

We appreciate any help you could provide.

Thank you –

**Subject:** RE: Flint Parking Ramp  
**Attachments:** Flint Level 3.pdf; Flint Level 4 with VTS (1).pdf

Parking is available at identified locations on floors 3 and 4, if taken they need to move up to the top floor of the ramp.

I was told that we are at max on the parking, so any additional personnel showing up will need to pay to park at the city lots.

Jeanette

**Subject:** Laptop for Flint Water Response

Jeanette,

I just wanted to follow up on the voicemail I left you. You received a laptop from our inventory over the weekend for the Flint Water Response with the Service Tag listed below. I am not sure how long this will be needed or if it will be returned so I want to make sure that a physical Inventory is completed.

Please make sure this device is inventoried in your name or someone you designate as the custodian for the equipment. I created a physical Inventory spreadsheet for you to complete. Please complete the HRMN ID, Last Name, First Name, Telephone Number, and Agency fields and send the spreadsheet to me and Kris Wang (DTMB) at [wangk1@michigan.gov](mailto:wangk1@michigan.gov)

Service Tag: D8WCDS1

Thank You

Samantha Swenson

Thank you,

Do I need to use the same credit card every time they need the dumpster emptied?

It would be easier just to bill.

Let me know.

Thanks

**Subject:** Flint Parking Ramp

Hello --

Could someone check with all individuals working on the Flint Water Emergency to locate owners of vehicles parking in employee paid spaces?

The owner for picture below? They are parked in #156 customer's reserved space. The car needs to be moved to the upper level of the ramp.

We also have a car parked in space #13 that plate number [REDACTED] IAN MICHAEL MYERS who works with DHHS in Grand Rapids, vehicle also needs to be moved.

We appreciate any help you could provide.

Thank you –

**Subject:** Re: Flint response - Translation services

Hey Jeanette,

I've heard more from Linguistica. They've said as follows:

"Pricing will be based on the contract rates for all Standard requests.

The expedited time frames are as follows:

Standard Request

0 to 500 words document (48 hours turnaround)

501 to 3000 words document (72 hours turnaround)

>3000 will need to be evaluated to provide completion time frame.

Do you have any idea on the expected volume / frequency of requests?

Rush orders can be completed within 24 hours as long as word count is less than 500 words. Rush requests will be priced higher based on document specs as well as formatting / editing requirements."

If we had a sample document, we could get a particular quote (assuming it's similar things needing translating repeatedly).

Hope this helps further,

Will Camp

**To:** Camp, William (DTMB)  
**Cc:** Falik, Tom A. (DTMB)  
**Subject:** Flint response - Translation services

FYI. Please follow up directly with Jeanette if Linguistica confirms rapid timeframes and pricing.

---

**From:** Doll, Jeanette (DTMB)  
**Sent:** Tuesday, February 2, 2016 7:13 PM  
**To:** Cook, Rebecca (DTMB) <[CookR6@michigan.gov](mailto:CookR6@michigan.gov)>  
**Subject:** RE: State of Michigan Contract Question

Rebecca –

LARA was able to send the documents for translation – it will take 2 – 5 days for each document. But they would be interested in in another company, especially if they provide a quicker turnaround time.

**Subject:** FW: State of Michigan Contract Question

Jeanette

There is a statewide contract for translation services. The buyer (Will Camp) and the Services Division Director (Tom Falik) are copied. Will can confirm whether the phone number for rushes operates outside of business hours. Linguistica may be able to fulfill any future needs for the SEOC.

Did they already take care of the need over the weekend for Hmong and Mandarin?

**Subject:** RE: State of Michigan Contract Question

Dear William,

Yes, we are able to assist with document translation for over 250 different languages. Our services are available with advance notice as well as rush translations.

For both advance notice and rush translations please email your document to [translations@linguisticainternational.com](mailto:translations@linguisticainternational.com)

For rush translations you should also call us at (866) 908-5744 option 1 and ask to speak with Francia Delgado ([francia@mylinguistica.com](mailto:francia@mylinguistica.com)) or Miguel Tenorio ([Miguel@mylinguistica.com](mailto:Miguel@mylinguistica.com)) the translation coordinators in charge of your account. By calling them you are ensuring that your expedited need is clearly understood and we can quickly give you a completion timeline.

Let me know if you have any questions. We will be happy to expedite any of your translation requests.

Thank you,

**Sabrina Morales, MPA**

**Subject:** State of Michigan Contract Question

Good Morning,

I am reaching out today with a couple questions. Given the water issues in Flint, which have made national news, the State has additional translation needs. Various documents, including water filter instructions may need to be translated into a variety of languages for the residents of Flint. The State would need services provided with both standard and expedited lead times and a 24/7 contact for the Flint response teams. Are these items Linguistica could provide, and if so what languages could be provided? More details will be provided as we discuss further.

I look forward to hearing from you,

Yours,  
Will Camp

**Subject:** Dock Access

Jeff,

There are three guys here from Logic dealing with the water issues here in Flint. These gentlemen are going in and out of the dock on a regular basis to load/unload equipment and supplies. They have asked if it is possible for them to get access to the dock door added to their cards. Mike said that he is okay with it as long as you are okay with it.

The three guys are

Name: Card #  
Ryan Goodson -  
Greg Giaunetti – 84959  
David McVean - 81946

Thank you,

**Subject:** RE: Dock Access

I just did so. I am fine either way (direct request or from SEOC). Would you prefer that a request like this be directed to you first?

Thanks,

Jeff

**Subject:** Dock Access

Jeff,

There are three guys here from Logic dealing with the water issues here in Flint. These gentlemen are going in and out of the dock on a regular basis to load/unload equipment and supplies. They have asked if it is possible for them to get access to the dock door added to their cards. Mike said that he is okay with it as long as you are okay with it.

The three guys are

**Subject:** Rental Information

Good morning Janet-

I have attached all of the active contracts for the rental units you are still currently in. I have also attached the insurance requirements in order to provide your own insurance on the rentals. Please let me know if you have any questions or concerns about that. I do need it by the end of the day tomorrow or I will have to put our insurance on file and bill it at a cost of \$10 per day until we receive your insurance. Again, let me know if you have any questions or concerns. Have a great day!

Warm regards,

**Taylor Brown**  
Penske Truck Rental  
Branch Rental Manager

Dear Insurance Agent:

The following are the requirements of Penske Truck Leasing Co., L.P. for a certificate of insurance:

**VAN/CUBE/STRAIGHT TRUCKS:**

- \$1,000,000 combined single limit coverage
- \$75,000 physical damage insurance
- Penske Truck Leasing Co., L.P. and its partners are listed as additional insured and loss payee for all vehicles leased and / or rented.
- **(THE ABOVE STATEMENT MUST BE IN THE DESCRIPTION SECTION ON THE INSURANCE CERTIFICATE)**

**TRACTOR / TRAILER:**

- \$1,000,000 combined single limit coverage
- \$125,000 physical damage insurance
- Penske Truck Leasing Co., L.P. and its partners are listed as additional insured and loss payee for all vehicles leased and / or rented.
- **(THE ABOVE STATEMENT MUST BE IN THE DESCRIPTION SECTION ON THE INSURANCE CERTIFICATE)**

The policy number and the expiration date must accompany all of the above information.

The certificate holder will be Penske Truck Leasing Co., L.P. at the address listed below:

Sincerely,

**Ryan Cousineau**

Ryan -

Can you call Dave G. 989 701-9053 and get the Penske truck # with the flat tire at their facility and then call for service 800-526-0798 to have it repaired?

Thank you

Jeanette

**Subject:** Need Adobe Pro ASAP - S63919YLRH12  
**Importance:** High

Good morning,

DHHS is requesting we install the current version of Adobe Pro as soon as possible for Jennifer Eisner, S63919YLRH12

Jennifer reports to the DHHS director, and is in need of this software to do some redacting while preparing documentation for the Flint Water Crisis.

I will follow up with either an ITRAC (if the agency intends for her to keep it permanently), or a request to remove it as soon as it is no longer needed for this situation.

As always, thank you for your prompt attention to the agency needs.

**To:** Forstat, David (DNR)  
**Subject:** Calendar Sharing

Afternoon Dave,

I have been working with Jeff Stampfly and Jason Stephens on getting an incident calendar up and running for the IMT. Jeff got one going but then we can't share with more than 1 or 2 people at a time. At the moment I have populated the FMFM calendar with the people and dates I know of.

Jason is wondering if you know how or who to contact to allow an IMT calendar to be posted so all team members (logistics, IC, Comms) can add/edit their own dates while allowing District supervisors, Fire supervisors, Debbie, etc to look at who is scheduled for planning purposes. See the screen shot below.

We tried to use the fire application in citrix earlier this afternoon but we can only look at one person's schedule at a time and the qualifications are not correct . . .so we would need all that fixed before it could even be populated. We are just looking for a quick fix.

I am at the Wyman office if you need to talk.  
906.341.8463  
Thanks, Jennifer

Hi Tim –

This email is in response to a voicemail message I left you the first week of January regarding IT coding and an index for the Flint water emergency. I am compiling a list of DTMB expenses to-date in response to the water emergency and was wondering if you could provide expenses reported for any IT related purchases and/or overtime. We began working on the emergency on January 6, 2016 with the activation of the SEOC.

The attached spreadsheet is what I am using to track employee time. If you have any questions, please let me know. If you do not have any expenses, please reply to this email with a note.

Thank you –

Jeanette

4	<p>Patented second-generation reverse osmosis technology which turns tap water into healthier drinking water by removing up to 99% of almost all known water-borne contaminants; plus, cuts the water wastage common to traditional reverse osmosis systems by up to 82%. Produce 52 gallons of purified water per hour. Installing just 38 of our units in Flint would deliver the 100,000 residents two liters of totally clean water every day - meeting their basic daily human health need for drinking water. Reverse osmosis technology purifies water by forcing untreated water through a semi-permeable filter or 'membrane'. Bluewater membranes will block toxic metals and chemicals down to 0.0001 micron (that's 500,000 times smaller than a human hair). Our technology also delivers water 'on-demand', which means no need for a holding tank.</p>

Good morning Tina and Bill,

I want to thank you again for all of your advice and guidance on the warehouse operational times. It's so helpful! Can you tell me what your hours are? We are just about there in finalizing our plans. Please see the attached plan that we have drafted up. Let me know your thoughts and also edit your hours as well if I have them incorrect. We have room to be open more often as well, but I didn't want to immediately start off with too many hours until we got a feel for how busy we would be.

Tomorrow we are going to be open from 12-6, but we are not publicizing it just yet as we do not have all the equipment and supplies we need to run a warehouse. But we wanted to be open to receive only, just to give you and us a little relief as Saturday's tend to be our busiest times for the loose donations.

Lastly, your trucks have been extended for a couple of weeks. Please keep us posted if you experience any difficulties with them or you no longer need them.

Thanks again for your help.

Hi Wendy,

The Saturday set up sounds great. Mondays and Fridays from 1:00 p.m. to 4:30 p.m. would work for us. Our trucks all leave out in the morning so we have an opportunity to take in trucks really up until 1:00 then in afternoons we have a store pick up program and orders to pull. 4:30 p.m. is when we close you could certainly extend that if you need to.

Let me know what you think.

Thanks

Kathy –

Please provide regular and overtime worked by OIP employees on the Flint water response effort and enter it on the attached spreadsheet. I have my hours recorded already as my time began January 6. No sure about the regular time, but it is best to provide it now.

If you could provide this on Monday, I will work with Dane on the financials.

Thank you

Jeanette

Good morning Janet-

I have attached all of the active contracts for the rental units you are still currently in. I have also attached the insurance requirements in order to provide your own insurance on the rentals. Please let me know if you have any questions or concerns about that. I do need it by the end of the day tomorrow or I will have to put our insurance on file and bill it at a cost of \$10 per day until we receive your insurance. Again, let me know if you have any questions or concerns. Have a great day!

Warm regards,

**Taylor Brown**

Thanks Jeanette. It looks like the only duplicate is the Lead Water Fact Sheet.

Best,  
Karen

Right now, we have translation requests in for various documents to be translated into Arabic, Spanish, Mandarin and Hmong. Based on the current Flint Water website update under "Resources," there is at least one document that is being translated twice (once by DTMB and once by our vendor).

Who at DTMB can I coordinate with to know what has been requested for translation and into what languages so we can avoid duplication going forward?

Karen

Ron –

All requests DTMB has received have been vetted through the Logistics Chief from the JIC and DHHS. LARA (Karen Towne) mentioned that they had a company to provide translation services, but that the turnaround time was longer than what DTMB was providing. DTMB received a request last night from DHHS and before I accepted the resource request, spoke with LARA to see if they should work on the request or DTMB. The decision was made for DTMB to fill the request.

Please let me know if all requests should be sent to LARA. If so, I will make sure all DTMB representatives at the desk are aware of the process.

Jeanette

Thanks Ron.

Jason means that I have been tapped to coordinate the translations and we already have a number of docs in the pipeline. However, I noticed that there appears to be some duplication of efforts so if Jeanette can provide me with whomever at the JIC has been requesting Spanish translations (up until now), that would be great as I need to coordinate with that person. Also, we'd ask that no one request further translation of documents without forwarding to me as I have a master list of what has been requested so far.

Best,  
Karen

To the JIC -- please see the below email re translation of documents. We would like to try to avoid duplicating our efforts. Can you please let me know who is working on the Spanish translations, as we also have another organization working on them too.

Best,  
Karen

**Subject:** Re: Flint Water Website - it changed?!

Hi Meegan,

I was asked to coordinate the translation of documents into the various languages. We now have a system in place to have docs translated into Spanish, Arabic, Mandarin and Hmong and there are a number of documents in the pipeline being translated.

When I looked at the revised Flint Water resources where the translated documents are, I noticed at least one (Lead in Water Info Sheet) that has been translated into Spanish. I am also having it translated - per a request.

In order to not duplicate efforts, can we just use one source for translations? Who else is getting Spanish translations?

Finally, the current system will be that I will send Jason the translated doc and he will arrange for it to go on the website. If there is someone I should work with directly for this, please let me know.

Thanks!  
Karen

Hi Jason,

Do you know why the Flint Water website changed? The translated docs are no longer in the bottom right corner. They are now under "Resources".

Additionally, some of the docs that were already translated into Spanish are now gone.

Can you find out what happened?

Karen

**Subject:** RE: Armed Guard Deployment - Second Flint warehouse

Because we have State employees working as armed guards (MSP), we are required to get approval from the Civil Service Commission to hire outside of the State Classified Service. I can justify a one month emergency purchase order based on short term/temporary/intermittent needs as long as we stay under 832 hours. For a longer term, we need to show a cost savings for contracting the service, otherwise Civil Service will deny our request.

**Importance:** High

Rebecca - We will handle the immediate request as an emergency purchase order. But we have CS138 issues with guard service.

Jeff -- There is no pricing mentioned in this request. I need a cost estimate for the first month of service so I can enter an emergency CS138 ASAP.

Denise

Do you plan on executing this as an emergency purchase order? Or do you want us to research the possibility of whether it can be added to a current contract?

Will you be working with DK to negotiate rates again? Hopefully \$43/hr or lower.

Please let me know if you have questions.

Thank you.

Rebeca

**Subject:** Armed Guard Deployment

**Importance:** High

Matt,

Request was received today to deploy an armed security guard for a second warehouse facility in the Flint region. Could you please coordinate deployment of an armed guard as per the following details? Advise if you have any questions or require any additional details. Please confirm assignment at your earliest opportunity.

Start date/time: Mon. 2/8/16 1900hr

Hours of Operation: 1900 – 0700hrs Sun – Sat.

Duration: Month-to-month

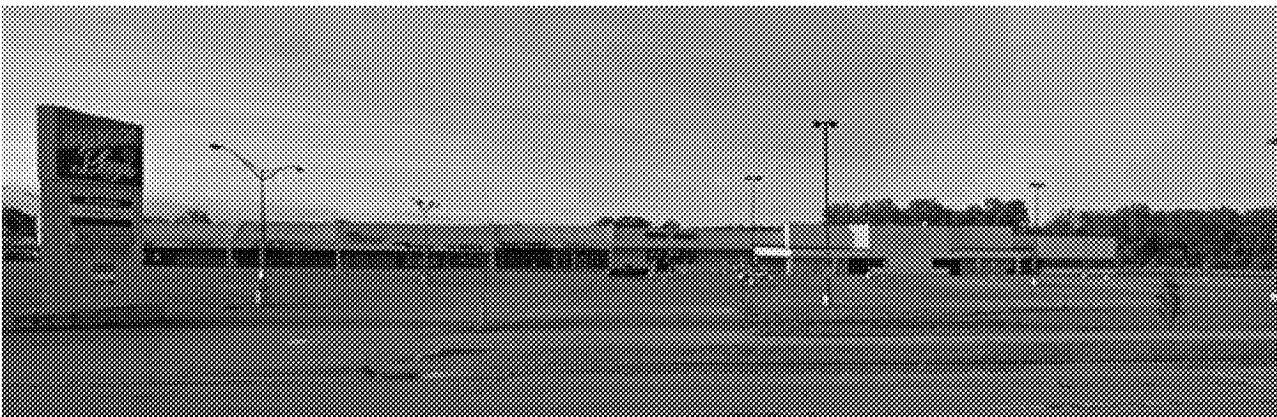

Location: Former Kroger store in Hallwood Plaza Northwest corner, 2629 W. Pierson Rd

Post Order: Patrol warehouse interior to deter, detect and report suspicious and/or criminal activity.

Post Confirmation: Call made to DK Command Center start/end of shift and hourly while on duty

Incident Reporting: suspicious/criminal activity - 911

Uniform & Equipment: Standard uniform, side arm, cellphone and flash light (Maglite Baton type 600 Lumens min. or equal).

Thanks,

Jeff

Check Processing: In accordance with Federal Reserve Board guidelines, when you provide a check as payment, you authorize us to use information from your check to make a one-time electronic fund transfer from your account or to process the payment as a check transaction. When we use information from your check to make an electronic fund transfer, funds may be withdrawn from your account as soon as the same day we receive your payment and you will not receive your check back from your financial institution. For further information visit: [www.electronicpayments.org](http://www.electronicpayments.org) and click on the Check Conversion tab.

If service is canceled during a billing cycle, the customer will remain responsible for all charges, fees and taxes through the end of the billing cycle. There will be no proration of billing, and the customer will not be entitled to a refund for the period between the notice of termination and the end of the current billing cycle. This provision will not apply if it is contrary to a current franchise agreement, municipal contract, or other written contract applicable to this account or is otherwise prohibited by law.

The Company reserves the right to require that payment for services be made only by check, credit card or money order, unless otherwise required by contract or applicable law.

**Subject:** Dock Access

Jeff,

There are three guys here from Logic dealing with the water issues here in Flint. These gentlemen are going in and out of the dock on a regular basis to load/unload equipment and supplies. They have asked if it is possible for them to get access to the dock door added to their cards. Mike said that he is okay with it as long as you are okay with it.

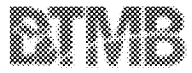

The three guys are

John,

The mailbox is created. However there was a problem with the 2pm FIMsync which we are working on. So no one in the cloud is going to be able to see the mailbox and I haven't been able to migrate it yet. I will let you know when we get that fixes and can get it migrated to the cloud.

**Subject:** RE: Records Manager Install

Hello,

I don't believe we don't have any other outstanding tickets to rush.

Barbara's security is set up so once the software is in place she can start using it after double checking the dataset. If there are any questions on doing this, please give me a call...

I also just double checked with Andrew Banas and he has the software installed (he was a priority processing from last week and I wanted to make sure that was done). Michael or Kate might want to double check with him on using the system and setting up favorites for whatever they are doing (i.e. orientation).

Thank you for doing this!

Sincerely,

Sean Evans

**Subject:** Records Manager Install

Hello,

I have activated a new seat in Records Manager for Barbara Schaibly, however an install needs to take place on her machine to use the software. I have issued a Remedy ticket for this, however I have no ability to up the priority of the install and it was indicated that this was a rush. Can you assist me with this?

**Subject:** FOIA request from the Detroit Free Press, RE: Flint water

### **Request for Public Record**

#### **To: FOIA Coordinators via email**

I am a person as defined under Michigan FOIA. Please accept this correspondence as a request pursuant to the Michigan Freedom of Information Act (FOIA) Michigan Compiled Laws §15.231 to §15.246 *et seq.*, the Michigan Constitution and common law, and the U.S. Constitution, for certain public documents hereinafter specified.

**Date of Request:** 2/4/16      **Time:** 4:40 p.m. via email

**Person Requesting Record:** Matthew Dolan      Phone: 313-223-4743

**Mailing address:** Detroit Free Press

160 W. Fort Street

Detroit, MI 48226

**Email Address:** [msdolan@freepress.com](mailto:msdolan@freepress.com)      **Fax:** n/a

#### **Delivery Specifications:**

**Please select the quickest form to be able to view the documents:**

☐ **Email:** to requestor at the email address above if possible, and if not please mail to the address above.

☐ **In-office Inspection:** Please contact me with an acceptable contact, time, and date when I may appear for inspection and possible scanning of documents.

☐ **Pick-up:** Please contact me with an acceptable contact, time, and date when I may pick up the documents.

**Auditor or Attorney:** \_\_\_\_\_ **Contact:** \_\_\_\_\_

**Media Specification:** Paper Copies or Email attachment less than 20 MB, CD-ROM or DVD, unless certain records are not available in computer format, in which case response by fax or in-person viewing is preferred

**Records requested:** The records and documents I am requesting are all those relating to:

Copies of the documents, including but not limited to emails already requested by and provided to Progress Michigan or those associated with the organization related to any and all discussion of Flint's water supply,

including but not limited to contaminant such as lead and copper in the water as well as any and all discussion of Legionnaire's disease in Genesee County, Mich.

For the purposes of this request, the term "**you**" or "**your**" refers to public body generating or maintaining the public records requested in this request, and to which this request is directed, whether that be an agency, municipality, office, county, or any other entity subject to disclosure under this act; the term "**records**" refers to all documents, regardless of physical form (including without limitation papers, reports, notes of telephone conversations, telephone call messages, studies, proposals, indices, letters, messages, faxes, minutes, logs, journal entries, calendars, and computer-based or computer-generated materials including e-mail, or any other documentation of any kind of any and all kind) of or belonging to any department, agency, service area, board or other subdivision of the public body. "Records" shall include drafts of records to the extent permitted by law; The term "**email**" includes any electronic message and any attachment to any such message, and specifically includes emails sent or received by an officer, agent, or employee using an email address other than that person's official government issued email address if sent or received while on duty, using a government computer, in a government building, sent or received using a government contact list, or other using any other government resource.

Michigan law requires you to respond to this request not more than five (5) days from your receipt of this request, but you are asked to expedite this request if possible. If this request is sent by fax or email, the time to comply begins the day after the faxed request is sent to you. If your agency does not maintain these public records, please let my designated auditor know who does, and include the proper custodian's name and address. If this fax request does not go directly to the office of the FOIA coordinator, you must deliver it there immediately. If you deny any part of this request, please indicate the name and position of the person too who an appeal should be directed prior to instituting suit, so that needless litigation in which costs, damages, and attorney fee may be taxed against you might be avoided.

Take notice of the penalties and consequences for failure to comply with this request: Willful violation of FOIA by refusing to disclose or delaying in disclosing or providing copies of a public record, may result in the court awarding in addition to any actual or compensatory damages, award punitive damages in the amount of \$500 to the person seeking the right to inspect or receive a copy of a public record. Reasonable attorneys' fees, costs, and disbursements" will be awarded to any person who prevails in an action to compel disclosure under MCLA § 15.240. If the requesting person only prevails in part, "the court may, in its discretion, award all or an appropriate portion of reasonable attorneys' fees, costs, and disbursements.

Because of the civic educational purpose of this request, I request a fee waiver and ask that you determine that a waiver or reduction of the fee is in the public interest because furnishing copies of the public record can be considered as primarily benefiting the general public." MCLA § 15.234(l)

I agree to pay any reasonable search, copying, and postage fees of not more than \$2.00. If the cost would be greater than this amount, Please immediately contact me by telephone or email if you anticipate that the costs will exceed this amount, so as not to cause delay in the prompt disclosure of the records requested. I may appear in person to inspect the documents on scan them using my portable equipment. Please provide a receipt indicating the charges for each document. The Michigan FOIA law provides that, "A fee shall not be charged for the cost of search, examination, review, and the deletion and separation of exempt from nonexempt information as provided in section 14 unless failure to charge a fee would result in unreasonably high costs to the public body because of the nature of the request in the particular instance, and the public body specifically identifies the nature of these unreasonably high costs. MCLA § 15.234(3).

If the documents I have requested are not subject to disclosure in their entirety, I request that you release all nonexempt portions of the documents that may be segregated and all parts of the documents that can be rendered disclosable by redaction without fee. If you determine that any of the requested documents fall within a statutory exemption, I request that you exercise your discretion to disclose those materials because of the overriding public concern about the improper use of government email systems and resources to further political agendas. As to any portion of the documents that you withhold, please state with specificity the legal and factual basis for withholding such portion. To the extent that you are unable to produce copies of or otherwise make available all records requested within the time frame provided, please notify my auditor in writing and provide me with those records that are available within the prescribed time frame and the remainder of the records on a "rolling" basis as they become available for production.

I appreciate your anticipated prompt cooperation and will expect your response within 5 days, as required by the act. If you need further explanation of the details or the nature or scope of this request, please feel free to call me or my designated auditor or attorney specified above using the contact information provided.

**Subject:** RE: Records Manager Install

Hello,

I don't believe we don't have any other outstanding tickets to rush.

Barbara's security is set up so once the software is in place she can start using it after double checking the dataset. If there are any questions on doing this, please give me a call...

I also just double checked with Andrew Banas and he has the software installed (he was a priority processing from last week and I wanted to make sure that was done). Michael or Kate might want to double check with him on using the system and setting up favorites for whatever they are doing (i.e. orientation).

Thank you for doing this!

Sincerely,

Sean Evans

**Subject:** Records Manager Install

Hello,

I have activated a new seat in Records Manager for Barbara Schaibly, however an install needs to take place on her machine to use the software. I have issued a Remedy ticket for this, however I have no ability to up the priority of the install and it was indicated that this was a rush. Can you assist me with this?

**Subject:** Genesee County Clio Road Redeployment

The MDHHS office in Genesee County at Clio Road is experiencing water pressure problems. These problems are a result of a water main break in the area. Crews are currently working on the situation but do not have an estimated time of recovery. Staff have been given the option to utilize annual leave or to redeploy to the Flint State Office Building, or the Flint MRS facility. A sign has been placed on the door directing clients to the State Office Building for immediate service or online at MiBridges.com or 1-888-642-7434.

**Subject:** RE: Bluewater water purifiers help Flint

Did anyone reach out to the vendor or center? DTMB Procurement Office would like to make note in case the vendor reaches out to them again.

Could we have someone look into the water purifier (attached) to see if it meets NSF standards? The unit was already installed in a couple locations within Flint (below) and would like to make sure the unit will not need to be replaced.

Thank you –

Jeanette

Jeanette

As we previously discussed, you are my contact to triage and route external inquiries. Bluewater called me this morning, and I requested an email with more information.

It is unclear to me whether this unit meets the standards used for the faucet water filter sourcing. Can a resource be identified to check? If not, someone may want to consider reaching out to the two locations that received donated units.

Thanks for routing this into the correct hands.

Rebecca

**Subject:** Bluewater water purifiers help Flint

Hi Rebecca,

It was nice talking to you this morning, we will appreciate if you can read this email and forward to related team who in charge of procurement for Flint water crisis.

Bluewater is a Swedish company that has innovated a patented second-generation reverse osmosis technology which turns tap water into healthier drinking water by removing up to 99% of almost all known water-borne contaminants; plus, cuts the water wastage common to traditional reverse osmosis systems by up to 82%.

Bluewater has been selling in the USA for the past 18 months, based out of Overland Park, Kansas, where we also have our warehouse that serves customers across the United States. We are a sister company to Blueair, which is one of the major air purifier companies in the United States, based out of Chicago.

Last week saw us donate and install two of our high performance water purifiers in Flint, Michigan, in response to their crisis as our water purifiers excel at removing lead and other toxic metals from residential drinking water. While we applaud people donating water bottles, it is only a short term solution, whereas as water purifiers are both a short-term and a long term solution.

One Bluewater Pro machine was installed at the Community Center at Catholic Charities of Shiawassee and Genesee Counties, where they serve 1,000 meals every day to local residents. The other unit was installed at Shelter of Flint, the largest shelter at Flint.

Both units were installed by Bluewater's Product Manager who traveled to Flint personally. FYI, many bottled water brands in the USA use reverse osmosis to purify their water. Using a Bluewater unit is a cheaper long-term option that also contributes to a better environment because they negate the need for plastic bottles as they deliver purifier water 'on demand'. (a side note, as you may already know, "Pepsi Admits That Its Aquafina Bottled Water is Just Tap Water, Coca-Cola's Dasani Is Next" see news of today <http://healthycures.org/pepsi-admits-that-its-aquafina-bottled-water-is-just-tap-water-coca-colas-dasani-is-next>)

The Bluewater Pro400 reverse osmosis water purifiers we donated to Flint can produce 52 gallons of purified water per hour, which means we can supply 2,700 people a total of two liters of clean water free of lead and other toxic metals every day. This translates into saving 4,800 one-liter bottles being put into the environment every day!

The compact Pro is designed for professional use, in restaurants, hotels, schools, hospitals and laboratories. Installing just 38 of our units in Flint would deliver the 100,000 residents two liters of totally clean water every day - meeting their basic daily human health need for drinking water.

Bluewater harnesses our own patented second-generation reverse osmosis technology, which removes practically all toxic contamination from tap drinking water including lead. The other contaminants we remove include other heavy metals, pesticides, medical residues, and dioxins and petro chemicals.

What also makes our water purifiers unique is that our unique technology ALSO radically increases the efficiency of water treatment, which translates into a Bluewater unit using 82% less water to generate clean water than a traditional reverse osmosis unit.

Reverse osmosis technology purifies water by forcing untreated water through a semi-permeable filter or 'membrane'. Bluewater membranes will block toxic metals and chemicals down to 0.0001 micron (that's 500,000 times smaller than a human hair). Our technology also delivers water 'on-demand', which means no need for a holding tank

As a business, we cannot afford to donate an endless number of units free to Flint, but due to the special nature of the situation (and the fact that most of us are parents of small children and have huge sympathy for those impacted by the crisis) we want to step up even more by offering Michigan State prices that are very substantially discounted. In fact, we want to offer you a one-off purchase opportunity that sees us offering you our products at the manufacturing price (i.e. we make no margin on the deal).

This would see the products we recommend you consider coming in at:

**Pro 400C-HF(high flow) ( this is the model we donated to Flint) \$1920 + shipping**

(suitable for professional use, hospitals, labs, restaurant, coffee shop, office building)

- Superior Osmosis Technology
- Direct flow, no need of tank
- Capacity up to 52 gallon per hour
- Clean water delivery rate of 52 gallon per hour

- Cleaning brackish water, up to 7500 ppm
- water quality monitor
- Calibration of cleanliness
- Advanced leak protection system
- Clean water per kWh: 433L/kWh (114.3gallon/kWh)
- Clean water rate: 222L/hour (58.6 gallons/hour)
- Dimensions: 225 x 466 x 460mm (8.9 x 18.3 x 18.10 inch)
- Weight: 29kgs (64lb)
- Water recovery rate: 60-70%

The other two models we could consider as an alternative (the only difference is that the water flow is less powerful) are:

**Spirit 300-HF(high flow) \$1350 + shipping**

Compact design that fits into any contemporary kitchen

- Designed for Municipal water
- Superior Osmosis Technology
- Capacity up to 43.2 gallon per hour
- Director Flow, no need of tank
- Extra compact Design
- Advanced leak protection system
- Clean water per kWh: 377L/kWh (99.5 gallons/kWh)
- Clean water rate: of 99L/hour (26.2 gallons/hour)
- Dimensions: 150 x 462 x 365 mm( 5.9 x 18.2 x 14.4 inches)
- Weight: 15 kgs (33lb)
- Water recovery rate: 40-60%

**Spirit 300Cp-HR(high rejection) \$1500 + shipping**

Compact design that fits into any contemporary kitchen, can connect to dish washer, coffee maker, ice machine/refrigerator

- Designed for Municipal water
- Superior Osmosis Technology
- Capacity up to 43.2 gallon per hour
- Director Flow, no need of tank
- Extra compact Design
- Advanced leak protection system
- Clean water per kWh: 377L/kWh (99.5 gallons/kWh)
- Clean water rate: of 99L/hour (26.2 gallons/hour)
- Dimensions: 150 x 462 x 365 mm( 5.9 x 18.2 x 14.4 inches)
- Weight: 15 kgs (33lb)
- Water recovery rate: 40-60%

Please do not hesitate to get back if there is anything additional information you need from us. Attached is our catalog and photo how it looks in the kitchen.

Here are two reference you can contact at Flint, they are using our donated water purifiers now for producing pure water

**Subject:** RE: Gordon Order

I have pre-approval for the state employee to come in and show their ID this one time and use our account. If they need to do this again they would need to get prior approval again. If they have any issues they can ask for Justin the store manager. We just need to make sure our account is secure.

Hope this works for you. I know she has the receipt for the coffee maker to exchange it and the manager said that wouldn't be a problem. That receipt does have our account number on it should they ask. Please make sure she keeps that receipt secure and sends me the cash register receipt so I can attach it to the invoice for payment.

If there are any other issues they can call Renee Osborne at 517-322-5519 who is the one on the account or myself at 517-284-3977.

Thank You  
Michelle

Hi Jeanette

2 options

I spoke with Marie the manager at the Edgewood store as our rep hasn't returned out call yet. She spoke with the manager at the Flint store.

Option 1: The person can go to the Flint store and have them call Renee Osborne at 517-322-5519 to get permission to use the account. If someone is going to access our account I'm sure Renee would appreciate knowing who is going ahead of time so she can approve it. I appreciate the fact that Gordon's is being a little particular as we do want our account to stay secure. Renee is only working until 5 pm.

Option 2: Have them take this tax exempt form and just use their Visa and they wouldn't need our account at all.

I would think the second option would be the least amount of hassle anytime they want to go.

Thanks  
Michelle

Hi Michelle!

Could you order the following from the Flint GFS store?

30 cup coffee maker  
1 case of coffee  
1 case of 12 oz Styrofoam cups  
12 tubes of sugar

2 boxes of coffee stirrers

Please reply to this email if you are able to place the order and when it will be available for pickup. Could you let them know that we will be exchanging a 30 cup coffee maker from our purchase on 1/24/16 that does not work?

Thank you!

**Subject:** RE: Armed Guard Deployment - Second Flint warehouse

Jeff,

After consulting with Civil Service, it was recommended we add 28 days and additional funding to the original CS138 to cover the second warehouse. We are allowed one 28 day addition to an emergency CS138. I will need to know at the end of February if this service will continue, so I can enter a short term CS138 that will not exceed 832 hours per guard.

Attached is a system print of the CS138, 071S6600046, that includes screen prints of the CS138 header and notepad. The notepad explains the advice of change to add time and money.

Please let me know if you have any questions.

**Subject:** RE: Armed Guard Deployment - Second Flint warehouse

Jeanette,

The CS138 is required in cases like this as the agency requesting the service must demonstrate the cost effectiveness to contract the services as opposed to meeting the need with an FTE. So it relates to a position and does not really take into consideration geographic location.

Hope this helps. Let me know if you still have questions.

Thanks,

Jeff

**To:** Cook, Rebecca (DTMB) <[CookR6@michigan.gov](mailto:CookR6@michigan.gov)>  
**Subject:** RE: Armed Guard Deployment - Second Flint warehouse

Because we have State employees working as armed guards (MSP), we are required to get approval from the Civil Service Commission to hire outside of the State Classified Service. I can justify a one month emergency purchase order based on short term/temporary/intermittent needs as long as we stay under 832 hours. For a longer term, we need to show a cost savings for contracting the service, otherwise Civil Service will deny our request.

**To:** Cook, Rebecca (DTMB) <[CookR6@michigan.gov](mailto:CookR6@michigan.gov)>  
**Subject:** RE: Armed Guard Deployment - Second Flint warehouse  
**Importance:** High

Rebecca - We will handle the immediate request as an emergency purchase order. But we have CS138 issues with guard service.

Jeff -- There is no pricing mentioned in this request. I need a cost estimate for the first month of service so I can enter an emergency CS138 ASAP.

Denise

Do you plan on executing this as an emergency purchase order? Or do you want us to research the possibility of whether it can be added to a current contract?

Will you be working with DK to negotiate rates again? Hopefully \$43/hr or lower.

Please let me know if you have questions.

Thank you.

Rebeca

**Subject:** Armed Guard Deployment

**Importance:** High

Matt,

Request was received today to deploy an armed security guard for a second warehouse facility in the Flint region. Could you please coordinate deployment of an armed guard as per the following details? Advise if you have any questions or require any additional details. Please confirm assignment at your earliest opportunity.

Start date/time: Mon. 2/8/16 1900hr

Hours of Operation: 1900 – 0700hrs Sun – Sat.

Duration: Month-to-month

Location: Former Kroger store in Hallwood Plaza Northwest corner, 2629 W. Pierson Rd

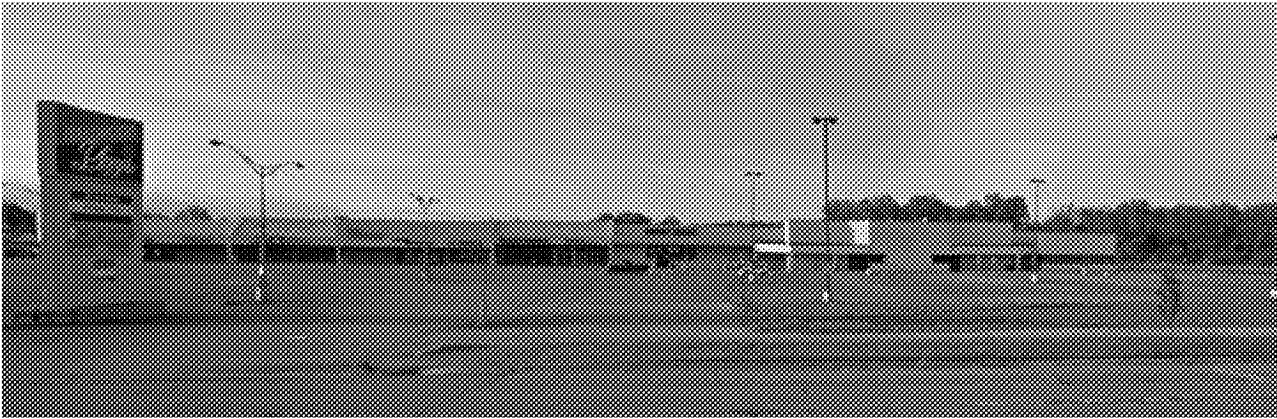

Post Order: Patrol warehouse interior to deter, detect and report suspicious and/or criminal activity.

Post Confirmation: Call made to DK Command Center start/end of shift and hourly while on duty

Incident Reporting: suspicious/criminal activity - 911

Uniform & Equipment: Standard uniform, side arm, cellphone and flash light (Maglite Baton type 600 Lumens min. or equal).

Thanks,

Jeff

**From:** Doll, Jeanette (DTMB)  
**Sent:** Thursday, February 11, 2016 6:20 PM  
**To:** Hinkley, Lori (MSP)  
**Cc:** MSP-EOC-MDTMB  
**Subject:** FW: URGENT - Records Request

**Importance:** High

Lori –

DTMB's SEOC desk has approximately 1,200 emails and documents.

Jeanette

---

**From:** Zarotney, Greg (MSP)  
**Sent:** Thursday, February 11, 2016 5:01 PM  
**Subject:** URGENT - Records Request  
**Importance:** High

The department has been directed to provide copies of all records in our possession related to the Flint water matter to the Governor's office. You are receiving this email because you have been identified as an individual who may have records that must be produced. If there are any department members who you think may be in possession of records related to Flint water, please forward this message to those members.

Records include memos, handwritten notes, emails and attachments, and text messages in your possession, regardless of who produced the record. Be sure when you search your email messages that you look in your inbox, sent box, and trash. In preparation for the production, you must estimate the number of records you have in your possession and provide that estimate to Ms. Lori Hinkley no later than **2:00 PM on Friday, February 12, 2016**.

You must then provide a copy of each record in your possession to the Legislative and Legal Resources Section no later than close of business on **Thursday, February 18, 2016**.

Members who work at Headquarters must provide paper copies to F/Lt. Chris Hawkins in the Office of the Director. Members who work at the State Secondary Complex must provide a paper copies Ms. Lori Hinkley. Ms. Hinkley is located on the second floor of the new Headquarters building. Department members who work outside of these worksites may send copies of records in their possession via e-mail to [MSP-FOIAProject@michigan.gov](mailto:MSP-FOIAProject@michigan.gov).

In addition to this initial production of records, the department is required to provide copies of newly created records on an ongoing basis. Until further notice, copies of all newly created records shall be forwarded to [MSP-FOIAProject@michigan.gov](mailto:MSP-FOIAProject@michigan.gov).

**REMINDER:** Public records can only be disposed of consistent with an approved retention schedule. As it applies to emails and text messages related to the Flint water matter, please use the retention schedule in place for general correspondence which is **two years**. Please save all emails and text messages for at least two years. Prior to expiration of the two year period you will have an opportunity to re-evaluate the content of the messages to determine if an additional retention period is necessary. If you have issues with accommodating emails based on your mailbox size, please archive them. Do not print and file them as the metadata must be retained as well.

If you have any questions with these instructions, please contact [Ms. Lori Hinkley](#).

Capt. Greg Zarotney  
Michigan State Police  
Office of the Director  
333 South Grand Avenue  
Lansing, Michigan 48909

Brent –

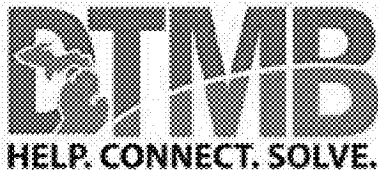

Could you provide copies of the following receipts from order placed by Ryan?

766 Hand warmers	\$999.60	Purchased 1/17
Vests	\$960	Purchased 1/21
Vests	\$1,440	Purchased 1/22
Pallet Boxes/wrap		Purchased 2/6?

Also – I was trying to find out what happened to the delivery of the pallet boxes and plastic wrap that was to have been delivered today.

Thank you

3	4252410810	<a href="mailto:recund345@gmail.com">recund345@gmail.com</a>	Roving Blue Portable Ozone Water Purification Unit	The Roving Blue Lightweight Portable Water Purification System (Roving Blue) is a very lightweight, portable water purification system that produces purified and sanitized drinking water from any fresh water source including rivers, streams, and lakes. It weighs less than 25 pounds and can purify and sanitize 190 gallons of water every 24 hours at roughly 4 cents a gallon, which equates to about a Company-sized element daily. In addition to using the water for drinking and personal hygiene, the sanitized water can be used to sanitize food, surfaces, water storage containers, and medical equipment as well as to irrigate wounds.

1	<p>Patented second-generation reverse osmosis technology which turns tap water into healthier drinking water by removing up to 99% of almost all known water-borne contaminants; plus, cuts the water wastage common to traditional reverse osmosis systems by up to 82%. Produce 52 gallons of purified water per hour. Installing just 38 of our units in Flint would deliver the 100,000 residents two liters of totally clean water every day - meeting their basic daily human health need for drinking water. Reverse osmosis technology purifies water by forcing untreated water through a semi-permeable filter or 'membrane'. Bluewater membranes will block toxic metals and chemicals down to 0.0001 micron (that's 500,000 times smaller than a human hair). Our technology also delivers water 'on-demand', which means no need for a holding tank.</p>
2	
	<p>The Citizens of Flint need more than bottled water. They need to be able to use the tainted water they are still paying for. Roving Blue gives them that freedom and a sense of hope until those old pipes are replaced.</p>
3	
4	
	<p>This is ideal ans so useful for the families with babies in Flint, Michigan, as they are relying on bottled water and bottled drinks.</p>

			6500 Gallon Water Tankers with Pumps Hoses and Valves to distribute clean potable drinking water to the city of Flint.	We can strategically position Water Tankers around the city at key public facilities and pump the water into those facilities using our own independent pumps and hoses so the water is not affected by the contaminated pipes. This solution albeit temporary is very environmentally sound as you are not polluting with millions of bottles of water and the water is clean and safe as we would be bringing it in from another municipality. This solution will afford you the time to develop a strategic plan to deal with the pipe infrastructure and reconnecting to a safe water source.

Subject: RE: Status of Schupan recycling instruction cards?

Hi Henrik, attached is the updated card. Can you look it over to make sure it is up to date please?

SEOC-lgc, this will need to go to DTMB when it has Henrick's approval ASAP.

Jeanette, just a heads up that this will be coming down the pipe.

Sorry this didn't get done sooner, I've been out since Thursday evening. Thanks

Subject: RE: Status of Schupan recycling instruction cards?

- I went ahead and ordered 3000 of the old cards for this weekend, since we have not received the updated card. They should arrive here at 8AM on Saturday just in time for this weekend's volunteer effort. We really need the updated card for next week though.

- In addition to this, I would also ask that the additional location (comcast) and operating hours be added to the information flyer (see attached).

- Please also put the Spanish language information into the format of the flyer. The other day, we received a not formatted word document from the JIC with the translated information. There is an event with the Hispanic community tomorrow and they requested Spanish-language recycling information, which we cannot provide because we do not have an official-looking document.

- I met with someone from the County Planning Commission yesterday (they are responsible for solid waste management on the county level), and they noted that there is a lack of recycling information in the Flint Water Response Team email updates. I told him that I would expect official press releases related to recycling to be mentioned in the newsletter. He suggested that information on recycling should be in those emails constantly. For example, they include a list of the water resource sites, and he suggested that we could indicate which sites serve as bottle drop offs (for example with an asterisk), and that all sites receive Pur and Brita filter cartridges.

Thanks for your help,

Henrik

Subject: RE: Recycling material update / spanish-language translation

All,

I would need another document updated for a print order. Please see the initial recycling information card attached to this email.

For the recycling locations listed on the left, we would need to add a location including operating hours. If we do that, we should also include the hours for the Fire Stations (Daily, 9AM - 9PM).

Here the additional location:

Comcast Service Center  
3008 Airpark Dr S  
Flint, MI 48507  
Monday to Friday, 10AM - 5PM  
Saturday, 10AM - 1 PM

Thank you!

Henrik

To: JICManager  
Cc: Adler, Jessi (DHHS); MSP-seoclgc; Hawks, Trevor (MSP)  
Subject: Recycling material update / spanish-language translation

All,

In preparation of a print order, we would need an updated version of the attached recycling door hanger (initially designed by Trevor Hawks):

- The Keep Genesee County Beautiful logo at the bottom of the door hanger needs to be removed (the organization has withdrawn the authorization for use of their logo on any materials that are associated with the state response).
- The information regarding sign-up for curbside recycling ("Call Republic Services at 1-800-438-0966 to have a recycling bin delivered to your door.") needs to include the following times at which the referenced hotline is available: Monday to Friday, 8AM-5PM and Saturday, 8AM-12PM.

Also, a translation into Spanish for the "HOW TO RECYCLE WATER BOTTLES AND WATER FILTERS IN FLINT" flyer attached to this document was being developed through the JIC. Is there an update on the status of a translated version yet?

Thank you very much for your help,

Henrik Hollaender

# ***Recycle.***

## ***Do The Right Thing!®***

In just three easy steps, you can help keep Flint green by recycling your used water bottles!

Fire Station 1:  
310 E 5th St  
Flint, MI 48502

Fire Station 5:  
3402 Western Rd  
Flint, MI 48506

Fire Station 8:  
202 E Atherton Rd  
Flint, MI 48507

Comcast Service Center  
3008 Airpark Dr S  
Flint, MI 48507  
Monday to Friday, 10AM - 5PM  
Saturday, 10AM - 1 PM

### **HOW TO RECYCLE**

1. When you receive your case of water, you will receive a recyclable bag.
2. Fill the bag with your empty water bottles (cap on).
3. Return the bag when you pick up your next case of water

**Subject:** DIRECTION REQUESTED: DTMB approval to install software for DHHS Blood Lead staff  
**Importance:** High

Hi Chris,

DHHS needs specific software pushed to two new staff who are working on the blood lead data for Flint as quickly as possible. The software is Lotus Approach 97 (an older relational database) and ZP4 (zip code software). DHHS is in the process of migrating to a new system but, until that migration is complete, they need to use the requested software to work with the data. We requested a standards exemption through the appropriate process; however, as I understand it, the review committee has concerns with the age of the software and the EULA. They have a meeting scheduled for tomorrow afternoon to discuss.

I'd like your direction on how to proceed. 1) receive your approval now and immediately provide the software to customers (we have the discs) or 2) wait for the meeting with the exceptions committee tomorrow afternoon and update you with the results.

Below is the an email from the customer seeking DTMB escalation.

Please let me know if you have any questions.

Susan.

**Subject:** getting DTMB to approve a software installation for new lead staff  
**Importance:** High

I am requesting an intervention at DTMB to ensure that DTMB approves our request to have Lotus Approach and ZP4 installed on the computers of

Dan Albright and Veronica Tijerina, two new staff working on our blood lead data. This is essential for our timely and accurate response to the lead poisoning problem in Flint. The blood lead surveillance data have been managed using Lotus approach for many years, and although it will be retired once the new surveillance system goes live, in a number of months, it is essential that the new staff have access to the current data management system in order to address all our issues and needs with the Flint water/lead response. In addition we are requesting an exception to have "ZP4" installed, a national file of addresses, which are used to verify and look up addresses; it is essential that we can verify the addresses of individuals reported by laboratories with their blood lead test results.

Because Lotus and DP4 are no longer a DTMB-approved applications, our request has to go to a DTMB "Exceptions Committee" meeting tomorrow. Our request is being presented to the Exceptions Committee by a DTMB staff, Nick Gates, who has been working on this, but I am requesting that MDHHS reach out to Linda Pung ([pungL2@michigan.gov](mailto:pungL2@michigan.gov)) and Susan Nordyke ([nordykes@michigan.gov](mailto:nordykes@michigan.gov)), who are higher up than Nick at DTMB, to emphasize the importance of approving this exception and getting the installation of Lotus approach and ZP4 completed ASAP, so that we can get our new Flint lead staff on board now.

Thank you for your consideration.

**Subject:** Flint SEOC - Escalation Requests

There has been a bit of confusion regarding the process for escalating requests for Flint water. ALL requests for escalation of changes, service or support, which a user indicates is related to the current Flint water efforts, are to be routed through the SEOC for approval by one of the following individuals who are familiar with the internal escalation processes and procedures which must be used.

Chris Christensen

Jeanette Doll

Ryan McKee

If you have any questions or concerns regarding this matter, please direct them to your management.

Thanks,

Brad Sterkenburg

**Attachments:** image001.gif; ATT00001.htm; Flint Water Vendors Database.xlsx; ATT00002.htm

Ryan

Could you forward this to OPS and mention as requested by captain? He wanted to review it and then task the corresponding agencies on validity of suggestions.

Thanks!

Jeanette Doll

**Subject:** Flint Vendor Database

Hello All,

I have attached the Flint Vendor Database for this week. It includes all submissions that have come in from the website and some that have come in by email. I have added a column that says where they have come in from and if a response has been sent to the vendor. I have tinted the ones that have come in by email yellow.

This report does not include all of the ones that have come in by email before the website submission form was created. I will continue working to get those added to the database.

Thank you,

Jenni Riehle

4	<p>AI's program can provide you a detailed risk analysis of the state's resources. Our program will also monitor your resource allocation of personnel, equipment and facilities not only on a daily basis, but also during an emergency situation or activation. The program provides this support using its GIS and real time situational analysis capability. AI's Disaster Recovery Resiliency Program will also guide a municipality, city or county from the initiation of an emergency response, through the closeout of a disaster declaration.</p>

	<p>Patented second-generation reverse osmosis technology which turns tap water into healthier drinking water by removing up to 99% of almost all known water-borne contaminants; plus, cuts the water wastage common to traditional reverse osmosis systems by up to 82%. Produce 52 gallons of purified water per hour. Installing just 38 of our units in Flint would deliver the 100,000 residents two liters of totally clean water every day - meeting their basic daily human health need for drinking water.</p> <p>Reverse osmosis technology purifies water by forcing untreated water through a semi-permeable filter or 'membrane'. Bluewater membranes will block toxic metals and chemicals down to 0.0001 micron (that's 500,000 times smaller than a human hair). Our technology also delivers water 'on-demand', which means no need for a holding tank.</p> <p><a href="http://www.bluewatergroup.com">www.bluewatergroup.com</a></p>	Rebecca Cook, Rebecca responded

5	Public Health, Community Outreach and Risk Communications services	<p>In the area of Risk Communication we have developed epidemiology influenced programming for disease intervention, risk assessment and risk reduction counseling testing referral and health services navigation.</p>
6	Roving Blue Portable Ozone Water Purification Unit	<p>The Roving Blue Lightweight Portable Water Purification System (Roving Blue) is a very lightweight, portable water purification system that produces purified and sanitized drinking water from any fresh water source including rivers, streams, and lakes. It weighs less than 25 pounds and can purify and sanitize 190 gallons of water every 24 hours at roughly 4 cents a gallon, which equates to about a Company-sized element daily. In addition to using the water for drinking and personal hygiene, the sanitized water can be used to sanitize food, surfaces, water storage containers, and medical equipment as well as to irrigate wounds.</p>
7		<p>6500 Gallon Capacity Portable Water All Modes of Transportation:</p> <p>Truckload • LTL • Heavy Haul / Specialized • Tankers • Expedited • Intermodal • Air • Ocean</p> <p>Transportation Management Solutions • Warehousing • Cold Chain Logistics • Emergency Transportation Services</p> <p>Parcel Shipping Analysis</p>
8	Refresh-a-Baby Water Bottle Adapters	<p>Adaptor pops on to a bottle of choice and converts almost any bottle into an instant baby bottle. Fits water bottles, baby formula bottles, many juice bottles and standard baby bottles.</p>
9	6500 Gallon Water Tankers with Pumps Hoses and Valves to distribute clean potable drinking water to the city of Flint.	<p>We can strategically position Water Tankers around the city at key public facilities and pump the water into those facilities using our own independent pumps and hoses so the water is not affected by the contaminated pipes. This solution albeit temporary is very environmentally sound as you are not polluting with millions of bottles of water and the water is clean and safe as we would be bringing it in from another municipality. This solution will afford you the time to develop a strategic plan to deal with the pipe infrastructure and reconnecting to a safe water source.</p>

	L	M	N
5	<p>From a strategic platform of Outreach and Engagement we have affected communities of color and beyond with measurable health outcome improvements by employing culturally and population sensitive strategies for Community Planning Health Promotions and Health Protection for successfully implementing Community Health initiatives.</p>	<p>In the area of Environmental Health our founding director is an Environmental Health Policy major and graduate of Tulane University School of Public Health and Tropical Medicine. In addition to her own studies she has also served as a Visiting Professor at the University of Nevada Las Vegas in the Division of Environmental Studies instructing Environmental Impact Analysis, Survey of the Environment, and Environmental Science. <i>More Information on company available by contacting Jenni Riehle with DTMB Procurement Riehlej2@michigan.gov, 517-284-7023</i></p>

		The Fontana is a reusable 275 gallon container that ships efficiently, assembles in minutes and is reusable without any cleaning. Replace the liner and refill. It fits in the back of any standard pickup and can be filled and transported to site then convenient spouts allow for quick and efficient dispersion to cans, bottles, and containers.
10	Fontana - water storage and transportation	The Aqua Multi-Purpose Ozone Generator is used to add ozone to drinking water, water for bathing, water for dental hygiene, and cleaning fruits and vegetables to help them stay fresher for longer. If this unit was used in water in Flint, once the ozone was added, it would cause the lead in the water to sink to the bottom. Thus, leaving clean drinking water on top. If the water on top was filtered, it would be perfectly healthy to drink.
11	Aqua 6 Multi-Purpose Ozone Generator	We manufacture NSF 53 compliant faucet filters with a capacity to be able to meet the needs of the current situation going on in Michigan. We also off shower filters, and countertop filters that are proven to remove 99.9% of lead contamination.
12	ATLAS A2350 Faucet filter, M1340 Showerhead prefilter	A NASA originating technology that transforms all fossil fuels (including coal) into a clean green energy source by destroying carbon and all harmful toxins inside of the combustion process without releasing any into the atmosphere, thereby preserving our most vital resources that human existence depends on - Breathable Air, Drinkable Water, and Fertile Soil.
13	Maxi-Mizer (MXM) Technology	Excavate- backfill, Install water from water stop box to house.
14	Excavate- backfill, Install water from water stop box to house.	MMF was created after 9/11 for the health of our soldiers (by world renown scientists and doctors) to protect and repair the soldier's cell and DNA damage, while in dangerous combat environments. MMF rids their bodies of heavy metal poisons and toxins. MMF repairs cell and DNA damage caused by virus caused by mosquitos and ticks, etc. MMF has 7 years of research, 14 trials, and 7 patents on it... and it is validated to be 100% safe, 100% pure, and 100% effective.
15	MMF(Military Micronutrient Formulation)	ERT- Emergency water trailer which can bag water 20,000 1 liter pouches per day. 800 BPH (800x 500 mix per hour) of 0 ppm due to vapour distillation compression.
16	ERT Emergency trailer which is ready for an immediate deployment from Toronto, Ontario, Canada. Mobile water bottling system which can be shipped from Beatrice, Nebraska.

18	Consulting on unique problem solving	Use of a Tethered Remote Unmanned Vehicle (TRUV) to clean and coat the inside of the water pipes would be a quick, inexpensive, and long term solution. Please contact me for more details
19	MECO ROWPU - 600gph The 600 ROWPU is a transportable skid-mounted water treatment system that can purify seawater, brackish water and freshwater. The unit is also capable of treating water contaminated with nuclear, biological and chemical warfare agents.	The 600 is a rating for salt water. A municipal water source can be purified at a increased rate of 50%. Our MECO, ROWPU 600gph can do 900gph. We have 6 rigs available. 900gphx20hpd equals 18,000 gallon per day times 6 rigs. We can produce 108,000 ro quality water per day. ROWPU-600gph - The 600 gph ROWPU is a transportable skid-mounted water treatment system that can purify seawater, brackish water and freshwater. The unit is also capable of treating water contaminated with nuclear, biological and chemical warfare agents.
20	Water Purification System	
21	Water Distillers	I am with Nautilus, a division of The Legacy Companies, and we are a manufacturer of household point-of-use water distillers which have been proudly made in the U.S. for many years. We are very passionate about spreading awareness to water quality issues and would love to find a way to help in Flint or elsewhere around the country. We believe distillation is a possible temporary solution for this problem, particularly where the lead contamination is so bad as to render filtration systems ineffective. I believe the filters you have distributed do not adequately remove all of the lead and that distillation is the best current option. Our distillers completely remove all traces of lead from any water source including tap water. Our website provides more information about our family owned and operated company, <a href="http://www.water123.com">www.water123.com</a> and <a href="http://www.thelegacycompanies.com">www.thelegacycompanies.com</a> .
22	Licensed Potable water hauler.	Bulk drinking water
23	Food Safety consulting	Training, information, quality, and safety checks.
24	Catastrophic medical and personal injury Case Management	OCS staffs Nurses, occupational therapists, social security experts, life care planners, etc that can coordinate medical care for residents that could be at risk of illness; we can also provide documentation and evaluation to deli Kaye between related and unrelated conditions.
25	Professional Services	EY provides services around finance, compliance, governance, credits, FEMA and other services related to natural disasters and other disasters.
26	on-site Demo to process your source water directly into a drinking glass.	
27	replacement of service lines hydroexcavation or dry, safe fast and can lay new service next to old	non-leaching potable water pipe will not allow leaching since pipe is hydrophobic (aquatherm green pipe)

	L	M	N
			All consulting is free. The only cost would be the cost of production and use of the TRUVs.
18			
19			None given
20			
21	If there is any way for us to get involved and contribute to the solution, I would greatly appreciate the opportunity for us to have a discussion.		We want to partner with the government to raise awareness about clean water and the benefits of water purification systems including distillation. We are open to partner in different ways possibly to include free training, distribution, products, etc.
22	Five gallon bottles drinking water		Would like to partner to create filling sites for residents and business to access fill stations for water
23			
24			No
25			
26			
27	We also provide in place water line replacement no trenching our system will split pipe in place and create a void for new water line to be pulled through Mike Dolkowski Mdolkowski@sesinc.cc

28	Legal services	Foley & Lardner LLP is a national law firm with a significant Michigan presence and expertise in state law matters, and would be willing to provide legal services to the State in connection with the Flint water crisis.
29	TWI's proprietary blend of adsorption media along with other filter materials. Specific materials are available for describing our solution for high lead content.	TWI's proprietary blend of adsorption media along with other filter materials. Specific materials are available for describing our solution for high lead content.
30	Dashboard based Real-Time reporting of Water Quality to inform the public	Using an "Internet of Things" approach AT&T and its partners can install a small number of sensors in the Flint water distribution system to sample water for common water quality parameters (for example; pH, temperature, conductivity, total organic carbon phosphate, chlorine, and alkalinity) then report the data back to a dashboard that would be available to the public at large. The benefit of this approach is that public officials and the public at large would be able to know the quality of the water in real time and have confidence in its safety. Real public health issues as well as perception and economic development issues can be managed accordingly.
31	Water purification consulting services including procurement and installation phase project management	Would like to propose the submission of a quick project feasibility study to be the basis for the deployment of a distributed purification solution. This distributed system entails the use of a water purification unit utilizing a process technology capable of producing from 50 Liters/hr to 400 Liters/hr of purified water scientifically proven to remove any traces of lead while reducing other contaminants/dissolved solids to the required levels for safe drinking.
32	Plumbing & Heating	New construction, renovations and repairs
33	water purifier	We can service this need with approximately 300 units, distributed across the City with the HELP OF the COMMUNITY, and that is where you come in. These Places distributing water must be relieved from paying for the water being distributed. If that can be accomplished, we can solve this 18 month problem for about \$2.5M—FAR LESS than any other proposed effort we have heard about.

	L	M	N
28			To be discussed. Donations are accepted through The Cura Foundation to subsidize the cost of the filters.
29			
30			To be determined
31	Utilization of a distributed model with a purification unit installed at each household appears to be a far more cost effective and rapid deployment method than replacing the entire current centralized system. Initial installations of the units could begin in 4 weeks from receipt of order. We could proceed in a 2 phase approach with a pilot study involving a few hundred homes as the scope of Phase 1.	After data review, deployment model assessment and completion of an accelerated permit approval process, we could proceed to secure funding and enter a 2nd phase where we accelerate and scale up implementation at a citywide level with a view of what is necessary in the emergency response phase transitioning into a reliable long term sustainable solution. The entire project would be managed by professional managers and engineers utilizing independent certified labs for water sample chemistry analysis.	
32			1-2 days of volunteer plumbing services
33	We would recommend filtered shower heads, ( about \$50 each), maybe for the clothes washer as well, and one Merlin Eco Solutions unit for about 80-100 homes ( one unit / station per every three blocks), at \$2,000 each, installed by currently unemployed technicians and Vets- that will be paid to do this. We could distribute in 5 gallon camping containers, and each resident would have to lug their daily water no more than a block and a half. It's a pain – but what other REAL choice do we have? The filters they are distributing now are good for 100 gallons, untested, and again an eco-disaster in and of themselves. Our lead filters do not have to be changed for up to 10,000 each and the first primary filter is ceramic and can be cleaned re-used for as many as half a million gallons each!	This same equivalent in bottled water equals 1,250,000 bottles spent PER DAY!! The raw cost, ( \$1/bottle) and associated cost of the current campaign are certainly not sustainable nor acceptable. Have you ever tried to shower with a bottle of water?	Please see the Flint water test results attached. A photo of one that was being installed in a Flint shelter is also attached.  The two samples in the other photos are from Michigan Works!, just down the street from your Office, before and after purifying. <i>Email attachments available upon request contact Jenni Riehle with DTMB Procurement</i>  <i>Riehle2@michigan.gov, 517-248-7023</i>

**From:** State of Michigan <MISOM@govsubscriptions.michigan.gov>  
**Sent:** Thursday, January 14, 2016 5:24 PM  
**To:** Donnan, Chanda (DTMB)  
**Subject:** Volunteer Opportunity in Flint

The State Emergency Operations Center (SEOC) is coordinating a response to the ongoing health and safety issues in the city of Flint's drinking water. Teams from the Michigan State Police, Genesee County Sheriff's Department, Michigan Department of Health and Human Services, and volunteer organizations have been delivering bottled water, water filters, replacement cartridges and water testing kits at homes in the city of Flint since Tuesday.

To help with this critical work, the SEOC is looking for volunteers to expand this effort and continue this distribution during the upcoming holiday weekend. Teams are being assembled for shifts on Saturday, January 16; Sunday, January 17; and Monday, January 18, 2016. If you are interested in volunteering your time for this critical work, please complete the information in one of the attached surveys (depending on which day you are volunteering).

To volunteer on Saturday, January 16, <https://www.surveymonkey.com/r/28NVJBL>

To volunteer on Sunday, January 17, <https://www.surveymonkey.com/r/26NMJJK>

To volunteer on Monday, January 18, <https://www.surveymonkey.com/r/26P7P5G>

Volunteers will begin their assignment at the Local Emergency Operations Center located in the Genesee County Administration Building located at 1101 Beach St, Flint at 9 a.m. and end by 4 p.m. Parking is available at the corner of Beach Street and 8th Street. Lunch will be provided. This is strictly a volunteer effort, as all three days will be unpaid. Volunteers are responsible for their own transportation; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

This opportunity is for state employees and their immediate family members 16 years of age or older only, others looking to assist should volunteer through the American Red Cross in Flint. The volunteer coordination center for the Red Cross is located at 1401 S. Grand Traverse, Flint, MI. They are open from 9 a.m. to 7 p.m.

For more information on the state's response efforts, visit [www.michigan.gov/flintwater](http://www.michigan.gov/flintwater).

**Subject:** RE: Team 3!!

Hey you bunch of wild-n-crazy cats! ☺

Here are the pictures I took on Sunday....and, 1 short video (when we went down 1-way the wrong way).

It was so much fun, I wanted to go back on Monday but... I was just too sore, my shoulders and arms are still a little on the tender side... on the ibuprofen diet today.

It was very enjoyable meeting and working with you all. What a fun day, you all made it enjoyable and easier to accomplish the water & filter distribution.

We saw several dogs that were in need of help. A local Flint non-profit called Pets in Peril has been helping Flint residents with their dogs (they have been on the news a few times). In February, there is a coalition of dog rescue groups that are meeting to organize and plan, to see how we can better assist Pets in Peril and the dogs that are outside freezing in the city of Flint.

☺

Tom

## How we are fixing the Flint water crisis

Governor Rick Snyder has committed to spending the rest of his time as Governor to fixing the Flint water crisis. Over the last few days, he has sat down to explain what happened and how we're fixing the Flint water crisis. Watch the interviews below and be sure to read the Governor's Op-Ed in the USA Today.

### Governor Snyder on Morning Joe

"What is so frustrating and what makes you so angry is you have a handful of experts who were career civil servants that made terrible decisions, in my view. We have to live with the consequences, and they worked for me, so I accept that responsibility. We are going to fix this problem." Watch Governor Snyder address how we are fixing the Flint water crisis on Morning Joe.

### Governor Snyder with Charlie LeDuff on Fox 2 Detroit

"I feel awful about this. These are people. They've been harmed. You can't feel good about that. The people of Flint have been harmed and a major influence of that harm came from people who worked for me, and I feel responsible for that. But I am committed

to solving the problem and addressing the damage as much as possible for the rest of the time I'm Governor." Watch Governor Snyder address the Flint water crisis with Charlie LeDuff on Fox 2 News.

---

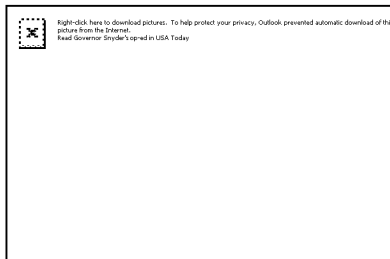

## Governor Snyder's 2016 State of the State

"Michiganders don't quit, we don't give up, instead we will work with even more passion and commitment to truly improve our state. For everyone who's chosen to make Michigan their home, this is more than a promise, this is my commitment." Watch Governor Snyder's full closing statement from his 2016 State of the State address.

---

## Governor in USA Today: "I will fix this, and I mean it."

"Residents in one of Michigan's proud cities cannot drink their water. That's unacceptable. The crisis in Flint arose from missteps at all levels of government — local, state and federal. But as governor, I take responsibility for what these families are going through, and I'm holding people in my administration accountable for their failures." Click [here](#) to read the Governor's full op-ed.

---

## Washington Post: "Michigan Gov. Rick Snyder is in a tough spot, but he's his own best spokesman"

Snyder has born the brunt of criticism in the local health crisis that has turned into a national scandal. But unlike many other politicians facing crises of leadership, Snyder may also be his own best counter-programming. [Click here to read the full story in the Washington Post.](#)

Dear State Employees,

Gov. Rick Snyder and I want to thank everyone who donated their time during the holiday weekend to deliver bottled water, water filters, replacement cartridges and water testing kits to families in the city of Flint. We are working hard to ensure all residents are provided with the safe water resources they need, and each donation and hour of your time volunteered goes a long way.

For employees who would like to help the residents of Flint, there are several opportunities to do so. Please visit [www.helpforflint.com](http://www.helpforflint.com) to learn how you can help.

For additional information and updates, visit [www.michigan.gov/flintwater](http://www.michigan.gov/flintwater).

Again, thank you for all your support.

Sincerely, Mike Zimmer  
Office of Good Government Director  
Dept. of Licensing and Regulatory Affairs Director

Mike Zimmer, director of the Office of Good Government and the Department of Licensing and Regulatory Affairs, has shared a link – [www.helpforflint.com](http://www.helpforflint.com) – that offers other opportunities contribute time, muscle and money to bring clean drinking water to the community. Here in DTMB, some of our employees didn't wait for an invitation to lend a hand. Office of Retirement Services staff contributed funds that were used to buy 31 cases and 23 gallons of water, which a local organization transported to Flint.

Autumn Hubbard, Ambrea Mack and Sarah Esquivel, who are in the photo at the left, nearly emptied the shelves at their local grocery store. Thanks for your efforts, everyone.

Last week, I signed a new policy that formalizes the annual employee review process and sets expectations for employees and managers. [Administrative Policy 200.37](#) establishes consistent standards for implementing performance plans and reviews. Some of the standards are practices we have followed for years. Others are new. Some of particular note include:

- The mandatory use of HRMN
- A standard Feb. 1-Jan. 31 rating period for all employees
- An Individual Development Plan that specifies training or development programs for each employee
- Competencies and objectives that align to DTMB goals or scorecard metrics
- Consequences for managers and supervisors who do not complete the review process as required

A fundamental role of each DTMB manager or supervisor is to provide employees with direction and feedback on their performance. Employees also are expected to take an active role in pursuing professional development opportunities and achieving their competencies and objectives. I encourage you to review the new policy and talk with your manager or supervisor if you have questions. Of course, I welcome your questions and input as well. Please send your comments and ideas to me at [behend@michigan.gov](mailto:behend@michigan.gov).

I know these have been busy weeks for many of you as you take on additional responsibilities and work hard to provide resources and services for our customers and citizens across the state. Please know that your hard work has not gone unnoticed. Thank you for everything you do, every day.

Have a great week,

David

**To:** Norlock, Linda (DTMB) <[norlockl@michigan.gov](mailto:norlockl@michigan.gov)>  
**Subject:** Contributing time, muscle and money: TEST

During this month's Martin Luther King Jr. holiday weekend, some state employees turned their "day off" into a "day on" in Flint. There, they delivered bottled water, water filters, replacement cartridges and water testing kits to families. The volunteers joined other Michiganders, turning Dr. King's birthday observance into a day of service.

Mike Zimmer, director of the Office of Good Government and the Department of Licensing and Regulatory Affairs, has shared a link – [www.helpforflint.com](http://www.helpforflint.com) – that offers other opportunities contribute time, muscle and money to bring clean drinking water to the community. Here in DTMB, some of our employees didn't wait for an invitation to lend a hand. Office of Retirement Services staff contributed funds that were used to buy 31 cases and 23 gallons of water, which a local organization transported to Flint.

Autumn Hubbard, Ambrea Mack and Sarah Esquivel, who are in the photo at the left, nearly emptied the shelves at their local grocery store. Thanks for your efforts, everyone.

Last week, I signed a new policy that formalizes the annual employee review process and sets expectations for employees and managers. [Administrative Policy 200.37](#) establishes consistent standards for implementing performance plans and reviews. Some of the standards are practices we have followed for years. Others are new. Some of particular note include:

- The mandatory use of HRMN
- A standard Feb. 1-Jan. 31 rating period for all employees
- An Individual Development Plan that specifies training or development programs for each employee
- Competencies and objectives that align to DTMB goals or scorecard metrics
- Consequences for managers and supervisors who do not complete the review process as required

A fundamental role of each DTMB manager or supervisor is to provide employees with direction and feedback on their performance. Employees also are expected to take an active role in pursuing professional development opportunities and achieving their competencies and objectives. I encourage you to review the new policy and talk with your manager or supervisor if you have questions. Of course, I welcome your questions and input as well. Please send your comments and

ideas to me at [behend@michigan.gov](mailto:behend@michigan.gov).

I know these have been busy weeks for many of you as you take on additional responsibilities and work hard to provide resources and services for our customers and citizens across the state. Please know that your hard work has not gone unnoticed. Thank you for everything you do, every day.

Have a great week,

David

**Subject:** "Flint residents should not have to pay for water they cannot drink"

## Budget recommendation will include \$30 million request for Flint water bill repayments

When Governor Rick Snyder presents his budget recommendation next Wednesday, Feb. 10, he will include a \$30 million request for the residents of Flint to keep their water service on and eliminate the need to pay for water they cannot completely trust to drink.

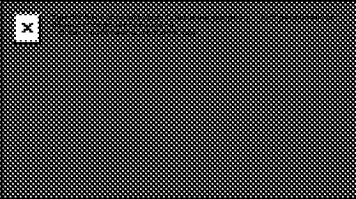

Under the governor's ask, the funding would enable the city of Flint to apply credits for customers on future bills. Estimates show water is roughly 47 percent of billing and sewer costs are around 53 percent. The credit would be applied to consumption usage (roughly

65 percent) of a resident's water portion of the bill, such as for bathing, drinking, cooking, and washing your hands. Residents still would be responsible for paying the sewer portion of their water bills.

Professor Marc Edwards of Virginia Tech said, "This essentially refunds all the money associated with consumption or consumer use. I think it's an amazing gesture of common sense and good will and it corrects an injustice. I don't think there's a precedent for this. I feel so encouraged by the direction this is going."

[Click here to learn more about the budget request.](#)

[Learn more about the \\$20 million request](#)

We spoke with Staff Sgt. Thomas Vega about the critical resources they're providing to Flint families every day. He also encouraged residents to pick up and return their water testing kits to Flint fire stations. Test results will be posted online at [www.mi.gov/flintwater](http://www.mi.gov/flintwater). **Subject:** FW: Drafted Email for CSS Staff Supporting the SEOC

Can you please send this out through David? I messed up my mail ☹

As discussed in Eric's 1 X 1 meeting on 2/1, here is a drafted email to be sent to Josh Ross and Joel Locke for their help at the SEOC. They both report to Mark Holmes, [HolmesM3@michigan.gov](mailto:HolmesM3@michigan.gov) within the Geospatial Services team.

Josh Ross, [rossj@michigan.gov](mailto:rossj@michigan.gov)

Joel Locke, [lockej@michigan.gov](mailto:lockej@michigan.gov)

Joel/Josh,

I wanted to take a few minutes to personally thank you for your help in DTMB's response to the Flint Water Crisis. I understand that you have been putting many long hours in at the SEOC in support of our MSP partners. Your knowledge and experience in GIS data development and mapping has been a valuable asset in our response. Please know that your efforts have not gone unnoticed or unappreciated.

Thanks again for your dedication and commitment to DTMB and our partners,

David

Thank you,

Janelle Longanbach

**Subject:** What this year's budget means for Michigan...

## VIDEO: What Governor Snyder's FY17 budget means for Michigan

Gov. Rick Snyder's FY 2017 budget calls for critical investments for the Flint water crisis, statewide infrastructure and the Detroit Public Schools. The governor's recommendation also addresses the skyrocketing costs of specialty medications that Michigan residents depend on for better health outcomes.

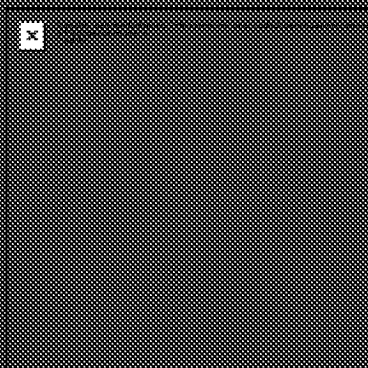

This budget also stays committed to the Governor's core statewide priorities of education, talent and economic development, health and human services, and public safety.

The proposed FY 2017 budget makes key investments to strengthen the state for all of Michigan's families. [Click here to learn more about the top 6 takeaways from the](#)

February 2016

Number 2

Ed Panasiewicz

## President's Message

By Ed Panasiewicz

In last month's *SERA-Nade* I spoke about the reduced numbers in attendance at our membership meetings. This month our speaker was Jon Braeutigam, Bureau of Investments Chief Investment Officer, who comes annually to speak to our members and update us on the status of our pensions and investments. In past years, we have barely had enough seats when he came to speak but this year fewer than 50 people attended.

That same night my wife and I attended the MSU women's basketball game. The place was packed and the team performed superbly. They routed the U of M team, inspired because the crowd was with them. That holds true for attendance at our meetings as well. When attendance is high, we perform much better. There are many unsung heroes working behind the scenes to make each meeting a success. Some provide helpful information on Michigan politics, insurance and other benefits, while others provide coffee and goodies, conduct drawings, and arrange for high quality speakers. I am open to any suggestions from the membership on ways to increase our attendance.

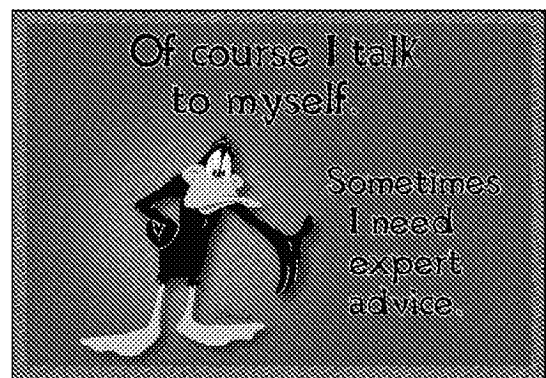

We all know the people of Flint are in crisis and they need help. People from Michigan and across the country are there helping with the bad water situation. There are collection points in the Lansing area that are taking water to Flint. Donate water or cash for those Flint residents in need. The people responsible for this crisis will be held accountable.

Be sure to check out "Chair Talk" in this newsletter for important information about retiree health care.

Have a great month and I hope to see everyone at next month's meeting.

Ed

## THIS 'N' THAT

By Annette Ward, Editor

What a year this has been already! The weather has been "off" to say the least. Not that I mind the warm weather but it's just not right for Michigan during winter!

Then we have the upcoming presidential elections – as if they haven't already been in the news enough! They've really shifted into high gear with the primaries getting started in Iowa this month. It will be interesting to see how this all turns out in November. Hopefully, in the long run, it will end up for the good of the people and this country – that's what matters most.

No matter what political party you support, **be sure to vote in the primaries on March 8, 2016!**

Be sure to check out the new 2016 contact directories for the SERA Council and SERA Lansing Chapter in this newsletter. In addition to these annual listings, the 2015 Treasurer's Report is also published in this month's newsletter.

**The reservation deadline is March 3, 2016,** for the "Riverdance" 20th Anniversary World Tour at the Wharton Center on Sunday, April 3, 2016. Get ready to enjoy

this Irish dance spectacular! (See reservation form in this newsletter.)

Plans are in process for the **fourth annual Lugnuts outing.** More information will be coming soon. As soon as we have the date, it will be announced at membership meetings and in the SERA-Nade.

**The March SERA Friends Luncheon** will be held on March 18, 2016, at the Dispatch Sports Pub and Grill, 3004 Main St., Lansing. We arrive at 11:30 a.m. and order our lunch by noon. Attending the January luncheon were Carol Haynie, Peggy Murphy, Verg Pinckney, and Robyn Sheely. Please come out and join us. **This luncheon is for all SERA members and friends. Everyone is invited and welcome.**

**For those who wish to receive the SERA-Nade via e-mail,** contact Carol Haynie, Membership Records Chair, at [seramembership@yahoo.com](mailto:seramembership@yahoo.com) or me at [seranadeeditor@yahoo.com](mailto:seranadeeditor@yahoo.com). We will make sure you are added to the e-mail mailing list and that the database is updated.

February 2016

## CAPITOL NEWS

By Michigan SERA Legislative Representative Mary Pollock

National presidential politics and the Flint water crisis captured international attention in recent months, pushing many other stories off the radar.

### March 8 Michigan Presidential Primary

For the first time in decades, both of Michigan's major political parties will have a 2016 open primary that allows voters to choose a party ballot and then vote that ballot only. Also that day there will be an open primary in Mississippi, closed caucuses for Republicans in Hawaii and Idaho, and a closed caucus for Democrats Abroad. There will be 140 local millages in some jurisdictions on the ballot as well.

Michigan's primary is sandwiched between Super Tuesday (March 1) when 14 states will be voting and Mini-Super Tuesday (March 15) when seven large states go to the polls or caucus sites.

**Michigan Debates** - Michigan will play host to two presidential debates. Republican candidates will debate issues at the Fox Theater in Detroit on March 3, televised at 7 p.m. on local Fox News channels, and across other Fox platforms at 9 p.m. Democratic candidates Hillary Clinton and Bernie Sanders will face off in Flint on March 6 hosted by CNN at a yet unannounced time and place.

### Flint Water Crisis

Every day brings new headlines about the Flint water crisis. By now we all know that the City of Flint, then under a state-appointed emergency manager, decided to switch its water source from the Detroit Water and Sewage Authority to the Flint River as an interim measure before linking to a planned new water source. The Flint River water was not treated appropriately and was corrosive to water service lines, causing lead and other substances to be released into many people's tap water. Despite complaints and documentation for 18 months, some local, state, and federal officials denied or ignored the problem putting residents in danger of lead poisoning and other health issues. In January, both a state and federal emergency was declared.

**Money Help** - Michigan lawmakers have unanimously approved nearly \$40 million for recovery efforts such as bottled water, faucet filters, testing kits, additional school nurses, medical treatment, and help with the city's unpaid water bills. There are also funds to hire outside experts to figure out whether Flint's water infrastructure needs to be completely replaced. An additional \$30 million is proposed to provide water bill relief for

individuals and businesses. Budget recommendations on February 10 propose additional resources to address long-term health, education, and infrastructure challenges. A new Flint Water Interagency Coordinating Council has been appointed by the Governor to oversee response activities.

**Investigations** - Meanwhile criminal investigations by the U.S. Department of Justice and the Michigan Attorney General are underway. The U.S. House Oversight and Government Reform Committee held a televised hearing on February 3 in Washington, DC., as part of its investigation. Testifying were persistent citizen activist Leanne Walters, a mom with a medical tech degree who relentlessly pursued the issue, and Dr. Marc Edwards, a MacArthur fellow and environmental engineering professor at Virginia Tech University, who used his own and VTU's resources to verify the lead poisoning. City of Flint, county, state and federal officials also testified. Busloads of Flint and Detroit residents were at the hearing. More Congressional hearings are promised.

**EPA and State Hotlines** - The U.S. Environmental Protection Agency has set up a hotline, 1-800-426-4791, and e-mail address ([flintwater@epa.gov](mailto:flintwater@epa.gov)) for information about its water sampling efforts in Flint. The federal agency is still encouraging Flint residents to have their water tested to be sure lead levels are below 150 parts per billion after filtering. Flint residents who need crisis counseling can call the Disaster Distress Helpline at 1-800-985-5990 or text "TalkWithUs" to 66746. This 24/7 resource is provided by the Substance Abuse and Mental Health Services Administration in Michigan Department of Health and Human Services.

**Lawsuits** - *Crain's Weekly* reports that at least nine lawsuits have been filed over the past three months in Genesee County Circuit Court, U.S. District Court in Detroit, and the Michigan Court of Claims over lead contamination, a surge in Legionnaires' disease, or other public health issues connected to city water drawn from the Flint River over 18 months.

Most are brought as potential class-action suits on behalf of all city residents and businesses that might be affected by corrosion or contamination of the city's aging water infrastructure. And while legal experts think governmental immunity and court precedents in Michigan make suing Flint and the state a longshot, some are taking a novel approach by instead targeting companies that contract with Flint or operate in the city, or specific government employees.

*Continued on Page 5*

These are just a few activities surrounding the Flint water crisis. It is clear that the crisis will be with us for months and years ahead.

### **Detroit Public Schools (DPS)**

Detroit Public Schools, charged with educating 47,000 children, have been under state Emergency Managers for 15 of the last 17 years. Yet it has \$3.5 billion in debt and long-term liabilities. By April, reports predict, it will be out of cash and creditors will likely begin to sue.

**The Situation** - DPS had 162,693 students in 2000, so enrollment is down 72 percent. Of the 113,200 students in the city of Detroit, 41 percent attend DPS, 30 percent attend in-district charter schools, 15 percent attend out-of-district charter schools, 9 percent do schools of choice outside the city, and 5 percent are in the Education Achievement Authority (EAA), a state-run entity.

**Two Bills** - On January 14, initial versions of two DPS reform bills were introduced. They would separate the district into old and new entities while creating a framework for an elected school board on the November 2016 ballot. Senate Bill (SB) 710 and SB 711 are sponsored by Senate K-12 Education Appropriations Subcommittee Chair Goeff Hansen (R-Hart). The first hearing on the bills

in the Senate Government Operations committee was held on February 4.

Detroit Mayor Mike Duggan testified that any Detroit education system should be based on parental choice and local school governance but with a mayor-appointed Detroit Education Commission (DEC). The Governor also supports a DEC concept but it isn't included in the two bills.

The DEC is needed to oversee the opening and closings of all public schools Duggan contends. In the last seven years, 164 schools have opened or closed in Detroit because there are too many authorizing agencies. Meanwhile, schools are not spread out equally throughout the city. Duggan noted that on the city's northeast section there are two high schools for some 6,000 neighborhood kids but in the downtown area, 10 schools exist for 1,800 students who live nearby. The charter school community opposes relinquishing their independence to a politically appointed board.

Duggan supported a financial rescue, noting the district is currently paying almost as much (\$26.1 million) in monthly debt service as it is for total payroll and benefits

for a mere 6,000 staff (\$28.1 million). The Governor has supported over \$700 million in aid to Detroit schools.

**Sickouts** – Meanwhile DPS teachers have sued DPS and the state over deplorable physical conditions in the schools and have been having selective “sickouts” that resulted in closing of two-thirds of DPS schools. The teachers say the district is allowing health and safety concerns to go unaddressed, in addition to maintaining excessive class sizes. Black mold, dead rats, inconsistent heating and cooling systems, and generally dilapidated building conditions were documented. Michigan law prohibits teachers from striking, but the district’s superintendent must file a complaint with the Michigan Employment Relations Commission to begin the process of stopping a strike and punishing teachers who struck. DPS has sought an immediate injunction to halt the sickouts, which was denied, with a hearing scheduled for February 16.

**Teacher Strike Bills** - The Senate Education Committee reported on a party-line vote a three-bill package on February 2 to respond to the DPS teachers’ sickouts. SB 713 requires the state superintendent of public instruction to notify the Michigan Employment Relations Commission of a possible strike and then the Commission would hold a hearing to determine whether a strike was occurring. SB 714 would allow for a teacher’s teaching certificate to be suspended for two years or permanently revoked under certain conditions. And SB 715 allows for a fine to be imposed from an employee’s annual salary, the district or intermediate school district to forfeit a portion of their state school aid under certain conditions. Substitutes adopted to some of the bills also included provisions on decertifying a union if certain conditions on a strike are determined to exist.

## Gag Order Law Enjoined

U.S. District Court Judge John Corbett O’Meara recently granted local governmental officials’ request for a preliminary injunction on the portion of new Public Act (PA) 269 of 2016 that is known by local governments as a “gag order” on communicating about local ballot questions for 60 days before election day. O’Meara said the law was unconstitutionally vague. The ruling impacts

about 120 school boards and local governmental entities with 141 money-related ballot questions in 67 of Michigan’s 83 counties on the ballot March 8.

**Gag Order Clarification Bill Advances** - The House Elections Committee approved changes to PA 269 of 2016 to clarify what local governments are permitted to communicate. House Bill 5219, introduced by Rep. Lisa Posthumus Lyons (R-Alto) removes the 60-day limit and also would allow “factual and strictly neutral information concerning the direct impact of a local ballot question on a public body or the electorate, except if the communication can reasonably be interpreted as an attempt to influence the outcome of a local ballot question.”

## Campaign Finance Reports

According to the Michigan Campaign Finance Network, the House Republican Campaign Committee raised \$1.79 million in 2015. Of that total, \$720,000 – or 40 percent – came from 18 donors who each gave the maximum yearly amount possible, \$40,000.

Half of those 18 donors were members of the DeVos family. Daniel DeVos, Helen DeVos, Elisabeth DeVos, Pamella DeVos, Cheri DeVos, Richard DeVos Sr., Maria DeVos, Doug DeVos, and Richard DeVos Jr. all provided maximum contributions.

The other nine maximum donors included John Kennedy III, president of the Autocam Corp.; Nancy Kennedy; the political action committee of Blue Cross Blue Shield of Michigan; Meijer Inc.; and Matthew T. Maroun, manager of the Liberty Bell Agency.

## PERSONAL NOTES RECEIVED IN THE MONTH OF JANUARY 2016

By Carol Haynie

**Carol J. Arbour** (Treasury – Sheridan, MI) - ... We had a hectic summer. I had hip replacement June 15th. Then Fred had back surgery July 28th. Then a lot of therapy for both of us. We are now back in Florida recuperating. April 7th we will be celebrating our 65th wedding anniversary. Thanks to SERA for all your hard work. *[So sorry you had such a rough year. Congratulations on your upcoming 65th anniversary. Best wishes for a healthier 2016 and a complete recovery to both of you.]*

**Dolores (Dee) Ytreeide** (Transportation – Rockport, TX) - ... I was so lucky to be able to take the early out in 2002 and have not looked back. Cannot believe I am now 65 and have enjoyed all these years of freedom with family in Texas. I miss all the wonderful Michigan people but get a few in Rockport which is so nice.

**James (Jim) Zubiena** (Transportation – Okemos, MI) - *Responding to the reminder I sent him about his membership expiring, Jim noted, "I'm late again. The holidays have always messed me up even before old age set in. Now what can I say?" [Nothing more needs to be said, Jim. Old age is bad enough, but when you mix in the hustle and bustle of the holidays, many things slip through the cracks. I think most of us can relate. Thank you, though, for responding to the reminder.]*

**Suzanne DeVlieger** (Education – San Tan Valley, AZ) - ... SERA does such fantastic work for those of us out of state. We get information we need because of all you there doing the work. Thank you all.

**Fred Lawless** (Social Services – Eaton Rapids, MI) - Always great to know we have a retiree association representing us. Please keep up your good work.

**Florence D. Anderson** (Mental Health, Clinton Valley Center – Waterford, MI) - ... It is good to know you are all looking out for us ALL the time. That becomes more and more important!

The following members sent words of thanks, great job, keep up the good work, etc., during the month of January. As always, your acknowledgement of the work the SERA officers and Board members do for you is greatly appreciated.

**Joan Bailey** (Management and Budget – St. Johns, MI); **Marcia Barnes** (Family Independence Agency – Portland, MI); **Eric Berry** (Community Health – Portland, MI); **Phyllis Brooks** (Education – Eaton Rapids, MI); **Marie C. Case** (Public Service Commission – Lansing, MI); **Margaret Easterbrook** (State Police – Lakeland, FL); **Marilyn Fedewa** (wife of Stanley, deceased – Commerce – Lansing, MI); **Judy Godden** (Social Services – Lansing, MI); **Frances Hocquard** (Social Services – Fairhope, AL); **Dolores Karnes** (State Police – Holt, MI); **Judy Koonter** (Jobs Commission – Clearwater, FL); **Diana Peck** (Social Services – DeWitt, MI); **Barbara Preston** (Social Services – Howell, MI); **William (Bill) Schneider** (Community Health – Charlotte, MI); **Bonnie Smith** (Consumer and Industry Services – Grand Ledge, MI); **Larry Stanisiz** (Dept. of State – Laingsburg, MI); **Joanne Stoner** (State Police – Lansing, MI); **Terri Tormen** (Treasury – Lansing, MI); **Susan Young** (Dept. of State – Linden, MI); **Pauline Wohlford** (Jobs Commission – Livonia, MI)

### SERA-PLUS HANTZ GROUP SEMINARS/WORKSHOPS

#### MARCH 2016

(\*Revised from last month)

##### **Estate Planning**

When: Monday,  
March 21, 2016, 11 a.m.

#### MAY 2016

##### **Identity Theft Seminar**

When: Wednesday,  
May 25, 2016, 11 a.m.

#### APRIL 2016

##### **Family Office Presentation – Services Hantz Provides**

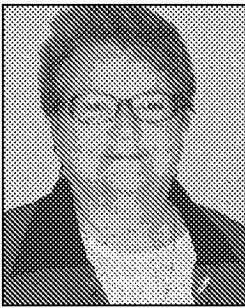

When: Thursday,  
April 21, 2016, 11 a.m.

All of the above seminars/workshops are held at:

**Hantz Office** | 3450 Alaiedon Pkwy. • Okemos, MI

Food and beverage are provided. SERA members are welcome to bring a guest with them.

Call (517) 381-2381 to reserve seating.

## RETIREMENT MATTERS

By June Morse

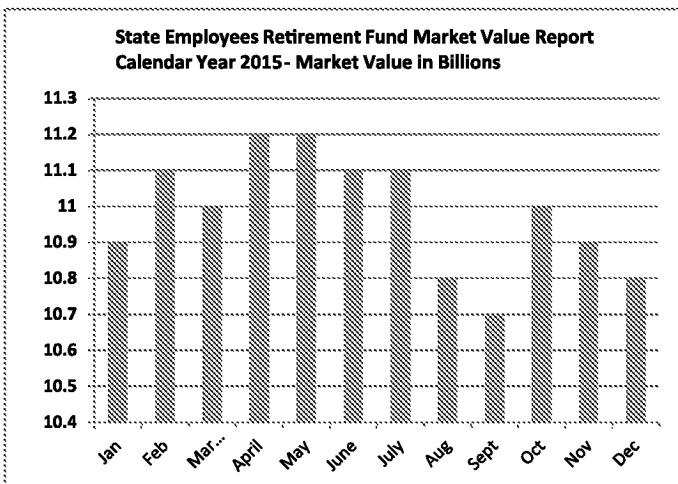

### Bureau of Investments (BOI) Presents at SERA Lansing Chapter Meeting

Jon Braeutigam, Chief Investment Officer, and Robert Brackenbury,

Senior Director of Investments, gave us an update on the State Employees Retirement System (SERS) Pension Fund. Department of Treasury, BOI, has more than \$78 billion under its management, with \$12.2 billion in the SERS. BOI operates with 79 full-time employees. There are a total of 76,463 members in the SERS; 58,453 are current retirees and beneficiaries receiving benefits. For 2014, the market value of the SERS was 61.6 percent (smoothed) with a calculated market value funded ratio of 75.2 percent.

Mr. Braeutigam explained that the fund is “broadly diversified” with emphasis on reaching or surpassing the 8 percent factor. The funds’ rate of return for over three, five, and seven years has been well above the 8 percent. Michigan’s retirement plan has been called one of the “best performing plans in the nation.”

The chart below shows the SERS funds market value for the 2015 calendar year.

How did your portfolio perform last year? According to market watchers, all you had to see was a 1 percent rise to do better than the S&P 500, which was down 0.7 percent at the end of 2015. You can find detailed quarterly investment reports for all State retirement systems on Treasury’s website at [http://www.michigan.gov/treasury/0,1607,7-121-1753\\_37621-,00.html](http://www.michigan.gov/treasury/0,1607,7-121-1753_37621-,00.html).

### Simplifying Choices in Defined Contribution Retirement Plan Design

(Donald B. Keim, Olivia S. Mitchell, NBER Working Paper No. 21854, Issued in January 2016)

**Abstract:** “In view of the growth and popularity of defined contribution pensions, along with the government’s growing attention to retirement plan costs and investment choices provided, it is important to understand how people select their retirement plan investments. **This paper shows how employees in a large firm altered their fund allocations when the employer streamlined its pension fund menu and deleted nearly half of the offered funds.** Using administrative data, we examine the changes in plan participant investment choices that resulted from the streamlining and how these changes might affect participants’ eventual retirement wellbeing. **We show that streamlined participants’ new allocations exhibited significantly lower within-fund turnover rates and expense ratios, and we estimate this could lead to aggregate savings for these participants over a 20-year period of \$20.2M, or in excess of \$9,400 per participant. Moreover, after the reform, streamlined participants’ portfolios held significantly less equity and exhibited significantly lower risks by way of reduced exposures to most systematic risk factors, compared to their non-streamlined counterparts.**” To read the full article, go to <http://www.nber.org/papers/w21854>.

### Just So You Know

“Earlier claiming by men and women, which results in smaller monthly Social Security checks, has fallen especially hard on elderly widows. After a husband dies, the two benefit checks coming into the house are reduced to one. Although widows receive the larger of the couple’s two checks – typically the husband’s – it may not be sufficient to maintain her standard of living.” Read more at <http://squaredawayblog.bc.edu/squared-away/policy-reduces-elderly-womens-incomes/>.

### AARP Booklet on Benefits for Seniors in Michigan

AARP Foundation has put together a comprehensive file for persons 50 years of age or older, who need resources to help with issues of hunger, isolation, income, and housing. See the complete PDF file at [http://www.aarp.org/content/dam/aarp/aarp\\_foundation/public-benefits-guides/Last-Updated-September-2013/PublicBenefitsGuide\\_MI.pdf](http://www.aarp.org/content/dam/aarp/aarp_foundation/public-benefits-guides/Last-Updated-September-2013/PublicBenefitsGuide_MI.pdf).

Program guidelines, telephone numbers, and websites are subject to change. For the most up-to-date information, log on to Benefits QuickLINK at [www.aarp.org/quicklink](http://www.aarp.org/quicklink).

### Does a Uniform Retirement Age Make Sense?

The Center for Retirement Research at Boston College has posted a new brief on retirement age. Due to enhanced life expectancy, some experts would want people to work longer. However, that concept does not fit all. “Policymakers seeking to encourage working longer should

Continued on Page 10

be cautious about the potential effects that such policies could have on inequality." Read more at [http://crr.bc.edu/wp-content/uploads/2016/01/IB\\_16-1.pdf](http://crr.bc.edu/wp-content/uploads/2016/01/IB_16-1.pdf).

## Helpful Definitions

When seeking financial advice consider the following:

**Investment Advisers** - paid to give advice. They are held to a fiduciary standard (put your interests above their own). Find registered investment advisers at [www.adviserinfo.sec.gov](http://www.adviserinfo.sec.gov).

**Brokers** - Buy and sell stocks, bonds, etc. There is no fiduciary requirement. They must be registered and licensed. Check out a broker's background at <http://brokercheck.finra.org> or contact the state's securities regulator.

**Financial Planners** - May use the title "advisor" or "broker" or have no credentials. Check out education and certification requirements at [www.finra.org/investors/professional-designations](http://www.finra.org/investors/professional-designations).

(Kiplinger's Retirement Report, February 2016)

## Tax Information

You can deduct more of your long-term care insurance premiums as a medical expense in 2016. Taxpayers 71 and older can claim up to \$4,870; age 61-70, up to \$3,900; and those 51-60 can claim up to \$1,460. (Kiplinger's Retirement Report, February 2016)

If your adjusted gross income for 2015 is \$62,000 or less, you can file your federal tax return for free using Free File Alliance. Learn more at [www.irs.gov/freefile](http://www.irs.gov/freefile).

(**Ed's note:** June Morse is past President of the SERA Lansing Chapter and currently serves as Retirement Board monitor for the SERA Lansing Chapter. June can be contacted at by phone at (517) 886-9323 or e-mail at [jmorse10@comcast.net](mailto:jmorse10@comcast.net).)

# MEMBERSHIP REPORT

By Carol Haynie

Happy New Year everyone! I hope you all had a wonderful holiday season.

SERA members who receive their newsletters via e-mail are at a disadvantage because they don't receive the "EXP DATE" information like those who receive the paper copy of the newsletter do. A few suggested that rather than mailing them a reminder I send it out via e-mail since that is how they receive the newsletter. The reminder letters are built into the reports of our current database and are printed for mailing. I'm hoping that when we convert the database to a new system (working on it this year) we can somehow incorporate sending out membership renewal information via e-mail. Watch future issues of the *SERA-Nade* for updates.

In the month of January, SERA welcomed two new members. We are so happy to have you in our "family." We hope to see you at future membership meetings or other SERA events.

John Bankson - Human Services  
Roger Davis - Corrections

## Thank you

to the following members for their generous donations in December 2015:

Nancy Abramson - Transportation  
Penny Ancel - Senate  
Joan Anderson - Community Health  
Carol L. Andrews - Management and Budget  
Jackie Argyle - Social Services  
Claude Baeske - State Police  
Thomas J. Ball - Liquor Control Commission  
Eleanor M. Barnes - Treasury  
Jay W. Bastian - Transportation  
Mildred Bateman - Family Independence Agency  
Bruce E. Bates - Transportation  
Jane Beachnau - spouse of retiree  
Richard Beers - Management and Budget  
Betty Bell - Management and Budget  
Don Bengel - Treasury

## SERA Lansing Chapter Membership Meeting Minutes February 3, 2016

By Evelyn Fratzke, Secretary

The meeting was called to order at 1:35 p.m. at the UAW Local 6000 building. There were 46 members present. Verg Pinckney led the Pledge of Allegiance and offered a "thought for the day." President Ed Panasiewicz led a moment of silence in memory of SERA members who died in January.

**Treasurer:** Pat Snow reported that we currently have \$37,337.44 in our checking account and total assets through December 2015 were \$74,812.36. Our income for 2015 exceeded our expenses by approximately \$1,675. Dues and donations that came in January were better than expected. We received \$270 for the Here 4 U ad and \$97 for Wharton tickets. Bonding insurance of \$50,000 for the President, Treasurer, and Membership Records Chair is coming due.

**Membership:** Carol Haynie reported a total membership (as of January 31, 2016) of 2688, which includes 2,093 dues-paid members, 441 lifetime members, 151 members over 90, two Emeritus members, and 1 honorary member.

**Legislation:** Mary Pollock reported on a number of issues including the following:

- **Electorate Information:** Mary reported that the presidential primaries are in full swing and encouraged everyone to look at the candidates' positions on their websites. Our primary is on March 8 and people have to be registered by February 8. This will be an "open" primary for both parties. March 1 will be "Super Tuesday" with 15 states holding primaries. The August primary ballot in Michigan will include State offices such as legislators.
- **Flint Water Crisis:** The U.S. House Oversight and Governmental Affairs Committee is meeting today. Darnell Earley who was the Emergency Manager for Flint and is currently overseeing the Detroit Public Schools is now resigning. He and Susan Hedman, former regional director of the federal Environmental Protection Agency, are both being subpoenaed to appear before the House Committee. Legislation was passed by the State legislature for \$28 million for assistance to Flint residents which the Governor signed. Representative Candace Miller will be submitting a federal bill for \$1 billion to replace Flint's water pipes. Senator Gary Peters is seeking money for children (WIC) and infrastructure. A number of lawsuits have been filed.
- **Detroit Public Schools (DPS):** They will be in default if their bills are not paid next month. Two bills were introduced in January to split DPS functions into operational and financial. The Senate reported out a three-bill package to deal with the issue of teachers' "sick-ins." Strikes by public employees are currently illegal in Michigan.
- **Campaign Finance Report:** These were due Monday. The DeVos family was responsible for 50 percent of

Political Action Committee (PAC) money to Republicans. There was no report of union contributions provided.

- **Speed Limits:** These might be revised to 75 miles per hour and would include parts of I-75 north of Bay City, I-69 between Lansing and Flint, and US-27 north of St. Johns to Grayling.
- **Tax Credit Changes:** Discussion is taking place about reinstating some of the tax credits previously deleted.

**First-time Attendees:** There were two first-time attendees: **Sante Perrelli** and **Billye Swanson**.

**Door Prizes:** **Fred VanAmburg** held the winning ticket for the 50/50 drawing of \$22 and **F.W. Luginbill** won the book of postage stamps.

**Program:** Mary Pollock introduced Jon Braeutigam, Chief Investment Officer for the Bureau of Investments at Treasury. He provided a handout which included much useful information. He said that our pension plan has seen seven good years, but there may be a "softness" this year, and indicated that we have to look long term when investing. Our pension plan has increased the diversification of its portfolio; e.g., there are less investments in equities.

Our pension plan is 20 percent of the defined benefit (DB) plans administered by Treasury. There are currently 80 employees in the Bureau and 76,463 members in the DB plan. The estimated market value of our funded ratio of the plan is 75.2 percent. The unfunded liability in the health care plan is greater than the pension plan because for years it was run as a "pay as you go" basis. The State is now making annual required contributions (ARC) for health care which is very important for the plan's solvency.

In response to a question about private equities, Mr. Braeutigam responded that these are companies that are not publicly traded on the stock market exchanges. They have done very well for us. There is a limitation of no more than 30 percent of the plan's portfolio being invested in private equities.

In response to another question, Mr. Braeutigam indicated that pay for performance was working well for their employees. Their pay is benchmarked to that of employees administering other public pension plans with Treasury's employees making median pay.

A question was asked about how long the DB plan will last and the response was that as long as the State keeps depositing money, it will be okay "for a long time."

The meeting was adjourned at 3:05 p.m.

The next membership meeting will be on March 3, 2016, at 1:30 p.m. at the UAW Local 6000 Hall.

## IN MEMORIAM

By Marian Smith

Wanda Jubb (member, Education) ..... 10/2/15  
 Mary A. Flynn (member, Social Services)..... 11/26/15  
 Eloise Robinson (member, State Police).....1/6/16

## HAPPY Anniversary

By Marian Smith

J. L. and **Nancy Morey** (member, Natural Resources) will celebrate their 50th anniversary on February 19, 2016.

Wally and **Ruth Landis** (member, Social Services) will celebrate their 70th anniversary on March 3, 2016.

Eleanor (Ellie) and **John Garrison** (member, Commerce) will celebrate their 50th anniversary on March 20, 2016.

**(Ed's note:** Marian Smith is Chairperson of SERA's Benevolence Committee. Please contact her with news of anniversaries and bereavements; phone: (517) 351-0213; e-mail [eskersmith\\_marian@yahoo.com](mailto:eskersmith_marian@yahoo.com).)

## CHAIR TALK

FEBRUARY 2016 BOB KOPASZ

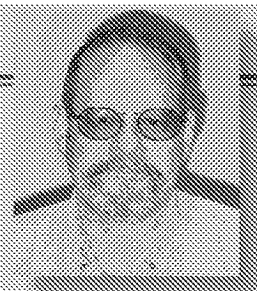

### Retiree Health Care

Cheryl Streberger and I had a meeting with Employee Benefits Division and Civil Service staff about retiree health care. There has not been a decision yet as to whether the additional health benefits that were bargained for active employees will be passed on to retirees. Some of the benefits that were negotiated were for active employees only. It may be a couple months before we hear anything. State employee unions will be going into bargaining with the State on health care benefits because the current agreement (health care) is only for a year. The State and unions are concerned about what impact the excise tax included in the Affordable Care Act (ACA) will have on the State. The excise tax is based on the total premiums paid by the employer and employee for the health plan. Apparently, the excise tax portion of the ACA has been held up for two years and will not be effective until 2018. Congress is working on a fix to lessen the impact of the excise tax on employers.

### Meeting With New Office of Retirement Services (ORS)

Cheryl and I met with Kerrie Vanden Bosch, Director of the ORS. Kerrie was named Director of ORS a couple of

months ago. We have worked with Kerrie in the past and look forward to working with her in the future. Kerrie asked us to stress to retirees that they should use the **miAccount** link on the ORS website more. She realizes that the wait on the phone to address questions may be long and using the message board on **miAccount** may be more efficient. Unless the questions are complex, I would suggest using the **miAccount** link to get your questions answered. Kerrie has agreed to attend one of our SERA Coordinating Council meetings this year. We will announce what meeting Kerrie will be attending.

### Retirement Board Meeting

The first meeting of the consolidated State of Michigan Retirement Board is scheduled for Thursday, February 11, 2016. Governor Snyder signed Executive Order 2015-13 which consolidated three retirement systems (State Employees' Retirement System, Judge's Retirement System, and Military Provisions System). The newly appointed board will oversee those three retirement systems. I plan on attending this meeting.

**(Ed's Note:** Bob Kopasz is Chairman of the State SERA Council. He can be reached at (810) 240-8380 or e-mail at [bobkopaszserachair@gmail.com](mailto:bobkopaszserachair@gmail.com).)

**Subject:** VIDEO: Volunteering in Flint

## VIDEO: How volunteers are helping Flint

---

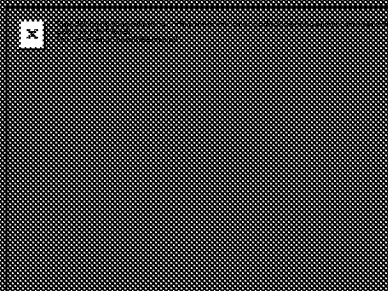

Volunteers at the Food Bank of Eastern Michigan are working hard to collect donations in order to help the families of Flint. Last Thursday, Governor Snyder visited with the many dedicated volunteers and helped sort cans of food.

Good nutrition is critically important for Flint's children. Foods that are high in calcium, vitamin C, and iron can help limit the effects of lead exposure. To donate or volunteer at the Food Bank of Eastern Michigan, visit [www.fbem.org](http://www.fbem.org).

[Click here to watch the video and learn more about how the Food Bank of Eastern Michigan is helping Flint's families.](#)

## LISTEN IN: Governor Snyder's tele-town hall with Flint residents

Governor Snyder hosted his third town hall with Flint residents on Thursday, Feb. 11, answering their questions directly. [Click here to listen to the call.](#)

**Subject:** The Gov. Snyder's Budget Proposal

Right-click here to download pictures. To help protect your privacy, Outlook prevented automatic download of this picture from the Internet.  
DTMB Header 9/22/15

Good morning everyone. I hope everyone had a great holiday weekend.

I had the good fortune to travel to Marquette on Monday with Chad Laidlaw, DTMB's policy and planning analyst, to meet with city, business and university leaders and to address the Economic Club of Marquette. I told them about the many things DTMB does, placing special emphasis on our work in mobility and cybersecurity. Marquette is really developing and making its mark as an innovative and entrepreneurial community.

Now work.

The executive budget Gov. Snyder presented last week outlined his investment plan for Michigan. Yes, the proposal for fiscal year 2017-18 outlined a strategy to address the critical challenges of addressing the Flint water crisis and turning around Detroit's Public Schools, but the \$54.9 billion plan also includes investment in four key areas:

- **Education.** The budget increases investment to K-12 schools, community colleges and the state's public universities. Additional funds are proposed to expand career, technical, science, technology, engineering and math programs.
- **Protecting the Public.** The governor's plan expands the Secure Cities program, which has reduced violent crime in four major Michigan cities. Funds also would support an additional trooper recruit school and an academy to train corrections officers, among other initiatives.
- **Putting People First.** The governor recommends continued expansion of the Healthy Kids Dental Program and funding efforts to ensure residents have access to affordable health care. His proposal boosts funds to help cover new higher cost specialty medications to treat conditions such as hepatitis C and cystic fibrosis, among others.
- **Investing in Infrastructure.** The proposal allocates \$1.2 billion to maintain and repair Michigan roads, bridges and other critical infrastructure.

The budget proposal also includes FY 2017-18 funding recommendations for DTMB. Gov. Snyder recommends ongoing funding of \$1.3 billion for department operations and a one-time allocation of \$32.4 million.

A few highlights include:

- \$502 million for information technology support for all state agencies and \$132.8 million for 14 high-priority IT projects in seven agencies. He recommends increasing the Information Technology Investment Fund by \$7 million, from \$65 million to \$72 million. This fund supports several major multiyear IT projects and upgrades, including the replacement of outdated legacy systems.
- An additional \$5 million to support cybersecurity improvements to safeguard citizens' personal information and protect critical infrastructure and government services.
- IT support of \$6.5 million to modernize the Office of Retirement Services' systems and enhance customer service for more than 530,000 current and future retirees.

You can see the full executive budget recommendations, which are posted on the Budget Office website. Details of DTMB's proposed budget begin on page B-75.

We can expect to see many changes before the budgets are signed and become effective Oct. 1. The executive budget will be used by the House and Senate Appropriations Committees as they work on their own budgets and hold committee hearings on the proposals. I'll keep you posted as the process moves ahead.

As always, I welcome your notes, whether about the budget process or any other topic. Please send them to me at [behend@michigan.gov](mailto:behend@michigan.gov).

Thank you again for all the good work you do. I hope you have a great week ahead.

David

TOP STORY

## The Cost of Cutting Corners

How did Michigan officials fail so badly at protecting Flint's citizens? Blame the small-government, anti-spending thinking that rules the day. It's not the first time that penny-pinching has led to devastating consequences—and it probably

won't be the last. [Learn More](#)

Hey you bunch of wild-n-crazy cats! ☺

Here are the pictures I took on Sunday....and, 1 short video (when we went down 1-way the wrong way).

It was so much fun, I wanted to go back on Monday but... I was just too sore, my shoulders and arms are still a little on the tender side... on the ibuprofen diet today.

It was very enjoyable meeting and working with you all. What a fun day, you all made it enjoyable and easier to accomplish the water & filter distribution.

We saw several dogs that were in need of help. A local Flint non-profit called Pets in Peril has been helping Flint residents with their dogs (they have been on the news a few times). In February, there is a coalition of dog rescue groups that are meeting to organize and plan, to see how we can better assist Pets in Peril and the dogs that are outside freezing in the city of Flint.

## THANK YOU!

Fellow employees,

Each day, more than 46,000 state of Michigan employees come to work with the confidence and commitment to make Michigan a better place to live, work and play. I appreciate the way you care about the citizens we serve, and how it is reflected in the work that you do.

As you have heard from me and the media, our reputation and trust can be severely impacted when people do not make good decisions, or use good judgment in solving problems. That principle is universal, but never more so than when public health is at stake. What happened in Flint can never be allowed to happen again anywhere in our state.

I know that you want to work in a place where employee input is valued, efforts are recognized, and teams are always striving for continuous improvement. That's why we introduced employee surveys, Bureaucracy Busters and other reinvention initiatives. We want and deserve a culture of innovation, continuous improvement and employee engagement at every level. We can never take for granted how important the people are who depend on us to do our jobs, and I am asking you not to let the situation in Flint negatively impact your motivation to excel every day.

Many of you have taken an interest in helping the citizens of Flint on your own time, and I'd like to take this opportunity to recognize and thank those who have volunteered over the last couple of weekends. You have worked tirelessly to deliver cases of bottled water, water filters, replacement cartridges and water testing kits to the families in need. I appreciate you donating your time to help our fellow Michiganders. To date, more than 37,000 homes have been visited by one of our water resource teams.

For employees who would like to further help the people of Flint, please visit [www.HelpForFlint.com](http://www.HelpForFlint.com) to learn how you can do so. For additional information and to sign up for daily updates, please visit [www.mi.gov/FlintWater](http://www.mi.gov/FlintWater). I am committed to ensuring that all residents have access to safe and clean water.

Again, I'd like to express my gratitude for the work you do every day to continuously improve our state and earn the trust of those you serve. You make a real difference.

Thanks,

On Jan 21, 2016, at 10:26 AM, Brownlee, Jeff (DTMB) <[BrownleeJ@michigan.gov](mailto:BrownleeJ@michigan.gov)> wrote:

Keeping this within DTMB for an initial discussion. I'd like to get 10 minutes with you all re: the emergency purchasing going on for Flint. The operating model currently in place is not working well according to my procurement leadership team (reps from all agencies) and my staff. I fear if we don't get ahead of this now, we may be causing ourselves some headaches down the road. More details when we talk.

If John and David agree to a call, Connie and Chanda, will you please coordinate? Thank you.

Jeff

**Mandatory Meeting - DTMB Custodians of Correspondence Related to Flint -- Ottawa Building - Upper Level -- Conference Room 4 OR Call-in:** [REDACTED]

*Please note this meeting can be attended in person or via conference call-in. Location and Dial in information are provided below.*

\*please see agenda below

**Requested By:**

DTMB Executive Staff

**Location:**

Ottawa Building

Upper Level -- Conference Room 4

611 W. Ottawa Street

Lansing, MI 48933

**Security:**

Please have your State Employee ID showing at all times.

**Parking:**

Metered parking is available along Ottawa and Pine street.

**Briefing:**

In recent months, the State of Michigan has received a number of requests to produce documents related to the water emergency in Flint. You have been identified as a potential custodian of relevant/responsive correspondence and/or documents related to these requests. As a custodian, you are required to produce, by a certain date, any documents containing certain search terms. In this meeting we will review instructions for the process of identifying, compiling, scanning, and copying the necessary information.

**Agenda**

- 1) Kickoff – Brom Stibitz, Chief Deputy Director
- 2) Why you are here – Jean Ingersoll, Interim Chief of Staff
- 3) What you need to do (February 22, 2016 deadline) – Jean
- 4) What will be done for you – Jean
- 5) What's next – Jean
- 6) Public Information Reminder – Caleb Buhs, Public Information Officer
- 7) Questions and Answers - Group

RICK SNYDER  
GOVERNOR

STATE OF MICHIGAN  
DEPARTMENT OF TECHNOLOGY, MANAGEMENT & BUDGET  
LANSING

DAVID B. BEHEN  
DIRECTOR

February 17, 2016

**TO:** All DTMB Custodians of Correspondence Related to Flint

**FROM:** Jean Ingersoll, Interim Chief of Staff to David B. Behen, Director and CIO

**SUBJECT:** Flint Document Production – Search Terms and Guidance

In recent months, the State of Michigan has received a number of requests to produce documents related to the water emergency in Flint. You have been identified as a potential custodian of relevant/responsive correspondence and/or documents related to these requests. **As a custodian, you are required to produce any documents containing the search terms listed below, no later than Monday, February 22, 2016.** This memorandum contains detailed instructions for the process of identifying, compiling, scanning, and copying the necessary information.

**Microsoft 365 – Outlook (includes emails, calendar items) and OneDrive**

DTMB staff will centrally coordinate the Microsoft 365 search for all of DTMB's custodians. Therefore, DTMB's custodians *do not need to independently search any of their Microsoft 365 applications* for the search terms listed below.

**Network Drives**

Similar to the approach outlined above, DTMB staff will centrally coordinate the network drive search effort for all DTMB custodians. Custodians *do not* need to independently conduct a network drive search for the search terms below.

**Non-Network Drives – includes hard drives, desktop, and thumb/flash drives**

For all non-network drive types, ***each custodian will need to search every search term listed below in every non-network format, and move all relevant/related documents in to a network drive for collection. In order to move items to the network, you must be connected to the network.***

Start by conducting the search of all non-network drives, filling out the attached search term checklist as you go. If you need guidance as to how to perform this search, a step-by-step guide is included below in Appendix 1.

All relevant/responsive items that are produced as a result of your search need to be moved to a network drive. You can move your relevant/related documents to a network drive in whatever format the document is currently in. After the February 22, 2016, deadline, DTMB staff will access the network drives to collect the files.

### **Paper Files**

Review all applicable paper files. Scan any relevant/related documents, and save them to a network drive, as described above. If this is not possible, you may provide hard copies of documents to Jean Ingersoll in the Director's Office. These documents must be received in the Director's Office by February 22, 2016, and will not be returned to you.

### **Home Computer**

Any relevant e-mails or other documents on a personal computer also are subject to this request. Please check your personal computer for any e-mails or other documents relating to this search. If you discover any relevant/related documents, please include the phrase "personal computer" in the file name, and save them to the aforementioned network drive.

### **Conclusion**

Thank you for your cooperation in complying with this request. Should you have any questions, please contact Jean Ingersoll at 1-8844.

### **Attachments**

- FOIA Checklist
- Attachment 1 -- Search Guidance

## Search Term Checklist

In recent months, the State of Michigan has received a number of requests to produce documents related to the water emergency in Flint. You have been identified as a potential custodian of relevant/responsive correspondence and/or documents related to these requests. As a custodian, you are required to search and copy all items that you identify to a DTMB network drive, as described above.

Please complete your search no later than close of business on Monday, February 22, 2016. Relevant/related items from the past 10 years should be included.

You should search for *each term exactly as it is shown below, and include quotation marks around each separate word*. For example, "Legionnaire", "Legionella", or "Flint" would all go into search fields. After you complete a search term, check the box beside the term.

### Search Terms:

- |                                                       |                                                      |                                         |
|-------------------------------------------------------|------------------------------------------------------|-----------------------------------------|
| <input type="checkbox"/> "Legionnaire"                | <input type="checkbox"/> "Karegnondi"                | <input type="checkbox"/> "Pb" & "water" |
| <input type="checkbox"/> "Legionella"                 | <input type="checkbox"/> "Genesee County Health      | <input type="checkbox"/> "KWA"          |
| <input type="checkbox"/> "boil water order" & "Flint" | Department"                                          |                                         |
| <input type="checkbox"/> "coli" & "Flint"             | <input type="checkbox"/> "Flint" & "utilities"       |                                         |
| <input type="checkbox"/> "bacteria" & "Flint"         | <input type="checkbox"/> "Lead and Copper Rule"      |                                         |
| <input type="checkbox"/> "microb" & "Flint"           | <input type="checkbox"/> "Detroit Water and Sewerage |                                         |
| <input type="checkbox"/> "TTHM" & "Flint"             | Department" & "Flint"                                |                                         |
| <input type="checkbox"/> "Lead" & "Flint"             | <input type="checkbox"/> "DWSD" & "Flint"            |                                         |
| <input type="checkbox"/> "emergency" & "Flint"        | <input type="checkbox"/> "Flint River"               |                                         |

Search conducted on the email account of: \_\_\_\_\_

Date completed: \_\_\_\_\_

Please return this completed Checklist to DTMB Director's Office staff by February 22, 2016, at  
[DTMB@michigan.gov](mailto:DTMB@michigan.gov), or  
Directors Office, Cass Building, Second Floor

## APPENDIX 1 – Search Guidance

Regardless of what version of Windows you're using, each of them has a search feature built in called "Windows Explorer," you see it every time you open up a folder on a network drive, or on your own computer.

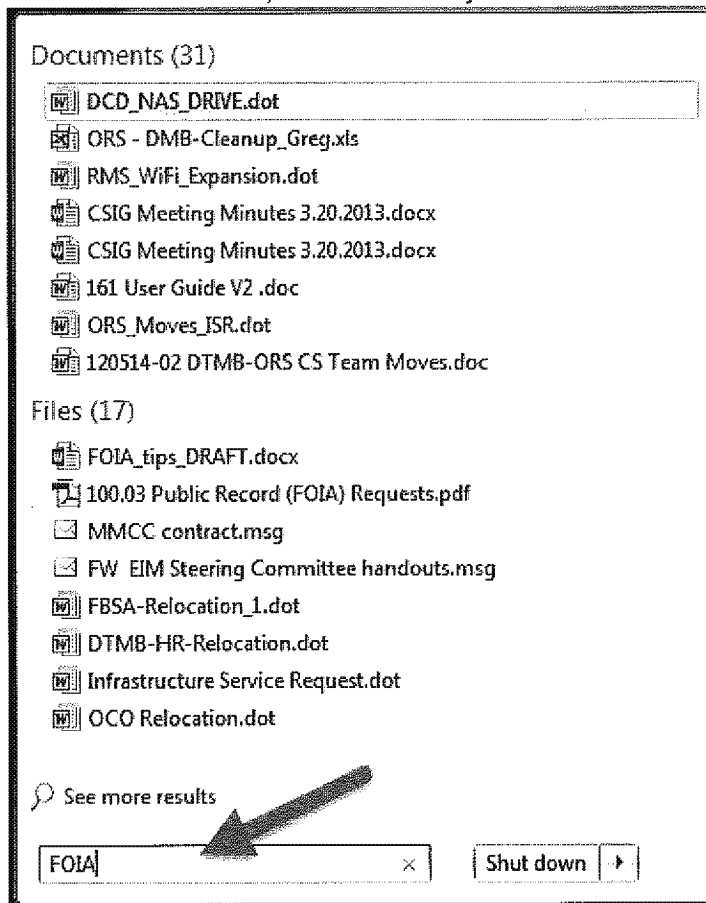

### Using the search function in windows 7

Since the majority of DTMB is on Windows 7, the examples below are on that operating system. If you click on windows Start button, you'll see the search box right next to it

► All Programs

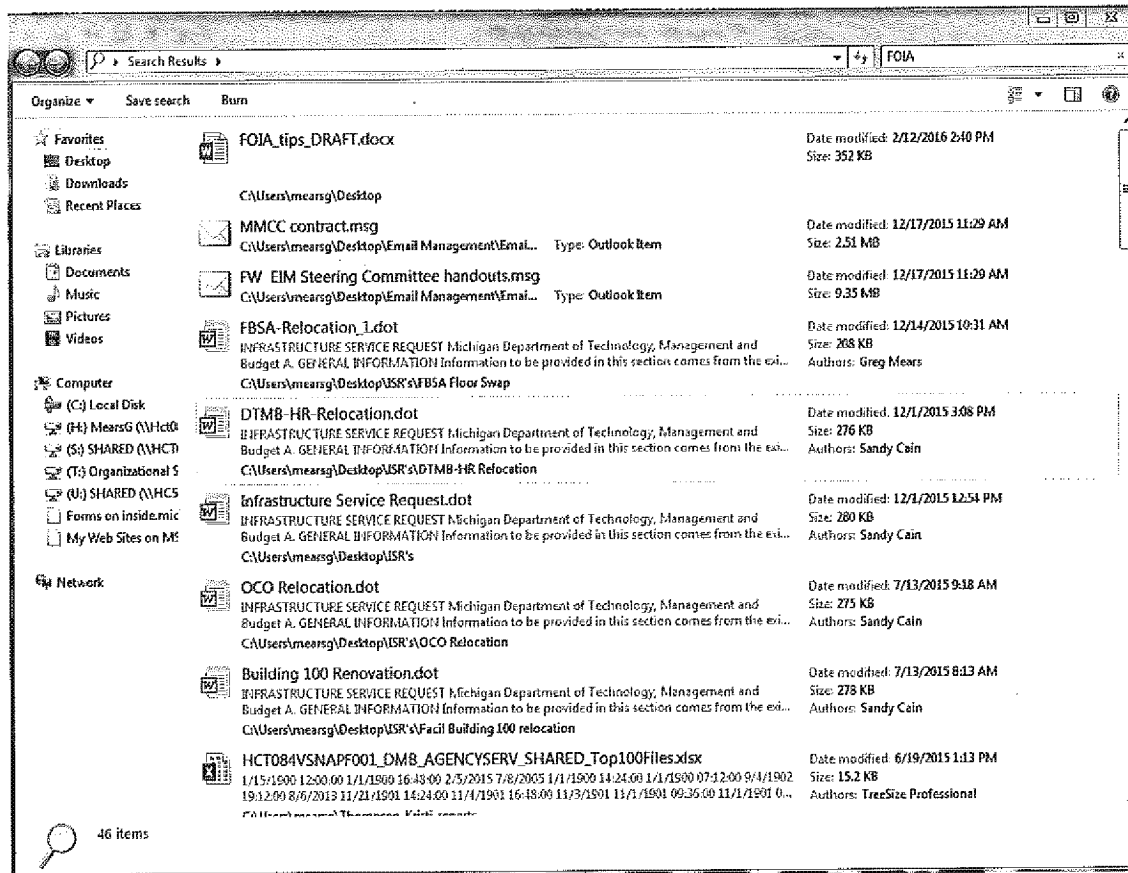

Search programs and files

This example searches for the word FOIA. As you can see, the search yielded numerous documents including emails. Since DTMB is centrally collecting relevant emails and other Microsoft 365 items, we'll focus on just the documents.

You need to open each document to make sure that it's relevant. In this instance, the search brought up a DTMB Move form, but only because it has the word FOIA in the form. You'll notice that the words "See more results" appears at the bottom of the list. This means that the search turned up a lot more documents than what can easily be displayed. You must

click on the link to open Windows Explorer and reveal a comprehensive list, along with their locations.

As you can see from this example the search found 46 items. We can now select them all using the "Ctrl-A method", and copy them to a network drive.

## DHHS SIGMA Readiness

2/18/2016

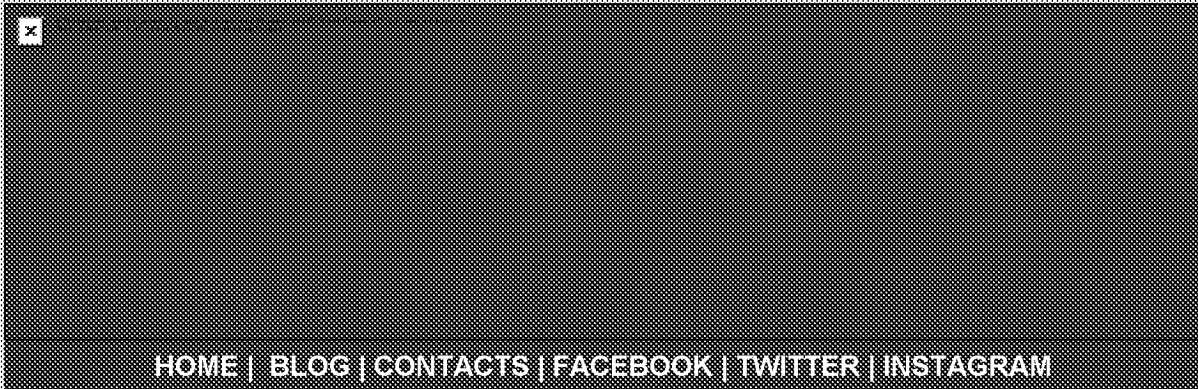

Attendees: John Roberts, Nancy Duncan, Mike Moody, David Behen, Rod Davenport, James McFarlane, Linda Pung, Nick Lyon, Tim Becker, Farah Hanley, Ruth Schwartz, Abe Meer

## How we are fixing the Flint water crisis

Governor Rick Snyder has committed to spending the rest of his time as Governor to fixing the Flint water crisis. Over the last few days, he has sat down to explain what happened and how we're fixing the Flint water crisis. Watch the interviews below and be sure to read the Governor's Op-Ed in the USA Today.

### Governor Snyder on Morning Joe

"What is so frustrating and what makes you so angry is you have a handful of experts who were career civil servants that made terrible decisions, in my view. We have to live with the consequences, and they worked for me, so I accept that responsibility. We are going to fix this problem." Watch Governor Snyder address how we are fixing the Flint water crisis on Morning Joe.

### Governor Snyder with Charlie LeDuff on Fox 2 Detroit

"I feel awful about this. These are people. They've been harmed. You can't feel good about that. The people of Flint have been harmed and a major influence of that harm came from people who worked for me, and I feel responsible for that. But I am committed

to solving the problem and addressing the damage as much as possible for the rest of the time I'm Governor." Watch Governor Snyder address the Flint water crisis with Charlie LeDuff on Fox 2 News.

---

## Governor Snyder's 2016 State of the State

"Michiganders don't quit, we don't give up, instead we will work with even more passion and commitment to truly improve our state. For everyone who's chosen to make Michigan their home, this is more than a promise, this is my commitment." Watch Governor Snyder's full closing statement from his 2016 State of the State address.

---

## Governor in USA Today: "I will fix this, and I mean it."

"Residents in one of Michigan's proud cities cannot drink their water. That's unacceptable. The crisis in Flint arose from missteps at all levels of government — local, state and federal. But as governor, I take responsibility for what these families are going through, and I'm holding people in my administration accountable for their failures." Click [here](#) to read the Governor's full op-ed.

---

## Washington Post: "Michigan Gov. Rick Snyder is in a tough spot, but he's his own best spokesman"

Snyder has born the brunt of criticism in the local health crisis that has turned into a national scandal. But unlike many other politicians facing crises of leadership, Snyder may also be his own best counter-programming. [Click here to read the full story in the Washington Post.](#)

**From:** Dept. Technology, Management & Budget <dtmb@govsubscriptions.michigan.gov>  
**Sent:** Tuesday, January 26, 2016 8:39 AM  
**To:** Doyle, James (DTMB)  
**Subject:** Contributing time, muscle and money

During this month's Martin Luther King Jr. holiday weekend, some state employees turned their "day off" into a "day on" in Flint. There, they delivered bottled water, water filters, replacement cartridges and water testing kits to families. The volunteers joined other Michiganders, turning Dr. King's birthday observance into a day of service.

Mike Zimmer, director of the Office of Good Government and the Department of Licensing and Regulatory Affairs, has shared a link – [www.helpforflint.com](http://www.helpforflint.com) – that offers other opportunities to contribute time, muscle and money to bring clean drinking water to the community. Here in DTMB, some of our employees didn't wait for an invitation to lend a hand. Office of Retirement Services staff contributed funds that were used to buy 31 cases and 23 gallons of water, which a local organization transported to Flint.

Autumn Hubbard, Ambrea Mack and Sarah Esquivel, who are in the photo at the left, nearly emptied the shelves at their local grocery store. Thanks for your efforts.

everyone.

Now work.

Last week, I signed a new policy that formalizes the annual employee review process and sets expectations for employees and managers. [Administrative Policy 200.37](#) establishes consistent standards for implementing performance plans and reviews. Some of the standards are practices we have followed for years. Others are new. Some of particular note include:

- The mandatory use of HRMN
- A standard Feb. 1-Jan. 31 rating period for all employees
- An Individual Development Plan that specifies training or development programs for each employee
- Competencies and objectives that align to DTMB goals or scorecard metrics
- Consequences for managers and supervisors who do not complete the review process as required

A fundamental role of each DTMB manager or supervisor is to provide employees with direction and feedback on their performance. Employees also are expected to take an active role in pursuing professional development opportunities and achieving their competencies and objectives. I encourage you to review the new policy and talk with your manager or supervisor if you have questions. Of course, I welcome your questions and input as well. Please send your comments and ideas to me at [behend@michigan.gov](mailto:behend@michigan.gov).

I know these have been busy weeks for many of you as you take on additional responsibilities and work hard to provide resources and services for our customers and citizens across the state. Please know that your hard work has not gone unnoticed. Thank you for everything you do, every day.

Have a great week,

David

## THANK YOU!

Fellow employees,

Each day, more than 46,000 state of Michigan employees come to work with the confidence and commitment to make Michigan a better place to live, work and play. I appreciate the way you care about the citizens we serve, and how it is reflected in the work that you do.

As you have heard from me and the media, our reputation and trust can be severely impacted when people do not make good decisions, or use good judgment in solving problems. That principle is universal, but never more so than when public health is at stake. What happened in Flint can never be allowed to happen again anywhere in our state.

I know that you want to work in a place where employee input is valued, efforts are recognized, and teams are always striving for continuous improvement. That's why we introduced employee surveys, Bureaucracy Busters and other reinvention initiatives. We want and deserve a culture of innovation, continuous improvement and employee engagement at every level. We can never take for granted how important the people are who depend on us to do our jobs, and I am asking you not to let the situation in Flint negatively impact your motivation to excel every day.

Many of you have taken an interest in helping the citizens of Flint on your own time, and I'd like to take this opportunity to recognize and thank those who have volunteered over the last couple of weekends. You have worked tirelessly to deliver cases of bottled water, water filters, replacement cartridges and water testing kits to the families in need. I appreciate you donating your time to help our fellow Michiganders. To date, more than 37,000 homes have been visited by one of our water resource teams.

For employees who would like to further help the people of Flint, please visit [www.HelpForFlint.com](http://www.HelpForFlint.com) to learn how you can do so. For additional information and to sign up for daily updates, please visit [www.mi.gov/FlintWater](http://www.mi.gov/FlintWater). I am committed to ensuring that all residents have access to safe and clean water.

Again, I'd like to express my gratitude for the work you do every day to continuously improve our state and earn the trust of those you serve. You make a real difference.

Thanks,

**Sent:** Wednesday, February 03, 2016 6:11 PM  
**To:** Doyle, James (DTMB)  
**Subject:** "Flint residents should not have to pay for water they cannot drink"

## Budget recommendation will include \$30 million request for Flint water bill repayments

When Governor Rick Snyder presents his budget recommendation next Wednesday, Feb. 10, he will include a \$30 million request for the residents of Flint to keep their water service on and eliminate the need to pay for water they cannot completely trust to drink.

Under the governor's ask, the funding would enable the city of Flint to apply credits for customers on future bills. Estimates show water is roughly 47 percent of billing and sewer costs are around 53 percent. The credit would be applied to consumption usage (roughly 65 percent) of a resident's water portion of the bill, such as for bathing, drinking, cooking,

and washing your hands. Residents still would be responsible for paying the sewer portion of their water bills.

Professor Marc Edwards of Virginia Tech said, "This essentially refunds all the money associated with consumption or consumer use. I think it's an amazing gesture of common sense and good will and it corrects an injustice. I don't think there's a precedent for this. I feel so encouraged by the direction this is going."

[Click here to learn more about the budget request.](#)

[Learn more about the \\$20 million request](#)

Right-click here to download pictures. To help protect your privacy, Outlook prevented automatic download of this picture from the Internet.

We spoke with Staff Sgt. Thomas Vega about the critical resources they're providing to Flint families every day. He also encouraged residents to pick up and return their water testing kits to Flint fire stations. Test results will be posted online at [www.mi.gov/flintwater](http://www.mi.gov/flintwater). **[Click here to watch the video.](#)**

Michigan State Employees banner image

The State Emergency Operations Center (SEOC) is coordinating a response to the ongoing health and safety issues in the city of Flint's drinking water. Teams from the Michigan State Police, Genesee County Sheriff's Department, Michigan Department of Health and Human Services, and volunteer organizations have been delivering bottled water, water filters, replacement cartridges and water testing kits at homes in the city of Flint since Tuesday.

To help with this critical work, the SEOC is looking for volunteers to expand this effort and continue this distribution during the upcoming holiday weekend. Teams are being assembled for shifts on Saturday, January 16; Sunday, January 17; and Monday, January 18, 2016. If you are interested in volunteering your time for this critical work, please complete the information in one of the attached surveys (depending on which day you are volunteering).

To volunteer on Saturday, January 16, <https://www.surveymonkey.com/r/28NVJBL>

To volunteer on Sunday, January 17, <https://www.surveymonkey.com/r/26NMJJK>

To volunteer on Monday, January 18, <https://www.surveymonkey.com/r/26P7P5G>

Volunteers will begin their assignment at the Local Emergency Operations Center located in the Genesee County Administration Building located at 1101 Beach St, Flint at 9 a.m. and end by 4 p.m. Parking is available at the corner of Beach Street and 8th Street. Lunch will be provided. This is strictly a volunteer effort, as all three days will be unpaid. Volunteers are responsible for their own transportation; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

This opportunity is for state employees and their immediate family members 16 years of age or older only, others looking to assist should volunteer through the American Red Cross in Flint. The volunteer coordination center for the Red Cross is located at 1401 S. Grand Traverse, Flint, MI. They are open from 9 a.m. to 7 p.m.

For more information on the state's response efforts, visit [www.michigan.gov/flintwater](http://www.michigan.gov/flintwater).

**Subject:** Flint Volunteer Efforts

Dear State Employees,

Gov. Rick Snyder and I want to thank everyone who donated their time during the holiday weekend to deliver bottled water, water filters, replacement cartridges and water testing kits to families in the city of Flint. We are working hard to ensure all residents are provided with the safe water resources they need, and each donation and hour of your time volunteered goes a long way.

For employees who would like to help the residents of Flint, there are several opportunities to do so. Please visit [www.helpforflint.com](http://www.helpforflint.com) to learn how you can help.

For additional information and updates, visit [www.michigan.gov/flintwater](http://www.michigan.gov/flintwater).

Again, thank you for all your support.

Sincerely, Mike Zimmer  
Office of Good Government Director  
Dept. of Licensing and Regulatory Affairs Director

**Importance:** High

Mr. Armstrong:

Per our telephone conversation today, for safety's sake I am attaching the most current tobacco Master Retail List (MRL). I have copied Jim Doyle on this e-mail so that he can discard any previous transmissions. The list was updated during December 2015. If you need further assistance feel free to continue to contact me via cell 517-980-4027. I expect to return to the office on Monday, February 1st.

I understand that the Flint water crisis has required priority focus. We are optimistic that the week of February 1st, is your estimated target for the tobacco mailing. We will await your confirmation.

Thank you for your communication and personal attention to this matter.

Kind Regards,

Carolyn Foxall  
517-980-4027 (cell)

**Cc:** Holben, Jason (DHHS); Miller, Mark (DTMB); Oh, Su Min (DHHS)

**Subject:** Merchant Tobacco Mailer

Hello Jim,

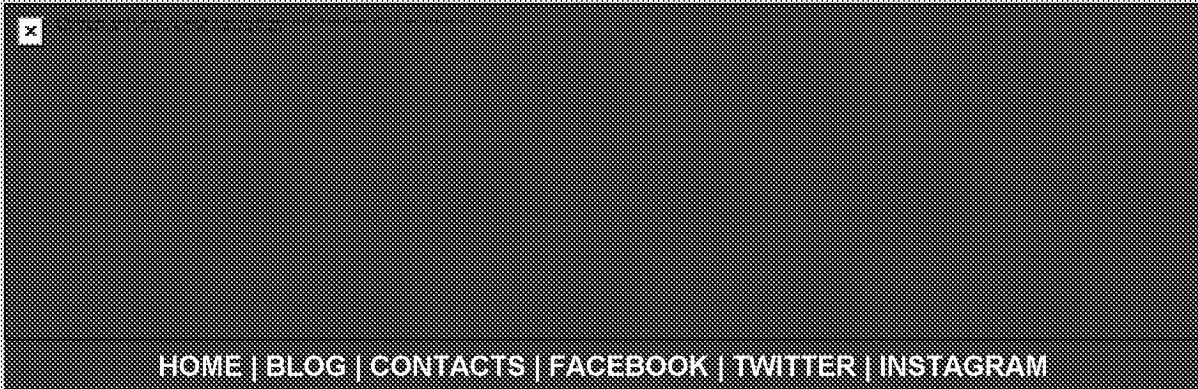

1. All of the regular tobacco staff has been out this week, however, I am trying to track the status of the master retail list (MRL) mailer. Can you advise me if you have received the documents and if you have the MRL list?
2. Since the time line has changed, I need to inform the PIHP Directors when they should expect the merchants to receive the packet.

I am **available by cell 517-980-4027**. If you do not have the master retailer list, let me know and I will contact the office to make sure you have everything you need.

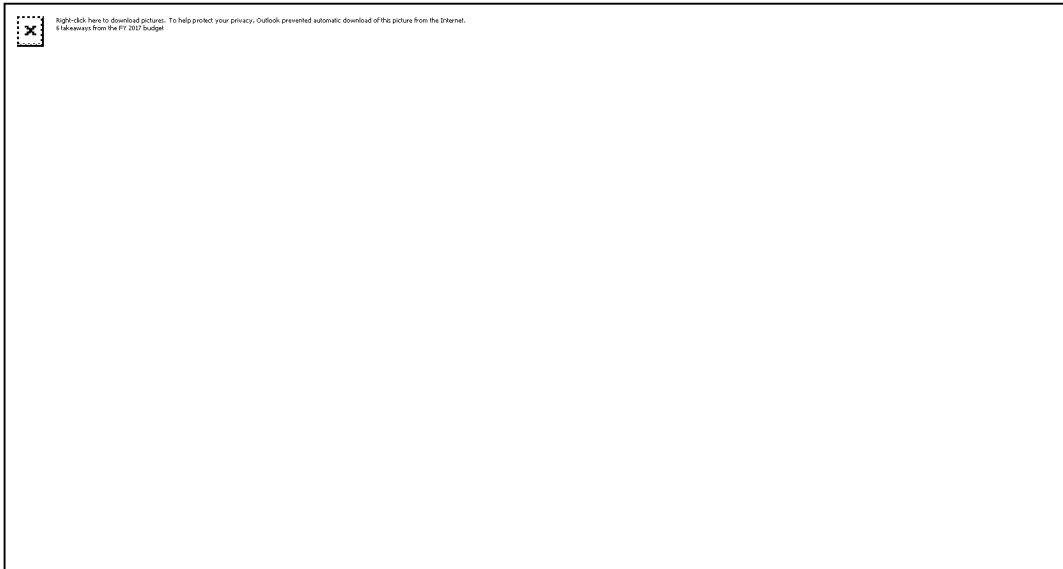

Thank you.

Carolyn Foxall

**Subject:** What this year's budget means for Michigan...

## VIDEO: What Governor Snyder's FY17 budget means for Michigan

Gov. Rick Snyder's FY 2017 budget calls for critical investments for the Flint water crisis, statewide infrastructure and the Detroit Public Schools. The governor's recommendation also addresses the skyrocketing costs of specialty medications that Michigan residents depend on for better health outcomes.

This budget also stays committed to the Governor's core statewide priorities of education, talent and economic development, health and human services, and public safety.

The proposed FY 2017 budget makes key investments to strengthen the state for all of

Michigan's families. Click here to learn more about the top 6 takeaways from the Governor's FY 2017 state budget.

## VIDEO: How volunteers are helping Flint

Volunteers at the Food Bank of Eastern Michigan are working hard to collect donations in order to help the families of Flint. Last Thursday, Governor Snyder visited with the many dedicated volunteers and helped sort cans of food.

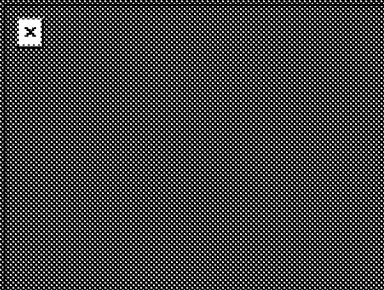

Good nutrition is critically important for Flint's children. Foods that are high in calcium, vitamin C, and iron can help limit the effects of lead exposure. To donate or volunteer at the Food Bank of Eastern Michigan, visit [www.fbem.org](http://www.fbem.org).

**From:** DTMB Director and CIO David Behen <dtmb@govsubscriptions.michigan.gov>  
**Sent:** Wednesday, February 17, 2016 10:10 AM  
**To:** Doyle, James (DTMB)  
**Subject:** The Gov. Snyder's Budget Proposal

Right-click here to download pictures. To help protect your privacy, Outlook prevented automatic download of this picture from the Internet.  
DTMB Header 9/22/15

Good morning everyone. I hope everyone had a great holiday weekend.

I had the good fortune to travel to Marquette on Monday with Chad Laidlaw, DTMB's policy and planning analyst, to meet with city, business and university leaders and to address the Economic Club of Marquette. I told them about the many things DTMB does, placing special emphasis on our work in mobility and cybersecurity. Marquette is really developing and making its mark as an innovative and entrepreneurial community.

Now work.

The executive budget Gov. Snyder presented last week outlined his investment plan for Michigan. Yes, the proposal for fiscal year 2017-18 outlined a strategy to address the critical challenges of addressing the Flint water crisis and turning around Detroit's Public Schools, but the \$54.9 billion plan also includes investment in four key areas:

- **Education.** The budget increases investment to K-12 schools, community colleges and the state's public universities. Additional funds are proposed to expand career, technical, science, technology, engineering and math programs.
- **Protecting the Public.** The governor's plan expands the Secure Cities program, which has reduced violent crime in four major Michigan cities. Funds also would support an additional trooper recruit school and an academy to train corrections officers, among other initiatives.
- **Putting People First.** The governor recommends continued expansion of the Healthy Kids Dental Program and funding efforts to ensure residents have access to affordable health care. His proposal boosts funds to help cover new higher cost specialty medications to treat conditions such as hepatitis C and cystic fibrosis, among others.
- **Investing in Infrastructure.** The proposal allocates \$1.2 billion to maintain and repair Michigan roads, bridges and other critical infrastructure.

The budget proposal also includes FY 2017-18 funding recommendations for DTMB. Gov. Snyder recommends ongoing funding of \$1.3 billion for department operations and a one-time allocation of \$32.4 million.

A few highlights include:

- \$502 million for information technology support for all state agencies and \$132.8 million for 14 high-priority IT projects in seven agencies. He recommends increasing the Information Technology Investment Fund by \$7 million, from \$65 million to \$72 million. This fund supports several major multiyear IT projects and upgrades, including the replacement of outdated legacy systems.
- An additional \$5 million to support cybersecurity improvements to safeguard citizens' personal information and protect critical infrastructure and government services.
- IT support of \$6.5 million to modernize the Office of Retirement Services' systems and enhance customer service for more than 530,000 current and future retirees.

You can see the full executive budget recommendations, which are posted on the Budget Office website. Details of DTMB's proposed budget begin on page B-75.

We can expect to see many changes before the budgets are signed and become effective Oct. 1. The executive budget will be used by the House and Senate Appropriations Committees as they work on their own budgets and hold committee hearings on the proposals. I'll keep you posted as the process moves ahead.

As always, I welcome your notes, whether about the budget process or any other topic. Please send them to me at [behend@michigan.gov](mailto:behend@michigan.gov).

Thank you again for all the good work you do. I hope you have a great week ahead.

David

**Subject:** Fw: Merchant Tobacco Mailer  
**Importance:** High

Mr. Armstrong:

Per our telephone conversation today, for safety's sake I am attaching the most current tobacco Master Retail List (MRL). I have copied Jim Doyle on this e-mail so that he can discard any previous transmissions. The list was updated during December 2015. If you need further assistance feel free to continue to contact me via cell 517-980-4027. I expect to return to the office on Monday, February 1st.

I understand that the Flint water crisis has required priority focus. We are optimistic that the week of February 1st, is your estimated target for the tobacco mailing. We will await your confirmation.

Thank you for your communication and personal attention to this matter.

Kind Regards,

Carolyn Foxall  
517-980-4027 (cell)  
517-335-0176 (Office)

**Subject:** Fw: Merchant Tobacco Mailer  
**Importance:** High

Hello Again,

Since I am out of the office, I thought I'd send you the MRL, just to be safe. If you have it already, pardon my redundancy. I will try to personally connect with you on Thursday morning. Please send me

Carolyn  
517-980-4027

**Cc:** Holben, Jason (DHHS); Miller, Mark (DTMB); Oh, Su Min (DHHS)  
**Subject:** Merchant Tobacco Mailer

Hello Jim,

1. All of the regular tobacco staff has been out this week, however, I am trying to track the status of the master retail list (MRL) mailer. Can you advise me if you have received the documents and if you have the MRL list?
2. Since the time line has changed, I need to inform the PIHP Directors when they should expect the merchants to receive the packet.

I am **available by cell 517-980-4027**. If you do not have the master retailer list, let me know and I will contact the office to make sure you have everything you need.

Thank you.

Carolyn Foxall

# MICHIGAN SPRING TURKEY DIGEST

Application Period: Jan. 1 - Feb. 1, 2016

## *Reminders*

- A base license is required for every resident and non-resident who hunts in Michigan.
  - It is available beginning March 1 and must be purchased before obtaining a spring turkey license.
  - It is not required to apply.
- Hunt 0234 licenses may be purchased without application beginning Mar. 15.

# MICHIGAN SPRING TURKEY DIGEST

## ~ CONTENTS ~

The Michigan Department of Natural Resources is committed to the conservation, protection, management, use and enjoyment of the State's natural and cultural resources for current and future generations.

The Michigan Natural Resources Commission (NRC) is a seven-member public body whose members are appointed by the governor and subject to the advice and consent of the Senate.

The commission conducts monthly, public meetings in locations throughout Michigan. Citizens are encouraged to become actively involved in these public forums. For more information visit [mi.gov/nrc](http://mi.gov/nrc).

**NOTICE:** This brochure is not a legal notice or a complete collection of hunting regulations and laws. It is a condensed digest issued for hunters convenience. Copies of Wildlife Conservation Orders, which contain complete listings of regulations and legal descriptions, are available on our website: [mi.gov/dnr/laws](http://mi.gov/dnr/laws)

### Wild Turkey Cooperator Patch

Michigan's wild turkey patch program is coordinated by the Michigan chapter of the National Wild Turkey Federation, in partnership with the DNR. Young hunters, up to 17 years of age, who have a valid wild turkey hunting license may receive a free patch. To receive a patch, please send name and complete address, along with a legible copy of the youth's valid wild turkey hunting license, to National Wild Turkey Federation, Wild Turkey Patch Program, P.O. Box 8, Orleans, MI 48865. Please allow four to six weeks for delivery. If you have questions, please e-mail [michiganwildturkeypatch@yahoo.com](mailto:michiganwildturkeypatch@yahoo.com).

Adult hunters, collectors, and other interested individuals may purchase the patch for \$5, including postage and handling. Only the current-year patch is available for purchase. You do not have to harvest a turkey to purchase a patch. Send orders to the address above, and please make your check or money order payable to the National Wild Turkey Federation. The NWTF is a not-for-profit organization dedicated to the conservation of the American wild turkey and the preservation of the hunting tradition. Proceeds from patch sales are used to fund wild turkey-related projects and management in Michigan. Each year the NWTF, working cooperatively with the DNR, contributes more than \$200,000 to wild turkey and hunter-heritage programs in Michigan.

### **Be a Mentor... Make a Difference**

The spring wild turkey season offers the perfect setting for experienced turkey hunters to share their knowledge and skills with other hunters or introduce the sport to new hunters. Learning the habits and behaviors of wild turkeys, scouting, practicing calling, etc., can be more rewarding when two or more people work together as a team. Hunters who fill their tag can get that same enjoyment and satisfaction by helping a youngster or apprentice hunter with their first turkey hunting experience.

## Wild Turkeys Make History

The comeback of the wild turkey is one of the greatest wildlife conservation stories. Today, there are more than 7 million wild turkeys in the United States; however, there was a time when the sighting of a wild turkey in this country was rare. Wild turkeys can now be found in parts of every county in Michigan's Lower Peninsula plus areas of the Upper Peninsula. The expansion of wild turkeys in Michigan did not happen overnight, but has unfolded over the last half-century. Wild turkeys had been a common element in Michigan prior to the arrival of settlers. In fact, before settlement it is estimated that more than 94,000 wild turkeys roamed the state. As habitat changed and turkey harvest went unregulated, turkeys disappeared and conservationists set out to re-establish the bird. Many attempts to release birds were made in various locations. By 1937, a national coalition of conservationists, virtually all of them hunters, backed by the sporting arms and ammunition industries, persuaded Congress to direct the receipts from an excise tax on those items into a special fund to be distributed to the State for wildlife restoration. Because of the Federal Aid in Wildlife Restoration Act (also known as the Pittman-Robertson Act of 1937), wild turkeys and other wildlife gained nationwide support and habitat management began. Since the 1980's, the DNR working together with many partners completed numerous releases of wild trapped birds and improved wild turkey habitat. Due to these efforts, the turkey population has expanded to historic levels. Today, turkeys inhabit most counties, and there are more areas open to spring hunting than at any time in the history of Michigan.

**O**ver 4.5 million acres of public land is managed by the DNR and open to hunting! Millions of additional private land acres are leased or enrolled in programs to allow hunting by all. Visit [michigan.gov/hunting](http://michigan.gov/hunting) to find out where!

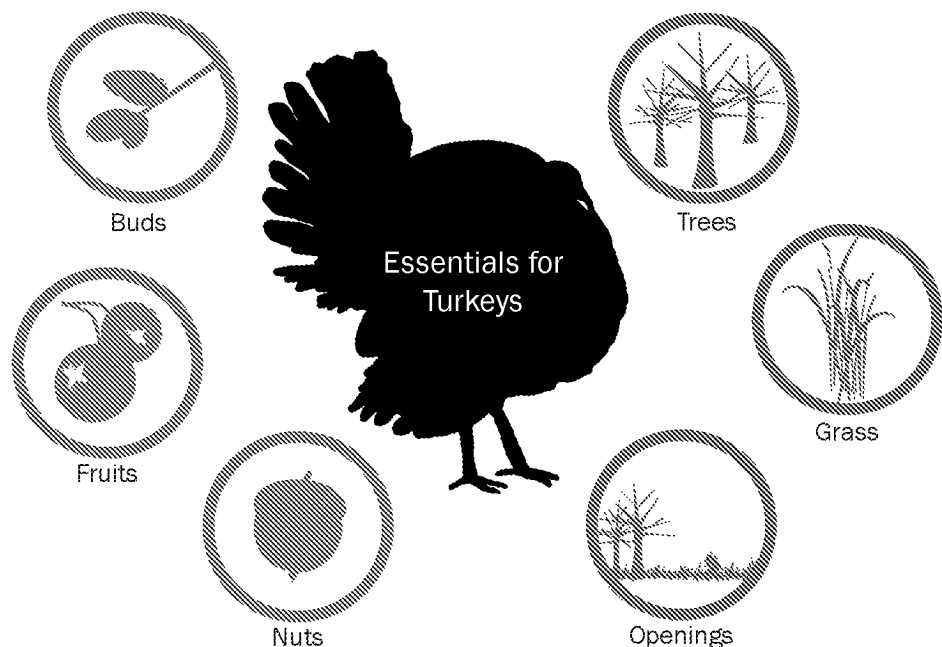

### Managing These Amazing Birds

Managing wild turkeys in Michigan involves the complex interactions of turkey populations, their habitat, and their relationship to people. Hunting plays an important role in managing turkeys by regulating their numbers. The goal of the spring wild turkey hunting season is to maximize hunter opportunity while maintaining a satisfactory hunting experience. Limited to bearded turkeys only, this conservative harvest approach has allowed the continued growth and expansion of the wild turkey population in Michigan. Wild turkey hunting in the fall enables the DNR to stabilize or reduce wild turkey numbers in certain areas of the state to meet local goals based on biological, social, and economic considerations. License quotas are developed to harvest the desired number of turkeys to meet the management goal. To help reach these goals, hunters are encouraged to harvest female turkeys during the fall season.

## What do Turkeys Need and How Can You Help?

Providing natural, year-round food sources is a great way to manage for turkeys. Public land is managed for all wildlife species! For help managing your land for turkeys, visit [mi.gov/landownersguide](http://mi.gov/landownersguide).

**Help stop the illegal killing of wildlife. Report all poaching at 800-292-7800**

### Report January Sightings of Wild Turkey

Hunters can assist the DNR by reporting any sightings of wild turkeys during January. This information, which is kept confidential, is used to manage the turkey resource. You can make your report online at [mi.gov/turkey](http://mi.gov/turkey) or you can contact a DNR office listed on the back of this digest.

### Report Sightings of Diseased Wildlife

In an effort to maintain healthy wildlife populations, the DNR encourages people to report any sightings of sick or diseased wildlife, including wild turkeys. Information about the location, number of animals, and animal condition should be provided to the Wildlife Health Disease Laboratory. You can report your information online at [mi.gov/wildlifedisease](http://mi.gov/wildlifedisease), then scroll down to the "Current Issues" section and click on the "Report Diseased Wildlife" link. Or, you can call the Wildlife Health Disease Laboratory at 517-336-5030.

### 2016 Hunting Information

From Jan. 1 - Feb. 1, hunters may apply for one limited-quota license, for a specific spring turkey hunt unit and season dates. Application fee is \$5. Applicants selected in the drawing may then purchase a limited-quota license (see License Cost table on pg. 13) online at [mi.gov/hunt/drawings](http://mi.gov/hunt/drawings) or at a license agent. After the drawing, any leftover licenses will be sold until quotas are met. It is unlawful to obtain or purchase more than one spring turkey hunting license. Depending on how many hunters apply, leftover licenses may or may not be available for some hunt units and/or dates.

Hunters who do not apply for the drawing may purchase a leftover license, if available, beginning Mar. 15 (see pg. 12 for Hunt 0234 information). The \$5 application fee will not be charged (only applies to drawing participants).

## How to Apply for a Limited-License Hunt

### Eligibility

- You must be at least 10 years of age by the time a spring turkey license is purchased, unless purchasing a mentored youth hunting license.
- You will need one of the following forms of customer identification:
  - Valid Michigan driver's license
  - State of Michigan ID card (issued by the Secretary of State)
  - DNR Sportcard (issued through license agents or at [mi.gov/huntdrawings](http://mi.gov/huntdrawings)).

### Applying for a Hunt

1. Look at the map on pg. 10 and choose a hunt unit.
2. Look at the tables on pgs. 11-12 to find the corresponding hunt number for the hunt unit you chose. You may choose to apply for two hunt numbers - one as your first hunt choice and the other as your second hunt choice.
3. Purchase an application for the hunt number(s) you chose at a license agent, DNR Customer Service Center, or online at [mi.gov/huntdrawings](http://mi.gov/huntdrawings). **(It is unlawful to apply more than once).**
4. Check your receipt for accuracy, and retain as proof of application.

### Applying with Other Hunters

- You may apply in a partnership with **one** other person. Applicants who apply with more than one partner will be ineligible for the drawing.
- The first applicant of each partnership chooses a hunt unit(s) and receives a "party ID" number, which is printed on his or her receipt. A new party ID number is issued each year. **The other partner must provide this party ID number when applying and should verify the party ID number is identical on the receipt.**

### IMPORTANT:

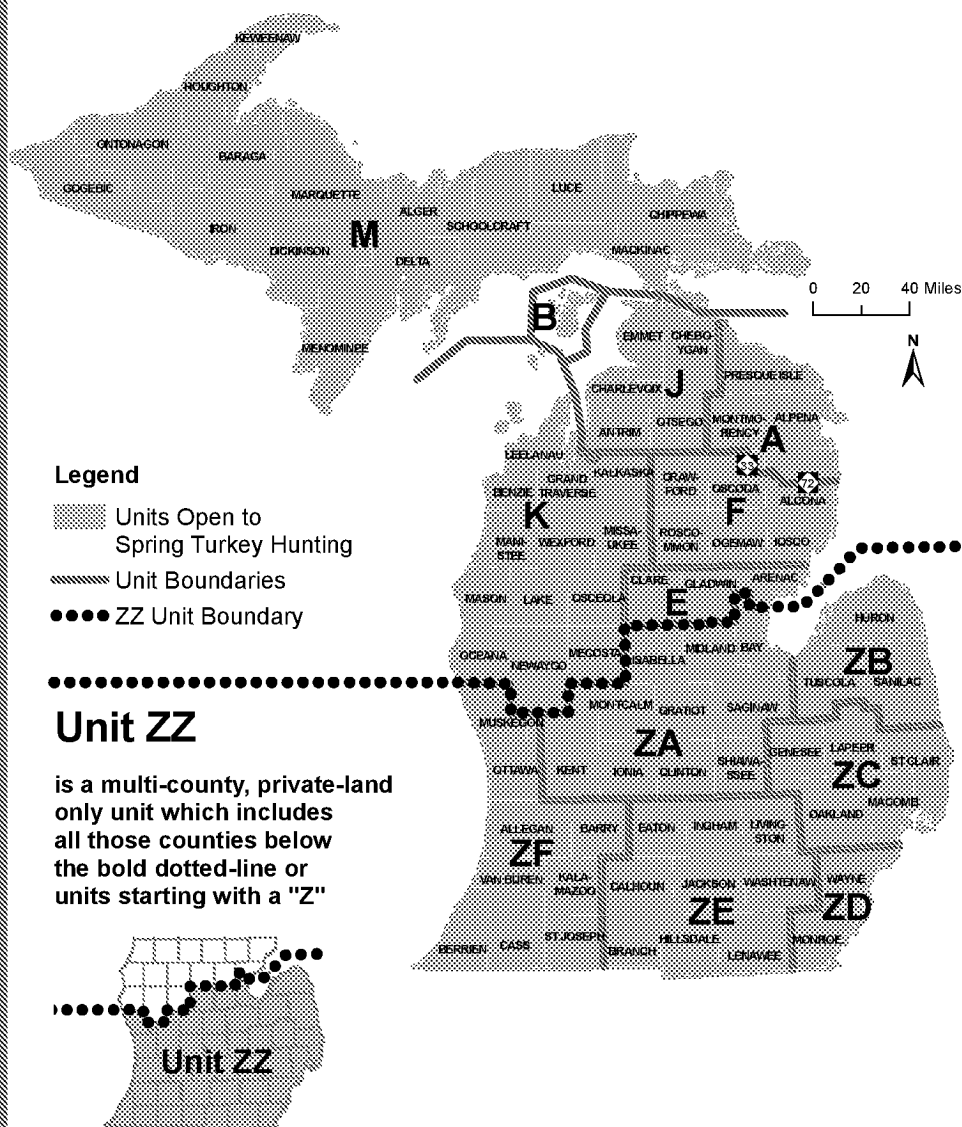

You are responsible for obtaining a DNR application receipt that states your customer ID and hunt choice. Do not accept a receipt that is not legible. Check this receipt for accuracy and retain as proof that you applied. **Ensure any application errors are corrected prior to the application deadline.** Applicants who submit an invalid application will be ineligible for the drawing.

- For application assistance, call (517) 284-WILD (9453).
- You are responsible for obtaining your drawing results online.

**Drawings results will be posted at [mi.gov/huntdrawings](http://mi.gov/huntdrawings) on Mar. 1.**

# 2016 Spring Turkey Hunt Units

See pages 11 and 12 for hunt options.

## Limited-License Hunts

### General Licenses

The general licenses listed below are valid on all public and private land within the unit.

HUNT UNIT	SEASON DATES	MAXIMUM LICENSE QUOTA**	HUNT NUMBERS
<b>A</b>	Apr. 18 - May 1	5,500	0101
<b>B</b>	Apr. 18 - May 1	1,000	0102
<b>E</b>	Apr. 18-24	850	0103
<b>E</b>	Apr. 25 - May 1	850	0104
<b>F</b>	Apr. 18-24	2,500	0105
<b>F</b>	Apr. 25 - May 1	2,500	0106
<b>J</b>	Apr. 18 - May 1	4,000	0107
<b>K</b>	Apr. 18-24	4,000	0108
<b>K</b>	Apr. 25 - May 1	4,500	0109
<b>M</b>	Apr. 18 - May 31	6,000	0110
<b>ZA</b>	Apr. 18-24	1,200	0111
<b>ZA</b>	Apr. 25 - May 1	1,200	0112
<b>ZA</b>	May 2-8	1,200	0113
<b>ZA</b>	May 9-31	1,200	0114
<b>ZB</b>	Apr. 18-24	650	0115
<b>ZB</b>	Apr. 25 - May 1	650	0116
<b>ZB</b>	May 2-8	650	0117

<b>ZE</b>	May 9-31	500	0130
<b>ZF</b>	Apr. 18-24	1,300	0131
<b>ZF</b>	Apr. 25 - May 1	1,300	0132
<b>ZF</b>	May 2-31	3,000	0133

\*\* Quotas may be adjusted based on wild turkey hunter and population surveys.

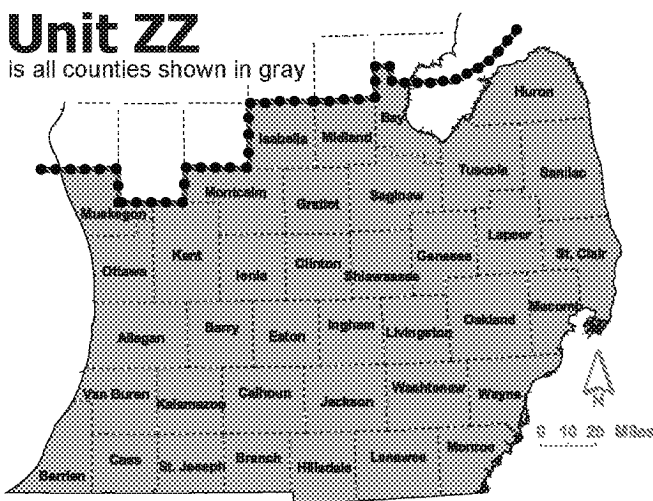

### Private-Land-Only License

The private-land-only license, Hunt 0301 (Unit ZZ), is not valid on county, state, or federal lands, except to hunt Fort Custer military lands with permission. Hunters should have permission to hunt private lands before applying for one of these licenses.

HUNT UNIT	SEASON DATES	MAXIMUM LICENSE	HUNT NUMBER
<b>ZZ</b>	Apr. 18 - May 1	65,000	0301

# Unit 22

is all counties shown in gray

~~Comments, Leave them~~

## Hunt 0234

HUNT UNIT	SEASON DATES	MAXIMUM LICENSE QUOTA	HUNT NUMBER
<b>All Open Units*</b>	May 2-31	No Quota	0234

\*Hunt 0234 is a statewide hunting license valid for all open areas, **except public lands in Unit ZZ** (southern Lower Peninsula). This license is valid to hunt Fort Custer military lands with permission.

Hunt 0234 license will be sold as a leftover license with no quota and can be purchased throughout the entire spring turkey hunting season. See Leftover Licenses on following page.

## License Purchase

- A base license is required for every resident and non-resident who hunts in Michigan. Hunters may purchase their spring turkey license only after they have obtained a base license for the year. **The 2016 base license is available beginning March 1 and is not required to apply.**
- If selected in the drawing or wishing to purchase a leftover license, including a Hunt 0234 license, hunters may purchase their hunting license online at [mi.gov/huntdrawings](http://mi.gov/huntdrawings) or from any license agent.
- Make sure the information on your license is accurate.
- Licenses may not be altered or transferred.

**It is unlawful to obtain or purchase more than one spring turkey hunting license.** When hunting, you must carry your spring turkey license and the identification used to purchase that license and present both upon demand of a Michigan conservation officer, a tribal conservation officer or any law enforcement officer.

License by Age	Cost				
	Age Up to 6	Junior Age 10-16	Resident Age 17+	Resident Senior Age 65+	Nonresident Age 17+
<b>Mentored Youth License</b>	\$7.50	—	—	—	—
<b>Application for License Drawing</b>	—	\$5.00	\$5.00	\$5.00	\$5.00
<b>Base License</b>	—	\$6.00	\$11.00	\$5.00	\$151.00
<b>Spring Turkey License</b>	—	\$15.00	\$15.00	\$6.00	\$15.00

\* Nonresidents under 17 years of age may purchase a resident base license.

### Active-Duty Military Personnel and Veterans with Disabilities

Resident active-duty military personnel and resident veterans with disabilities may obtain a leftover spring turkey license free of charge beginning Mar. 15. Licenses are full-price for those who apply for a license and are selected in the drawing.

If you have any license questions, please call (517) 284-6057.

## Leftover Licenses

There is no guarantee that leftover licenses will be available for any hunt unit, except Hunt 0234. If any licenses remain after the drawing, unsuccessful applicants may purchase one leftover license online or from any license agent on a first-come, first-served basis for a one-week period beginning Mar. 8 at 10 a.m. Eastern Standard Time (EST). Any limited-quota licenses that remain as of Mar. 15 at 10 a.m. EST may be purchased by any hunter, including those who did not apply for a spring turkey license. These licenses will be sold until quotas are met. It is unlawful to obtain or purchase more than one spring turkey hunting license.

### **Apprentice Hunting License**

A person who does not have a hunter safety certificate and is 10 years of age or older may purchase a base apprentice hunting license. An apprentice hunter may purchase this license for two license years before he or she must successfully complete a hunter safety course. The base apprentice hunting license is available to residents and nonresidents.

When afield, an apprentice hunter must be accompanied by someone 21 years of age or older who possesses a regular current-year hunting license for the same game as the apprentice. For apprentices 10-16 years of age, the accompanying hunter must be the apprentice's parent, guardian, or someone designated by the parent or guardian. "Accompanied by" requires the accompanying hunter to be able to come to the immediate aid of the apprentice and stay within a distance that permits uninterrupted, unaided visual and verbal contact.

For hunting wild turkey, the accompanying hunter needs a current year turkey hunting license, but it does not have to be for the same hunt unit and season date as the apprentice. A person may accompany no more than two apprentice hunters.

### **Mentored Youth Hunting Program**

Youth hunters 9 years of age and younger may hunt deer, turkey, and small game, trap furbearers, and fish for all species with a licensed mentor. The mentor must be at least 21 years of age and hunter safety-certified. The mentored youth license is a "package" license that includes a base license and entitles the youth to hunt, trap and fish for the species listed above during all open seasons for the species. Additional restrictions apply; complete program details can be found in the Michigan Hunting and Trapping Digest, or online at [mi.gov/mentoredhunting](http://mi.gov/mentoredhunting).

A spring turkey kill tag issued under the mentored youth hunting license is valid for one bearded turkey during any hunt period, in any open hunt unit, on private or public land. No application is required for the mentored youth license.

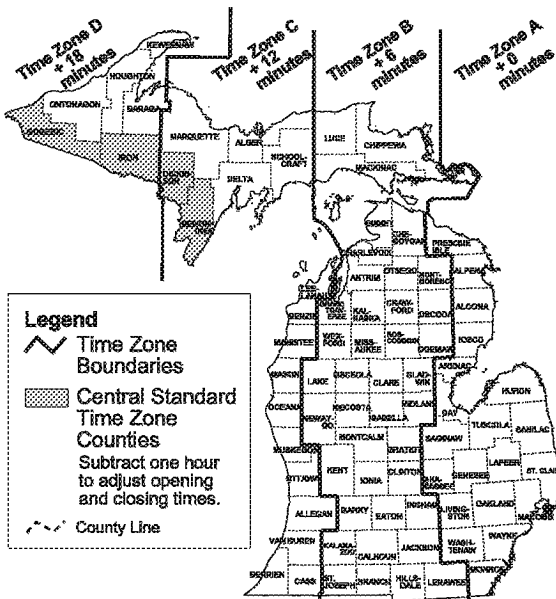

### **Special Hunting Opportunities for Youth and Hunters with Disabilities**

The Fort Custer Training Center near Battle Creek offers turkey hunting opportunities for properly licensed youth (Hunt 0301). A mentor is available for each participant. Free housing is available, along with range time. Special hunting opportunities are also available for properly licensed hunters with a disability during May (Hunt 234). For hunt dates and more information, please visit [fortcusterhunt.org](http://fortcusterhunt.org) or call (269) 731-6570.

## Hunting Hours

Actual legal hunting hours (one-half hour before sunrise to one-half hour **before** sunset) for Zone A are printed in the table. To determine the opening (a.m.) or closing (p.m.) time in another zone, add the minutes shown on the map for the zone to the time from the Zone A Hunting Hours Table. The hunting hour listed in the table reflects EST adjusted for daylight-saving time where appropriate. If you are hunting in Gogebic, Iron, Dickinson or Menominee counties (Central Standard Time), you must make an additional adjustment to the printed time by subtracting one hour.

## Zone A Hunting Hours Table

One-half hour before sunrise to one-half hour **before** sunset  
(adjusted for daylight-saving time)

Date	April		May

30	5:58	8:01	5:29	8:32
31			5:28	8:32

### **Bag Limit**

One bearded turkey per licensed hunter. It is unlawful to take or possess a turkey that does not have a beard, or tag a bird you did not kill. Turkeys may not be taken while they are in a tree.

### **Hunting Methods**

Turkey hunters may use a bow and arrow, a crossbow, a firearm that fires a fixed shotgun shell, or a muzzleloading shotgun. It is illegal to use or carry afield any other firearm. The prohibition on carrying any other type of firearm does not apply to pistols carried under authority of a concealed pistol license, or under a specific exception from the CPL requirement.

When hunting wild turkey, a person shall not use or carry afield any ammunition except shotgun shells loaded with no. 4 or smaller shot or no. 4 or smaller loose shot for use in muzzleloading shotguns. Non-toxic shot is recommended for the hunting of wild turkey.

For taking a turkey, crossbow hunters may only use arrows, bolts and quarrels at least 14 inches in length, tipped with a broadhead point at least 7/8 inch wide. You may hunt turkeys from an elevated stand or tree using a bow and arrow or crossbow.

### **Baiting Prohibited**

It is unlawful to use bait to aid in the taking of a wild turkey. For the purpose of this regulation, "bait" means a substance composed of grain, fruit, vegetables, or other food placed to lure or entice wild turkeys. This does not apply to standing farm crops (normal agricultural practices) or other naturally growing grains, fruits, or vegetables.

### **Decoys and Calls**

Mechanical, electronic or live decoys are prohibited. Mechanical decoy means any device that by design or construction uses motion as a visual stimulus to attract a wild turkey. A wind sock or similar decoy body anchored at a fixed point into the ground and whose only motion is derived exclusively by power of the natural wind is legal. The use or possession of electronic devices that imitate wild turkey calls is illegal.

### **Validating Kills**

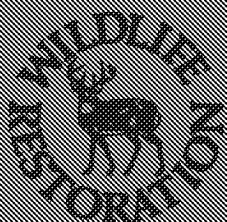

Immediately upon killing a turkey, a person shall validate his or her license by notching out the appropriate information as instructed on the license and securely attaching the license around a leg of the bird. A person shall not transport or have in his or her possession a turkey unless the validated license is attached to a leg of the bird.

## Using Spur Length to Age a Turkey

Spur Length (in.)	Curvature	Sharpness	Age of Gobbler
<b>Less than 0.5"</b>	None	Rounded	Less than 1 year
<b>0.5" to 1"</b>	Straight	Blunt	1 to 2 years
<b>1" to 1.25"</b>	Slightly Curved	Pointed	2 to 3 years
<b>Over 1.25"</b>	Curved	Sharp	Older than 3 years

## Turkey Hunting Reporting Option

Turkey hunters, we need your help. After your hunting season has ended, please report your hunting activity on the Internet by visiting [www.michigan.gov/turkey](http://www.michigan.gov/turkey). Information you provide will improve management and ensure that decisions regarding hunting seasons are based on the best information available.

The Pittman-Robertson Wildlife Restoration Act of 1937 created a funding mechanism for state wildlife agencies to restore and manage their wildlife resources. A federal excise tax on firearms and ammunition, bows and arrows is collected by the Internal Revenue Service and apportioned to states through a formula based on the number of licensed hunters and the size of each state.

Eligible states are those that have passed laws preventing the use of hunting license fees for any purpose other than managing the state's wildlife. The federal excise tax, along with hunter license fees, are used to acquire lands; protect, restore and manage wildlife habitats; manage wildlife populations; conduct wildlife research and surveys; provide hunter access; and develop, operate and maintain facilities and infrastructure necessary to manage wildlife resources. Additionally, a specific portion of the federal excise tax is dedicated for hunter education, and for developing and managing shooting ranges. Since its inception in 1937, Michigan's share of the Wildlife Restoration Funds has reached over \$275 million.

### **Dioxin Advisory Information**

Health assessors from the Michigan Department of Community Health (MDCH) and Michigan Department of Natural Resources determined that samples of wild game from the floodplains of the Tittabawassee River and Saginaw River downstream of Midland contained high levels of dioxin and dioxinlike compounds. Wild game tested include deer, turkey, cottontail rabbit, squirrel, wood duck and Canada goose. As a result, the MDCH advises that hunters and their families follow these recommendations related to turkey:

- Do not eat turkey harvested in or near the floodplain of the Tittabawassee River downstream of Midland. If you choose to eat turkey taken from this area anyway, at a minimum the skin, liver, and gizzard should be removed and discarded.
- Other wild game that have not been tested in this area may also contain dioxins at levels that are a concern. To reduce general dioxin exposure from other wild game, trim any visible fat from the meat before cooking. Do not consume organ meats such as the liver or brains, and do not eat the skin.

For additional information regarding dioxin, dioxin-like compounds and wild game advisories for the Tittabawassee River and Saginaw River floodplains, including a map of the area covered by these advisories, go to the MDCH website at [mi.gov/dioxin](http://mi.gov/dioxin).

### **Commercial Hunting Guides on State Land**

All commercial hunting guides utilizing state-owned lands must receive written authorization. Guides are required to meet the conditions of the written authorization. If you are a guide who utilizes state-owned lands, please visit [Ogov/statelandpermission](http://Ogov/statelandpermission) or contact a DNR Customer Service Center for more information. Commercial guiding on National Forest (NF) lands requires a special use permit. Applications can be obtained through any office or by calling - Hiawatha NF: 906-428-5800; Huron-Manistee NF 231-775-5023; Ottawa NF: 906-932-1330.

### **Poachers Beware: Hunters are Watching**

Violations of turkey hunting regulations, including application violations, are misdemeanors. Misdemeanors may be punishable by up to 90 days imprisonment, up to \$1,000 fines, and license revocation for up to five years. Reimbursement to the state for unlawful taking of wild turkey is \$1,000 per animal plus an additional \$1,000 for a turkey with a beard.

## 2016 Spring Turkey Workshops

The DNR, Michigan Wild Turkey Hunters Association (MWTHA), National Wild Turkey Federation (NWTf), and other groups are offering wild turkey hunter orientation courses. A fee may be charged, and space may be limited. For details contact:

Estill, John (DTMB) 1:48 PM:

Hey, have you asked anybody about putting the Flint Water link on the home page to replace the snowmobile story? You mentioned it before lunch and I think it is a good idea.

Nolan, Anne (DTMB) 1:49 PM:

It was next on my list. [http://w3.mi.gov/deq/0,4561,7-135-3313\\_3675\\_73946---,00.html](http://w3.mi.gov/deq/0,4561,7-135-3313_3675_73946---,00.html)

Estill, John (DTMB) 1:50 PM:

is that a portlet?

I know you said you wanted to show me how to do a portlet, but I forgot I had this meeting after lunch. (Theme Managers information architecture meeting.)

**To:** Andorfer, Bob (MDARD); Estill, John (DTMB)  
**Subject:** Conversation with Andorfer, Bob (MDARD)

Estill, John (DTMB) 2:45 PM:

I'm looking...

What do you mean by not clear cache? Are the buttons gone?

Andorfer, Bob (MDARD) 2:47 PM:

Yes. I've been busted to a civilian

Estill, John (DTMB) 2:48 PM:

hmmm.... which URL specifically?

Andorfer, Bob (MDARD) 2:49 PM:

Public Meeting Notices. But now I am getting a Not Found error message. Something bad is happening

## Not Found

The requested URL /mdard/0,,,00.html was not found on this server.

This on the W3 version of the MDARD home page

Live version of the site seems to be working

Estill, John (DTMB) 2:51 PM:

that is a funky URL. I clicked on the Public Notices link in the Brand Bar at the top.

Andorfer, Bob (MDARD) 2:52 PM:

So you're not seeing what I am seeing on the W3?

Which is an error page

Estill, John (DTMB) 2:53 PM:

right. I'm here: [http://w3.michigan.gov/mdard/0,4610,7-125-1572\\_63576---,00.html](http://w3.michigan.gov/mdard/0,4610,7-125-1572_63576---,00.html)

Andorfer, Bob (MDARD) 2:58 PM:

I had to go down to mi.gov before it stopped giving me an error message. I am able to see my home page now with all my usual buttons. MDARD's admin groups are back as well.

Estill, John (DTMB) 2:59 PM:

weird

Andorfer, Bob (MDARD) 3:00 PM:

Thanks. I'll let you get back to your meeting.

Estill, John (DTMB) 3:01 PM:

And Flint Water.

Who is your Rep at the SEOC today?

Andorfer, Bob (MDARD) 3:06 PM:

My boss, Jen Holton.

Estill, John (DTMB) 3:08 PM:

Cool.

Where is it located, BTW?

Andorfer, Bob (MDARD) 3:12 PM:

It's a secret.

Actually, I think they moved it. Not 100% sure anymore.

Estill, John (DTMB) 3:14 PM:

ah.

Estill, John (DTMB) 3:10 PM:

Do you know if Anne is working on a Flint Water thing to go on all websites?

Thompson, John (DTMB) 3:10 PM:

I do not knf she is working on that peiceow

know

if

Estill, John (DTMB) 3:11 PM:

lol-ing quietly

So, what should it be? A big, grey banner across the top like it is on the page? [http://w3.mi.gov/deq/0,4561,7-135-3313\\_3675\\_73946---,00.html](http://w3.mi.gov/deq/0,4561,7-135-3313_3675_73946---,00.html)

Just add a link that says "More Information about Flint Water ->"

Thompson, John (DTMB) 3:13 PM:

I would hope that direction would come from the PIOs that are meeting to discuss

Estill, John (DTMB) 3:14 PM:

We need to give them options then. They asked us to do it at lunch.

Thompson, John (DTMB) 3:19 PM:

Anne is not working on the agencies sites. She has too many things to worry about getting the site together.

Thompson, John (DTMB) 3:23 PM:

Do you have any go ideas you can give them as options?

good

Estill, John (DTMB) 3:25 PM:

I was thinking we just use the grey bar. I comp-ing up an idea.

Thompson, John (DTMB) 3:25 PM:

Will that fit most sites though?

Estill, John (DTMB) 3:26 PM:

I think

How about this?

3:39 PM This message wasn't sent to Thompson, John (DTMB).

How about this?

Thompson, John (DTMB) 3:41 PM:

How about what?

Estill, John (DTMB) 3:41 PM:

<http://w3.michigan.gov/emichigan>

Sorry

Thompson, John (DTMB) 3:42 PM:

If it will fit on the agencies site I am fine with it.

fits

You will have to see what the PIO teams think and if the admins are able to help make it happen

Estill, John (DTMB) 3:45 PM:

it should work.

Take a look at Treasury

[w3.michigan.gov/treasury](http://w3.michigan.gov/treasury)

Thompson, John (DTMB) 3:46 PM:

fine by me

Estill, John (DTMB) 3:46 PM:

What is Anne going to say?

All I'm going to do is associate that component to all the agencies homepages.

Thompson, John (DTMB) 3:47 PM:

You just have to make sure it doesn't break their layouts

Estill, John (DTMB) 3:48 PM:

yup.

Thompson, John (DTMB) 3:50 PM:

Make sure you get the OK from Caleb before you add it to all of the sites

Estill, John (DTMB) 3:50 PM:

oooohhh yeahhhh

**Sent:** Friday, January 08, 2016 10:06 AM  
**To:** Herzberg, Melinda (DIFS); Estill, John (DTMB)  
**Subject:** Conversation with Herzberg, Melinda (DIFS)

Herzberg, Melinda (DIFS) 9:45 AM:

Happy Friday!

Estill, John (DTMB) 9:48 AM:

Whee!

Herzberg, Melinda (DIFS) 9:49 AM:

How are you doing today?

Estill, John (DTMB) 9:52 AM:

I'm at the JIC / SEOC for the Flint Water stuff

You'll notice the icon on your site?

Herzberg, Melinda (DIFS) 9:52 AM:

Sounds like fun!

Yes and had a question.

Why did you move the GovDelivery and Facebook icons above it?

Estill, John (DTMB) 9:53 AM:

I didn't. :)

Herzberg, Melinda (DIFS) 9:53 AM:

It looks weird having the Flint icon in the middle of our social media icons.

Estill, John (DTMB) 9:53 AM:

It's just where it showed up and I have had time to figure out all the sorting

havn't

haven't

So,

Please fix?

do have time?

Do you?

Herzberg, Melinda (DIFS) 9:54 AM:

I see your user ID on those two and the date was changed to 1/6/16.

Estill, John (DTMB) 9:54 AM:

I tried and it didn't work quickly, so I bailed.

:(

Herzberg, Melinda (DIFS) 9:54 AM:

LOL

Estill, John (DTMB) 9:55 AM:

Chickens.

Heads.

Herzberg, Melinda (DIFS) 9:55 AM:

No worries. I can fix if you can reset the left column for me after I done.

Estill, John (DTMB) 9:55 AM:

ok

Herzberg, Melinda (DIFS) 9:56 AM:

I didn't want to break what you had done if you had changed it for a reason. :)

Ok, fixed. When you have a moment, can you refresh the left column globally?

Estill, John (DTMB) 9:59 AM:

ok

Thank you so much!

What magic did you do?

Herzberg, Melinda (DIFS) 10:00 AM:

Changed all the dates to 1/6/16 and the priorities to 10, 20, 30, and 40.

Estill, John (DTMB) 10:01 AM:

Thank you

Herzberg, Melinda (DIFS) 10:01 AM:

It was the least I could do since you have helped me so much over the years!

Estill, John (DTMB) 10:02 AM:

B-) I appreciate it.

Estill, John (DTMB) 11:00 AM:

Added the Flint Water icon to your left nav.

Sarka, Scott (DTMB) 11:22 AM:

If you have to! Thanks for the notice.

Estill, John (DTMB) 11:23 AM:

I do. For a while

Sarka, Scott (DTMB) 11:24 AM:

I won't hold it against you.

Estill, John (DTMB) 2:22 PM:

Hey Dave,

I'm at the State Emergency Operations Center today working on the Flint Water crisis stuff.

One of the PIOs, Jennifer Eisner can no longer send email.

As I look over her shoulder,

I wonder if it is because she has 30,000+ messages.

Her mailbox is full and unable to send until she pares it down?

Am I right in my assesment?

assessment

What do I need to have her do?

---

**Subject:** Conversation with Cossar, Benjamin (Treasury)

Cossar, Benjamin (Treasury) 3:27 PM:

Are you available for a quick phone call? I have a semi-urgent request and question.

Estill, John (DTMB) 3:28 PM:

ask and I'll try

Cossar, Benjamin (Treasury) 3:28 PM:

ok

We have our SAP app MTO going live Monday. Everybody is going nuts.

So the Help page for the application is accessed by a URL coded into the app. I wasn't aware of this and I changed the URL when I converted it to a category page.

It will take 2 weeks to get the code change pushed in, so in the meantime they want to know if you guys can manage a redirect from this page [http://www.michigan.gov/taxes/0,4676,7-238-43519\\_67656-342870--,00.html](http://www.michigan.gov/taxes/0,4676,7-238-43519_67656-342870--,00.html) to this page [http://www.michigan.gov/taxes/0,4676,7-238-43519\\_67656\\_74956---,00.html](http://www.michigan.gov/taxes/0,4676,7-238-43519_67656_74956---,00.html)

I have the link and messaging set-up there as a stop-gap and this will work, but it's not ideal for launching a new app on Monday morning.

I tried calling but you didn't answer

Estill, John (DTMB) 3:32 PM:

You can do an http refresh in the content

I'm at the JIC/SEOC for the Flint Water crisis

Cossar, Benjamin (Treasury) 3:33 PM:

ok, I see. How do I do the http refresh?

Estill, John (DTMB) 3:35 PM:

uh, google it? :) :)

Cossar, Benjamin (Treasury) 3:35 PM:

aw shit

Cossar, Benjamin (Treasury) 3:38 PM:

You realize I don't have access to the headers on our pages, right? How should I accomplish this in CMA?

Estill, John (DTMB) 3:41 PM:

I thought it would work in body of content

asking Rick...

hang on

Cossar, Benjamin (Treasury) 3:42 PM:

k

Estill, John (DTMB) 3:49 PM:

He confirmed what you are reading

So, why not just copy the body from one to the other?

Cossar, Benjamin (Treasury) 3:51 PM:

Because one is a component category page and the original is just a piece of content. Can't have accordions on a piece of content.

Estill, John (DTMB) 3:51 PM:

ah

Estill, John (DTMB) 3:56 PM:

Actually, I'm going to pass you off to Joe. He should be able to do a quick jQuery for you.

Cossar, Benjamin (Treasury) 3:58 PM:

ok

Cossar, Benjamin (Treasury) 4:01 PM:

Joe's working on it. Thanks for your help. Have good weekend.

Joe's working on it. Thanks for your help. Have good weekend.

Estill, John (DTMB) 4:04 PM:

Thanks. You too

Cossar, Benjamin (Treasury) 9:55 AM:

I caused another component error here: <http://w3.michigan.gov/taxes/0,4676,7-238-74531---,00.html> Was working on the last component on the page (changing the width) which was the Resolve and Issue component. I checked to make sure the other component didn't have any unclosed tags in the code, but that didn't matter. First time updating this section, so maybe this was going to happen anyway. Please and thank you, sir.

Estill, John (DTMB) 11:52 AM:

Yup.

The old tick mark. Should be good to go.

Cossar, Benjamin (Treasury) 11:52 AM:

thx

Estill, John (DTMB) 11:53 AM:

whatcha doing Friday?

Want to come to ADA class?

Cossar, Benjamin (Treasury) 11:54 AM:

I have meetings in the afternoon. Free in the morning.

Estill, John (DTMB) 11:54 AM:

:(

Cossar, Benjamin (Treasury) 11:55 AM:

Sorry.

I have meetings in the afternoon. Free in the morning.

Estill, John (DTMB) 11:54 AM:

:(

Cossar, Benjamin (Treasury) 11:55 AM:

Sorry.

12:08 PM Cossar, Benjamin (Treasury) asked to send you "L\_8813.tmp.PNG".

Cossar, Benjamin (Treasury) 12:08 PM:

How do I delete a full content component from a page if there is no trash icon. Do I have to delete the associated content? And if I do, will this change the URL? sent screenshot.

12:11 PM You can't receive "L\_8813.tmp.PNG" from Cossar, Benjamin (Treasury).

Cossar, Benjamin (Treasury) 12:39 PM:

Damn! Ok, this is getting out of hand. I have another component error on the Treasury side. I wish I could fix these myself. If this is indeed the banner code again I will admit defeat and work on making them content. I was updating the component order this time. [http://w3.michigan.gov/treasury/0,4679,7-121-1751\\_2194---,00.html](http://w3.michigan.gov/treasury/0,4679,7-121-1751_2194---,00.html)

12:55 PM The conversation has been marked with high importance.

Cossar, Benjamin (Treasury) 12:55 PM:

C'mon! Again!? Ok, now this one isn't my fault. I removed the banner and made it content. I am single-handedly taking down our local government site. The page is here: <http://w3.michigan.gov/treasury/0,4679,7-121-1751---,00.html> I was updating the component order again.

Can you explain to me one more (after these are restored) how I check and see if there might be an issue before I make a change? I had already made changes to this page today and changed the component order, so I don't see how it could work once and then not another time.

I have to head to a meeting but will have my laptop with me

Estill, John (DTMB) 1:24 PM:

12:08 Delete Full Content page layout will not change the URL

Estill, John (DTMB) 1:28 PM:

12:55 Count to four issue in the page layout. Hard one to explain. It seems to have started when we implemented the code to start trying Bootstrap

12:08 Delete Full Content page layout will not change the URL

Estill, John (DTMB) 1:28 PM:

12:55 Count to four issue in the page layout. Hard one to explain. It seems to have started when we implemented the code to start trying Bootstrap

Estill, John (DTMB) 1:40 PM:

12:57 Same thing. It's a count issue.

So....

A single wide

needs to have a sibling single

otherwise, it gets paired with a triple. which adds up to four.

Which causes the system to error out because there are only supposed to be three.

<I'm done>

Do you still anything tied to that SAP MTO?

Cossar, Benjamin (Treasury) 1:44 PM:

Ok, That really helps. Then I can at least look for these issues.

Need to keep the redirect you guys created for the MTO/SAP until I hear back that the code has been updates

Estill, John (DTMB) 1:45 PM:

It's relatively new. Tied to bootstrap and how they plan to reserve spacing.

So, a web page will be divided in to 12ths.

Cossar, Benjamin (Treasury) 1:46 PM:

It makes sense, but if you don't know this is the case and you are moving components like crazy, it causes probs

Estill, John (DTMB) 1:47 PM:

And you can define an item to be 2/12s with content. Have a blank item with 1/12. then a 6/12th with content, a blank 1/12th, the a 3/12th with conten. totals up to 12/12ths

I know. Changes get made without vetting everything.

Cossar, Benjamin (Treasury) 1:48 PM:

yup. Lots of wasted time for both of us.

I'm at the JIC/SEOC for the Flint Water crisis

Cossar, Benjamin (Treasury) 3:33 PM:

ok, I see. How do I do the http refresh?

Estill, John (DTMB) 3:35 PM:

uh, google it? :) :) )

Cossar, Benjamin (Treasury) 3:35 PM:

aw shit

Cossar, Benjamin (Treasury) 3:38 PM:

You realize I don't have access to the headers on our pages, right? How should I accomplish this in CMA?

Estill, John (DTMB) 3:41 PM:

I thought it would work in body of content

asking Rick...

hang on

Cossar, Benjamin (Treasury) 3:42 PM:

k

Estill, John (DTMB) 3:49 PM:

He confirmed what you are reading

So, why not just copy the body from one to the other?

Cossar, Benjamin (Treasury) 3:51 PM:

Because one is a component category page and the original is just a piece of content. Can't have accordions on a piece of content.

Estill, John (DTMB) 3:51 PM:

ah

Estill, John (DTMB) 3:56 PM:

Actually, I'm going to pass you off to Joe. He should be able to do a quick jQuery for you.

Cossar, Benjamin (Treasury) 3:58 PM:

ok

Cossar, Benjamin (Treasury) 4:01 PM:

Joe's working on it. Thanks for your help. Have good weekend.

Estill, John (DTMB) 4:04 PM:

Thanks. You too

Cossar, Benjamin (Treasury) 9:55 AM:

I caused another component error here: <http://w3.michigan.gov/taxes/0,4676,7-238-74531---,00.html> Was working on the last component on the page (changing the width) which was the Resolve and Issue component. I checked to make sure the other component didn't have any unclosed tags in the code, but that didn't matter. First time updating this section, so maybe this was going to happen anyway. Please and thank you, sir.

Estill, John (DTMB) 11:52 AM:

Yup.

The old tick mark. Should be good to go.

Cossar, Benjamin (Treasury) 11:52 AM:

thx

Estill, John (DTMB) 11:53 AM:

whatcha doing Friday?

Want to come to ADA class?

Cossar, Benjamin (Treasury) 11:54 AM:

I have meetings in the afternoon. Free in the morning.

Estill, John (DTMB) 11:54 AM:

:(

Cossar, Benjamin (Treasury) 11:55 AM:

Sorry.

12:08 PM Cossar, Benjamin (Treasury) asked to send you "L\_8813.tmp.PNG".

Cossar, Benjamin (Treasury) 12:08 PM:

How do I delete a full content component from a page if there is no trash icon. Do I have to delete the associated content? And if I do, will this change the URL? sent screenshot.

12:11 PM You can't receive "L\_8813.tmp.PNG" from Cossar, Benjamin (Treasury).

Cossar, Benjamin (Treasury) 12:39 PM:

Damn! Ok, this is getting out of hand. I have another component error on the Treasury side. I wish I could fix these myself. If this is indeed the banner code again I will admit defeat and work on making them content. I was updating the component order this time. [http://w3.michigan.gov/treasury/0,4679,7-121-1751\\_2194---,00.html](http://w3.michigan.gov/treasury/0,4679,7-121-1751_2194---,00.html)

12:55 PM The conversation has been marked with high importance.

Cossar, Benjamin (Treasury) 12:55 PM:

C'mon! Again!? Ok, now this one isn't my fault. I removed the banner and made it content. I am single-handedly taking down our local government site. The page is here: <http://w3.michigan.gov/treasury/0,4679,7-121-1751---,00.html> I was updating the component order again.

Can you explain to me one more (after these are restored) how I check and see if there might be an issue before I make a change? I had already made changes to this page today and changed the component order, so I don't see how it could work once and then not another time.

I have to head to a meeting but will have my laptop with me

Estill, John (DTMB) 1:24 PM:

12:08 Delete Full Content page layout will not change the URL

Estill, John (DTMB) 1:28 PM:

12:55 Count to four issue in the page layout. Hard one to explain. It seems to have started when we implemented the code to start trying Bootstrap

Estill, John (DTMB) 1:40 PM:

12:57 Same thing. It's a count issue.

So....

A single wide

needs to have a sibling single

otherwise, it gets paired with a triple. which adds up to four.

Which causes the system to error out because there are only supposed to be three.

<I'm done>

Do you still anything tied to that SAP MTO?

Cossar, Benjamin (Treasury) 1:44 PM:

Ok, That really helps. Then I can at least look for these issues.

Need to keep the redirect you guys created for the MTO/SAP until I hear back that the code has been updates

Estill, John (DTMB) 1:45 PM:

It's relatively new. Tied to bootstrap and how they plan to reserve spacing.

So, a web page will be divided in to 12ths.

Cossar, Benjamin (Treasury) 1:46 PM:

It makes sense, but if you don't know this is the case and you are moving components like crazy, it causes probs

Estill, John (DTMB) 1:47 PM:

And you can define an item to be 2/12s with content. Have a blank item with 1/12. then a 6/12th with content, a blank 1/12th, the a 3/12th with conten. totals up to 12/12ths

I know. Changes get made without vetting everything.

Cossar, Benjamin (Treasury) 1:48 PM:

yup. Lots of wasted time for both of us.

Cossar, Benjamin (Treasury) 2:44 PM:

Hey, George had a good question about the component error. If you have 2 single wides and then a double wide underneath, would you get the same error?

Estill, John (DTMB) 2:48 PM:

probably

Cossar, Benjamin (Treasury) 2:49 PM:

how I go about deleting that Full Content component that doesn't have a trash icon?  
<http://w3.michigan.gov/eMI/CMA/CatWalker/1,1678,44070,00.html> Do I delete the associated category page?

Estill, John (DTMB) 2:50 PM:

Should be a "Delete Page Layout" button at the bottom of the Browse Category screen

right above Category Permissions.

Perms

Cossar, Benjamin (Treasury) 2:51 PM:

I see it. that will delete everything, right?

including my other components?

Estill, John (DTMB) 2:53 PM:

Yes. But hang on. I didn't realize there were other components there, too.

Cossar, Benjamin (Treasury) 2:53 PM:

ok

Those components can be deleted, I guess

Estill, John (DTMB) 2:54 PM:

send the URL of the Browse screen you are in.

Cossar, Benjamin (Treasury) 2:54 PM:

<http://w3.michigan.gov/eMI/CMA/CatWalker/1,1678,44070,00.html>

Estill, John (DTMB) 2:55 PM:

ok. It's gone

Cossar, Benjamin (Treasury) 2:56 PM:

thanks!

Estill, John (DTMB) 2:57 PM:

Forgot there wasn't a trash can

Cossar, Benjamin (Treasury) 2:57 PM:

appreciate it.

**From:** Quealy, Erica (DHHS)  
**Sent:** Wednesday, January 13, 2016 4:36 PM  
**To:** Quealy, Erica (DHHS); Estill, John (DTMB)  
**Subject:** Conversation with Quealy, Erica (DHHS)

Quealy, Erica (DHHS) 3:54 PM:

Hello

I believe I mentioned that CTF is working on home page edits to mirror MDHHS format.

They are changing up their main categories and will be making some changes to where their 2nd and 3rd level categories live.

Estill, John (DTMB) 3:57 PM:

hi

Quealy, Erica (DHS) 3:58 PM:

So here's my question - do you think it's best to have you create the new 1st level categories and then let Alan move those 2nd and 3rd level categories after you're done?

(wave)

Estill, John (DTMB) 3:59 PM:

oh....

Quealy, Erica (DHS) 3:59 PM:

Hmmm ... says my last message wasn't sent?

Estill, John (DTMB) 3:59 PM:

I see it

Quealy, Erica (DHS) 3:59 PM:

DO you see the question?

odd

Estill, John (DTMB) 3:59 PM:

CMA experts are the only ones with the move buttons

So, I was in a meeting from 12 to 3 today.

Quealy, Erica (DHS) 4:00 PM:

Ok, that was what I was unsure of

Ouch. That's a doozie of a meeting!

I will have alan draft a spreadsheet like we did for the category moves

Estill, John (DTMB) 4:00 PM:

The woman in charge of the Child Support system talked about the way she changed it over the past couple of years. Made it much more efficient

she spoke for 15 minutes. Not 3 hours

Yes to the spreadsheet. Alan can create the new categories

Quealy, Erica (DHS) 4:01 PM:

interesting. what was the meeting?

Estill, John (DTMB) 4:01 PM:

Then all I need to do is move stuff

Quealy, Erica (DHS) 4:02 PM:

Sounds like a plan, Stan.

Estill, John (DTMB) 4:02 PM:

Accenture hosted an "Innovation in Government" pep talk.

Mobile tech, methods to create change, examples of change, etc.

So, what else is new?

Quealy, Erica (DHS) 4:05 PM:

Sounds interesting ... I don't know about 3 hours interesting.

Estill, John (DTMB) 4:06 PM:

There were excercises/group activities

Quealy, Erica (DHS) 4:07 PM:

Not much else is new. Jeff's back, so it's nice to have some of the web load lifted.

Estill, John (DTMB) 4:07 PM:

true

Quealy, Erica (DHS) 4:09 PM:

Everything good in your world?

Estill, John (DTMB) 4:09 PM:

OMFW

busy

Flint water

Civil rights service animals

4:11 PM This message wasn't sent to Quealy, Erica (DHS).

Flint water

Estill, John (DTMB) 4:11 PM:

ADA testing of a new PDF software to replace adobe

Estill, John (DTMB) 4:18 PM:

TReasury redeisgn

New people in the gov's office

State of the State

State of the Union was awesome last night, BTW.

Quealy, Erica (DHS) 4:19 PM:

So, you're not busy at all.

I missed it!

I <3 Obama

Estill, John (DTMB) 4:21 PM:

It was funny watching the people who refused to applaud.

Quealy, Erica (DHS) 4:21 PM:

Ha!

Estill, John (DTMB) 4:22 PM:

And we watched the YouTube live stream of the event... So, the White House did it as a split screen with him on the left and infographics or data to follow along with the current talking point.

Biden did a warm up to a small audience in a room at the white house and it was rough because he was trying to make jokes and ingratiate himself to a bunch of 20 year olds.

Estill, John (DTMB) 1:05 PM:

My fortune cookie says its 'A good time to start something new.'

Any recommendations?

Quealy, Erica (DHS) 1:46 PM:

Oooh,. I like that fortune.

Take up an instrument.

OK, on another and much less fun note, can you test somethign for me?

can you enter [www.michigan.gov/GovernorsServiceAwards](http://www.michigan.gov/GovernorsServiceAwards) as if you are going to post it to facebook and let me know if you get a 404 error message?

Estill, John (DTMB) 1:47 PM:

as long as there is no lead involved

Quealy, Erica (DHS) 1:47 PM:

That URL is working when I paste it in the browser, but for some reason Facebook doesn't like it.

OUCH! No lead involved.

Estill, John (DTMB) 1:47 PM:

its a redirect

Quealy, Erica (DHS) 1:48 PM:

Yes, and redirects typically still pull up a page image in Facebook and say something like, X Topic Redirect.

I've never seen a 404 error before in FB

Estill, John (DTMB) 1:48 PM:

That is exactly what it is doing on my phone.

X topic redirect

Quealy, Erica (DHS) 1:50 PM:

hmmm. can you try chrome?

Estill, John (DTMB) 1:52 PM:

hmmm

404

ah!!!!

Quealy, Erica (DHS) 1:52 PM:

crap sandwich

Estill, John (DTMB) 1:52 PM:

we humans are too slow

facebook sucks

Quealy, Erica (DHS) 1:53 PM:

ahahaa!

what did i miss?

Estill, John (DTMB) 1:53 PM:

you need to type faster than the facebook automagic lookup routine.

I.E. copy & paste the URL into a new post.

instead of trying to type it.

the URL matching thing probably sees the URL and probably grabs "www.michigan.gov/gover" as you are typing and doesn't wait for you to finish.

Quealy, Erica (DHS) 1:55 PM:

I deleted my post, refreshed my page, pasted the redirect, and am getting the same 404

Estill, John (DTMB) 1:55 PM:

hmm

I'm not. Which is not helpful.

Quealy, Erica (DHS) 1:57 PM:

Whatevs. I wanted to include the marketing URL, but will just run w/out it at this point.

Thanks for checking into it, though!

Estill, John (DTMB) 1:58 PM:

Are you running skype or lync?

share your screen

please

Quealy, Erica (DHS) 1:58 PM:

so bossy

ok, i will just show ya what i've tried and we'll go from there

you see my screen?

You still there?

Shaw, Eric (DEQ) 1:46 PM:

Are you still handling all the web additions to flint water still?

Estill, John (DTMB) 1:47 PM:

I can. Michelle has been doing it for the past few days.

Shaw, Eric (DEQ) 1:54 PM:

I just wondered. I have a new video that is just about ready. It deals with "How to Properly Test Your Water" and in a bit we will also have a School Water Testing Report for the team to review. The School Report is simply for them to review before it gets sent to the Superintendent. We let him see it before we post it online. I am just trying to make sure I send both to the correct people and that they understand what I'm sending and why.

I will call Melanie and make sure I send it to the people she requests and if needed explain what is coming.

Estill, John (DTMB) 1:57 PM:

ok.

Shaw, Eric (DEQ) 1:46 PM:

Are you still handling all the web additions to flint water still?

Estill, John (DTMB) 1:47 PM:

I can. Michelle has been doing it for the past few days.

Shaw, Eric (DEQ) 1:54 PM:

I just wondered. I have a new video that is just about ready. It deals with "How to Properly Test Your Water" and in a bit we will also have a School Water Testing Report for the team to review. The School Report is simply for them to review before it gets sent to the Superintendent. We let him see it before we post it online. I am just trying to make sure I send both to the correct people and that they understand what I'm sending and why.

I will call Melanie and make sure I send it to the people she requests and if needed explain what is coming.

Estill, John (DTMB) 1:57 PM:

ok.

Estill, John (DTMB) 2:29 PM:

Don't you have edit ability on the FlintWater site?

Shaw, Eric (DEQ) 2:31 PM:

Yes I do, I was the one that originally set it up, but I was told to leave the content management to the JIC going forward, unless asked to help.

Estill, John (DTMB) 2:31 PM:

Ah.

---

Estill, John (DTMB) 4:04 PM:

Skype crashed on me... I hope Nic is feeling better and Hailey didn't have cavities.

Ellsworth, Julie (DNR) 4:24 PM:

yeah, about that... she actually does have a cavity. we have to go get it filled next thursday :) poor kid

Estill, John (DTMB) 4:25 PM:

oh boy.

Ellsworth, Julie (DNR) 4:25 PM:

they think they will be able to fill it without numbing

it's pretty small

Ellsworth, Julie (DNR) 4:27 PM:

oh - so i created an html manual using that robohelp software i was telling you about. i put it up on our michigandnr.com server so i could have people around here check it out. i'll send you a link...

it's not going out to the public anytime soon. if my immediate group doesn't see any issues with it i will then start the DBTM vetting process... but if you could take a look and let me know if you see any glaring issues before i let others see it, that would be awesome.

but don't rat me out to any of your coworkers :)

[www.michigandnr.com/Publications/PDFS/harbor\\_guide](http://www.michigandnr.com/Publications/PDFS/harbor_guide)

Estill, John (DTMB) 4:33 PM:

Sorry... Boss stepped up.

I hope she is traumatized in such a way as to encourage better brushing and not eating sweets in bed. (Like Isaac)

This Flint Water and State of the State is getting to be bothersome.

Ellsworth, Julie (DNR) 4:35 PM:

she actually does do pretty good at brushing, could work on easing up on the sugar... but really dad needs to step up and have her floss. the cavities are between her teeth

Estill, John (DTMB) 4:35 PM:

weird

Ellsworth, Julie (DNR) 4:35 PM:

sorry, i am sure you are busy!

what is weird?

Estill, John (DTMB) 4:35 PM:

between teeth

Ellsworth, Julie (DNR) 4:36 PM:

that is where most of mine are...

in between ALL of my teeth :(

Estill, John (DTMB) 4:36 PM:

yucky.

Ellsworth, Julie (DNR) 4:36 PM:

so many fillings...

yeah, bumner - looks like she got my teeth, poor kid

Estill, John (DTMB) 4:36 PM:

haha

Ellsworth, Julie (DNR) 4:37 PM:

oops - i must leave... past 4:30!

Estill, John (DTMB) 4:37 PM:

I had a crown put in a couple months ago

ok. Bye.!

Ellsworth, Julie (DNR) 4:37 PM:

ouch, i only had one, but those hurty

hurt that is

:)

talk to you tomorrow!

Pauley, Suzanne (DTMB) 10:48 AM:

I don't have the ability to add new keywords to my flintwater topic. how come?

Estill, John (DTMB) 10:49 AM:

Not sure. I wonder if I need to make you the owner.

Pauley, Suzanne (DTMB) 10:49 AM:

it says I can't because I'm not the owner

Estill, John (DTMB) 10:49 AM:

I understand that Chad is going to be making some revisions today.

well, there you go.

You're not the owner.

Pauley, Suzanne (DTMB) 10:50 AM:

i thought I have my own copy? I need to be able to make changes

Estill, John (DTMB) 10:51 AM:

You have a copy of your own dashboard. I am still the owner of the underlying query.

hang on

I'm going to switch ownership

Estill, John (DTMB) 10:53 AM:

Notice Chad created a Flint Water "Topic Profile"?

Estill, John (DTMB) 10:56 AM:

Ok. You are now the owner of the Michigan01 Topic Profile.

Pauley, Suzanne (DTMB) 10:57 AM:

ok

**To:** Simon, Jennyl (DTMB); Estill, John (DTMB)  
**Subject:** Conversation with Simon, Jennyl (DTMB)

simonj5@michigan.gov 3:06 PM:

Hi John,

Estill, John (DTMB) 3:06 PM:

What?!?

Who are you?

Simon, Jennyl (DTMB) 3:06 PM:

Does e-Michigan still offer CMA training? I have a student starting on Wednesday.

Jennyl Simon

Estill, John (DTMB) 3:07 PM:

lol

I know

Haven't seen you in a while.

Yes, we still have training.

Simon, Jennyl (DTMB) 3:07 PM:

I have been keeping busy.

Estill, John (DTMB) 3:09 PM:

[http://www.michigan.gov/emichigan/0,4575,7-112-15476\\_11091\\_16156---,00.html](http://www.michigan.gov/emichigan/0,4575,7-112-15476_11091_16156---,00.html)

Simon, Jennyl (DTMB) 3:09 PM:

Awesome. I am hoping to transfer some duties over to my new student. And I was hoping traini was still offered for the CMA.

Estill, John (DTMB) 3:10 PM:

looks like next classes in Feb 17

Simon, Jennyl (DTMB) 3:10 PM:

ok, I will have her check her calendar. Thank for your help.

Estill, John (DTMB) 3:10 PM:

Always!

I was over at collins road a couple weeks ago

Simon, Jennyl (DTMB) 3:12 PM:

No kidding.

Estill, John (DTMB) 3:12 PM:

The emergency op center for the Flint water stuff.

Simon, Jennyf (DTMB) 3:12 PM:

We are getting ready to move to the GOB on Friday.

Estill, John (DTMB) 3:12 PM:

I know. all those boxes all over

How does that change your commute?

Simon, Jennyf (DTMB) 3:13 PM:

It will make it a lot closer. I am very excited.

Estill, John (DTMB) 3:14 PM:

cool. The SEOC & JIC is going to be out there, too, right?

Simon, Jennyf (DTMB) 3:14 PM:

Yes.

ellsworthj5@michigan.gov 4:15 PM:

Hey there - when you get a chance, would you mind looking at that online manual i was telling you about? The one I used the Adobe RoboHelp software to create? Here is a link (we are not giving this out to the public, but did put it on the michigandnr.com server so we could show people here)... [http://www.michigandnr.com/Publications/PDFS/harbor\\_guide](http://www.michigandnr.com/Publications/PDFS/harbor_guide)

Estill, John (DTMB) 4:15 PM:

cool

Estill, John (DTMB) 4:19 PM:

wow, my 80s Rock station has gone all love song stuff one me

on me

I was going to start doing the song lyric game, but I'm thinking that wouldn't be cool

at least with these songs

Ellsworth, Julie (DNR) 4:20 PM:

:-O :)

Estill, John (DTMB) 4:24 PM:

almost time for you to get.

enjoy the weekend.

Ellsworth, Julie (DNR) 4:25 PM:

yes, i am looking forward to it. i feel like this has been a really long week.

Ellsworth, Julie (DNR) 10:47 AM:

do you have the taking action on flint water graphics from the website?

in vector?

Estill, John (DTMB) 10:47 AM:

I can get some of them. I think the newest ones are done by Scott Sarka.

What trouble are you getting into?

Ellsworth, Julie (DNR) 10:48 AM:

i have been asked to put together a brochure and have about 3 hours to do it :(

Estill, John (DTMB) 10:49 AM:

Lucky you

10:50 AM You asked to send "FlintWaterBranding.ai" to Ellsworth, Julie (DNR).

10:50 AM "FlintWaterBranding.ai" was transferred.

Ellsworth, Julie (DNR) 10:50 AM:

THANK YOU!!!

10:51 AM You asked to send "2-1-1\_511066\_7.psd" to Ellsworth, Julie (DNR).

10:51 AM You asked to send "banner2.psd" to Ellsworth, Julie (DNR).

10:51 AM "2-1-1\_511066\_7.psd" was transferred.

10:51 AM You asked to send "FlintWater2.psd" to Ellsworth, Julie (DNR).

10:51 AM You asked to send "FlintWaterWebBranding copy.ai" to Ellsworth, Julie (DNR).

10:52 AM "banner2.psd" was transferred.

10:52 AM "FlintWater2.psd" was transferred.

10:52 AM "FlintWaterWebBranding copy.ai" was transferred.

10:53 AM You asked to send "FlintWaterBranding.ai" to Ellsworth, Julie (DNR).

10:53 AM "FlintWaterBranding.ai" was transferred.

Estill, John (DTM8) 10:53 AM:

There is a difference between FlintWaterWebBranding and FlintWaterBranding?? Maybe? I don't know.

I'm just sending them to you.

So, there are all the PS & AI files in our library

If the art you want is not here, then Scott or Courtney have it.

Or Trevor.

Ellsworth, Julie (DNR) 10:55 AM:

Ok, thank you so much!!!
